9 the Navy shall submit to the congressional defense com-
10 mittees a report on the designs of the Littoral Combat
11 Ship, including comparative cost and performance infor-
12 mation for both designs of such ship.

13 **SEC. 129. COMPTROLLER GENERAL REVIEWS OF LITTORAL**
14 **COMBAT SHIP PROGRAM.**

15 (a) ACCEPTANCE OF LCS.—

16 (1) IN GENERAL.—The Comptroller General of
17 the United States shall conduct a review of the com-
18 pliance of the Secretary of the Navy with part 246
19 of title 48 of the Code of Federal Regulations and
20 subpart 46.5 of the Federal Acquisition Regulation
21 in accepting the LCS.

22 (2) MATTERS INCLUDED.—The review under
23 paragraph (1) shall include a discussion of the
24 knowledge of, and determinations by, the LCS pro-

1 gram office and contractors with respect to the fol-
2 lowing:

3 (A) Potential for cracks in the LCS hull
4 and deckhouse and any corresponding potential
5 design risks.

6 (B) Chargeable equipment failures.

7 (C) Potential for engine failures or break-
8 downs.

9 (D) Meeting key performance parameters,
10 including speed.

11 (E) Review of the quality of seals and
12 welds.

13 (F) Review of water jet corrosion.

14 (G) Completeness of records to support ac-
15 ceptance of the LCS.

16 (H) How the LCS risk and problems com-
17 pare to lead ships in comparable programs.

18 (I) Security of the ship and systems, in-
19 cluding any known lapses.

20 (J) Manning analysis, including how it
21 would affect key performance parameters.

22 (K) Strategies for balancing cost, schedule,
23 and performance trade-offs as required by sec-
24 tion 201 of the Weapon Systems Acquisition

1 Reform Act of 2009 (Public Law 111–23; 123
2 Stat. 1719).

3 (b) OPERATIONAL SUPPORT.—Not later than 180
4 days after the date of the enactment of this Act, the
5 Comptroller General shall submit to the congressional de-
6 fense committees a report on the operational support and
7 sustainment strategy for the Littoral Combat Ship pro-
8 gram, including modernization and logistics support.

9 (c) COOPERATION.—For purposes of conducting the
10 review under subsection (a)(1) and (b), the Secretary of
11 Defense shall ensure that the Comptroller General has ac-
12 cess to—

13 (1) all relevant records of the Department; and

14 (2) all relevant communications between De-
15 partment officials, whether such communications oc-
16 curred inside or outside the Federal Government.

17 **SEC. 130. SENSE OF CONGRESS ON IMPORTANCE OF ENGI-**
18 **NEERING IN EARLY STAGES OF SHIP-**
19 **BUILDING.**

20 It is the sense of Congress that—

21 (1) placing a priority on engineering dollars in
22 the early stages of shipbuilding programs is a vital
23 component of keeping cost down; and

24 (2) therefore, the Secretary of the Navy should
25 take appropriate steps to prioritize early engineering

1 in large ship construction including amphibious class
2 ships beginning with the LHA-8.

3 **SEC. 131. SENSE OF CONGRESS ON MARINE CORPS AMPHIB-**
4 **IOUS LIFT AND PRESENCE REQUIREMENTS.**

5 (a) IN GENERAL.—It is the sense of Congress that—

6 (1) the United States Marine Corps is a combat
7 force which leverages maneuver from the sea as a
8 force multiplier allowing for a variety of operational
9 tasks ranging from major combat operations to hu-
10 manitarian assistance;

11 (2) the United States Marine Corps is unique
12 in that, while embarked upon Naval vessels, they
13 bring all the logistic support necessary for the full
14 range of military operations, operating “from the
15 sea” they require no third party host nation permis-
16 sion to conduct military operations;

17 (3) the Department of the Navy has a require-
18 ment for 38 amphibious assault ships to meet this
19 full range of military operations;

20 (4) for budgetary reasons only that requirement
21 of 38 vessels was reduced to 33 vessels, which adds
22 military risk to future operations;

23 (5) the Department of the Navy has been un-
24 able to meet even the minimal requirement of 33
25 operationally available vessels and has submitted a

1 shipbuilding and ship retirement plan to the Con-
2 gress which will reduce the force to 28 vessels; and

3 (6) experience has shown that early engineering
4 and design of naval vessels has significantly reduced
5 the acquisition costs and life-cycle costs of those ves-
6 sels.

7 (b) NEXT GENERATION OF AMPHIBIOUS SHIPS.—In
8 light of subsection (a), it is the sense of Congress that—

9 (1) the Navy should consider prioritization of
10 investment in and procurement of the next genera-
11 tion of amphibious assault ships;

12 (2) the next generation amphibious assault
13 ships should maintain survivability protection level
14 II in accordance with current Navy ship require-
15 ments;

16 (3) commonality in hull form design could be a
17 desirable element to reduce acquisition and life cycle
18 cost; and

19 (4) maintaining a robust amphibious ship-
20 building industrial base is vital for future national
21 security.

1 **Subtitle D—Air Force Programs**

2 **SEC. 141. RETIREMENT OF B-1 BOMBER AIRCRAFT.**

3 (a) IN GENERAL.—Section 8062 of title 10, United
4 States Code, is amended by adding at the end the fol-
5 lowing new subsection:

6 “(h)(1) Beginning October 1, 2011, the Secretary of
7 the Air Force may not retire more than six B-1 aircraft.

8 “(2) The Secretary shall maintain in a common capa-
9 bility configuration not less than 36 B-1 aircraft as com-
10 bat-coded aircraft.

11 “(3) In this subsection, the term ‘combat-coded air-
12 craft’ means aircraft assigned to meet the primary aircraft

3 2013, the Commander of the United States Trans-
4 portation Command shall submit to the congres-
5 sional defense committees a report assessing the
6 operational risk of meeting the steady-state and
7 warfighting requirements of the commanders of the
8 geographical combatant commands with respect to
9 the Secretary of the Air Force maintaining an inven-
10 tory of strategic airlift aircraft of less than 301 air-
11 craft.

7 specified in paragraph (1) during a 40-year
8 service-life;

9 (B) assess the most cost-effective and mis-
10 sion-effective manner for which C-27J aircraft
11 could be affordably fielded by the Air National
12 Guard, including by determining—

13 (i) the number of basing locations re-
14 quired;

15 (ii) the number of authorized per-
16 sonnel associated with a unit's manning
17 document; and

18 (iii) the maintenance and sustainment
19 strategy required; and

20 (C) outline any limiting factors regarding
21 the analysis of C-27J aircraft with respect to
22 cost assumptions used by the Director in such
23 analysis and the actual costs incurred for air-
24 craft fielded by the Air Force as of the date of
25 the analysis.

1 (3) COOPERATION.—The Secretary of Defense
2 shall provide the Director with any information, in-
3 cluding original source documentation, the Director
4 determines is required to promptly conduct the anal-
5 ysis under paragraph (1).

6 **SEC. 144. LIMITATION ON AVAILABILITY OF FUNDS FOR**
7 **TERMINATION OF C-130 AVIONICS MOD-**
8 **ERNIZATION PROGRAM.**

9 (a) IN GENERAL.—None of the funds authorized to
10 be appropriated by this Act or otherwise made available
11 for fiscal year 2013 for the Air Force may be used to ter-

1 **SEC. 146. LIMITATION ON AVAILABILITY OF FUNDS FOR**
2 **EVOLVED EXPENDABLE LAUNCH VEHICLE**
3 **PROGRAM.**

4 (a) SENSE OF CONGRESS.—It is the sense of Con-
5 gress that—

6 (1) assured access to space remains critical to
7 national security; and

8 (2) the plan by the Air Force to commit, begin-
9 ning in fiscal year 2013, to an annual production
10 rate of launch vehicle booster cores should maintain
11 mission assurance, stabilize the industrial base, re-
12 duce costs, and provide opportunities for competi-
13 tion.

14 (b) LIMITATION.—Of the funds authorized to be ap-
15 propriated by this Act or otherwise made available for fis-
16 cal year 2013 for the Air Force for the evolved expendable

14 May 1, 2013, the Secretary of Defense shall provide to
15 the Committees on Armed Services of the Senate and
16 House of Representatives a briefing and plan that outlines
17 efforts by the Department of Defense—

4 thority causes another member to suffer, or be exposed
5 to, any activity which is cruel, abusive, humiliating, op-
6 pressive, demeaning, or harmful. Soliciting or coercing an-
7 other person to perpetrate any such activity is also consid-
8 ered hazing. Hazing need not involve physical contact

14 Section 725(c) of the National Defense Authorization
15 Act for Fiscal Year 2012 (Public Law 112–81; 125 Stat.

17 inserting “March 31, 2013”.

18 **SEC. 723. ESTABLISHMENT OF TRICARE WORKING GROUP.**

19 (a) SENSE OF CONGRESS.—It is the sense of Con-
20 gress that—

21 (1) children of members of the Armed Forces
22 deserve health-care practices and policies that—

23 (A) are designed to meet their pediatric-
24 specific needs;

1 (B) are developed and determined
2 proactively and comprehensively; and

3 (C) ensure and maintain their access to pe-
4 diatric-specific treatments, providers, and facili-
5 ties.

6 (2) children's health-care needs and standards
7 of care are different and distinct from those of
8 adults, therefore the TRICARE program should un-
9 dertake a proactive, comprehensive approach to re-
10 view and analyze its policies and practices to meet
11 the needs of children to ensure that children and
12 their families receive appropriate care in proper set-
13 tings and avoid unnecessary challenges in seeking or
14 obtaining proper health care;

15 (3) a proactive and comprehensive review is
16 necessary because the reimbursement structure of
17 the TRICARE program is patterned upon Medicare
18 and the resulting policies and practices of the
19 TRICARE program do not always properly reflect
20 appropriate standards for pediatric care;

21 (4) one distinct aspect of children's health care
22 is the need for specialty care and services for chil-
23 dren with special-health-care needs and chronic-
24 health conditions;

1 (5) the requirement for specialized health care
2 and developmental support is an ongoing and serious
3 matter of day-to-day life for families with children
4 with special or chronic-health-care needs;

5 (6) the Department of Defense and the
6 TRICARE program, recognizing the special needs of
7 certain children, have instituted special-needs pro-
8 grams, including the ECHO program, but there are
9 collateral needs that are not being met, generally be-
10 cause the services are provided in the local commu-
11 nity rather than by the Department of Defense, who
12 may not always have the best tools or knowledge to
13 access these State and local resources;

14 (7) despite wholehearted efforts by the Depart-
15 ment of Defense, a gap exists between linking mili-
16 tary families with children with special-health-care
17 needs and chronic conditions with the resources and
18 services available from local or regional highly spe-
19 cialized providers and the communities and States in
20 which they reside;

21 (8) the gap is especially exacerbated by the mo-
22 bility of military families, who often move from
23 State to State, because special-needs health care,
24 educational, and social services are very specific to

1 each local community and State and such services
2 often have lengthy waiting lists; and

3 (9) the Department of Defense will be better
4 able to assist military families with children with
5 special-health-care needs fill the gap by collaborating
6 with special-health-care needs providers and those

16 of the National Defense Stockpile Report to Con-
17 gress”.

18 (2) The office of the Deputy Assistant Sec-
19 retary of Defense for Manufacturing and Industrial
20 Base Policy has historically analyzed the United
21 States defense industrial base from the point of view
22 of prime contractors and original equipment manu-
23 facturers and has provided insufficient attention to
24 producers of materials critical to national security,
25 including raw materials producers.

