

**Fiscal Year 2010**  
**Energy and Water Development Appropriations Act**

**Terminations & Reductions**

(In Thousands)

	Cuts from	
	2009 Enacted	2010 Request
<b>Terminations:</b>		
Oil and Gas Research and Development, Department of Energy: unnecessary subsidy to industry	-5,000	0
LANSCE Refurbishment, National Nuclear Security Administration: no immediate need for refurbishment	-19,000	0
Radioactive Liquid Waste Treatment Facility Upgrade, National Nuclear Security Administration: unresolved cost overrun, design, and safety problems	-19,070	-11,000
Plutonium Pit Disassembly and conversion facility, National Nuclear Security Administration: reduction due to project uncertainties	-54,562	-20,000
Terminations, subtotal	-97,632	-31,000
<b>Reductions:</b>		
Water infrastructure construction projects, Corps of Engineers and Bureau of Reclamation: reductions in project requirements and reprioritization for higher priority projects	-264,465	-138,595
Title 17 - Innovative Technology Loan Guarantee Program: additional loan authority unnecessary, sufficient obligation authority exists for fiscal year 2010	-465,000	-1,500,000
Yucca Mountain Geological Repository, Department of Energy: administration terminated the project but supports continue licensing	-91,590	0
Elimination of Weapons Grade Plutonium, National Nuclear Security Administration: Russia nonproliferation work completed	-116,792	0
BN-350 Nuclear Material Security, National Nuclear Security Administration: Kazakhstan nonproliferation work completed	-43,761	0
Fossil Energy Research and Development, Department of Energy: resources currently unnecessary for major clean coal projects	-258,755	0
Defense Environmental Management, Department of Energy: reduction due to higher priorities within the DOE portfolio	-275,408	-113,989
Energy Information Administration: reduction to support higher priority activities	0	-11,200
Office of Energy Efficiency and Renewable Energy, Program Direction: reduction due to unfilled vacancies	0	-50,117
Office of Energy Efficiency and Renewable Energy, Program Support: reduction due to insufficient justification and redundancy with existing programs	0	-18,000
Advanced Research Projects Agency-Energy: reduction due to carry-over balances sufficient to meet needs	-15,000	-10,000
Departmental Administration, Department of Energy: reduction due to redundant planning effort	0	-12,387
Plutonium Infrastructure sustainment, National Nuclear Security Administration: reduced pit production rates reduces immediate expenditure needs	-32,068	-26,000
Chemistry and Metallurgy Research Facility Replacement, National Nuclear Security Administration: reduction to support higher priority activities	-42,094	0
Site Stewardship, National Nuclear Security Administration: reduction to support higher priority activities	0	-28,000
Facilities and infrastructure recapitalization, National Nuclear Security Administration: reduction to support higher priority activities	-53,527	-61,000
Office of Science Program Direction, Department of Energy: reduction to support higher priority programmatic needs	0	-22,790
Reductions, subtotal	-1,658,460	-1,992,078
<b>New initiatives not funded:</b>		
B61-12 nuclear bomb, National Nuclear Security Administration: required nuclear strategy/stockpile/complex plan has not been submitted	---	-65,000
National Nuclear Security Administration, academic alliances: eliminated due to lack of justification	---	-30,251
New initiatives not funded, subtotal	---	-95,251
<b>New initiatives funded below the request:</b>		
Energy Innovation Hubs: reductions due to redundancy with existing initiatives and lack of implementation details from Administration	---	-245,000
Office of Energy Efficiency and Renewable Energy, Education and Workforce Retraining Initiative: reduction due to lack of implementation details from Administration and redundancy with existing initiatives	---	-107,500
New initiatives funded below the request, subtotal	---	-352,500
<b>FY 2010 EWD Terminations and Reductions, total</b>	<b>-1,756,092</b>	<b>-2,470,829</b>
