Dear Congressman,

The Board of Mahoning County Commissioners are respectfully expressing their support for HR 4812 Local Jobs for America Act, which provides support targeted directly to states and municipalities with the greatest number of people out of work to restore important local services.

The need to create jobs quickly in both public and private sectors, restoring vital services that families rely on such as public safety, child care, health care, education and transportation while helping local governments avoid having to choose between eliminating services and raising taxes should be our first priority. An estimated \$ 13,762,970.00 will create approximately 250 jobs in our area in addition to an estimated \$847,975,000.00 for State Education Grants. The HR 4812 Local Jobs of America Act is to provide necessary local funds and to create and save a million public and private jobs in local communities.

The Board of Mahoning County Commissioners passed by resolution at the May 13, 2010 Board Meeting their support of HR 4812 Local Jobs for America Act and are now asking for your help and support . If we can be of further assistance please do not hesitate to contact our office @ 330-740-2130

Sincerely,

Anthony Traficanti, President
David Ludt, Commissioner
John McNally, Vice President