1 (3) Responsibility for the secure supply of ma-

3 the defense industrial base, is decentralized through-

5 (4) The office of the Deputy Assistant Sec-
6 retary of Defense for Manufacturing and Industrial
7 Base Policy should expand its focus to consider both
8 a top-down view of the supply chain, beginning with
9 prime contractors, and a bottom-up view that begins
10 with raw materials suppliers.

11 (5) To enable this focus and support a more co-
12 herent, comprehensive strategy as it pertains to ma-
13 terials critical to national security, the office of the
14 Deputy Assistant Secretary of Defense for Manufac-
15 turing and Industrial Base Policy should develop
16 policy, conduct oversight, and monitor resource allo-
17 cation for agencies of the Department of Defense,
18 including the Defense Logistics Agency, for all ac-
19 tivities that pertain to ensuring a secure supply of
20 materials critical to national security.

21 (6) The Strategic Materials Protection Board
22 should be reconfigured so as to be chaired by the
23 Deputy Assistant Secretary of Defense for Manufac-
24 turing and Industrial Base Policy and should fully
25 execute its duties and responsibilities.

8 **Subtitle D—Counterterrorism**

9 **SEC. 1031. FINDINGS ON DETENTION PURSUANT TO THE** 10 **AUTHORIZATION FOR USE OF MILITARY** 11 **FORCE ENACTED IN 2001.**

12 Congress finds the following:

13 (1) In 2001, Congress passed, and the Presi-
14 dent signed, the Authorization for Use of Military
15 Force (Public Law 107–40; 50 U.S.C. 1541 note)
16 (hereinafter referred to as the “AUMF”), which au-
17 thorized the President to “use all necessary and ap-
18 propriate force” against those responsible for the at-
19 tacks of September 11, 2001, and those who har-
20 bored them “in order to prevent any future acts of
21 international terrorism against the United States”.

22 (2) In 2004, the Supreme Court held in *Hamdi*
23 v. *Rumsfeld* that the AUMF authorized the Presi-
24 dent to detain individuals, including a United States
25 citizen captured in Afghanistan and later detained in

1 the United States, legitimately determined to be
2 “engaged in armed conflict against the United
3 States” until the end of hostilities, noting that
4 “[W]e understand Congress’ grant of authority for
5 the use of ‘necessary and appropriate force’ to in-
6 clude the authority to detain for the duration of the
7 relevant conflict, and our understanding is based on
8 longstanding law-of-war principles”.

9 (3) The Court reaffirmed the long-standing
10 principle of American law that a United States cit-
11 izen may not be detained in the United States pur-
12 suant to the AUMF without due process of law,
13 stating the following:

14 (A) “Striking the proper constitutional bal-
15 ance here is of great importance to the Nation
16 during this period of ongoing combat. But it is
17 equally vital that our calculus not give short
18 shrift to the values that this country holds dear
19 or to the privilege that is American citizen-
20 ship.”.

21 (B) “It is during our most challenging and
22 uncertain moments that our Nation’s commit-
23 ment to due process is most severely tested; and
24 it is in those times that we must preserve our

1 commitment at home to the principles for which
2 we fight abroad.”.

3 (C) “[A] state of war is not a blank check
4 for the President when it comes to the rights of
5 the Nation’s citizens.”.

6 (D) “[A]bsent suspension, the writ of ha-
7 beas corpus remains available to every indi-
8 vidual detained within the United States.”.

9 (E) “All agree suspension of the writ has
10 not occurred here.”.

11 (F) “[A]n enemy combatant must receive
12 notice of the factual basis for his classification,
13 and a fair opportunity to rebut the Govern-
14 ment’s factual assertions before a neutral deci-
15 sionmaker.”.

16 (G) “Whatever power the United States
17 Constitution envisions for the Executive in its
18 exchanges with other nations or with enemy or-
19 ganizations in times of conflict, it most as-
20 suredly envisions a role for all three branches
21 when individual liberties are at stake.”.

22 (H) “[U]nless Congress acts to suspend it,
23 the Great Writ of habeas corpus allows the Ju-
24 dicial Branch to play a necessary role in main-
25 taining this delicate balance of governance,

1 serving as an important judicial check on the
2 Executive's discretion in the realm of deten-
3 tions.”.

4 (I) “We reaffirm today the fundamental
5 nature of a citizen's right to be free from invol-
6 untary confinement by his own government
7 without due process of law, and we weigh the
8 opposing governmental interests against the
9 curtailment of liberty that such confinement en-
10 tails.”.

11 (4) In 2008, in *Boumediene v. Bush*, the Su-
12 preme Court also extended the constitutional right
13 to habeas corpus to the foreign detainees held pursu-
14 ant to the AUMF at the United States Naval Sta-
15 tion, Guantanamo Bay, Cuba.

16 (5) Chapter 47A of title 10, United States
17 Code, as originally enacted by the Military Commis-
18 sions Act of 2006 (Public Law 109–366), only al-
19 lows for prosecution of foreign terrorists by military
20 commission.

21 (6) In 2011, with the enactment of the Na-
22 tional Defense Authorization Act for Fiscal Year
23 2012 (Public Law 112–81), Congress and the Presi-
24 dent affirmed the authority of the Armed Forces of
25 the United States to detain pursuant to the AUMF

1 a person who planned, authorized, committed, or
2 aided the terrorist attacks that occurred on Sep-
3 tember 11, 2001, or harbored those responsible for
4 those attacks, or a person who was a part of or sub-
5 stantially supported al-Qaeda, the Taliban, or associ-
6 ated forces that are engaged in hostilities against
7 the United States or its coalition partners, including
8 any person who has committed a belligerent act or
9 has directly supported such hostilities in aid of such
10 enemy forces.

11 (7) The interpretation of the detention author-
12 ity provided by the AUMF under the National De-
13 fense Authorization Act for Fiscal Year 2012 is the
14 same as the interpretation used by the Obama ad-
15 ministration in its legal filings in Federal court and
16 is nearly identical to the interpretation used by the
17 Bush administration. This interpretation has also
18 been upheld by the United States Court of Appeals
19 for the District of Columbia Circuit.

20 (8) Such Act also requires the Secretary of De-
21 fense to regularly brief Congress regarding the ap-
22 plication of the detention authority provided by the
23 AUMF.

24 (9) Section 1021 of such Act states that “Noth-
25 ing in this section shall be construed to affect exist-

1 ing law or authorities relating to the detention of
2 United States citizens, lawful resident aliens of the
3 United States, or any other persons who are cap-
4 tured or arrested in the United States.”.

5 **SEC. 1032. FINDINGS REGARDING HABEAS CORPUS RIGHTS.**

6 Congress finds the following:

7 (1) Article 1, section 9 of the Constitution
8 states “The Privilege of the Writ of Habeas Corpus
9 shall not be suspended, unless when in Cases of Re-
10 bellion or Invasion the public Safety may require
11 it.”.

12 (2) Regarding the Great Writ, the Supreme
13 Court has noted “The writ of habeas corpus is the
14 fundamental instrument for safeguarding individual
15 freedom against arbitrary and lawless state action.”.

16 **SEC. 1033. HABEAS CORPUS RIGHTS.**

17 Nothing in the Authorization for Use of Military
18 Force (Public Law 107–40; 50 U.S.C. 1541 note) or the
19 National Defense Authorization Act for Fiscal Year 2012
20 (Public Law 112–81) shall be construed to deny the avail-
21 ability of the writ of habeas corpus in a court ordained
22 or established by or under Article III of the Constitution
23 for any person who is detained in the United States pursu-
24 ant to the Authorization for Use of Military Force (Public
25 Law 107–40; 50 U.S.C. 1541 note).

1 **SEC. 1034. EXTENSION OF AUTHORITY TO MAKE REWARDS**
2 **FOR COMBATING TERRORISM.**

3 (a) EXTENSION.—Section 127b(c)(3)(C) of title 10,
4 United States Code, is amended by striking “September

11 **SEC. 1052. COMMITMENTS FOR NUCLEAR WEAPONS STOCK-**
12 **PILE MODERNIZATION.**

13 (a) FINDINGS.—Congress finds the following:

14 (1) In 2008, then Secretary of Defense Robert
15 Gates warned that “to be blunt, there is absolutely
16 no way we can maintain a credible deterrent and re-
17 duce the number of weapons in our stockpile without
18 either resorting to testing our stockpile or pursuing
19 a modernization program.”.

20 (2) Secretary Gates also warned in September
21 2009 that modernization is a prerequisite to nuclear
22 force reductions, stating that modernizing the nu-
23 clear capability of the United States is an “enabler

1 of arms control and our ability to reduce the size of
2 our nuclear stockpile. When we have more con-
3 fidence in the long-term viability of our weapons sys-
4 tems, then our ability to reduce the number of weap-
5 ons we must keep in the stockpile is enhanced.”.

6 (3) President Obama’s 2010 Nuclear Posture
7 Review stated that—

8 (A) “In order to sustain a safe, secure,
9 and effective U.S. nuclear stockpile as long as
10 nuclear weapons exist, the United States must
11 possess a modern physical infrastructure—com-
12 prised of the national security laboratories and
13 a complex of supporting facilities.”; and

14 (B) “[I]mplementation of the Stockpile
15 Stewardship Program and the nuclear infra-
16 structure investments recommended in the NPR
17 will allow the United States to shift away from
18 retaining large numbers of non-deployed war-
19 heads as a hedge against technical or geo-
20 political surprise, allowing major reductions in
21 the nuclear stockpile. These investments are es-
22 sential to facilitating reductions while sus-
23 taining deterrence under New START and be-
24 yond.”.

1 (4) Section 1251 of the National Defense Au-
2 thorization Act for Fiscal Year 2010 (Public Law
3 111–84; 123 Stat. 2549) required the President to
4 submit a report to Congress on the plan for the nu-
5 clear weapons stockpile, nuclear weapons complex,
6 and delivery platforms at the time a follow-on treaty
7 to the Strategic Arms Reduction Treaty was sub-
8 mitted by the President to the Senate. The Presi-
9 dent submitted such report in May 2010 and sub-
10 mitted updates in November 2010 and February
11 2011.

12 (5) Such section 1251 also contained a sense of
13 Congress that “the enhanced safety, security, and
14 reliability of the nuclear weapons stockpile, mod-
15 ernization of the nuclear weapons complex, and
16 maintenance of nuclear delivery systems are key to
17 enabling further reductions in the nuclear forces of
18 the United States.”.

19 (6) Forty-one Senators wrote to President
20 Obama on December 15, 2009, stating, “we don’t
21 believe further reductions can be in the national se-
22 curity interest of the U.S. in the absence of a sig-
23 nificant program to modernize our nuclear deter-
24 rent.”.

1 (7) Former Secretary of Defense and Secretary
2 of Energy James Schlesinger stated, while testifying
3 before the Committee on Foreign Relations of the
4 Senate in April 2010, “I believe that it is immensely
5 important for the Senate to ensure, what the Admin-
6 istration has stated as its intent, i.e., that there be
7 a robust plan with a continuation of its support over
8 the full 10 years, before it proceeds to ratify this
9 START follow-on treaty.”.

10 (8) Former Secretary of State James Baker
11 stated in testimony before the Committee on Foreign
12 Relations of the Senate in May 2010 that “because
13 our security is based upon the safety and reliability
14 of our nuclear weapons, it is important that our
15 Government budget enough money to guarantee that
16 those weapons can carry out their mission.”.

17 (9) Former Secretary of State Henry Kissinger
18 also stated in May 2010 while testifying before the
19 Committee on Foreign Relations of the Senate that
20 “as part of a number of recommendations, my col-
21 leagues, Bill Perry, George Shultz, Sam Nunn, and
22 I have called for significant investments in a re-
23 paired and modernized nuclear weapons infrastruc-
24 ture and added resources for the three national lab-
25 oratories.”.

