

April 9, 1986

Attached is the final version of "Selected Weapons Costs from the President's 1987 Program." The primary sources for the budget authority were the Congressional Data Sheets (CDS) and the final December 1985 Selected Acquisition Reports (SARs) that were delivered to the Congress on April 7, 1986. CBO outlay rates were used to estimate the outlays.

If you have questions, please call Diane Griffith or Bill Myers at 226-2840.
