The entity to receive funding for this project is:

Wynnefield Overbrook Revitalization Corporation
5600 City Ave. – Merion Place
Philadelphia, PA 19151

Funding will be used to restore the primary economic viability of the commercial corridors and surrounding neighborhoods in the Wynnefield, Overbrook and Parkside sections of West Philadelphia. WORC is leading an effort to bring economic development to the areas of Lancaster Avenue, Lansdowne Avenue, 63rd Street, North 54th Street, and Parkside Avenue after having seen progressive deterioration over the past 50 years. Physical improvement of the infrastructure and a concerted effort to attract amenities that support the community by reinvestment in;

- creating new businesses located in the designated program areas;
- creating new jobs in the designated program areas;
- improving facades and streetscapes; and
- fostering citizen engagement in grassroots development through participation in commercial revitalization committees and projects.

Accessible financing will be provided to spur economic growth, and local small businesses will be supported by targeted marketing of the area as a business destination. Using revolving loan funds to recapitalize small businesses in the key retail and commercial corridors, WORC plans to revitalize community businesses to promote job growth and real estate reinvestment.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the following project in fiscal year 2011.

The entity to receive funding for this project is: Tennessee Public Transportation Association (TPTA)

Robert C. Jones
400 Charlotte Avenue, Suite 100
Nashville, TN 37219

The funding would be used for TN Statewide Bus and Bus Facilities. The need for reliable public transportation is greater than ever in Tennessee given the economic crisis, fluctuating price of gasoline and other expenses (not to mention environmental concerns) associated with automobile use. This is especially true for the State's low-income and elderly residents who rely on public transportation as an economic alternative to automobile usage.

I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the following project in fiscal year 2011.

The entity to receive funding for this project is: Appalachia Service Project

Susan C. Crow
4523 Bristol Hwy
Johnson City, TN 37601

The funding would be used for the Critical Home Repair Program. ASP is a non-profit organization that provides critical home repairs to low-income families in Central Appalachia (Tennessee, West Virginia, Kentucky and Virginia). Improving overall housing conditions in Tennessee's poorest communities provides several economic and humanitarian benefits. Federal funds will enable ASP to expand its successful Home Repair Program to provide much-needed repairs in Scott and Campbell Counties. Private funds will always fund the vast majority of ASP's initiatives. Due to the current economic conditions, continuing to expand ASP's outreach goals is hindered by reduced private fundraising capacity.

I certify that neither I nor my spouse has any financial interest in this project.

Sincerely,

Dear Chairman Obey and Ranking Member Lewis,

I am requesting \$6,000,000 in funding for the Sharpes Ferry Bridge in Marion County, Florida in fiscal year 2011. The entity to receive funding for this project is Marion County Government located at 601 S.E. 25th Avenue, Ocala, Florida 34471.

This funding is for the Sharpes Ferry Bridge in Marion County, FL located on CR 314 crossing the Ocklawaha River. The Sharpes Ferry Bridge is a single-lane bridge in a high-incidence hurricane area—serving as the only operationally-safe travel route heading from Ocala eastward. The CR 314 route serves as an alternate evacuation corridor, and desperately requires significant maintenance due to the numerous areas that are rusted through, and to minimize potential negative environmental impacts from the lead-base paint flaking off and falling directly into the Ocklawaha River. The Sharpes Ferry Bridge Replacement Project has been identified as a number one public safety and operational priority by the Ocala/Marion County Transportation Planning Organization and the Marion County Transportation Improvement Plan for several years. The State of Florida has prioritized this bridge and committed \$1,300,000 in State funds. This \$6,000,000 award will assist in the final completion of this project. This project is a good use of taxpayers' dollars because it will provide a safe travel route for communities in Marion County, specifically Ocala, to evacuate in the event of a hurricane or other natural disaster.

I certify that neither I nor my spouse has any financial interest in this project.

Sincerely,

The entity to receive funding for this project is:

The study will determine the transportation improvements necessary, including multi-modal transportation links, to develop a container port at South Brooklyn Marine Terminal along the waterfront in Sunset Park. The study will also develop a Preferred Alternative and Implementation Strategy, as well as a public outreach and information program. During meetings and conversations with mayors, town administrators, representatives of public and private organizations and other interested stakeholders, several items of importance to entities or residents in the cities and towns which I represent have been brought to my attention.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Purple Line.

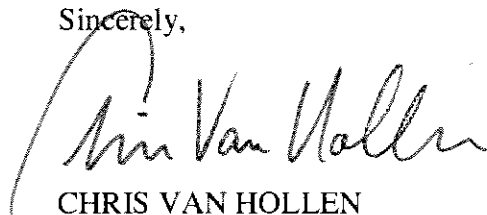

The entity to receive funding for this project is:

Maryland Department of Transportation
7201 Corporate Center Drive
Hanover, MD 21076

The funding would be used for the Purple Line, a proposed 16-mile light rail or bus rapid transit line in the State of Maryland suburban area of Washington, D.C., extending from Bethesda in Montgomery County to New Carrollton in Prince George's County. The project will provide a direct connection to the Metrorail Red, Green, and Orange Lines at Bethesda, Silver Spring, College Park, and New Carrollton as well as connections to MARC commuter rail, Amtrak, and local bus services. The proposed project will promote transit system connectivity and provide much-needed mobility options, and will reduce travel times for transit riders, including those in the heavily transit-dependent inter-suburb communities of Takoma Park and Langley Park. Reducing congestion in the corridor will promote traffic and pedestrian safety in significant residential and regional employment centers.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for BRAC-related improvements in Montgomery County, MD.

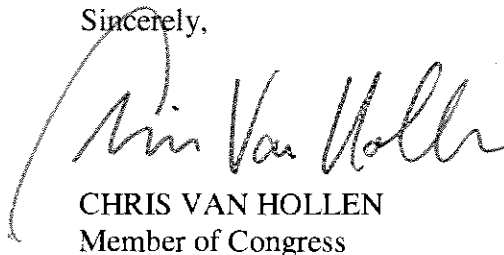

The entity to receive funding for this project is:

Maryland Department of Transportation
7201 Corporate Center Drive
Hanover, MD 21076

The funding would be used to address congestion due to anticipated increase in traffic volumes as a result of Base Realignment and Closure (BRAC)-related growth at National Naval Medical Center (NNMC), MD. Funds would be used for design, engineering, right-of-way acquisition, and construction of priority intersection improvements identified by the Maryland Department of Transportation, in coordination with Montgomery County and NNMC, to improve safety, operations, and access within the BRAC timeframe. The BRAC consolidation is a Congressionally-authorized federal action of the U.S. Department of Defense to reorganize mission activities and more efficiently and effectively support the nation's defense. Many new direct and indirect jobs will be coming to the NNMC area from their present locations in Virginia and other states resulting in significant congestion impacts on Maryland's transportation system.

I certify that neither I nor my spouse has any financial interest in this project.