1 (10) Then Secretary of Defense Robert Gates,
2 while testifying before the Committee on Armed
3 Services of the Senate in June 2010, stated, “I see
4 this treaty as a vehicle to finally be able to get what
5 we need in the way of modernization that we have
6 been unable to get otherwise. . . . We are essentially
7 the only nuclear power in the world that is not car-
8 rying out these kinds of modernization programs.”.

9 (11) Secretary Gates further stated that “I’ve
10 been up here for the last four springs trying to get
11 money for this and this is the first time I think I’ve
12 got a fair shot of actually getting money for our nu-
13 clear arsenal.”.

14 (12) The Directors of the national nuclear
15 weapons laboratories wrote to the chairman and
16 ranking member of the Committee on Foreign Rela-
17 tions of the Senate in December 2010 that “We are
18 very pleased by the update to the Section 1251 Re-
19 port, as it would enable the laboratories to execute
20 our requirements for ensuring a safe, secure, reliable
21 and effective stockpile under the Stockpile Steward-
22 ship and Management Plan. In particular, we are
23 pleased because it clearly responds to many of the
24 concerns that we and others have voiced in the past
25 about potential future-year funding shortfalls, and it

1 substantially reduces risks to the overall program. In
2 summary, we believe that the proposed budgets pro-
3 vide adequate support to sustain the safety, security,
4 reliability and effectiveness of America’s nuclear de-
5 terrent within the limit of 1,550 deployed strategic
6 warheads established by the New START Treaty
7 with adequate confidence and acceptable risk.”.

8 (13) President Obama pledged, in a December
9 2010 letter to several Senators, “I recognize that
10 nuclear modernization requires investment for the
11 long-term. . . . That is my commitment to the Con-
12 gress—that my Administration will pursue these
13 programs and capabilities for as long as I am Presi-
14 dent.”.

15 (14) Secretary Gates added in May 2011 that,
16 “this modernization program was very carefully
17 worked out between ourselves and the Department
18 of Energy; and, frankly, where we came out on that
19 played a fairly significant role in the willingness of
20 the Senate to ratify the New START agreement.”.

21 (15) The Administrator for Nuclear Security,
22 Thomas D’Agostino, testified before Congress in No-
23 vember 2011 that, “it is critical to accept the link-
24 age between modernizing our current stockpile in
25 order to achieve the policy objective of decreasing

1 the number of weapons we have in our stockpile,
2 while still ensuring that the deterrent is safe, secure,
3 and effective.”.

4 (b) **NEW START TREATY DEFINED.**—In this sub-
5 title, the term “New START Treaty” means the Treaty
6 between the United States of America and the Russian
7 Federation on Measures for the Further Reduction and
8 Limitation of Strategic Offensive Arms, signed on April
9 8, 2010, and entered into force on February 5, 2011.

10 **SEC. 1053. LIMITATION AND REPORT IN THE EVENT OF IN-**
11 **SUFFICIENT FUNDING FOR MODERNIZATION**
12 **OF NUCLEAR WEAPONS STOCKPILE.**

13 (a) **SENSE OF CONGRESS.**—It is the sense of Con-
14 gress that—

15 (1) consistent with Condition 9 of the Resolu-
16 tion of Advice and Consent to Ratification of the
17 New START Treaty of the Senate, agreed to on De-
18 cember 22, 2011, the United States is committed to
19 ensuring the safety, security, reliability, and credi-
20 bility of its nuclear forces; and

21 (2) the United States is committed to—

22 (A) proceeding with a robust stockpile
23 stewardship program and maintaining and mod-
24 ernizing nuclear weapons production capabilities
25 and capacities of the United States to ensure

1 the safety, security, reliability, and credibility of
2 the nuclear arsenal of the United States at the
3 New START Treaty levels and meeting require-
4 ments for hedging against possible international
5 developments or technical problems;

6 (B) reinvigorating and sustaining the nu-
7 clear security laboratories of the United States
8 and preserving the core nuclear weapons com-
9 petencies therein; and

10 (C) providing the resources needed to
11 achieve these objectives, at a minimum at the
12 levels set forth in the President's 10-year plan
13 provided to Congress in November 2010 pursu-
14 ant to section 1251 of the National Defense
15 Authorization Act for Fiscal Year 2010 (Public
16 Law 111-84; 123 Stat. 2549).

17 (b) INSUFFICIENT FUNDING REPORT AND LIMITA-
18 TION.—

19 (1) IN GENERAL.—Paragraph (2) of section
20 1045(a) of the National Defense Authorization Act
21 for Fiscal Year 2012 (50 U.S.C. 2523b) is amended
22 to read as follows:

23 “(2) INSUFFICIENT FUNDING.—

24 “(A) REPORT.—During each year in which
25 the New START Treaty is in force, if the

1 President determines that an appropriations
2 Act is enacted that fails to meet the resource
3 levels set forth in the November 2010 update to
4 the plan referred to in section 1251 of the Na-
5 tional Defense Authorization Act for Fiscal
6 Year 2010 (Public Law 111–84; 123 Stat.
7 2549) or if at any time determines that more
8 resources are required to carry out such plan
9 than were estimated, the President shall submit
10 to the appropriate congressional committees,
11 within 60 days of making such a determination,
12 a report detailing—

13 “(i) a plan to remedy the resource
14 shortfall;

15 “(ii) if more resources are required to
16 carry out the plan than were estimated—

17 “(I) the proposed level of funding
18 required; and

19 “(II) an identification of the
20 stockpile work, campaign, facility,
21 site, asset, program, operation, activ-
22 ity, construction, or project for which
23 additional funds are required;

24 “(iii) any effects caused by the short-
25 fall on the safety, security, reliability, or

1 credibility of the nuclear forces of the
2 United States; and

3 “(iv) whether and why, in light of the
4 shortfall, remaining a party to the New
5 START Treaty is in the national interest
6 of the United States.

7 “(B) LIMITATION.—If the President sub-
8 mits a report under subparagraph (A), none of
9 the funds made available for fiscal year 2012 or
10 any fiscal year thereafter for the Department of
11 Defense or the National Nuclear Security Ad-
12 ministration may be used to reduce the number
13 of deployed nuclear warheads until—

14 “(i) after the date on which such re-
15 port is submitted, the President certifies in
16 writing to the appropriate congressional
17 committees that the resource shortfall
18 identified in such report has been ad-
19 dressed; and

20 “(ii) a period of 120 days has elapsed
21 following the date on which such certifi-
22 cation is made.

23 “(C) EXCEPTION.—The limitation in sub-
24 paragraph (B) shall not apply to—

1 “(i) reductions made to ensure the
2 safety, security, reliability, and credibility
3 of the nuclear weapons stockpile and stra-
4 tegic delivery systems, including activities
5 related to surveillance, assessment, certifi-
6 cation, testing, and maintenance of nuclear
7 warheads and strategic delivery systems; or

8 “(ii) nuclear warheads that are retired
9 or awaiting dismantlement on the date of
10 the report under subparagraph (A).

11 “(D) DEFINITIONS.—In this paragraph:

12 “(i) The term ‘appropriate congres-
13 sional committees’ means—

14 “(I) the congressional defense
15 committees; and

16 “(II) the Committee on Foreign
17 Relations of the Senate and the Com-
18 mittee on Foreign Affairs of the
19 House of Representatives.

20 “(ii) The term ‘New START Treaty’
21 means the Treaty between the United
22 States of America and the Russian Federa-
23 tion on Measures for the Further Reduc-
24 tion and Limitation of Strategic Offensive

1 Arms, signed on April 8, 2010, and en-
2 tered into force on February 5, 2011.”.

3 (2) EFFECTIVE DATE.—The amendment made
4 by paragraph (1) shall take effect on October 1,
5 2012.

6 **SEC. 1054. PROGRESS OF MODERNIZATION.**

7 (a) FINDINGS.—Congress finds the following:

8 (1) In 2008, then Secretary of Defense Robert
9 Gates warned that “to be blunt, there is absolutely
10 no way we can maintain a credible deterrent and re-
11 duce the number of weapons in our stockpile without
12 either resorting to testing our stockpile or pursuing
13 a modernization program.”.

14 (2) The 2010 Nuclear Posture Review stated
15 that “the President has directed a review of post-
16 New START arms control objectives, to consider fu-
17 ture reductions in nuclear weapons. Several factors
18 will influence the magnitude and pace of future re-
19 ductions in U.S. nuclear forces below New START
20 levels”, including—

21 (A) “First, any future nuclear reductions
22 must continue to strengthen deterrence of po-
23 tential regional adversaries, strategic stability
24 vis-à-vis Russia and China, and assurance of
25 our allies and partners. This will require an up-

1 dated assessment of deterrence requirements;
2 further improvements in U.S., allied, and part-
3 ner non-nuclear capabilities; focused reductions
4 in strategic and non-strategic weapons; and
5 close consultations with allies and partners. The
6 United States will continue to ensure that, in
7 the calculations of any potential opponent, the
8 perceived gains of attacking the United States
9 or its allies and partners would be far out-
10 weighed by the unacceptable costs of the re-
11 sponse.”;

12 (B) “Second, implementation of the Stock-
13 pile Stewardship Program and the nuclear in-
14 frastructure investments recommended in the
15 NPR will allow the United States to shift away
16 from retaining large numbers of non-deployed
17 warheads as a hedge against technical or geo-
18 political surprise, allowing major reductions in
19 the nuclear stockpile. These investments are es-
20 sential to facilitating reductions while sus-
21 taining deterrence under New START and be-
22 yond.”; and

23 (C) “Third, Russia’s nuclear force will re-
24 main a significant factor in determining how
25 much and how fast we are prepared to reduce

1 U.S. forces. Because of our improved relations,
2 the need for strict numerical parity between the
3 two countries is no longer as compelling as it
4 was during the Cold War. But large disparities
5 in nuclear capabilities could raise concerns on
6 both sides and among U.S. allies and partners,
7 and may not be conducive to maintaining a sta-
8 ble, long-term strategic relationship, especially
9 as nuclear forces are significantly reduced.
10 Therefore, we will place importance on Russia
11 joining us as we move to lower levels.”.

12 (3) The 2010 Nuclear Posture Review also stat-
13 ed that the Administration would “conduct follow-on
14 analysis to set goals for future nuclear reductions
15 below the levels expected in New START, while
16 strengthening deterrence of potential regional adver-
17 saries, strategic stability vis-à-vis Russia and China,
18 and assurance of our allies and partners.”.

19 (4) The Secretary of Defense has warned in
20 testimony before the Committee on Armed Services
21 of the House of Representatives regarding the se-
22 questration mechanism under section 251A of the
23 Balanced Budget and Emergency Deficit Control
24 Act of 1985 that “if this sequester goes into effect
25 and it doubles the number of cuts, then it’ll truly

1 devastate our national defense, because it will then
2 require that we have to go at our force structure.
3 We will have to hollow it out . . . [i]t will badly
4 damage our capabilities for the future. . . . And if
5 you have a smaller force, you're not going to be able
6 to be out there responding in as many areas as we
7 do now.”.

8 (5) The 2010 Nuclear Posture Review also stat-
9 ed that “by modernizing our aging nuclear facilities
10 and investing in human capital, we can substantially
11 reduce the number of nuclear weapons we retain as
12 a hedge.”.

13 (6) The President requested the promised
14 \$7,600,000,000 for weapons activities of the Na-
15 tional Nuclear Security Administration in fiscal year
16 2012 but signed an appropriations Act for fiscal
17 year 2012 that provided only \$7,233,997,000, a sub-
18 stantial reduction to only the second year of the ten-
19 year plan under section 1251 of the National De-
20 fense Authorization Act for Fiscal Year 2010 (Pub-
21 lic Law 111–84; 123 Stat. 2549).

