Dear Chairman Miller and Ranking Member Kline:

As food and agriculture suppliers, we applaud your efforts to improve the health of our nation's children by reauthorizing and updating the many programs under the Child Nutrition Act.

The Senate unanimously passed S. 3307, the "Healthy, Hunger-Free Kids Act of 2010" last August. Given the very limited time left in this congressional session, our organizations support immediate passage of S. 3307 in the House of Representatives.

We join the many other public health and nutrition groups who have come together to support passage and enactment of S. 3307 now, and we stand ready to help you achieve that goal.

Sincerely,
