Dear Chairman Obey and Ranking Member Walsh,

I am requesting funding in the FY09 Labor-HHS Appropriations bill, Health Resources and Services Administration (HRSA) account for the UAMS NW Arkansas IT project. The entity to receive funding for this project is the University of Arkansas for Medical Sciences (UAMS), 4301 W. Markham, Little Rock, Arkansas 72205. The point of contact is Cherry Duckett. It is my understanding that the funding would be used to purchase the equipment that will allow for both distance education for the Northwest Arkansas satellite campus, as well as telehealth in rural areas. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

John Boozman  
Member of Congress

The entity to receive funding for this project is:

Rob Skomorucha  
Widener University  
One University Place

This K-5 school will ultimately serve 300 students and their families in the district. The school is designed to address the many obstacles that plague charter schools and serve as a model for the development of university-sponsored charter schools in low-performance districts throughout the country and to attract other potential sponsors of educational alternatives to the Chester-Upland School District. One of the distinguishing features of the school as a model for university-sponsored charter schools is its focus on partnering with parents.

Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2009 Labor, Health and Human Services, Education and Related Agencies Appropriations bill, Department of Health and Human Services, HRSA account. The entity to receive funding for this project is the Miami Jewish Home and Hospital Hialeah PACE Center, located at 5200 NE 2<sup>nd</sup> Avenue, Miami, FL 33138.

It is my understanding that the funding will be used to develop a PACE Center in Hialeah, Florida. The Program of All-Inclusive Care for the Elderly (PACE) is an innovative long-term care model that allows frail elders to remain at home. The goal of PACE is to deliver high quality, cost-effective care while managing participants' complex medical, functional, and social needs. PACE integrates financing and delivery of acute and long-term care services. PACE enables older individuals who are eligible for nursing home care to continue living in the community with a full spectrum of medical, social and rehabilitative services. The Program of all Inclusive Care for the Elderly (PACE) meets three important objectives in providing long-term care services: a) it allows long term care in operate in a managed care environment, b) it integrates Medicare and Medicaid into a seamless and transparent funding source, and c) it allows nursing eligible older adults to remain at home.

*I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the

Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2009 Labor, Health and Human Services, Education and Related Agencies Appropriations bill, Department of Health and Human Services, HRSA account. The entity to receive funding for this project is Miami Children's Hospital, located at 3100 SW 62<sup>nd</sup> Avenue, Miami, FL 33155.

It is my understanding that the funding will be used to construct two new hybrid pediatric cardiac suites under the Miami Children's Hospital Congenital Heart Institute. These adjoining hybrid suites will feature: full cardiac operating room capabilities including cardiopulmonary bypass, dedicated pediatric cardiac anesthesia, state of the art hybrid cardiac surgical/interventional table, low dose digital flat panel imaging technology and operating room ventilation and temperature control. The goal of CHI is to achieve 100% survivability for children with congenital heart disease, and to improve their health status throughout their lives. This mission is entirely consistent with the goals of HRSA and HHS, and better medical interventions at the early stages of the disease lead to better quality of life for patients, shorter hospital stays, and fewer hospital admissions over the lifetime.

*I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Washington, DC 20515

Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2009 Labor, Health and Human Services, Education and Related Agencies Appropriations bill, Department of Health and Human Services, SAMHSA Mental Health account. The entity to receive funding for this project is Spectrum Programs, Inc., located at 11031 NE 6<sup>th</sup> Avenue, Miami, FL 33161.

It is my understanding that the funding will be used to demonstrate the effectuality of a mental health and substance abuse treatment continuum that integrates research, best practices and emergent treatment methodologies across the spectrum of mental health, substance abuse, and co-occurring disorders in a continuous improvement model, making the processes and procedures of behavioral health treatment more effective, the timelines to improved behavioral health shorter, and the gains more sustainable, substantially reducing the catastrophic personal, family, and societal consequences of historically disaggregated treatment approaches. The funding will establish the Florida Center for Excellence in Emerging Behavioral Health Strategies.

