

# FRAMEWORK FOR THE ANNUAL REPORT OF THE CHILDREN'S HEALTH INSURANCE PLANS UNDER TITLE XXI OF THE SOCIAL SECURITY ACT

## Preamble

Section 2108(a) and Section 2108(e) of the Social Security Act (the Act) provide that each state and territory\* must assess the operation of its state child health plan in each federal fiscal year and report to the Secretary, by January 1 following the end of the federal fiscal year, on the results of the assessment. In addition, this section of the Act provides that the state must assess the progress made in reducing the number of uncovered, low-income children. The state is out of compliance with CHIP statute and regulations if the report is not submitted by January 1. The state is also out of compliance if any section of this report relevant to the state's program is incomplete.

The framework is designed to:

- Recognize the **diversity** of state approaches to CHIP and allow states **flexibility** to highlight key accomplishments and progress of their CHIP programs, **AND**
- Provide **consistency** across states in the structure, content, and format of the report, **AND**
- Build on data **already collected** by CMS quarterly enrollment and expenditure reports, **AND**
- Enhance **accessibility** of information to stakeholders on the achievements under Title XXI

The CHIP Annual Report Template System (CARTS) is organized as follows:

- Section I: Snapshot of CHIP Programs and Changes
- Section II: Program's Performance Measurement and Progress
- Section III: Assessment of State Plan and Program Operation
- Section IV: Program Financing for State Plan
- Section V: Program Challenges and Accomplishments

\* - When "state" is referenced throughout this template it is defined as either a state or a territory.

**\*Disclosure.** According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-1148. The time required to complete this information collection is estimated to average 40 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, write to: CMS, 7500 Security Blvd., Attn: PRA Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

DO NOT CERTIFY YOUR REPORT UNTIL ALL SECTIONS ARE COMPLETE.

State/Territory: GA  
Name of State/Territory

The following Annual Report is submitted in compliance with Title XXI of the Social Security Act (Section 2108(a) and Section 2108(e)).

Signature: Sheila Alexander

CHIP Program Name(s): All, Georgia

CHIP Program Type:

- CHIP Medicaid Expansion Only
- Separate Child Health Program Only
- Combination of the above

Reporting Period: 2017 (Note: Federal Fiscal Year 2017 starts 10/1/2016 and ends 9/30/2017)

Contact Person/Title: Sheila Alexander, Business Operations Manager, Sr.

Address: 39th Floor

City: Atlanta State: GA Zip: 30303

Phone: 404-657-9506 Fax: \_\_\_\_\_

Email: salexander@dch.ga.gov

Submission Date: 12/28/2017

(Due to your CMS Regional Contact and Central Office Project Officer by January 1<sup>st</sup> of each year)

## Section I. Snapshot of CHIP Program and Changes

- 1) To provide a summary at-a-glance of your CHIP program, please provide the following information. If you would like to make any comments on your responses, please explain in narrative below this table.

Provide an assurance that your state's CHIP program eligibility criteria as set forth in the CHIP state plan in section 4, inclusive of PDF pages related to Modified Adjusted Gross Income eligibility, is accurate as of the date of this report.

Please note that the numbers in brackets, e.g., [500] are character limits in the Children's Health Insurance Program (CHIP) Annual Report Template System (CARTS). You will not be able to enter responses with characters greater than the limit indicated in the brackets.

### CHIP Medicaid Expansion Program

Upper % of FPL (federal poverty level) fields are defined as Up to and Including

Does your program require premiums or an enrollment fee?  NO  YES  N/A

Enrollment fee amount:

Premium fee amount:

If premiums are tiered by FPL, please breakout by FPL.

Premium Amount From (\$)	Premium Amount To (\$)	From % of FPL	Up to % of FPL

Yearly Maximum Premium Amount per Family: \$

If premiums are tiered by FPL, please breakout by FPL.

Premium Amount From (\$)	Premium Amount To (\$)	From % of FPL	Up to % of FPL

If yes, briefly explain fee structure: [500]

Which delivery system(s) does your program use?

- Managed Care
- Primary Care Case Management
- Fee for Service

Please describe which groups receive which delivery system: [500]

Members are approved and placed in Fee for Service until they choose a Managed Care Plan.

### Separate Child Health Program

Upper % of FPL (federal poverty level) fields are defined as Up to and Including

Does your program require premiums or an enrollment fee?  NO  YES  N/A

Enrollment fee amount:

Premium fee amount:

If premiums are tiered by FPL, please breakout by FPL.

