3 **CHAPTER 2—SPECIAL CLASSIFICATION**
 4 **RELATING TO PRODUCT DEVELOP-**
 5 **MENT AND TESTING**

6 **SEC. 1411. SHORT TITLE.**

7 This chapter may be cited as the “Product Develop-
 8 ment and Testing Act of 2000”.

9 **SEC. 1412. FINDINGS; PURPOSE.**

10 (a) FINDINGS.—The Congress finds the following:

11 (1)(A) A substantial amount of development
 12 and testing occurs in the United States incident to
 13 the introduction and manufacture of new products
 14 for both domestic consumption and export overseas.

15 (B) Testing also occurs with respect to mer-
 16 chandise that has already been introduced into com-
 17 merce to insure that it continues to meet specifica-
 18 tions and performs as designed.

19 (2) The development and testing that occurs in
 20 the United States incident to the introduction and

1 manufacture of new products, and with respect to
2 products which have already been introduced into
3 commerce, represents a significant industrial activity
4 employing highly-skilled workers in the United
5 States.

6 (3)(A) Under the current laws affecting the im-
7 portation of merchandise, such as the provisions of
8 part I of title IV of the Tariff Act of 1930 (19
9 U.S.C. 1401 et seq.), goods commonly referred to as
10 “prototypes”, used for product development testing
11 and product evaluation purposes, are subject to cus-
12 toms duty upon their importation into the United
13 States unless the prototypes qualify for duty-free
14 treatment under special trade programs or unless
15 the prototypes are entered under a temporary impor-
16 tation bond.

17 (B) In addition, the United States Customs
18 Service has determined that the value of prototypes
19 is to be included in the value of production articles
20 if the prototypes are the result of the same design
21 and development effort as the articles.

22 (4)(A) Assessing duty on prototypes twice, once
23 when the prototypes are imported and a second time
24 thereafter as part of the cost of imported production
25 merchandise, discourages development and testing in

1 the United States, and thus encourages development
 2 and testing to occur overseas, since, in that case,
 3 duty will only be assessed once, upon the importa-
 4 tion of production merchandise.

5 (B) Assessing duty on these prototypes twice
 6 unnecessarily inflates the cost to businesses, thus re-
 7 ducing their competitiveness.

8 (5) Current methods for avoiding the excessive
 9 assessment of customs duties on the importation of
 10 prototypes, including the use of temporary importa-
 11 tion entries and obtaining drawback, are unwieldy,
 12 ineffective, and difficult for both importers and the
 13 United States Customs Service to administer.

14 (b) PURPOSE.—The purpose of this chapter is to pro-
 15 mote product development and testing in the United
 16 States by permitting the importation of prototypes on a
 17 duty-free basis.

18 **SEC. 1413. AMENDMENTS TO HARMONIZED TARIFF SCHED-**
 19 **ULE OF THE UNITED STATES.**

20 (a) HEADING.—Subchapter XVII of Chapter 98 is
 21 amended by inserting in numerical sequence the following
 22 new heading:

“	9817.85.01	Prototypes to be used exclusively for development, testing, product evaluation or quality control pur- poses	Free			The rate appli- cable in the ab- sence of this heading	”.
---	------------	---	------	--	--	---	----

1 (b) U.S. NOTE.—The U.S. Notes to subchapter XVII
2 of chapter 98 are amended by adding at the end the fol-
3 lowing:

4 “6. The following provisions apply to heading 9817.85.01:

5 “(a) The term ‘prototypes’ means originals or models of
6 articles that—

7 “(i) are either in the preproduction, production, or
8 postproduction stage and are to be used exclusively
9 for development, testing, product evaluation, or qual-
10 ity control purposes; and

11 “(ii) in the case of originals or models of articles that are
12 either in the production or postproduction stage, are
13 associated with a design change from current produc-
14 tion (including a refinement, advancement, improve-
15 ment, development, or quality control in either the
16 product itself or the means for producing the prod-
17 uct).

18 For purposes of clause (i), automobile racing shall not be
19 considered to be “development, testing, product eval-
20 uation, or quality control.”.

21 “(b)(i) Prototypes (as defined in paragraph (a)) may only
22 be imported in limited noncommercial quantities in ac-
23 cordance with industry practice.

24 “(ii) Prototypes (as defined in paragraph (a)), or parts
25 of prototypes, may not be sold (including sale for

1 scrap purposes) after importation into the United
2 States or be incorporated into other products.

3 “(c) Articles subject to quantitative restrictions, anti-
4 dumping orders, or countervailing duty orders, may
5 not be classified as prototypes under this note. Arti-
6 cles subject to licensing requirements, or which must
7 comply with laws, rules, or regulations administered
8 by agencies other than the United States Customs
9 Service before being imported, may be classified as
10 prototypes, provided that they comply with all applica-
11 ble provisions of law and otherwise meet the definition
12 of ‘prototypes’ under paragraph (a).”.