*I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

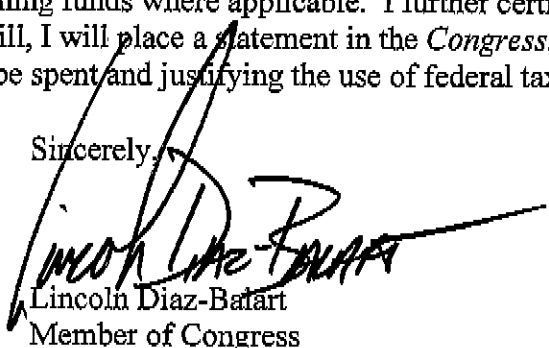

I write to respectfully request funding in the Fiscal Year 2009 Labor, Health and Human Services, Education and Related Agencies Appropriations bill, Department of Health and Human Services, Administration for Children and Families Social Services account. The entity to receive funding for this project is Barry University, located at 11300 NE 2<sup>nd</sup> Avenue, Miami Shores, FL 33161.

It is my understanding that the funding will be used to support the Center for Community Services Initiatives (CCSI) to enhance opportunities for external individuals and groups to participate in on-campus programs. The Center will serve as an educational resource to community organizations, including health providers. Barry service-learning opportunities support local community clinics, helping to improve the quality and accessibility of health care, including behavioral health care.

*I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2009 Labor, Health and Human Services, Education and Related Agencies Appropriations bill, Department of Health and Human Services, HRSA account. The entity to receive funding for this project is Florida International University, located at 1200 SW 8<sup>th</sup> Street, Miami, FL 33199.

It is my understanding that the funding will be used to establish a nanotechnology facility to develop biosensors capable of measuring exposure to environmental and occupational hazards for community safety. Dear Chairman Obey and Ranking Member Walsh

I am requesting funding for the Collier County Health Care Access Network in fiscal year 2009. The entity to receive funding for this project is Collier County, FL located at 3301 E. Tamiami Trail, Naples, FL 34112. The funding would be used to support and further develop a health care access network for the under/uninsured in Collier County. Collier County has identified over 35,000 residents who lack quality health care and currently is experiencing overuse of its emergency health facilities. This project seeks to expand, organize, and develop a full access program with a full continuum of services for approximately 35,000 residents needing health care. The initial phase of this project has been the adoption of a shared information database between the portals of entry for the poor into the system. Future phases of the project include marketing and full penetration of the population of uninsured/underinsured individuals.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

I am writing to revise my request of March 12, 2008 in which I asked for \$1,000,000 to be set aside for construction and renovation of restroom facilities at elementary schools in American Samoa.

Given that my office has been informed that funding cannot be set aside for construction or renovation purposes, I would like ask that \$1,000,000 be set aside for the development of the Samoan language program for grades K-12 in American Samoa. Specifically, I am asking that these funds be set aside for purposes of teacher training and instructional material development of reading books in the Samoan language for students in grades K-12.

Enclosed are copies of the online forms which have been submitted electronically. I am also submitting a disclosure form which indicates that I have no financial interest in the project.

The entity to receive funding for this project under the Fund for the Improvement of Education (FIE) account is the Institute for Educational Equity and Opportunity (IFEEO), located at 100 South Broad Street, Suite 1530, Philadelphia, Pennsylvania, 19110. Funding will be used for a research repository for the papers of attorneys and organizations involved in school finance/educational equity litigation. Funding would also provide for the 1) the sale and distribution of the Deskbook, 2) the awarding of a Legal Fellowship and a Summer Associate Award to allow a recent law school graduate and a current law student to work with, and thus learn from, an organization that is involved in school finance/educational equity litigation; 3) support for the Archives Project, including the preparation of educational materials and the holding of a conference on archiving methods for school finance attorneys; and 4) dissemination of a book composed of commissioned articles by school finance/educational equity attorneys containing their experiences with and reflections on the litigation in which they have been involved. Profits from the sale of this book would go towards the Fellowship/Summer Associate awards.

I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

Pursuant to Rule XXIII of the House of Representatives for the 110<sup>th</sup> Congress, I am submitting a disclosure form for a project request affecting my Congressional District.

I am requesting funding for the Emergency Medicine Learning and Resource Center (EMLRC) in fiscal year 2009. The entity to receive funding for this project is EMLRC, located at 3717 S. Conway Road, Orlando, FL 32812.