Premium Amount From (\$)	Premium Amount To (\$)	From % of FPL	Up to % of FPL
11	11	139	170
24	58	171	210
32	64	211	231
36	72	232	247

Yearly Maximum Premium Amount per Family: \$

If premiums are tiered by FPL, please breakout by FPL.

Premium Amount From (\$)	Premium Amount To (\$)	From % of FPL	Up to % of FPL

If yes, briefly explain fee structure: [500]

Premiums are not required for children ages 0 through 5 years. For children ages 6 through 18, the premiums are detailed in the table below.

FPL	One Child	Fam Cap
139-158%	\$11.00	\$16.00
159-170%	\$22.00	\$44.00
171-190%	\$24.00	\$49.00
191-210%	\$29.00	\$58.00
211-231%	\$32.00	\$64.00
232-247%	\$36.00	\$72.00

Foster Children, American Indians and Alaska Natives are also exempted from paying premiums.

Which delivery system(s) does your program use?

- Managed Care
- Primary Care Case Management
- Fee for Service

Please describe which groups receive which delivery system: [500]

Members are approved and placed in Fee for Service until they choose a Managed Care Plan.

2) Have you made changes to any of the following policy or program areas during the reporting period? Please indicate "yes" or "no change" by marking the appropriate column.

**For FFY 2017, please include only the program changes that are in addition to and/or beyond those required by the Affordable Care Act.**

	<b>Medicaid Expansion CHIP Program</b>			<b>Separate Child Health Program</b>		
	Yes	No Change	N/A	Yes	No Change	N/A
a) Applicant and enrollee protections (e.g., changed from the Medicaid Fair Hearing Process to State Law)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Separate Child Health Program

Topic	List change and why the change was made
a) Applicant and enrollee protections (e.g., changed from the Medicaid Fair Hearing Process to State Law)	Changed 3rd party TPA to match Medicaid.
b) Application	Gateway was implemented. Application changed to Medical Assistance through Gateway application to include both Medicaid and CHIP. We still accept older versions of all Medicaid and CHIP applications. New Eligibility system implemented in 2017
c) Benefits	
d) Cost sharing (including amounts, populations, & collection process)	
e) Crowd out policies	
f) Delivery system	
g) Eligibility determination process	Gateway was implemented which includes an integrated eligibility process.
h) Implementing an enrollment freeze and/or cap	
i) Eligibility levels / target population	
j) Eligibility redetermination process	
k) Enrollment process for health plan selection	
l) Outreach	
m) Premium assistance	
n) Prenatal care eligibility expansion (Sections 457.10, 457.350(b)(2), 457.622(c)(5), and 457.626(a)(3) as described in the October 2, 2002 Final Rule)	
o) Expansion to “Lawfully Residing” children	
p) Expansion to “Lawfully Residing” pregnant women	
q) Pregnant Women State Plan Expansion	

Topic	List change and why the change was made
r) Methods and procedures for prevention, investigation, and referral of cases of fraud and abuse	
s) Other – please specify	
a.	
b.	
c.	

Enter any Narrative text related to Section I below. **[7500]**

## Section II Program’s Performance Measurement and Progress

This section consists of two subsections that gather information about the CHIP and/or Medicaid program. Section IIA captures your enrollment progress as well as changes in the number and/or rate of uninsured children in your state. Section IIB captures progress towards meeting your state’s general strategic objectives and performance goals.

---

### Section IIA: Enrollment And Uninsured Data

---

1. The information in the table below is the Unduplicated Number of Children Ever Enrolled in CHIP in your state for the two most recent reporting periods. The enrollment numbers reported below should correspond to line 7 (Unduplicated # Ever Enrolled Year) in your state’s 4<sup>th</sup> quarter data report (submitted in October) in the CHIP Statistical Enrollment Data System (SEDS). The percent change column reflects the percent change in enrollment over the two-year period. If the percent change exceeds 10 percent (increase or decrease), please explain in letter A below any factors that may account for these changes (such as decreases due to elimination of outreach or increases due to program expansions). This information will be filled in automatically by CARTS through a link to SEDS. Please wait until you have an enrollment number from SEDS before you complete this response. If the information displayed in the table below is inaccurate, please make any needed updates to the data in SEDS and then refresh this page in CARTS to reflect the updated data.