13 **SEC. 1414. ENTRY PROCEDURES.**

14 The Secretary of the Treasury shall establish regula-
15 tions for the identification of prototypes at the time of
16 importation into the United States in accordance with the
17 provisions of this chapter and the amendments made by
18 this chapter.

19 **SEC. 1415. EFFECTIVE DATE.**

20 This chapter, and the amendments made by this
21 chapter, shall apply with respect to—

22 (1) an entry of a prototype under heading
23 9817.85.01, as added by section 1413(a), on or after
24 the date of the enactment of this Act; and

1 (2) an entry of a prototype (as defined in U.S.
2 Note 6(a) to subchapter XVII of chapter 98, as
3 added by section 1413(b)) under heading
4 9813.00.30 for which liquidation has not become
5 final as of the date of enactment of this Act.

6 **CHAPTER 3—PROHIBITION ON IMPORTA-**
7 **TION OF PRODUCTS MADE WITH DOG**
8 **OR CAT FUR**

9 **SEC. 1421. SHORT TITLE.**

10 This chapter may be cited as the “Dog and Cat Pro-
11 tection Act of 2000”.

12 **SEC. 1422. FINDINGS AND PURPOSES.**

13 (a) FINDINGS.—Congress makes the following find-
14 ings:

15 (1) An estimated 2,000,000 dogs and cats are
16 slaughtered and sold annually as part of the inter-
17 national fur trade. Internationally, dog and cat fur
18 is used in a wide variety of products, including fur
19 coats and jackets, fur trimmed garments, hats,
20 gloves, decorative accessories, stuffed animals, and
21 other toys.

22 (2) The United States represents one of the
23 largest markets for the sale of fur and fur products
24 in the world. Market demand for fur products in the
25 United States has led to the introduction of dog and

1 cat fur products into United States commerce, fre-
2 quently based on deceptive or fraudulent labeling of
3 the products to disguise the true origin of the fur.

4 (3) Dog and cat fur, when dyed, is not easily
5 distinguishable to persons who are not experts from
6 other furs such as fox, rabbit, coyote, wolf, and
7 mink, and synthetic materials made to resemble real
8 fur. Dog and cat fur is generally less expensive than
9 other types of fur and may be used as a substitute
10 for more expensive types of furs, which provides an
11 incentive to engage in unfair or fraudulent trade
12 practices in the importation, exportation, distribu-
13 tion, or sale of fur products, including deceptive la-
14 beling and other practices designed to disguise the
15 true contents or origin of the product.

16 (4) Forensic texts have documented that dog
17 and cat fur products are being imported into the
18 United States subject to deceptive labels or other
19 practices designed to conceal the use of dog or cat
20 fur in the production of wearing apparel, toys, and
21 other products.

22 (5) Publicly available evidence reflects ongoing
23 significant use of dogs and cats bred expressly for
24 their fur by foreign fur producers for manufacture
25 into wearing apparel, toys, and other products that

1 have been introduced into United States commerce.
2 The evidence indicates that foreign fur producers
3 also rely on the use of stray dogs and cats and sto-
4 len pets for the manufacture of fur products des-
5 tined for the world and United States markets.

6 (6) The methods of housing, transporting, and
7 slaughtering dogs and cats for fur production are
8 generally unregulated and inhumane.

9 (7) The trade of dog and cat fur products is
10 ethically and aesthetically abhorrent to United
11 States citizens. Consumers in the United States have
12 a right to know if products offered for sale contain
13 dog or cat fur and to ensure that they are not un-
14 witting participants in this gruesome trade.

15 (8) Persons who engage in the sale of dog or
16 cat fur products, including the fraudulent trade
17 practices identified above, gain an unfair competitive
18 advantage over persons who engage in legitimate
19 trade in apparel, toys, and other products, and de-
20 rive an unfair benefit from consumers who buy their
21 products.

22 (9) The imposition of a ban on the sale, manu-
23 facture, offer for sale, transportation, and distribu-
24 tion of dog and cat fur products, regardless of their
25 source, is consistent with the international obliga-

1 tions of the United States as it applies equally to do-
2 mestic and foreign entities. Such a ban is also con-
3 sistent with provisions of international agreements
4 to which the United States is a party that expressly
5 allow for measures designed to protect the health
6 and welfare of animals and to enjoin the use of de-
7 ceptive trade practices in international or domestic
8 commerce.

9 (b) PURPOSES.—The purposes of this chapter are
10 to—

11 (1) prohibit imports, exports, sale, manufacture,
12 offer for sale, transportation, and distribution in the
13 United States of dog and cat fur products, in order
14 to ensure that United States market demand does
15 not provide an incentive to slaughter dogs or cats for
16 their fur;

17 (2) require accurate labeling of fur species so
18 that consumers in the United States can make in-
19 formed choices and ensure that they are not unwit-
20 ting contributors to this gruesome trade; and

21 (3) ensure that the customs laws of the United
22 States are not undermined by illicit international
23 traffic in dog and cat fur products.