The funding will be used to construct an EMLRC that will serve to provide education and training to our "first responders" in Central Florida. Each emergency care responder is required by state law to have continuing medical education. The EMLRC will provide on-demand education and training – through classes, conferences and skill labs.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that this request (1) is not directed to an entity or program named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Ric Keller

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the following project in fiscal year 2008:

**Project:** Improving Patient Care and Safety Through Technology (implementing a electronic medical record (EMR) system)

**Entity to receive funding:** Unity Health Care

**Address:** 3020 14<sup>th</sup> Street, NW Washington, D.C. 20009

**Purpose:** Unity Health Care requests funding in the amount of \$3,443,460 to institute an electronic medical record (EMR) system through out its 30 sites and programs, serving over 55,000 patients per year. These patients make more than 230,000 visits to these care centers each year. Keeping track of the ailments, diagnostic test results, treatments followed and prescription medications prescribed is a major task—having this important data available to the treating physician or other health care professional in real time is impossible without an automated system. Unity offers a continuum of medical care and this technology will allow it to track medical care over a patient's lifetime rather than just for a specific episode of care.

I certify that neither I nor my spouse has any financial interest in this project. Thank you for your attention in this matter.

I am requesting funding for the following project in fiscal year 2008:

**Project:** Detection of Early HIV Infection

**Entity to receive funding:** Whitman-Walker Clinic

**Address:** 1407 S. ST., NW Washington, DC 20009

**Purpose:** Provide \$300,000 in funding to identify high-risk individuals prior to their unknowingly spreading the HIV infection, and would provide support to help them maintain safer sex practices, thus reducing transmission rates in D.C.'s highly vulnerable population. Additional efforts would then be extended to the Clinic population at large to identify more cases if this initial effort was successful. Previous efforts in Atlanta and North Carolina have been successful and this intervention should be helpful in identifying new HIV cases with a concomitant increase in treated individuals and lower transmission rates.

I certify that neither I nor my spouse has any financial interest in this project. Thank you for your attention in this matter.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the following project in fiscal year 2008:

**Project:** Restructuring FHBC to provide efficiencies in provision of maternal health care and strengthening administration to reserve resources and enhance income

**Entity to receive funding:** Family Health and Birth Center, Inc

**Address:** 801 17<sup>th</sup> Street NE Washington, DC 20002

Purpose: The FHBC, after 5 years of operation has demonstrated significant reductions in the disparities of preterm birth, low birth weight infants and cesarean section. FHBC struggles with fiscal sustainability due to its high professional liability premiums and low (55% of charges) reimbursement rates from Medicaid Managed Care Companies. Each year about half (\$500,000-\$600,000) of the core budget must be raised from individual and foundation donors. The funding requested in the amount of \$875,000 will support that amount which is becoming more and more difficult to raise, and will also enable the addition of staff, at both clinical and managerial levels. Clinical staff nurse-midwives and pediatric nurse practitioners are needed because, in order to achieve the results FHBC has been able to demonstrate, increased time spent with women and families is essential. Additional managerial staff is needed to ease the managerial burden of the clinical staff and to negotiate with MMCO's. but also to assist others with replication.

I certify that neither I nor my spouse has any financial interest in this project. Thank you for your attention in this matter.

Sincerely,

Dear Chairman Obey and Ranking Member Lewis:

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the Labor, Health and Human Services, Education Appropriations bill, Employment and Training Administration – Training and Employment Services Account for The University of Idaho Center for in fiscal year 2009. The entity to receive funding for this project is the University Of Idaho College Of Engineering located at 607 Urquart Ave., Buchanan Engineering Lab Rm. 102 Moscow, ID 83844-1022. It is my understanding that the funding would be used for The Center for Industrial Training, Mining Safety and Accident Prevention. The Center will provide the tools necessary to reduce the incidence of accidents and injuries by providing easily accessible and easily adaptable job and safety education to cater for the individual needs of high risk industries in a cost-effective manner. The inability of industry to readily access educational material has contributed to higher fatality and injury rates for western high-risk operations, relative to the industry as a whole. Training programs and techniques need to be updated and customized for different high-risk environments especially focused on the latest automation, more powerful machines and upgraded equipment. In addition, the Center will assist Shoshone County and College of Engineering to develop K-12 engineering and science programs for educating future engineers and scientists. I certify that neither I nor my spouse has any direct financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the Labor, Health and Human Services, Education Appropriations bill, Elementary and Secondary Education Account for Lewis-Clark State College in fiscal year 2009. The entity to receive funding for this project is Lewis-Clark State College, located at 500 8<sup>th</sup> Avenue Lewiston, ID 83501. It is my understanding that the funding would be used to pilot an internet video conferencing system designed to share faculty among isolated rural districts. The objective is to find a way for rural districts to meet the requirements of No Child Left Behind, offset a shortage of highly qualified teachers, offer dual credit coursework and meet the additional state math and science requirements for graduation - on a restrictive budget. The project will develop a consortium of North Idaho rural districts to share instructional resources resulting in significant cost savings.