22 (7) The President requested only
23 \$7,577,341,000 for weapons activities of the Na-
24 tional Nuclear Security Administration in fiscal year

1 2013 while the President's section 1251 plan prom-
2 ised \$7,900,000,000.

3 (8) The President's section 1251 plan further
4 promised to request \$8,400,000,000 in fiscal year
5 2014, \$8,700,000,000 in fiscal year 2015,
6 \$8,900,000,000 in fiscal year 2016, at least
7 \$8,900,000,000 in fiscal year 2017, at least
8 \$9,200,000,000 in fiscal year 2018, at least
9 \$9,400,000,000 in fiscal year 2019, at least
10 \$9,400,000,000 in fiscal year 2020, and at least
11 \$9,500,000,000 in fiscal year 2021.

12 (9) While the administration has not yet shared
13 with Congress the terms of reference of the so-called
14 Nuclear Posture Review Implementation Study, or
15 the Department of Defense's instructions for that
16 review, the only publicly available statements by the
17 administration, including language from the Nuclear
18 Posture Review, suggest the review was specifically
19 instructed by the President and his senior political
20 appointees to only consider reductions to the nuclear
21 forces of the United States.

22 (10) When asked at a hearing if the New
23 START Treaty allowed the United States "to main-
24 tain a nuclear arsenal that is more than is needed
25 to guarantee an adequate deterrent," then Com-

1 mander of the United States Strategic Command,
2 General Kevin P. Chilton said, “I do not agree that
3 it is more than is needed. I think the arsenal that
4 we have is exactly what is needed today to provide
5 the deterrent.”.

6 (b) NUCLEAR EMPLOYMENT STRATEGY.—Section
7 491 of title 10, United States Code, as amended by section
8 1051, is amended by adding after subsection (b) the fol-
9 lowing:

10 “(c) LIMITATION.—With respect to a new nuclear
11 weapons employment strategy described in a report sub-
12 mitted to Congress under subsection (a), none of the funds
13 made available for fiscal year 2012 or any fiscal year
14 thereafter for the Department of Defense may be used to
15 implement such strategy until a period of one year has
16 elapsed following the date on which such report is sub-
17 mitted to Congress.”.

18 (c) LIMITATION.—During each of fiscal years 2012
19 through 2021, none of the funds made available for each
20 such fiscal year for the Department of Defense may be
21 used to carry out the results of the decisions made pursu-
22 ant to the 2010 Nuclear Posture Review Implementation
23 Study that would alter the nuclear weapons employment
24 strategy, guidance, plans, or options of the United States

1 until the date on which the President certifies to the con-
2 gressional defense committees that—

3 (1) the President has included the resources
4 necessary to carry out the February 2011 update to
5 the report required under section 1251 of the Na-
6 tional Defense Authorization Act for Fiscal Year
7 2010 (Public Law 111–84; 123 Stat. 2549) in the
8 budget of the President submitted to Congress
9 under section 1105(a) of title 31, United States
10 Code, for such fiscal year;

11 (2) the resources described in paragraph (1)
12 have been provided to the President in an appropria-
13 tions Act; and

14 (3) the sequestration mechanism under section
15 251A of the Balanced Budget and Emergency Def-
16 icit Control Act of 1985 has been repealed or the se-
17 questration mechanism under such section for the
18 security category has otherwise been terminated.

19 **SEC. 1055. LIMITATION ON STRATEGIC DELIVERY SYSTEM**
20 **REDUCTIONS.**

21 (a) FINDINGS.—Congress finds the following:

22 (1) The Nuclear Posture Review of 2010 said,
23 with respect to modernizing the triad, “for planned
24 reductions under New START, the United States
25 should retain a smaller Triad of SLBMs, ICBMs,

1 and heavy bombers. Retaining all three Triad legs
2 will best maintain strategic stability at reasonable
3 cost, while hedging against potential technical prob-
4 lems or vulnerabilities.”.

5 (2) The Senate stated in Declaration 13 of the
6 Resolution of Advice and Consent to Ratification of
7 the New START Treaty that “In accordance with
8 paragraph 1 of Article V of the New START Trea-
9 ty, which states that, ‘Subject to the provisions of
10 this Treaty, modernization and replacement of stra-
11 tegic offensive arms may be carried out,’ it is the
12 sense of the Senate that United States deterrence
13 and flexibility is assured by a robust triad of stra-
14 tegic delivery vehicles. To this end, the United
15 States is committed to accomplishing the moderniza-
16 tion and replacement of its strategic nuclear delivery
17 vehicles, and to ensuring the continued flexibility of
18 United States conventional and nuclear delivery sys-
19 tems.”.

20 (3) The Senate required the President, prior to
21 the entry into force of the New START Treaty, to
22 certify to the Senate that the President intended to
23 modernize or replace the triad of strategic nuclear
24 delivery systems.

1 (4) The President made this certification in a
2 message to the Senate on February 2, 2011, in
3 which the President stated, “I intend to (a) mod-
4 ernize or replace the triad of strategic nuclear deliv-
5 ery systems: a heavy bomber and air-launched cruise
6 missile, an ICBM, and a nuclear-powered ballistic
7 missile submarine (SSBN) and SLBM; and (b)
8 maintain the United States rocket motor industrial
9 base.”.

10 (b) LIMITATION.—

11 (1) IN GENERAL.—Chapter 24 of title 10,
12 United States Code, as added by section 1051, is
13 amended by adding at the end the following new sec-
14 tion:

15 **“§ 494. Strategic delivery system reductions**

16 “(a) ANNUAL CERTIFICATION.—Beginning fiscal
17 year 2013, the President shall annually certify in writing
18 to the congressional defense committees whether plans to
19 modernize or replace strategic delivery systems are fully
20 resourced and being executed at a level equal to or more
21 than the levels set forth in the November 2010 update
22 to the plan referred to in section 1251 of the National
23 Defense Authorization Act for Fiscal Year 2010 (Public
24 Law 111–84; 123 Stat. 2549), including plans regard-
25 ing—

1 “(1) a heavy bomber and air-launched cruise
2 missile;

3 “(2) an intercontinental ballistic missile;

4 “(3) a submarine-launched ballistic missile;

5 “(4) a ballistic missile submarine; and

6 “(5) maintaining—

7 “(A) the nuclear command and control sys-
8 tem; and

9 “(B) the rocket motor industrial base of
10 the United States.

11 “(b) LIMITATION.—If the President certifies under
12 subsection (a) that plans to modernize or replace strategic
13 delivery systems are not fully resourced or being executed,
14 none of the funds made available for fiscal year 2012 or
15 any fiscal year thereafter for the Department of Defense
16 may be used to reduce, convert, or eliminate strategic de-
17 livery systems, whether deployed or nondeployed, pursuant
18 to the New START Treaty or otherwise until a period of
19 120 days has elapsed following the date on which such
20 certification is made.

21 “(c) EXCEPTION.—The limitation in subsection (b)
22 shall not apply to—

23 “(1) reductions made to ensure the safety, secu-
24 rity, reliability, and credibility of the nuclear weap-
25 ons stockpile and strategic delivery systems, includ-

1 ing activities related to surveillance, assessment, cer-
2 tification, testing, and maintenance of nuclear war-
3 heads and delivery systems; or

4 “(2) strategic delivery systems that are retired
5 or awaiting dismantlement on the date of the certifi-
6 cation under subsection (a).

7 “(d) DEFINITIONS.—In this section:

8 “(1) The term ‘New START Treaty’ means the
9 Treaty between the United States of America and
10 the Russian Federation on Measures for the Further
11 Reduction and Limitation of Strategic Offensive
12 Arms, signed on April 8, 2010, and entered into
13 force on February 5, 2011.

14 “(2) The term ‘strategic delivery system’ means
15 a delivery platform for nuclear weapons.”.

16 (2) CLERICAL AMENDMENTS.—The table of sec-
17 tions at the beginning of such chapter is amended
18 by adding at the end the following new item:

“494. Strategic delivery system reductions.”.

19 **SEC. 1056. PREVENTION OF ASYMMETRY OF NUCLEAR**
20 **WEAPON STOCKPILE REDUCTIONS.**

21 (a) FINDINGS.—Congress finds the following:

22 (1) Then Secretary of Defense Robert Gates
23 warned in 2008 that, “There is no way to ignore ef-
24 forts by rogue states such as North Korea and Iran
25 to develop and deploy nuclear weapons or Russian or

1 Chinese strategic modernization programs. To be
2 sure, we do not consider Russia or China as adver-
3 saries, but we cannot ignore these developments and
4 the implications they have for our national secu-
5 rity.”.

6 (2) The 2010 Nuclear Posture Review stated
7 that, “large disparities in nuclear capabilities could
8 raise concerns on both sides and among U.S. allies
9 and partners, and may not be conducive to main-
10 taining a stable, long-term strategic relationship, es-
11 pecially as nuclear forces are significantly reduced.”.

12 (3) The Senate stated in the Resolution of Ad-
13 vice and Consent to Ratification of the New START
14 Treaty that, “It is the sense of the Senate that, in
15 conducting the reductions mandated by the New
16 START Treaty, the President should regulate reduc-
17 tions in United States strategic offensive arms so
18 that the number of accountable strategic offensive
19 arms under the New START Treaty possessed by
20 the Russian Federation in no case exceeds the com-
21 parable number of accountable strategic offensive
22 arms possessed by the United States to such an ex-
23 tent that a strategic imbalance endangers the na-
24 tional security interests of the United States.”.

1 (4) At a hearing before the Committee on
2 Armed Services of the House of Representatives in
3 2011, Secretary of Defense Leon Panetta said, with
4 respect to unilateral nuclear reductions by the
5 United States, “I don’t think we ought to do that
6 unilaterally—we ought to do that on the basis of ne-
7 gotiations with the Russians and others to make
8 sure we are all walking the same path.”.

9 (b) CERTIFICATION.—Section 1045 of the National
10 Defense Authorization Act for Fiscal Year 2012 (50
11 U.S.C. 2523b) is amended by adding at the end the fol-
12 lowing new subsection:

13 “(d) PREVENTION OF ASYMMETRY IN REDUC-
14 TIONS.—

15 “(1) CERTIFICATION.—During any year in
16 which the President recommends to reduce the num-
17 ber of nuclear weapons in the active and inactive
18 stockpiles of the United States by a number that is
19 greater than one percent of the number of nuclear
20 weapons in such stockpiles, the President shall cer-
21 tify in writing to the congressional defense commit-
22 tees whether such reductions will cause the number
23 of nuclear weapons in such stockpiles to be fewer
24 than the number of nuclear weapons in the active
25 and inactive stockpiles of the Russian Federation.

1 “(2) LIMITATION.—If the President certifies
2 under paragraph (1) that the recommended number
3 of nuclear weapons in the active and inactive stock-
4 piles of the United States is fewer than the number
5 of nuclear weapons in the active and inactive stock-
6 piles of the Russian Federation, none of the funds
7 made available for fiscal year 2012 or any fiscal year
8 thereafter for the Department of Defense or the Na-
9 tional Nuclear Security Administration may be used
10 to carry out any reduction to such stockpiles of the
11 United States until—

12 “(A) after the date on which such certifi-
13 cation is made, the President transmits to the
14 congressional defense committees a report by
15 the Commander of the United States Strategic
16 Command, without change, detailing whether
17 the recommended reduction would create a stra-
18 tegic imbalance between the total nuclear forces
19 of the United States and the total nuclear
20 forces of the Russian Federation; and

21 “(B) a period of 180 days has elapsed fol-
22 lowing the date on which such report is trans-
23 mitted.

