

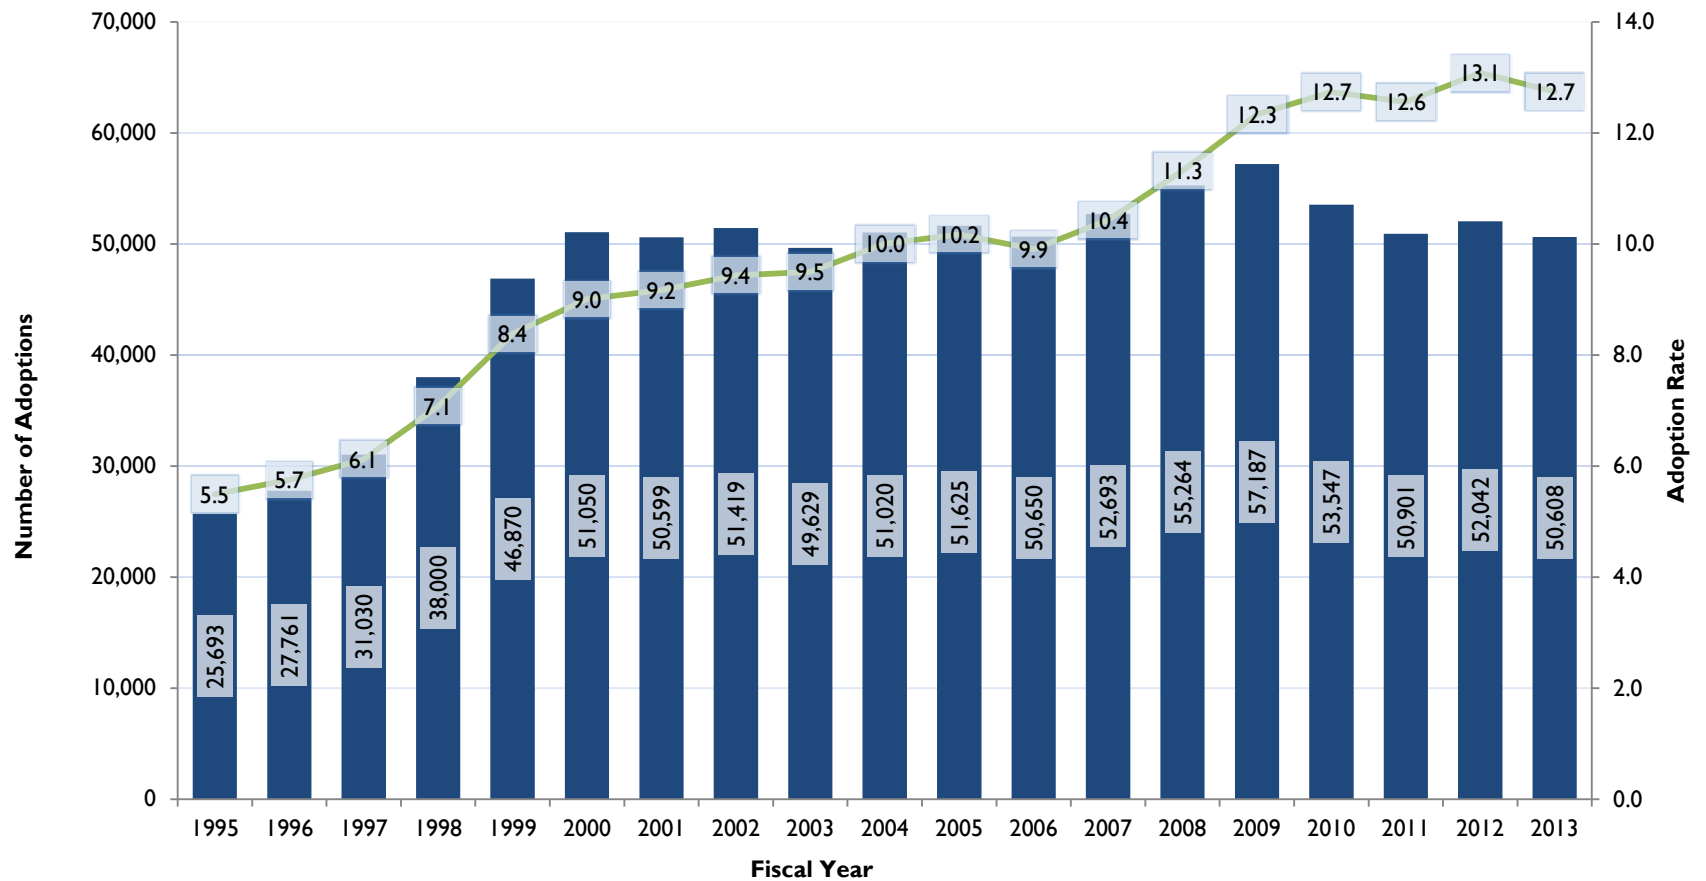

Figure 11-8. Number and Rate of Adoptions with Public Child Welfare Agency Involvement, FY1995-FY2013

Number equals number of children adopted with public child welfare agency involvement during the fiscal year. Rate equals number of children adopted with public child welfare agency involvement during the fiscal year for every 100 children in foster care on the last day of the previous fiscal year.

Source: Figure prepared by Congressional Research Service September 8, 2014 for the 2014 version of the House Ways and Means Committee Green Book. Data for FY1995-FY2000 are as included in the 2008 version of the Green Book. Numbers and rates for the remaining years reflect the most recent available data reported by the 50 states, DC and PR states as received from HHS, ACF,ACYF, Children’s Bureau as of July 2014.

Note: Some data shown may vary from previous reports because adoption data are revised if states submit corrected information.