Program	FFY 2016	FFY 2017	Percent change FFY 2016-2017
CHIP Medicaid Expansion Program	65102	72883	11.95
Separate Child Health Program	166948	164128	-1.69

- A. Please explain any factors that may account for enrollment increases or decreases exceeding 10 percent. **[7500]**

The change to the new eligibility system created fewer overlapping eligibility spans since members enter the program through one system. When cases were converted from one system to the other, some of them failed conversion and had to be corrected. The corrections took several months. When corrected, some members were eligible for Medicaid instead of CHIP by the time the case was completed due to income, household size, etc. changes.

2. The tables below show trends in the number and rate of uninsured children in your state. Three year averages in Table 1 are based on the Current Population Survey. The single year estimates in Table 2 are based on the American Community Survey (ACS). CARTS will fill in the single year estimates automatically, and significant changes are denoted with an asterisk (\*). If your state uses an alternate data source and/or methodology for measuring change in the number and/or rate of uninsured children, please explain in Question #3. .

Table 1: Number and percent of uninsured children under age 19 below 200 percent of poverty, Current Population Survey

Period	Uninsured Children Under Age 19 Below 200 Percent of Poverty		Uninsured Children Under Age 19 Below 200 Percent of Poverty as a Percent of Total Children Under Age 19	
	Number (In Thousands)	Std. Error	Rate	Std. Error
1996 - 1998	253	39.2	11.8	1.8
1998 - 2000	165	31.1	7.7	1.4
2000 - 2002	180	29.1	7.6	1.2
2002 - 2004	194	30.0	8.1	1.2
2003 - 2005	196	26.1	8.1	1.0
2004 - 2006	203	24.0	8.2	1.0
2005 - 2007	210	25.0	8.2	1.0
2006 - 2008	208	25.0	8.1	.9
2007 - 2009	208	25.0	7.8	.9
2008 - 2010	205	21.0	7.5	.8
2009 - 2011	199	20.0	7.5	.7
2010 - 2012	203	22.0	7.6	0

Table 2: Number and percent of uninsured children under age 19 below 200 percent of poverty, American Community Survey

Period	Uninsured Children Under Age 19 Below 200 Percent of Poverty		Uninsured Children Under Age 19 Below 200 Percent of Poverty as a Percent of Total Children Under Age 19	
	Number (In Thousands)	Margin of Error	Rate	Margin of Error
2013	179	11.0	6.9	.4
2014	143	10.0	5.5	.4
2015	127	10.0	4.9	.4
2016	110	10.0	4.2	.4
Percent change 2015 vs. 2016	13.4%	N/A	.0%	N/A

- A. Please explain any activities or factors that may account for increases or decreases in your number and/or rate of uninsured children. **[7500]**  
Conversion to the new Georgia Gateway system.
- B. Please note any comments here concerning ACS data limitations that may affect the reliability or precision of these estimates. **[7500]**  
The state's public program eligibility exceeds 200% FPL. Thus the relevant population is children with incomes under 247% FPL. Therefore, we use the CPS data to generate comparable estimates to those provided by CMS but for the relevant Georgia Population.

3. Please indicate by checking the box below whether your state has an alternate data source and/or methodology for measuring the change in the number and/or rate of uninsured children.

- Yes (please report your data in the table below)  
 No (skip to Question #4)

Please report your alternate data in the table below. Data are required for two or more points in time to demonstrate change (or lack of change). Please be as specific and detailed as possible about the method used to measure progress toward covering the uninsured.

<b>Topic</b>	<b>Description</b>
Data source(s)	Annual Social and Economic Supplement to the CPS (March file)
Reporting period (2 or more points in time)	CPS two year moving average comparison of 2015/2016 to 2014/2015
Methodology	<p>Direct estimation of CHIP population and uninsured rate from the March CPS. Weighted CPS sample, pooled for 2 year averages per CMS methodology in above table</p> <p>Year CPS Sample Size:All Children(ages 0-18)</p> <p>1998 645  1999 607  2000 575  2001 505  2002 906  2003 925  2004 906  2005 1205  2006 1373  2007 1413  2008 1575  2009 1496  2010 1473  2011 1468  2012 1365  2013 1357  2014 908  2015 1369  2016 1249  2017 1158</p>
Population (Please include ages and income levels)	Income estimated using MAGI - 0 years:Income 205-247% FPL; 1-5 years:Income 149-247% FPL; 6-18 years:Income 133-247% FPL
Sample sizes	See above
Number and/or rate for two or more points in time	2 year moving average for 2015/2016 for percent of PCK eligible children who are uninsured is 8.6%; 2 year moving average for 2014/2015 for percent of PCK eligible children who are uninsured is 10.3%.
Statistical significance of results	Not significant. Since 2015 is in both estimates, we wouldn't

Topic	Description
	anticipate it. Next year we can compare two independent periods that are not correlated.