24 “(3) EXCEPTION.—The limitation in paragraph
25 (2) shall not apply to—

1 “(A) reductions made to ensure the safety,
2 security, reliability, and credibility of the nu-
3 clear weapons stockpile and strategic delivery
4 systems, including activities related to surveil-
5 lance, assessment, certification, testing, and
6 maintenance of nuclear warheads and strategic
7 delivery systems; or

8 “(B) nuclear warheads that are retired or
9 awaiting dismantlement on the date of the cer-
10 tification under paragraph (1).”.

11 **SEC. 1057. CONSIDERATION OF EXPANSION OF NUCLEAR**
12 **FORCES OF OTHER COUNTRIES.**

13 (a) FINDINGS.—Congress finds the following:

14 (1) The Resolution of Advice and Consent to
15 Ratification of the New START Treaty of the Sen-
16 ate said, “It is the sense of the Senate that if, dur-
17 ing the time the New START Treaty remains in
18 force, the President determines that there has been
19 an expansion of the strategic arsenal of any country
20 not party to the New START Treaty so as to jeop-
21 ardize the supreme interests of the United States,
22 then the President should consult on an urgent basis
23 with the Senate to determine whether adherence to
24 the New START Treaty remains in the national in-
25 terest of the United States.”.

1 (2) In 2011, experts testified before the Com-
2 mittee on Armed Services of the House of Rep-
3 resentatives that—

4 (A) “Russia is modernizing every leg of its
5 nuclear triad with new, more advanced sys-
6 tems”, including new ballistic missile sub-
7 marines, new heavy intercontinental ballistic
8 missiles carrying up to 15 warheads each, new
9 shorter range ballistic missiles, and new low-
10 yield warheads; and

11 (B) “China is steadily increasing the num-
12 bers and capabilities of the ballistic missiles it
13 deploys and is upgrading older ICBMs to
14 newer, more advanced systems. China also ap-
15 pears to be actively working to develop a sub-
16 marine-based nuclear deterrent force, something
17 it has never had. . . . A recent unclassified De-
18 partment of Defense report says that this net-
19 work of tunnels could be in excess of 5,000 kilo-
20 meters and is used to transport nuclear weap-
21 ons and forces.”.

22 (b) REPORT AND CERTIFICATION.—

23 (1) IN GENERAL.—Chapter 24 of title 10,
24 United States Code, as added by section 1051, is

1 amended by adding at the end the following new sec-
2 tion:

3 **“§ 495. Consideration of expansion of nuclear forces**
4 **of other countries**

5 “(a) REPORT AND CERTIFICATION.—During any
6 year in which the President recommends any reductions
7 in the nuclear forces of the United States, none of the
8 funds made available for fiscal year 2012 or any fiscal
9 year thereafter for the Department of Defense or the Na-
10 tional Nuclear Security Administration may be used for
11 such recommended reduction until the date on which—

12 “(1) the President transmits to the appropriate
13 congressional committees a report detailing, for each
14 country with nuclear weapons—

15 “(A) the number of each type of nuclear
16 weapons possessed by such country;

17 “(B) the modernization plans for such
18 weapons of such country;

19 “(C) the production capacity of nuclear
20 warheads and strategic delivery systems (as de-
21 fined in section 491(c) of this title) of such
22 country; and

23 “(D) the nuclear doctrine of such country;
24 and

1 “(2) the Commander of the United States Stra-
2 tegic Command certifies to the appropriate congres-
3 sional committees whether such recommended reduc-
4 tions in the nuclear forces of the United States
5 will—

6 “(A) impair the ability of the United
7 States to address—

8 “(i) unplanned strategic or geo-
9 political events; or

10 “(ii) technical challenge; or

11 “(B) degrade the deterrence or assurance
12 provided by the United States to friends and al-
13 lies of the United States.

14 “(b) FORM.—The reports required by subsection
15 (a)(1) shall be submitted in unclassified form, but may
16 include a classified annex.

17 “(c) APPROPRIATE CONGRESSIONAL COMMITTEES
18 DEFINED.—In this section, the term ‘appropriate congres-
19 sional committees’ means the following:

20 “(1) The congressional defense committees.

21 “(2) The Committee on Foreign Affairs of the
22 House of Representatives and the Committee on
23 Foreign Relations of the Senate.”.

24 (2) The table of sections at the beginning of
25 chapter 24 of title 10, United States Code, is

1 amended by inserting after the item relating to sec-
2 tion 494 the following new item:

“495. Consideration of expansion of nuclear forces of other countries.”.

3 **SEC. 1058. CHEMISTRY AND METALLURGY RESEARCH RE-**
4 **PLACEMENT NUCLEAR FACILITY AND URA-**
5 **NIUM PROCESSING FACILITY.**

6 (a) FINDINGS.—Congress finds the following:

7 (1) Administrator for Nuclear Security Thomas
8 D’Agostino testified before the Committee on Armed
9 Services of the House of Representatives in Feb-
10 ruary 2008 that “Infrastructure improvements are a
11 major part of the complex transformation plan that
12 we have, and we’ve made important progress, but we
13 have a lot more to do. Some major facilities that we
14 have date back to World War II and cannot readily
15 meet today’s safety and security requirements. Let
16 me give you just two quick examples, if I could. A
17 sufficient capability to work with plutonium is an es-
18 sential part of a national security enterprise and is
19 required for as long as we retain a nuclear deter-
20 rent, and most likely even longer. Currently, we have
21 a very small production capacity at Los Alamos,
22 about 10 pits per year, at our TA–55 area. Our
23 building at Los Alamos, the Chemistry and Metal-
24 lurgy Research Facility, is well over 50 years old
25 and is insufficient to support the national security

1 requirements for the stockpile and for future na-
2 tional security mission areas. So, whether we con-
3 tinue on our existing path or move towards a re-
4 placement modern warhead-type stockpile, we still
5 need the capacity to produce about 50 to 80 pits per
6 year, which is less than one-tenth of our Cold War
7 level, as well as the ability to carry out pit surveil-
8 lance, which is an essential part of maintaining our
9 stockpile.”.

10 (2) Then Commander of the United States
11 Strategic Command General Kevin P. Chilton also
12 testified in February 2008 that “When you have a
13 responsive complex that has the capacity to flex to
14 production as you may need it or adjust your de-
15 ployed force posture in the future, should you need
16 it—in other words, if we go to a lower number, you
17 need to be certain that you can come back up,
18 should the strategic environment change, and you
19 can’t necessarily without that flexible or responsive
20 infrastructure behind it, and that’s probably one of
21 my great concerns. And then how you posture both
22 the portion of your stockpile that you hold in reserve
23 and your confidence in the weapons that you have
24 deployed is very much a function of modernizing, in
25 my view, the weapons systems that we have available

1 today, which are, as the secretary described, of Cold
2 War legacy design, and the associated issues with
3 them.”.

4 (3) The Congressional Commission on the Stra-
5 tegic Posture of the United States reported in May
6 2009, with respect to the timing of the replacement
7 of the nuclear weapons infrastructure of the United
8 States, that “This raises an obvious question about
9 whether these two replacement programs might pro-
10 ceed in sequence rather than concurrently. There are
11 strong arguments for moving forward concurrently.
12 Existing facilities are genuinely decrepit and are
13 maintained in a safe and secure manner only at high
14 cost. Moreover, the improved production capabilities
15 they promise are integral to the program of refur-
16 bishment and modernization described in the pre-
17 ceding chapter. If funding can be found for both,
18 this would best serve the national interest in main-
19 taining a safe, secure, and reliable stockpile of weap-
20 ons in the most effective and efficient manner.”.

21 (4) The 2010 Nuclear Posture Review states—

22 (A) “The National Nuclear Security Ad-
23 ministration (NNSA), in close coordination with
24 DoD, will provide a new stockpile stewardship
25 and management plan to Congress within 90

1 days, consistent with the increases in infra-
2 structure investment requested in the Presi-
3 dent's FY 2011 budget. As critical infrastruc-
4 ture is restored and modernized, it will allow
5 the United States to begin to shift away from
6 retaining large numbers of non-deployed war-
7 heads as a technical hedge, allowing additional
8 reductions in the U.S. stockpile of non-deployed
9 nuclear weapons over time.”;

10 (B) “In order to sustain a safe, secure,
11 and effective U.S. nuclear stockpile as long as
12 nuclear weapons exist, the United States must
13 possess a modern physical infrastructure—com-
14 prised of the national security laboratories and
15 a complex of supporting facilities.”;

16 (C) “Funding the Chemistry and Metal-
17 lurgy Research Replacement Project at Los Al-
18 amos National Laboratory to replace the exist-
19 ing 50-year old Chemistry and Metallurgy Re-
20 search facility in 2021.”;

21 (D) “Developing a new Uranium Proc-
22 essing Facility at the Y-12 Plant in Oak Ridge,
23 Tennessee to come on line for production oper-
24 ations in 2021.”;

1 (E) “Without an ability to produce ura-
2 nium components, any plan to sustain the
3 stockpile, as well as support for our Navy nu-
4 clear propulsion, will come to a halt. This would
5 have a significant impact, not just on the weap-
6 ons program, but in dealing with nuclear dan-
7 gers of many kinds.”; and

8 (F) “The non-deployed stockpile currently
9 includes more warheads than required for the
10 above purposes, due to the limited capacity of
11 the National Nuclear Security Administration
12 (NNSA) complex to conduct LEPs for deployed
13 weapons in a timely manner. Progress in restor-
14 ing NNSA’s production infrastructure will allow
15 these excess warheads to be retired along with
16 other stockpile reductions planned over the next
17 decade.”.

18 (5) In the memorandum of agreement between
19 the Department of Defense and the Department of
20 Energy concerning the modernization of the nuclear
21 weapon stockpile of the United States dated May 3,
22 2010, then Secretary of Defense Robert Gates and
23 Secretary of Energy Steven Chu agreed that “DOE
24 Agrees to . . . increase pit production capacity . . .

1 plan and program to ramp up to a minimum of 50–
2 80 PPY in 2022.”.

3 (6) The plan required under section 1251 of the
4 National Defense Authorization Act for Fiscal Year
5 2010 (Public Law 111–84; 123 Stat. 2549) sub-
6 mitted by the President states that the Chemistry
7 and Metallurgy Research Replacement building and
8 the Uranium Processing Facility will complete con-
9 struction by 2021 and will achieve full operational
10 functionality by 2024.

11 (7) The Senate required that, prior to the entry
12 into force of the New START Treaty, the President
13 certifies to the Senate that the President intends
14 to—

15 (A) accelerate to the extent possible the
16 design and engineering phase of the Chemistry
17 and Metallurgy Research Replacement building
18 and the Uranium Processing Facility; and

19 (B) request full funding, including on a
20 multiyear basis as appropriate, for the Chem-
21 istry and Metallurgy Research Replacement
22 building and the Uranium Processing Facility
23 upon completion of the design and engineering
24 phase for such facilities.

1 (8) The President did request full funding for
2 such facilities on February 2, 2011, when the Presi-
3 dent stated, “I intend to (a) accelerate, to the extent
4 possible, the design and engineering phase of the
5 Chemistry and Metallurgy Research Replacement
6 (CMRR) building and the Uranium Processing Fa-
7 cility (UPF); and (b) request full funding, including
8 on a multi-year basis as appropriate, for the CMRR
9 building and the UPF upon completion of the design
10 and engineering phase for such facilities.”.

