

SENATOR HARRY REID, MAJORITY LEADER DEFENDING THE SECOND AMENDMENT

Since being elected to the House of Representatives in 1982, Senator Reid has fought to bring Nevada values to Washington, DC. One of his key issues has been making sure that the 2nd Amendment – and our right to bear arms – is firmly protected. As part of that effort, he has been a driving force behind the creation of the world-class Clark County Shooting Park, has voted consistently to uphold the rights of gun owners, and has fought to restore and protect Nevada’s river, lakes, and public lands so that Nevadans will always have a place to hunt and fish. As evidence of his work on these issues, NRA Vice President, Wayne LaPierre, recently celebrated Senator Reid as “a true champion of the Second Amendment.”

Senator Reid Championed the Development and Funding of the Clark County Shooting Park.

Back in 2002, Senator Reid sponsored and passed the legislation that granted 2,900 acres of land in Clark County for the development of the Clark County Shooting Park – the finest shooting facility in the United States. Since then, he has helped deliver over \$60 million in federal funding for the construction of the facility. The Park opened in December 2009 and gives Nevadans a safe place to shoot, while also providing a site capable of hosting national and international shooting events.