- A. Please explain why your state chose to adopt a different methodology to measure changes in the number and/or rate of uninsured children.

**[7500]**

Because our eligibility levels are well above the 200% FPL used to populate this form, we choose to track changes in the number and rate of uninsured children using the CPS. We are now resuming the use of two year averages to compare this year results to a prior period. We have not been able to do so for the prior periods because of the numerous changes that effect eligibility for PeachCare for Kids that started in 2014:

1. Income bands to determine programmatic eligibility were changed at each age level (0, 1-5, 6-18);
2. Family income is now measured using Modified Adjusted Gross Income, a slightly different metric than in prior years;
3. Medicaid eligibility was increased to 12 months continuous eligibility, changing the frequency with which children enrolled in Medicaid will undergo an eligibility determination and potentially shift to CHIP.

We can now track the 2 year moving averages going forward. In future periods we will use exclusive two year moving averages to identify trends. Two year moving averages that contain an overlapping year are problematic to compare because of the year over year correlation.

- B. What is your state’s assessment of the reliability of the estimate? Please provide standard errors, confidence intervals, and/or p-values if available.

**[7500]**

The standard error of the one year estimate of the share of children who lack coverage among the CHIP eligible children is 1.9% meaning that the 90% Confidence interval around our point estimate of 6.8% is 3.6% to 9.9%. When comparing this to last year’s point estimate of 11.1 percent, there is evidence of a possible decline in the uninsured rate among these CHIP eligible children. However, when comparing the 90% CI for this year and last year, the suggested decline is not statistically significant.

- C. What are the limitations of the data or estimation methodology?

**[7500]**

The use of a single year’s data results in very large standard errors. We can now report pooled data across years to monitor enrollment among eligible children more accurately. Two year moving averages:

2014/2015: 10.3%

2015/2016: 8.6%

D. How does your state use this alternate data source in CHIP program planning?  
**[7500]**

Ongoing tracking of potentially eligible and CHIP enrolled children is critical for fiscal planning. The apparent decline the uninsured CHIP eligible children mirrors a decline in the uninsured rate among all children from 8.3% in 2014 to 6.2% in 2016 and a simultaneous slight decline in the share of children living in families with incomes less than 200% FPL from 50.3% in 2014 to 48.8% in 2016.

Enter any Narrative text related to Section IIA below. **[7500]**

## Section IIB: State Strategic Objectives And Performance Goals

This subsection gathers information on your state's general strategic objectives, performance goals, performance measures and progress towards meeting goals, as specified in your CHIP state plan. (If your goals reported in the annual report now differ from Section 9 of your CHIP state plan, please indicate how they differ in "Other Comments on Measure." Also, the state plan should be amended to reconcile these differences). The format of this section provides your state with an opportunity to track progress over time. This section contains templates for reporting performance measurement data for each of five categories of strategic objectives, related to:

- Reducing the number of uninsured children
- CHIP enrollment
- Medicaid enrollment
- Increasing access to care
- Use of preventative care (immunizations, well child care)

Please report performance measurement data for the three most recent years for which data are available (to the extent that data are available). In the first two columns, data from the previous two years' annual reports (FFY 2015 and FFY 2016) will be populated with data from previously reported data in CARTS. If you reported data in the two previous years' reports and you want to update/change the data, please enter that data. If you reported no data for either of those two years, but you now have data available for them, please enter the data. In the third column, please report the most recent data available at the time you are submitting the current annual report (FFY 2017).

In this section, the term performance measure is used to refer to any data your state provides as evidence towards a particular goal within a strategic objective. For the purpose of this section, "objectives" refer to the five broad categories listed above, while "goals" are state-specific, and should be listed in the appropriate subsections within the space provided for each objective.

**NOTES: Please do not reference attachments in this section. If details about a particular measure are located in an attachment, please summarize the relevant information from the attachment in the space provided for each measure.**

**In addition, please do not report the same data that were reported for Child Core Set reporting. The intent of this section is to capture goals and measures that your state did not report elsewhere. As a reminder, Child Core Set reporting migrated to MACPRO in December 2015. Historical data are still available for viewing in CARTS.**

Additional instructions for completing each row of the table are provided below.

### A. Goal:

For each objective, space has been provided to report up to three goals. Use this section to provide a brief description of each goal you are reporting within a given strategic objective. **All new goals should include a direction and a target. For clarification only, an example goal would be:** "Increase (direction) by 5 percent (target) the number of CHIP beneficiaries who turned 13 years old during the measurement year who had a second dose of MMR, three hepatitis B vaccinations and one varicella vaccination by their 13<sup>th</sup> birthday."