I certify that neither I nor my spouse has any direct financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. The Honorable Jerry Lewis

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the Fiscal Year 2009 Departments of Labor, Health & Human Services and Education appropriations bill from the Department of Education's Special Olympics account. The entity to receive funding for this project is the 2010 Special Olympics USA National Games located at 8801 F Street, Omaha, Nebraska 68127.

The 2010 Special Olympics USA National Games requests \$6 million from these two accounts to assist in funding the Special Olympics' Second National Games. This money will be spent on logistics for the Special Olympics National Games including security, transportation, housing and meals for athletes. This is only the second time the National Games will be held, and the Special Olympics estimates it will attract 3,000 to 4,000 athletes and coaches as well as 15,000 to 20,000 additional visitors. Furthermore, Congress provided \$5 million for the 2006 Special Olympics USA National Games from the accounts named above in fiscal years 2005 and 2006.

I certify that neither I nor my spouse has any direct financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, and I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY '09 Labor, HHS, and Education Appropriations bill, Department of Health and Human Services, Centers for Disease Control and Prevention account, for Omaha, Nebraska. The entity to receive funding for this project is the University of Nebraska Medical Center, 986380 Nebraska Medical Center, Omaha, Nebraska 68198.

It is my understanding that the funding would be used to create the first statewide database of health information about Nebraskans. This database will enable researchers to identify rural environmental factors that cause cancer and other diseases. This long-term large scale database, called a cohort study, will be the first of its kind to study rural Americans and the impact of environmental factors upon their health. Once the statewide comprehensive database is established, UNMC would seek collaborations with universities in neighboring states to conduct companion studies and create a regional Midwest health informatics database.

I certify that neither I nor my spouse has any direct financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. The Honorable Jerry Lewis, Ranking Member  
Committee on Appropriations

Washington, D.C. 20515

Dear Chair Obey and Ranking Member Lewis:

I am requesting funding for the Cascade Locks Integrated Health Facility in fiscal year 2009. The entity to receive funding for this project is Hood River Co, Oregon, located at 601 State St, Hood River, Oregon 97031. The funding would be used for providing health care services to an unserved region of county. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; and (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark. Should funding be provided to this entity, I will ask them to certify their intent to comply with all statutory obligations. Should this request be included in the bill, I will place a statement in the Congressional Record describing the entity's plan for how the money will be spent and their justification for the use of federal taxpayer funds.

Best regards,

I am requesting funding for the Florida Manufacturing Extension Partnership (MEP) in fiscal year 2009. The entity to receive funding for this project is the Florida Manufacturing Extension Partnership located at 1180 Celebration Blvd, Suite 103, Celebration, Florida 34747. These funds will enable the Florida MEP to deploy a proven job creating program to train and place disadvantaged residents, who suffer disproportionately during economic downturns, into entry level manufacturing jobs. Disadvantaged residents include the unemployed, underemployed, working poor and those with limited English skills). The Mobile Outreach Skills Training (M.O.S.T.) Program, one of the most successful job training and job creation programs funded by U.S. Department of Labor, Education and Training Administration High Growth Initiative, was successfully piloted in New England to address skills shortage in the manufacturing sector. The goals of the M.O.S.T. Program in FY09 are to (1) train and place disadvantaged workers in guaranteed jobs in a fraction of the time common to traditional manufacturing training programs, (2) create a pipeline of qualified disadvantaged workers, with currently limited skill sets, for higher level education and training programs, (3) enhance career progression opportunities for incumbent workers, and (4) address the shortage in entry level manufacturing-related occupations..