11 (b) LIMITATION.—Section 1045 of the National De-
12 fense Authorization Act for Fiscal Year 2012 (50 U.S.C.
13 2523b), as amended by section 1056(b), is amended by
14 adding at the end the following new subsection:

15 “(e) CMRR AND UPF.—

16 “(1) ANNUAL CERTIFICATION.—Beginning fis-
17 cal year 2013, the President shall annually certify in
18 writing to the congressional defense committees
19 whether—

20 “(A) the construction of both the Chem-
21 istry and Metallurgy Research Replacement
22 building and the Uranium Processing Facility
23 will be completed by not later than 2021; and

24 “(B) both facilities will be fully operational
25 by not later than 2024.

1 “(2) LIMITATION.—If the President certifies
2 under paragraph (1) that the Chemistry and Metal-
3 lurgy Research Replacement building and the Ura-
4 nium Processing Facility will be completed by later
5 than 2021 or be fully operational by later than
6 2024, none of the funds made available for fiscal
7 year 2012 or any fiscal year thereafter for the Na-
8 tional Nuclear Security Administration may be used
9 to reduce the nondeployed nuclear warheads in the
10 nuclear weapons stockpile of the United States until
11 a period of 120 days has elapsed following the date
12 of such certification.

13 “(3) EXCEPTION.—The limitation in paragraph
14 (2) shall not apply to—

15 “(A) reductions made to ensure the safety,
16 security, reliability, and credibility of the nu-
17 clear weapons stockpile and delivery systems,
18 including activities related to surveillance, as-
19 sessment, certification, testing, and mainte-
20 nance of nuclear warheads and strategic deliv-
21 ery systems; or

22 “(B) nuclear warheads that are retired or
23 awaiting dismantlement on the date of the cer-
24 tification under paragraph (1).

1 “(4) TERMINATION.—The requirement in para-
2 graph (1) shall terminate on the date on which the
3 President certifies in writing to the congressional de-
4 fense committees that the Chemistry and Metallurgy
5 Research Replacement building and the Uranium
6 Processing Facility are both fully operational.”.

7 **SEC. 1059. NUCLEAR WARHEADS ON INTERCONTINENTAL**
8 **BALLISTIC MISSILES OF THE UNITED STATES.**

9 (a) SENSE OF CONGRESS.—It is the sense of Con-
10 gress that reducing the number of nuclear warheads con-
11 tained on each intercontinental ballistic missile of the
12 United States does not promote strategic stability if at
13 the same time other nuclear weapons states, including the
14 Russian Federation and the People’s Republic of China,
15 are rapidly increasing the warhead-loading of their land-
16 based missile forces.

17 (b) LIMITATION.—

18 (1) IN GENERAL.—Chapter 24 of title 10,
19 United States Code, as added by section 1051, is
20 amended by adding at the end the following new sec-
21 tion:

22 **“§ 496. Nuclear warheads on intercontinental bal-**
23 **listic missiles of the United States**

24 “(a) IN GENERAL.—During any year in which the
25 President proposes to reduce the number of nuclear war-

1 heads contained on an intercontinental ballistic missile of
2 the United States, none of the funds made available for
3 fiscal year 2012 or any fiscal year thereafter for the De-
4 partment of Defense or the National Nuclear Security Ad-
5 ministration may be used for such proposed reduction if
6 the reduction results in such missile having only a single
7 nuclear warhead unless the President certifies in writing
8 to the congressional defense committees that the Russian
9 Federation and the People's Republic of China are both
10 also carrying out a similar reduction.

11 “(b) EXCEPTION.—The limitation in subsection (a)
12 shall not apply to reductions made to ensure the safety,
13 security, reliability, and credibility of the nuclear weapons
14 stockpile and delivery systems, including activities related
15 to surveillance, assessment, certification, testing, and
16 maintenance of nuclear warheads and strategic delivery
17 systems.”.

18 (2) The table of sections at the beginning of
19 chapter 24 of title 10, United States Code, is
20 amended by inserting after the item relating to sec-
21 tion 495 the following:

“496. Nuclear warheads on intercontinental ballistic missiles of the United
States.”.

22 **SEC. 1060. NONSTRATEGIC NUCLEAR WEAPON REDUC-**
23 **TIONS AND EXTENDED DETERRENCE POLICY.**

24 (a) FINDINGS.—Congress finds the following:

1 (1) The NATO Strategic Concept of 2010 en-
2 dorsed the continued role of nuclear weapons in the
3 security of the NATO alliance, stating—

4 (A) “The supreme guarantee of the secu-
5 rity of the Allies is provided by the strategic nu-
6 clear forces of the Alliance, particularly those of
7 the United States; the independent strategic
8 nuclear forces of the United Kingdom and
9 France, which have a deterrent role of their
10 own, contribute to the overall deterrence and
11 security of the Allies.”;

12 (B) “We will ensure that NATO has the
13 full range of capabilities necessary to deter and
14 defend against any threat to the safety and se-
15 curity of our populations. Therefore, we will
16 . . . maintain an appropriate mix of nuclear
17 and conventional forces”; and

18 (C) “[NATO will] ensure the broadest pos-
19 sible participation of Allies in collective defence
20 planning on nuclear roles, in peacetime basing
21 of nuclear forces, and in command, control and
22 consultation arrangements.”.

23 (2) However, the 2010 Strategic Concept also
24 walked away from the decades-long policy encap-
25 sulated by the 1999 Strategic Concept that said,

1 “The presence of United States conventional and
2 nuclear forces in Europe remains vital to the secu-
3 rity of Europe, which is inseparably linked to that
4 of North America.”.

5 (3) Former Secretary of Defense William Perry
6 said in March 2011 testimony before the Sub-
7 committee on Strategic Forces of the Committee on
8 Armed Services of the House of Representatives that
9 “the reason we have nuclear weapons in Europe in
10 the first place, is not because the rest of our weap-
11 ons are not capable of deterrence, but because, dur-
12 ing the Cold War at least, our allies in Europe felt
13 more assured when we had nuclear weapons in Eu-
14 rope. That is why they were deployed there in the
15 first place. Today the issue is a little different. The
16 issue is the Russians in the meantime have built a
17 large number of nuclear weapons, and we keep our
18 nuclear weapons there as somewhat of a political le-
19 verage for dealing with an ultimate treaty in which
20 we may get Russia and the United States to elimi-
21 nate tactical nuclear weapons. My own view is it
22 would be desirable if both the United States and
23 Russia would eliminate tactical nuclear weapons, but
24 I see it as very difficult to arrive at that conclusion

1 if we were to simply eliminate all of our tactical nu-
2 clear weapons unilaterally.”.

3 (4) During testimony before the Subcommittee
4 on Strategic Forces of the Committee on Armed
5 Services of the House of Representatives in July
6 2011—

7 (A) former Department of Defense official
8 Frank Miller stated, “as long as U.S. allies be-
9 lieve that those weapons need to be there, we
10 need to make sure that we provide that secu-
11 rity.”; and

12 (B) former Department of Defense official
13 Mort Halperin stated, “I do not think we
14 should be willing to trade our withdrawal of our
15 nuclear weapons from Europe for some reduc-
16 tion, even a substantial reduction, in Russian
17 tactical nuclear weapons because if it is . . .
18 that the credibility of the American nuclear de-
19 terrent for our NATO allies depends on the
20 presence of nuclear weapons in Europe, that
21 will not change if the Russians cut their tactical
22 nuclear arsenal by two thirds, or even eliminate
23 it because they will still have their strategic
24 weapons, which, while they can’t have inter-

1 mediate range missiles, they can find a way to
2 target them on the NATO countries.”.

3 (5) Section 1237(b) of the National Defense
4 Authorization Act for Fiscal Year 2012 (Public Law
5 112–81) expressed the sense of Congress that—

6 (A) the commitment of the United States
7 to extended deterrence in Europe and the nu-
8 clear alliance of NATO is an important compo-
9 nent of ensuring and linking the national secu-
10 rity of the United States and its European al-
11 lies;

12 (B) the nuclear forces of the United States
13 are a key component of the NATO nuclear alli-
14 ance; and

15 (C) the presence of the nuclear weapons of
16 the United States in Europe—combined with
17 NATO’s unique nuclear sharing arrangements
18 under which non-nuclear members participate
19 in nuclear planning and possess specially con-
20 figured aircraft capable of delivering nuclear
21 weapons—provides reassurance to NATO allies
22 who feel exposed to regional threats.

23 (b) LIMITATION.—Chapter 24 of title 10, United
24 States Code, as added by section 1051, is amended by
25 adding at the end the following new section:

1 **“§ 497. Limitation on reduction, consolidation, or**
2 **withdrawal of nuclear forces based in Eu-**
3 **rope**

4 “(a) POLICY ON NONSTRATEGIC NUCLEAR WEAP-
5 ONS.—It is the policy of the United States—

6 “(1) to pursue negotiations with the Russian
7 Federation aimed at the reduction of Russian de-
8 ployed and nondeployed, nonstrategic nuclear forces;

9 “(2) that nonstrategic nuclear weapons should
10 be considered when weighing the balance of the nu-
11 clear forces of the United States and the Russian
12 Federation;

13 “(3) that any geographical relocation or storage
14 of nonstrategic nuclear weapons by the Russian Fed-
15 eration does not constitute a reduction or elimi-
16 nation of such weapons;

17 “(4) the vast advantage of the Russian Federa-
18 tion in nonstrategic nuclear weapons constitutes a
19 threat to the United States and its allies and a
20 growing asymmetry in Western Europe; and

21 “(5) the forward-deployed nuclear forces of the
22 United States are an important contributor to the
23 assurance of the allies of the United States and con-
24 stitute a check on proliferation and a tool in dealing
25 with neighboring states hostile to NATO.

1 “(b) POLICY ON EXTENDED DETERRENCE COMMIT-
2 MENT TO EUROPE.—It is the policy of the United States
3 that—

4 “(1) it maintain its commitment to extended
5 deterrence, specifically the nuclear alliance of the
6 North Atlantic Treaty Organization, as an impor-
7 tant component of ensuring and linking the national
8 security interests of the United States and the secu-
9 rity of its European allies;

10 “(2) forward-deployed nuclear forces of the
11 United States shall remain based in Europe in sup-
12 port of the nuclear policy and posture of NATO;

13 “(3) the presence of nuclear weapons of the
14 United States in Europe—combined with NATO’s
15 unique nuclear sharing arrangements under which
16 non-nuclear members participate in nuclear planning
17 and possess specially configured aircraft capable of
18 delivering nuclear weapons—contributes to the cohe-
19 sion of NATO and provides reassurance to allies and
20 partners who feel exposed to regional threats; and

21 “(4) only the President and Congress can ar-
22 ticulate when and how the United States will employ
23 the nuclear forces of the United States and no mul-
24 tilateral organization, not even NATO, can articu-

1 late a declaratory policy concerning the use of nu-
2 clear weapons that binds the United States.

3 “(c) LIMITATION ON REDUCTION, CONSOLIDATION,
4 OR WITHDRAWAL OF NUCLEAR FORCES BASED IN EU-
5 ROPE.—In light of the policy expressed in subsections (a)
6 and (b), none of the funds made available for fiscal year
7 2012 or any fiscal year thereafter for the Department of
8 Defense may be used to effect or implement the reduction,
9 consolidation, or withdrawal of nuclear forces of the
10 United States that are based in Europe unless—

11 “(1) the reduction, consolidation, or withdrawal
12 of such nuclear forces is requested by the govern-
13 ment of the host nation in the manner provided in
14 the agreement between the United States and the
15 host nation regarding the forces;

16 “(2) the President certifies that—

17 “(A) NATO member states have consid-
18 ered the reduction, consolidation, or withdrawal
19 in the High Level Group;

20 “(B) NATO has decided to support such
21 reduction, consolidation, or withdrawal;

22 “(C) the remaining nuclear forces of the
23 United States that are based in Europe after
24 such reduction, consolidation, or withdrawal
25 would provide a commensurate or better level of

1 assurance and credibility as before such reduc-
2 tion, consolidation, or withdrawal; and

3 “(D) there has been reciprocal action by
4 the Russian Federation, not including the Rus-
5 sian Federation relocating nuclear forces from
6 one location to another; or

7 “(3) the reduction, consolidation, or withdrawal
8 of such nuclear forces is specifically authorized by
9 an Act of Congress.

