U.S. Rep. George Miller, Chairman  
Committee on Education & Labor  
2205 Rayburn House office building  
Washington, DC 20515

Dear Representative Miller:

Please know that the City Council of Easton, Pennsylvania has voted in favor of and passed the attached resolution that supports H.R. 4812, titled the "Local Jobs for America Act."

It is estimated that 14% of the City of Easton's residents are out of work and unemployed. This legislation will help to save critical jobs within local governments and help to create new jobs across the United States both publicly and privately that will enhance local tax bases and improve local economies. At a time when local governments and communities like Easton are in need of assistance, the "Local Jobs for America Act" would provide the City of Easton approximately \$3.7 million for job creation. We hope that you will work hard to pass this legislation for those in our community who have become victims of this economic era.

As the sponsor of the attached resolution, it is my hope that you will continue fighting in Washington for local governments and local economies.

Sincerely,

A handwritten signature in cursive script that reads "Jeff Warren".