### B. Type of Goal:

For each goal you are reporting within a given strategic objective, please indicate the type of goal, as follows:

- New/revised: Check this box if you have revised or added a goal. Please explain how and why the goal was revised.
- Continuing: Check this box if the goal you are reporting is the same one you have reported in previous annual reports.
- Discontinued: Check this box if you have met your goal and/or are discontinuing a goal. Please explain why the goal was discontinued. GAL

Please indicate the status of the data you are reporting for each goal, as follows:

- Provisional: Check this box if you are reporting performance measure data for a goal, but the data are currently being modified, verified, or may change in any other way before you finalize them for FFY 2017.

**Explanation of Provisional Data** – When the value of the Status of Data Reported field is selected as “Provisional”, the state must specify why the data are provisional and when the state expects the data will be final.

- Final: Check this box if the data you are reporting are considered final for FFY 2017.
- Same data as reported in a previous year’s annual report: Check this box if the data you are reporting are the same data that your state reported for the goal in another annual report. Indicate in which year’s annual report you previously reported the data.

### **C. Measurement Specification:**

This section is included for only two of the objectives— objectives related to increasing access to care, and objectives related to use of preventative care—because these are the two objectives for which states may report using the HEDIS® measurement specification. In this section, for each goal, please indicate the measurement specification used to calculate your performance measure data (i.e., were the measures calculated using the HEDIS® specifications or some other method unrelated to HEDIS®).

Please indicate whether the measure is based on HEDIS® technical specifications or another source. If HEDIS® is selected, the HEDIS® Version field must be completed. If “Other” measurement specification is selected, the explanation field must be completed.

### **D. HEDIS® Version:**

Please specify HEDIS® Version (example 2016). This field must be completed only when a user select the HEDIS® measurement specification.

### **“Other” measurement specification explanation:**

If “Other”, measurement specification is selected, please complete the explanation of the “Other” measurement specification. The explanation field must be completed when “Other” measurement specification has been selected.

### **E. Data Source:**

For each performance measure, please indicate the source of data. The categories provided in this section vary by objective. For the objectives related to reducing the number of uninsured children and CHIP or Medicaid enrollment, please indicate whether you have used eligibility/enrollment data, survey data (specify the survey used), or other source (specify the other source). For the objectives related to access to care and use of preventative care, please indicate whether you used administrative data (claims) (specify the kind of administrative data used), hybrid data (claims and medical records) (specify how the two were used to create the data source), survey data (specify the survey used), or other source (specify the other source). In all cases, if another data source was used, please explain the source.

## F. Definition of Population Included in Measure:

Numerator: Please indicate the definition of the population included in the numerator for each measure (such as the number of visits required for inclusion, e.g., one or more visits in the past year).

Denominator: Please indicate the definition of the population included in the denominator for each measure.

For measures related to increasing access to care and use of preventative care, please

- Check one box to indicate whether the data are for the CHIP population only, or include both CHIP and Medicaid (Title XIX) children combined.
- If the denominator reported is not fully representative of the population defined above (the CHIP population only, or the CHIP and Medicaid (Title XIX) populations combined), please further define the denominator. For example, denominator includes only children enrolled in managed care in certain counties, technological limitations preventing reporting on the full population defined, etc.). Please report information on exclusions in the definition of the denominator (including the proportion of children excluded). The provision of this information is important and will provide CMS with a context so that comparability of denominators across the states and over time can occur.

## G. Deviations from Measure Specification

For the measures related to increasing access to care and use of preventative care.

If the data provided for a measure deviates from the measure specification, please select the type(s) of measure specification deviation. The types of deviation parallel the measure specification categories for each measure. Each type of deviation is accompanied by a comment field that states must use to explain in greater detail or further specify the deviation when a deviation(s) from a measure is selected.

The five types (and examples) of deviations are:

- Year of Data (e.g., partial year),
- Data Source (e.g., use of different data sources among health plans or delivery systems),
- Numerator (e.g., coding issues),
- Denominator (e.g., exclusion of MCOs, different age groups, definition of continuous enrollment),
- Other.

When one or more of the types are selected, states are required to provide an explanation.

Please report the year of data for each performance measure. The year (or months) should correspond to the period in which enrollment or utilization took place. Do not report the year in which data were collected for the measure, or the version of HEDIS® used to calculate the measure, both of which may be different from the period corresponding to enrollment or utilization of services.