10 “(d) NOTIFICATION.—Upon any decision to reduce,
11 consolidate, or withdraw the nuclear forces of the United
12 States that are based in Europe, the President shall sub-
13 mit to the appropriate congressional committees a notifi-
14 cation containing—

15 “(1) the certification required by paragraph (2)
16 of subsection (c) if such reduction, consolidation, or
17 withdrawal is based upon such paragraph;

18 “(2) justification for such reduction, consolida-
19 tion, or withdrawal; and

20 “(3) an assessment of how NATO member
21 states, in light of such reduction, consolidation, or
22 withdrawal, assess the credibility of the deterrence
23 capability of the United States in support of its com-
24 mitments undertaken pursuant to article 5 of the
25 North Atlantic Treaty, signed at Washington, Dis-

1 trict of Columbia, on April 4, 1949, and entered into
2 force on August 24, 1949 (63 Stat. 2241; TIAS
3 1964).

4 “(e) NOTICE AND WAIT REQUIREMENT.—The Presi-
5 dent may not commence a reduction, consolidation, or
6 withdrawal of the nuclear forces of the United States that
7 are based in Europe for which the certification required
8 by subsection (c)(2) is made until the expiration of a 180-
9 day period beginning on the date on which the President
10 submits the notification under subsection (d) containing
11 the certification.

12 “(f) APPROPRIATE CONGRESSIONAL COMMITTEES.—
13 In this section, the term ‘appropriate congressional com-
14 mittees’ means—

15 “(1) the Committees on Armed Services of the
16 House of Representatives and the Senate; and

17 “(2) the Committee on Foreign Affairs of the
18 House of Representatives and the Committee on
19 Foreign Relations of the Senate.”.

20 (c) CLERICAL AMENDMENT.—The table of sections
21 at the beginning of chapter 24 of title 10, United States
22 Code, is amended by inserting after the item relating to
23 section 496 the following:

 “497. Limitation on reduction, consolidation, or withdrawal of nuclear forces
 based in Europe.”.

1 **SEC. 1061. IMPROVEMENTS TO NUCLEAR WEAPONS COUN-**
2 **CIL.**

3 Section 179 of title 10, United States Code, is
4 amended—

5 (1) in subsection (b)(3), by adding at the end
6 the following: “Not later than seven days before a
7 meeting, the Chairman shall disseminate to each
8 member of the Council the agenda and documents
9 for such meeting.”; and

10 (2) in subsection (d)—

11 (A) in paragraph (2), by inserting “and al-
12 ternatives” before the period;

13 (B) in paragraph (3), by inserting “and
14 approving” after “Coordinating”;

15 (C) in paragraph (7)—

16 (i) by striking “broad” and inserting
17 “specific”; and

18 (ii) by inserting before the period the
19 following: “and priorities among activities,
20 including production, surveillance, re-
21 search, construction, and any other pro-
22 grams within the National Nuclear Secu-
23 rity Administration”; and

24 (D) by adding at the end the following new
25 paragraph:

1 “(11) Coordinating and approving the annual
2 budget proposals of the National Nuclear Security
3 Administration, including before such proposals are
4 submitted to—

5 “(A) the Director of the Office of Manage-
6 ment and Budget;

7 “(B) the President; and

8 “(C) Congress under section 1105 of title
9 31.”.

10 **SEC. 1062. INTERAGENCY COUNCIL ON THE STRATEGIC CA-**

9 (a) FINDINGS.—Congress makes the following find-
10 ings:

11 (1) According to the Department of Defense, as
12 of February 1, 2012, there had been 42 insider at-
13 tacks on coalition forces since 2007 by the Afghan
14 National Army, Afghan National Police, or Afghan
15 nationals hired by private security contractors to
16 guard United States bases and facilities in Afghani-
17 stan.

18 (2) The Department of Defense data shows
19 that the trend of insider attacks is increasing.

20 (3) Members of the Armed Forces of the
21 United States continue to be garrisoned and housed
22 in facilities and installations in Afghanistan that are
23 guarded by private security contractors and not by
24 United States or coalition forces.

1 (4) President Karzai has prohibited the use of
2 private security contractors in Afghanistan and de-
3 termined that beginning in March, 2012, the Afghan
4 Ministry of Interior will provide Afghan Public Pro-
5 tection Forces on a reimbursable basis to those de-
6 siring to contract for additional security.

7 (5) The Afghan Ministry of Interior will have
8 the primary responsibility for screening and vetting
9 the Afghan nationals who will comprise the Afghan
10 Public Protection Force.

11 (6) The current force levels in Afghanistan are
12 necessary to accomplish the International Security
13 Assistance Force mission and force protection for
14 members of the Armed Forces garrisoned and
15 housed in Afghanistan should not come at the ex-
16 pense of mission success.

17 (7) The President of the United States has
18 begun to draw down United States military forces in
19 Afghanistan and has committed to continue this
20 drawdown through 2014.

21 (8) The redeployment phase of any military op-
22 eration brings increasing vulnerabilities to members
23 of the Armed Forces.

24 (9) It is the responsibility of the Commander in
25 Chief to provide for the security for members of the

1 Armed Forces deployed to Afghanistan and to miti-
2 gate internal threats to such forces to the greatest
3 extent possible, while continuing to meet the objec-
4 tives of the International Security Assistance Force
5 mission in Afghanistan, including the training and
6 equipping of the Afghan National Security Forces in
7 order that they may provide for their own security.

8 (b) SENSE OF CONGRESS.—It is the sense of Con-
9 gress that—

10 (1) the best security and force protection for
11 members of the Armed Forces garrisoned and
12 housed in Afghanistan should be provided;

13 (2) better security and force protection for
14 members of the Armed Forces garrisoned and
15 housed in Afghanistan can be provided by United
16 States military personnel than private security con-
17 tractors or members of the Afghan Public Protection
18 Force;

19 (3) the President should take action in light of
20 the increased risk to members of the Armed Forces
21 during this transitional period in Afghanistan and
22 the increasing number of insider attacks; and

23 (4) the United States remains committed to
24 mission success in Afghanistan in light of the na-
25 tional security interests in the region and the sac-

1 rifice and commitment of the United States Armed
2 Forces over the last ten years.

3 (c) PROHIBITION.—Notwithstanding section 2465 of
4 title 10, United States Code, funds appropriated to the
5 Department of Defense may not be obligated or expended
6 for the purpose of—

7 (1) entering into a contract for the performance
8 of security-guard functions at a military installation
9 or facility in Afghanistan at which members of the
10 Armed Forces deployed to Afghanistan are garriso-
11 ned or housed;

12 (2) otherwise employing private security con-
13 tractors to provide security for members of the
14 Armed Forces deployed to Afghanistan; or

15 (3) employing the Afghan Public Protection
16 Force to provide security for such members or to
17 perform such security-guard functions at such a
18 military installation or facility.

19 (d) REQUIREMENT.—

20 (1) IN GENERAL.—The President shall ensure
21 that as many appropriately trained members of the
22 Armed Forces of the United States as are necessary
23 are available to—

1 stan at which members of the Armed Forces
2 deployed to Afghanistan are garrisoned or

15 tion mission in Afghanistan and the military
16 campaign plan of the Commander of the Inter-
17 national Security and Assistance Force; and

18 (B) any limitation on force levels that may
19 be in effect.

20 (e) WAIVER.—The President may waive the prohibi-
21 tion under subsection (c) and the requirement under sub-
22 section (d) if the President submits to Congress a certifi-
23 cation in writing that—

24 (1) the use of private security contractors or
25 the Afghan Public Protection Force can provide a

1 level of security and force protection for members of
2 the Armed Forces deployed to Afghanistan that is at
3 least equal to the security and force protection that
4 can be provided by members of the Armed Forces;
5 and

6 (2) the Secretary of Defense has ensured that
7 all employees of private security contractors and
8 members of the Afghan Public Protection Force pro-
9 viding security or force protection for members of
10 the Armed Forces deployed to Afghanistan are inde-
11 pendently screened and vetted by members of the
12 Armed Forces of the United States.

24 ensure that the gains in security are maintained;

1 (3) the United States mission in Afghanistan
2 continues to be to disrupt, dismantle, and defeat al
3 Qaeda, as well as to prevent its return to either Af-
4 ghanistan or Pakistan;

5 (4) the specific objectives in Afghanistan are to
6 deny safe haven to Al Qaeda and to deny the
7 Taliban the ability to overthrow the Afghan Govern-
8 ment;

9 (5) the Taliban, Haqqanis, and associated in-
10 surgents continue to enjoy safe havens in Pakistan,
11 but are unlikely to be capable of overthrowing the
12 Afghan Government unless the United States with-
13 draws forces precipitously from Afghanistan;

14 (6) the Haqqani Network provides unique capa-
15 bilities and capacity to the Afghan Taliban, and ad-
16 ditionally, serves as a combat multiplier to the Af-
17 ghan insurgency due to its geographic primacy over
18 the key terrain of the Paktika, Paktia, and Khost
19 provinces, as well as North and South Waziristan,
20 and willingness to introduce international weaponry
21 and technology into the battle space and serve as the
22 reception point and integrator of international for-
23 eign fighters into the Afghan insurgency;

24 (7) the Haqqani Network has been the most
25 important Afghan-based protector of Al Qaeda;

1 (8) the unique capabilities and effects brought
2 to the battle space by the Haqqani Network neces-
3 sitate that the Government of Afghanistan should
4 have superior operational capacity in order to main-
5 tain the security of Afghanistan over time;

6 (9) the United States military should not main-
7 tain an indefinite combat mission in Afghanistan
8 and should transition to a counter-terrorism and ad-
9 vise and assist mission at the earliest practicable
10 date, consistent with conditions on the ground;

11 (10) significant uncertainty exists within Af-
12 ghanistan regarding the level of future United
13 States military support; and

14 (11) in order to reduce this uncertainty, and to
15 promote further stability and security in Afghani-
16 stan, the President should—

17 (A) fully consider the International Secu-
18 rity Assistance Force Commander’s assessment
19 regarding the need for the United States to
20 maintain a “significant combat presence
21 through 2013”;

22 (B) maintain a force of at least 68,000
23 troops through December 31, 2014, unless
24 fewer forces can achieve United States objec-
25 tives;

1 (C) maintain a credible troop presence
2 after December 31, 2014, sufficient to conduct
3 counter-terrorism and train and advise the Af-
4 ghan National Security Forces, consistent with
5 the Strategic Partnership Agreement (signed on
6 May 2, 2012); and

7 (D) maintain sufficient funding for the Af-
8 ghan National Security Forces to accomplish
9 the objectives described in paragraphs (3), (4),
10 and (8).

11 (b) NOTIFICATION.—The President shall notify the
12 congressional defense committees of any decision to reduce
13 the number of United States Armed Forces deployed in
14 Afghanistan below the number of such Armed Forces de-
15 ployed in Afghanistan on—

16 (1) December 31, 2012,

17 (2) December 31, 2013, and

18 (3) December 31, 2014,

19 prior to any public announcement of any such decision to
20 reduce the number of United States Armed Forces de-
21 ployed in Afghanistan.

