

reasonable because it would allow the Exchange to recoup the costs incurred in providing certain services, including but not limited to trade matching and processing, post trade allocation, submission for clearing and customer service activities related to trading activity on the Exchange. In this regard, the Exchanges notes that the proposed fee is consistent with similarly such incremental fees charged on other options exchanges in connection with similar fee caps and is therefore competitive.¹³ Finally, the Exchange believes the proposal to adopt the service fee is equitable and not unfairly discriminatory because it would uniformly apply to all member firms engaged in manual proprietary trading that have reached the Fee Cap.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act, the Exchange does not believe that the proposed rule change would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

The Exchange believes that the proposed change would allow Floor Brokers to better compete for QCC volumes as the credits are consistent with those paid to participants on other exchanges.¹⁴ The Exchange also believes that the proposed service fee is likewise competitive as it would allow the Exchange to recoup certain costs incurred in providing services to member firms and is consistent with similar such fees charged by other exchanges that offer a similar monthly fee cap.¹⁵

The Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues. In such an environment, the Exchange must continually review, and consider adjusting, its fees and credits to remain competitive with other exchanges. For the reasons described above, the Exchange believes that the proposed rule change reflects this competitive environment.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)¹⁶ of the Act and subparagraph (f)(2) of Rule 19b-4¹⁷ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹⁸ of the Act to determine whether the proposed rule change should be approved or disapproved.