### **Date Range: available for 2017 CARTS reporting period.**

Please define the date range for the reporting period based on the “From” time period as the month and year which corresponds to the beginning period in which utilization took place and please report the “To” time period as the month and year which corresponds to the end period in which utilization took place. Do not report the year in which data were collected for the measure, or the version of HEDIS® used to calculate the measure, both of which may be different from the period corresponding to utilization of services.

## H. Performance Measurement Data (HEDIS® or Other):

In this section, please report the numerators and denominators, rates for each measure (or component). The template provides two sections for entering the performance measurement data, depending on

whether you are reporting using HEDIS® or other methodologies. The form fields have been set up to facilitate entering numerators and denominators for each measure. If the form fields do not give you enough space to fully report on the measure, please use the “additional notes” section.

The preferred method is to calculate a “weighted rate” by summing the numerators and denominators across plans, and then deriving a single state-level rate based on the ratio of the numerator to the denominator). The reporting unit for each measure is the state as a whole. If states calculate rates for multiple reporting units (e.g., individual health plans, different health care delivery systems), states must aggregate data from all these sources into one state rate before reporting the data to CMS. In the situation where a state combines data across multiple reporting units, all or some of which use the hybrid method to calculate the rates, the state should enter zeroes in the “Numerator” and “Denominator” fields. In these cases, it should report the state-level rate in the “Rate” field and, when possible, include individual reporting unit numerators, denominators, and rates in the field labeled “Additional Notes on Measure,” along with a description of the method used to derive the state-level rate.

### **I. Explanation of Progress:**

The intent of this section is to allow your state to highlight progress and describe any quality-improvement activities that may have contributed to your progress. Any quality-improvement activity described should involve the CHIP program, benefit CHIP enrollees, and relate to the performance measure and your progress. An example of a quality-improvement activity is a state-wide initiative to inform individual families directly of their children’s immunization status with the goal of increasing immunization rates. CHIP would either be the primary lead or substantially involved in the project. If improvement has not occurred over time, this section can be used to discuss potential reasons for why progress was not seen and to describe future quality-improvement plans. In this section, your state is also asked to set annual performance objectives for FFY 2018, 2019 and 2020. Based on your recent performance on the measure (from FFY 2015 through 2017), use a combination of expert opinion and “best guesses” to set objectives for the next three years. Please explain your rationale for setting these objectives. For example, if your rate has been increasing by 3 or 4 percentage points per year, you might project future increases at a similar rate. On the other hand, if your rate has been stable over time, you might set a target that projects a small increase over time. If the rate has been fluctuating over time, you might look more closely at the data to ensure that the fluctuations are not an artifact of the data or the methods used to construct a rate. You might set an initial target that is an average of the recent rates, with slight increases in subsequent years. In future annual reports, you will be asked to comment on how your actual performance compares to the objective your state set for the year, as well as any quality-improvement activities that have helped or could help your state meet future objectives.

### **J. Other Comments on Measure:**

Please use this section to provide any other comments on the measure, such as data limitations, plans to report on a measure in the future, or differences between performance measures reported here and those discussed in Section 9 of the CHIP state plan.

**Objectives Related to Reducing the Number of Uninsured Children (Do not report data that was reported in Section IIA, Questions 2 and 3)**

<b>Other Comments on Measure:</b>	<b>Other Comments on Measure:</b>	<b>Other Comments on Measure:</b>

1. What other strategies does your state use to measure and report on access to, quality, or outcomes of care received by your CHIP population? What have you found? **[7500]**

The State completed its Medicaid Access Monitoring Report on the FFS population in Georgia and while the CHIP population is predominately in managed care they are usually served for the first few months through FFS before they are assigned to a CMO.

Key takeaways from the Access Monitoring and Review report are as follows:

**Beneficiary need and utilization:** Using CAHPS, most beneficiaries are able to get care as soon as needed. Performance Measure Reports show that, compared to those in managed care, FFS children have similar rates of access while rates for FFS adults vary by age. Utilization reports identify physician and community mental health services as the most commonly utilized FFS services.

**Access:** The Medical Care Advisory Committee (MCAC) members cited access concerns related to dental care, behavioral health, and Gynecology.

**Provider network adequacy:** Over 90% of Georgia FFS members in all 12 DCH regions have adequate access to providers: in urban areas, two Primary Care Physicians (PCPs) within 8 miles of their home, and one physician specialist, OBGYN, dental, behavioral health, or home health provider, within 30 miles of their home, and in rural areas, two Primary Care Physicians (PCPs) within 15 miles of their home, and one physician specialist, OBGYN, dental, behavioral health, or home health provider, within 45 miles of their home.

