Note:

Enacting H.R. 2923 could increase revenues and direct spending, but CBO estimates that any net budget impact would not be significant in any year. The bill would require retail businesses that sell certain pharmaceuticals through the mail to submit a self-certification document to the Drug Enforcement Administration (DEA). The bill also would prohibit distributors of certain pharmaceuticals from selling products to persons who have not registered or self-certified with DEA.

Violators of the bill's provisions would be subject to civil and criminal fines. Civil fines are recorded as revenues and deposited in the U.S. Treasury. Criminal fines are recorded as revenues, then deposited in the Crime Victims Fund, and later spent.