22 (c) MATTERS TO INCLUDE IN NOTIFICATION.—As
23 part of a notification required by subsection (b), the Presi-
24 dent shall—

1 (1) provide an assessment of the relevant secu-
2 rity risk metrics associated with the marginal reduc-
3 tion in force levels; and

4 (2) provide a by-unit assessment of the oper-
5 ational capability of the Afghan National Security
6 Forces to independently conduct the required oper-

1 **Subtitle C—Matters Relating to**
2 **Iran**

3 **SEC. 1221. DECLARATION OF POLICY.**

4 (a) FINDINGS.—Congress makes the following find-
5 ings:

6 (1) Iran, which has long sought to foment in-
7 stability and promote extremism in the Middle East,
8 is now seeking to exploit the dramatic political tran-
9 sition underway in the region to undermine govern-
10 ments traditionally aligned with the United States
11 and support extremist political movements in these
12 countries.

13 (2) At the same time, Iran may soon attain a
14 nuclear weapons capability, a development that
15 would threaten United States interests, destabilize
16 the region, encourage regional nuclear proliferation,
17 further empower and embolden Iran, the world's
18 leading state sponsor of terrorism, and provide it the
19 tools to threaten its neighbors, including Israel.

20 (3) With the assistance of Iran over the past
21 several years, Syria, Hezbollah, and Hamas have in-
22 creased their stockpiles of rockets, with more than
23 60,000 rockets now ready to be fired at Israel. Iran
24 continues to add to its arsenal of ballistic missiles
25 and cruise missiles, which threaten Iran's neighbors,

1 Israel, and United States Armed Forces in the re-
2 gion.

3 (4) Preventing Iran from acquiring a nuclear
4 weapon is among the most urgent national security
5 challenges facing the United States.

6 (5) Successive United States administrations
7 have stated that an Iran armed with a nuclear weap-
8 on is unacceptable.

9 (6) President Obama stated on January 24,
10 2012, “Let there be no doubt: America is deter-
11 mined to prevent Iran from getting a nuclear weap-
12 on, and I will take no options off the table to achieve
13 that goal.”.

14 (7) In order to prevent Iran from developing
15 nuclear weapons, the United States, in cooperation
16 with its allies, must utilize all elements of national
17 power including diplomacy, robust economic sanc-
18 tions, and credible, visible preparations for a mili-
19 tary option.

20 (8) Nevertheless, to date, diplomatic overtures,
21 sanctions, and other non-kinetic actions toward Iran
22 have not caused the Government of Iran to abandon
23 its nuclear weapons program.

24 (9) With the impact of additional sanctions un-
25 certain, additional pressure on the Government of

1 Iran could come from the credible threat of military
2 action against Iran's nuclear program.

3 (b) DECLARATION OF POLICY.—It shall be the policy
4 of the United States to take all necessary measures, in-
5 cluding military action if required, to prevent Iran from
6 threatening the United States, its allies, or Iran's neigh-
7 bors with a nuclear weapon.

8 **SEC. 1222. UNITED STATES MILITARY PREPAREDNESS IN**
9 **THE MIDDLE EAST.**

10 (a) SENSE OF CONGRESS.—It is the sense of Con-
11 gress that—

12 (1) military exercises conducted in the Persian
13 Gulf and Gulf of Oman emphasize the United States
14 resolve and the policy of the United States described
15 in section 1221(b) by enhancing the readiness of the
16 United States military and allied forces, as well as
17 signaling to the Government of Iran the commitment
18 of the United States to defend its vital national se-
19 curity interests; and

20 (2) the President, as Commander in Chief,
21 should augment the presence of the United States
22 Fifth Fleet in the Middle East and to conduct mili-
23 tary deployments, exercises, or other visible, concrete
24 military readiness activities to underscore the policy
25 of the United States described in section 1221(b).

2 (1) IN GENERAL.—The Secretary of Defense
3 shall prepare a plan to augment the presence of the
4 United States Fifth Fleet in the Middle East and to

7 derscore the policy of the United States described in
8 section 1221(b).

9 (2) MATTERS TO BE INCLUDED.—The plan re-
10 quired under paragraph (1) shall include, at a min-
11 imum, steps necessary for the Armed Forces to sup-

13 tion 1221(b), including—

14 (A) pre-positioning sufficient supplies of
15 aircraft, munitions, fuel, and other materials
16 for both air- and sea-based missions at key for-
17 ward locations in the Middle East and Indian
18 Ocean;

19 (B) maintaining sufficient naval assets in
20 the region necessary to signal United States re-
21 solve and to bolster United States capabilities
22 to launch a sustained sea and air campaign
23 against a range of Iranian nuclear and military
24 targets, to protect seaborne shipping, and to

1 deny Iranian retaliation against United States
2 interests in the region;

3 (C) discussing the viability of deploying at
4 least two United States aircraft carriers, an ad-
5 ditional large deck amphibious ship, and a Mine
6 Countermeasures Squadron in the region on a
7 continual basis, in support of the actions de-
8 scribed in subparagraph (B); and

9 (D) conducting naval fleet exercises similar
10 to the United States Fifth Fleet's major exer-
11 cise in the region in March 2007 to dem-
12 onstrate ability to keep the Strait of Hormuz
13 open and to counter the use of anti-ship mis-
14 siles and swarming high-speed boats.

15 (3) SUBMISSION TO CONGRESS.—The plan re-
16 quired under paragraph (1) shall be submitted to
17 the congressional defense committees not later than
18 120 days after the date of enactment of this Act.

14 and during each fiscal year of the performance
15 of the bundled contract.

16 “(5) FAILURE TO PROVIDE NOTICE.—

17 “(A) NO NOTIFICATION RECEIVED.—If no
18 notification of the proposed procurement or ac-
19 companying statement is received, but the Ad-

22 in paragraph (1), then the Administrator shall
23 require that such a statement of work be com-
24 pleted by the Procurement Activity and sent to
25 the procurement center representative and post-

1 pone the solicitation process for at least 10
2 days but not more than 45 days to allow the
3 Administrator to review the statement and
4 make recommendations as described in this sec-
5 tion before the procurement process is contin-
6 ued.

7 “(B) NO WORK CONTINUED.—If the Ad-
8 ministrator requires a Procurement Activity to
9 provide a statement of work pursuant to sub-
10 paragraph (A), the Procurement Activity shall
11 not be permitted to continue with the procure-
12 ment until such time as the Procurement Activ-

15 “(6) RESPONSIBILITY OF THE PROCUREMENT
16 CENTER REPRESENTATIVE.—Within 15 days after
17 receipt of the proposed procurement and accom-

22 ommend to the Procurement Activity alternative pro-

24 ness prime contracting opportunities.

1 “(7) DISAGREEMENT BETWEEN THE ADMINIS-

3 “(A) IN GENERAL.—If the Administrator
4 determines that a small business concern would
5 be adversely affected, directly or indirectly, by
6 the proposed procurement, or if a small busi-

9 quests, the Administrator may take action
10 under this paragraph to further the interests of
11 small businesses.

12 “(B) APPEAL TO AGENCY HEAD.—The
13 proposed procurement shall be submitted for
14 determination to the head of the contracting

23 small business concerns shall be considered an
24 interested party.

25 “(d) MARKET RESEARCH.—

1 “(1) IN GENERAL.—Before proceeding with an
2 acquisition strategy that could lead to bundled con-
3 tracts, the head of an agency shall conduct market
4 research to determine whether bundling of the re-
5 quirements is necessary and justified.

6 “(2) FACTORS.—For purposes of subsection
7 (c)(1), a bundled contract is necessary and justified
8 if the bundling of contract requirements will result
9 in substantial measurable benefits in excess of those
10 benefits resulting from a procurement of the con-
11 tract requirements that does not involve contract
12 bundling.

13 “(3) BENEFITS.—For the purposes of bundling
14 of contract requirements, benefits described in para-
15 graph (2) may include the following:

16 “(A) Cost savings.

25 purchase requests or any similar transfer funds

1 among Federal agencies for the use of a con-
2 tract issued by another Federal agency.

3 “(B) The reduction of administrative or
4 personnel costs alone shall not be a justification
5 for bundling of contract requirements unless
6 the cost savings are expected to be substantial
7 in relation to the dollar value of the procure-
8 ment requirements to be bundled.

9 “(5) LIMITATION ON ACQUISITION STRATEGY.—
10 The head of a Federal agency may not carry out an
11 acquisition strategy that includes bundled contracts
12 valued in excess of the dollar threshold, unless the
13 senior procurement executive or, if applicable, Chief
14 Acquisition Officer, for the Federal agency, certifies
15 to the head of the Federal agency that steps will be
16 taken to include small business concerns in the ac-
17 quisition strategy prior to the implementation of
18 such acquisition strategy.

19 “(e) STRATEGY SPECIFICATIONS.—If the head of a
20 contracting agency determines that an acquisition plan or
21 proposed procurement strategy will result in a bundled
22 contract, the proposed acquisition plan or procurement
23 strategy shall—

1 “(1) identify specifically the benefits anticipated
2 to be derived from the bundling of contract require-
3 ments;

4 “(2) set forth an assessment of the specific im-
5 pediments to participation by small business con-
6 cerns as prime contractors that result from the con-
7 tract bundling and specify actions designed to maxi-
8 mize small business participation as subcontractors
9 (including suppliers) at various tiers under the con-
10 tract or contracts that are awarded to meet the re-
11 quirements; and

12 “(3) include a specific determination that the
13 anticipated measurable benefits of the proposed bun-
14 dled contract justify its use.

15 “(f) CONTRACT TEAMING.—In the case of a solicita-
16 tion of offers for a bundled contract that is issued by the
17 head of an agency, a small-business concern may submit
18 an offer that provides for use of a particular team of sub-
19 contractors for the performance of the contract. The head
20 of the agency shall evaluate the offer in the same manner
21 as other offers, with due consideration to the capabilities
22 of all of the proposed subcontractors. If a small business
23 concern teams under this paragraph, it shall not affect
24 its status as a small business concern for any other pur-
25 pose.

1 “(g) DATABASE, ANALYSIS, AND ANNUAL REPORT

3 “(1) DATABASE.—Not later than 180 days

18 benefits anticipated by the analysis required
19 under subsection (d) prior to the contract
20 award; and

21 “(B) whether such savings and benefits
22 will continue to be realized if the contract re-
23 mains bundled, and whether such savings and

21 ments complied with the con-
22 tracting agency’s small business
23 subcontracting plan, including

15 **SEC. 3157. SENSE OF CONGRESS ON COMPETITION AND**
16 **FEES RELATED TO THE MANAGEMENT AND**
17 **OPERATING CONTRACTS OF THE NUCLEAR**
18 **SECURITY ENTERPRISE.**

19 It is the sense of Congress that—

20 (1) in the past decade, competition of the man-
21 agement and operating contracts for the national se-
22 curity laboratories has resulted in significant in-
23 creases in fees paid to the contractors—funding that
24 otherwise could be used to support program and

1 mission activities of the National Nuclear Security
2 Administration;

3 (2) competition of the management and oper-
4 ating contracts of the nuclear security enterprise is
5 an important mechanism to help realize cost savings,
6 seek efficiencies, improve performance, and hold con-
7 tractors accountable;

8 (3) when the Administrator for Nuclear Secu-
9 rity considers it appropriate to achieve these goals,
10 the Administrator should conduct competition of
11 these contracts while recognizing the unique nature
12 of federally funded research and development cen-
13 ters; and

14 (4) the Administrator should ensure that fixed
15 fees and performance-based fees contained in man-
16 agement and operating contracts are as low as pos-
17 sible to maintain a focus on national service while
18 attracting high-quality contractors and achieving the
19 goals of the competition.