**Rate review:** On average, Medicare reimburses at a higher rate than Georgia Medicaid for the top utilized procedure codes. Rates vary when comparing Georgia's Medicaid reimbursement rates to other states.

2. What strategies does your CHIP program have for future measurement and reporting on access to, quality, or outcomes of care received by your CHIP population? When will data be available? **[7500]**

3. Have you conducted any focused quality studies on your CHIP population, e.g., adolescents, attention deficit disorder, substance abuse, special health care needs or other emerging health care needs? What have you found? **[7500]**

No specific quality studies have been performed on the CHIP population this year; however, a study was done of Medicaid-enrolled children with Severe Emotional Disturbances (as a follow up to a CHIPRA grant) and the long-term cost implications for enrolling them in high fidelity wraparound services as an alternative to residential care. The reference for this publication is: Snyder, A. B., Marton, J. H., Feng, B., McLaren, S., Zhou, M. (2017). Do High Fidelity Wraparound Services for Youth with Serious Emotional Disturbances Save Money in the Long-Term? The Journal of Mental Health Policy and Economics. 20: 167-175.

4. Please attach any additional studies, analyses or other documents addressing outreach, enrollment, access, quality, utilization, costs, satisfaction, or other aspects of your CHIP program's performance. Please include any analyses or descriptions of any efforts designed to reduce the number of uncovered children in the state through a state health insurance connector program or support for innovative private health coverage initiatives. **[7500]**

Enter any Narrative text related to Section IIB below. **[7500]**

## Section III: Assessment of State Plan and Program Operation

### Please reference and summarize attachments that are relevant to specific questions

Please note that the numbers in brackets, e.g., [7500] are character limits in the State Annual Report Template System (CARTS). You will not be able to enter responses with characters greater than the limit indicated in the brackets.

### Section IIIA: Outreach

1. How have you redirected/changed your outreach strategies during the reporting period? [7500]
  - More intentional in quality and less focus on quantity. Attending events where potential clients could benefit from the information and programs the agency provides.
  - Targeting more food banks and church community health School events as outreach events.
  
2. What methods have you found most effective in reaching low-income, uninsured children (e.g., T.V., school outreach, word-of-mouth)? How have you measured effectiveness? [7500]
  - Any event that targets our client's demographics. School outreaches are effective during open houses and parent meetings.
  - Attending community events through health fairs and festivals to ensure our information is reaching those who could be eligible for programs.
  - School outreach and outreach to health departments and community clinics. We have seen more P4HB and child Medical Assistance applications as a result.
  - Also receive feedback from customers, phone calls, applications received.
  
3. Which of the methods described in Question 2 would you consider a best practice(s)? [7500]

School open houses and back to school events are a great way to meet with families and hand out information on eligibility and programs. Many forms from the school will ask about health coverage for each child enrolled. Those with limited or no coverage can receive applications and information during school events and speak with a Medical Assistance representative on site.
  
4. Is your state targeting outreach to specific populations (e.g., minorities, immigrants, and children living in rural areas)?  
 Yes  No  

Have these efforts been successful, and how have you measured effectiveness? [7500]  
With each outreach event, a Medical Assistance representative is on site and able to answer questions and assist those who want to apply. The increase in applications received is a measure of our effectiveness.
  
5. What percentage of children below 200 percent of the federal poverty level (FPL) who are eligible for Medicaid or CHIP have been enrolled in those programs? [5]  
(Identify the data source used). [7500]

We have no reports have to provide this information other than the numbers reported in Section II.

Enter any Narrative text related to Section IIIA below. [7500]

See section II for enrollment information.

### Section IIIB: Substitution of Coverage (Crowd-out)

All states should answer the following questions. Please include percent calculations in your responses when applicable and requested.