Dear Chairman Obey and Ranking Member Walsh,

I am requesting funding for the Space Coast Early Intervention Center (SCEIC) in fiscal year 2009. The entity to receive funding for this project is the Space Coast Early Intervention Center located at 3790 Dairy Rd, Melbourne, Florida 32904. The SCEIC has been serving our community for years, helping to meet the needs of special needs children and their families. I am asking the committee to include funding for the SCEIC's efforts to expand their "Inclusive After School Childcare" program. This afterschool childcare program is for children ages 6-9 (kindergarten to 3rd grade) who have a disability and their siblings. The program will support the social, physical and behavioral needs, through participation in organized team sports, field trips, and social group interactions. In addition, this service will relieve many families of the stress caused by inadequate or unavailable childcare which is often challenging to secure for children with disabilities.

I certify that neither my spouse nor I has any financial interest in this project.

I am requesting funding for Brevard County's local public television station, WBCC in fiscal year 2009. The entity to receive funding for this project is Brevard Community College, 1519 Clearlake Rd, Cocoa, Florida 32922. These funds will enable Brevard Community College to equip their digital broadcast television station, WBCC-DTV to provide digitized datacasting services for central Florida. This will enable Brevard Community College (BCC) to provide education "on-demand" for BCC students, distance education students throughout the country, as well as services to school systems, public agencies and partner colleges. This federal funding will be matched with local funding from the college.

Datacasting will enable WBCC to use its broadcast signal to transmit large Datastreams directly to computers within its Central Florida signal area and provide secure data services for the public sector as well as large datastreams to K-12 schools across Central Florida. The funding will enable WBCC to take full advantage of its digital conversion and to provide a greater level of service to the region.

The entity to receive funding for this project is Riverside Healthcare located at 350 N. Wall Street, Kankakee, Illinois 60901. It is my understanding that the funding would be used to assist in the construction of a comprehensive cancer clinic, permitting Riverside to consolidate and up-grade patient services and care, addressing one of the major public health challenges facing the greater Kankakee region given its higher incidence of cancer than faced by the state as a whole. The entity to receive funding for this project is Palm Beach County School District, Florida, located at 3301 Forest Hill Blvd., West Palm Beach, FL 33406.

The funding would be used to expand the School district's existing efforts to combat the regional and district-wide educator shortage through a program that trains educators to be mentors to the 1,000 new educators, teachers, and principals annually. Expanding this mentoring network will ensure that more new educators will have the necessary support system to make a long-term investment in the field of education and encourage veteran educators to continue their careers through new professional opportunities.

Dear Chair Obey and Ranking Member Lewis:

I am requesting funding for The Children's Coalition's (TCCI) Veterans History Project in the amount of \$ in fiscal year 2009.

The entity to receive funding for this project is The Children's Coalition's (TCCI), located at 529 Clematis St, Second Floor Suite 5, West Palm Beach, FL 33402.

The funding would be used to harness the positive energy of the region's at-risk teenagers in participating in the Library of Congress' Veterans History Project. Enabling these teenagers to interview veterans of the wars fought by the United States in the 20th and 21st centuries and record these personal accounts on audio and video tape will expose these teenagers to positive role models and teach them to be productive citizens.

I certify that neither I nor my spouse has any financial interest in this project.

Sincerely,

Robert Wexler

## Congress of the United States House of Representatives

March 18, 2008

The Honorable David Obey  
Chairman  
House Appropriations Committee  
H-218, The Capitol  
Washington, D.C. 20515

The Honorable Jerry Lewis  
Ranking Member  
House Appropriations Committee  
1016 Longworth  
Washington, D.C. 20515

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the Fiscal Year 2009 Departments of Labor, Health & Human Services and Education appropriations bill from the Department of Education's Special Olympics account. The entity to receive funding for this project is the 2010 Special Olympics USA National Games located at 8801 F Street, Omaha, Nebraska 68127.

The 2010 Special Olympics USA National Games requests \$6 million from these two accounts to assist in funding the Special Olympics' Second National Games. This money will be spent on logistics for the Special Olympics National Games including security, transportation, housing and meals for athletes. This is only the second time the National Games will be held, and the Special Olympics estimates it will attract 3,000 to 4,000 athletes and coaches as well as 15,000 to 20,000 additional visitors. Furthermore, Congress provided \$5 million for the 2006 Special Olympics USA National Games from the accounts named above in fiscal years 2005 and 2006.

I certify that neither I nor my spouse has any direct financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, and I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.