1. Does your program require a child to be uninsured for a minimum amount of time prior to enrollment (waiting period)?

- No  
 Yes  
 N/A

If no, skip to question 5. If yes, answer questions 2-4:

2. How many months does your program require a child to be uninsured prior to enrollment?

3. To which groups (including FPL levels) does the period of uninsurance apply? [1000]

4. List all exemptions to imposing the period of uninsurance [1000]

5. Does your program match prospective enrollees to a database that details private insurance status?

- No  
 Yes  
 N/A

6. If answered yes to question 5, what database? [1000]

MMIS Database, State Health Benefit Plan, Board of Regents, HRMS match by TPL Unit

7. At the time of application, what percent of CHIP applicants are found to have Medicaid [(# applicants found to have Medicaid/total # applicants) \* 100] [5] 1.69 and what percent of applicants are found to have other group health insurance [(# applicants found to have other insurance/total # applicants) \* 100] [5]? .15  
Provide a combined percent if you cannot calculate separate percentages. [5]

8. What percent of CHIP applicants cannot be enrolled because they have group health plan coverage? [5] .15

a. Of those found to have had other, private insurance and have been uninsured for only a portion of the state's waiting period, what percent meet your state's exemptions to the waiting period (if your state has a waiting period and exemptions) [(# applicants who are exempt/total # of new applicants who were enrolled)\*100]? [5]

9. Do you track the number of individuals who have access to private insurance?

- Yes  No

10. If yes to question 9, what percent of individuals that enrolled in CHIP had access to private health insurance at the time of application during the last federal fiscal year [(# of individuals that had access to private health insurance/total # of individuals enrolled in CHIP)\*100]? [5]

Enter any Narrative text related to Section IIIB below. **[7500]**

The data provided in Section III B, #2 and #3 are totals from Q1 FFY2017 obtained from the legacy system prior to conversion. The State of Georgia converted to an integrated eligibility system in several waves throughout FFY 2017. Due to this conversion, and certain limitations of the system, the data may show some inconsistencies. However every effort was made to provide accurate data. Additionally, TPL denials are not separated by specific reason. They are included using the reason – They don't meet eligibility criteria or denied for non cooperation if verification/clarification is not provided.

## Section IIIC: Eligibility

This subsection should be completed by all states. Medicaid Expansion states should complete applicable responses and indicate those questions that are non-applicable with N/A.

### Section IIIC: Subpart A: Eligibility Renewal and Retention

1. Do you have authority in your CHIP state plan to provide for presumptive eligibility, and have you implemented this?  Yes  No

If yes,

- a. What percent of children are presumptively enrolled in CHIP pending a full eligibility determination? **[5]**
  - b. Of those children who are presumptively enrolled, what percent of those children are determined eligible and enrolled upon completion of the full eligibility determination? **[5]**
2. Select the measures from those below that your state employs to simplify an eligibility renewal and retain eligible children in CHIP.
- Conducts follow-up with clients through caseworkers/outreach workers
  - Sends renewal reminder notices to all families
    - How many notices are sent to the family prior to disenrolling the child from the program? **[500]**  
Two (2)
    - At what intervals are reminder notices sent to families (e.g., how many weeks before the end of the current eligibility period is a follow-up letter sent if the renewal has not been received by the state?) **[500]**  
The first notice is sent 51 days prior to renewal month and if renewal is not received, a second notice is sent the 12th day of renewal month
  - Other, please explain: **[500]**
3. Which of the above strategies appear to be the most effective? Have you evaluated the effectiveness of any strategies? If so, please describe the evaluation, including data sources and methodology. **[7500]**

We have not evaluated the effectiveness of any strategies

### Section IIIC: Subpart B: Eligibility Data

**Table 1. Data on Denials of Title XXI Coverage in FFY 2017**

States are required to report on all questions (1, 1.a., 1.b., and 1.c) in FFY 2017. Please enter the data requested in the table below and the template will tabulate the requested percentages.

Measure	Number	Percent
1. Total number of denials of title XXI coverage	33626	100
a. Total number of procedural denials	4155	12.4
b. Total number of eligibility denials	29471	87.6
i. Total number of applicants denied for title XXI and enrolled in title XIX		
<input checked="" type="checkbox"/> (Check here if there are no additional categories)		
c. Total number of applicants denied for other reasons Please indicate:		

2. Please describe any limitations or restrictions on the data used in this table:  
The State of Georgia converted to an integrated eligibility system in several waves throughout FFY 2017. Due to this conversion, and certain limitations of the system, the data may show some inconsistencies. However every effort was made to provide accurate data. Additionally, TPL denials are not separated by specific reason. They are included using the reason – They don't meet eligibility criteria or denied for non cooperation if verification/clarification is not provided.

## Definitions:

1. The “the total number of denials of title XXI coverage” is defined as the total number of applicants that have had an eligibility decision made for title XXI and denied enrollment for title XXI in FFY 2017. This definition only includes denials for title XXI at the time of initial application (not redetermination).
  - a. The “total number of procedural denials” is defined as the total number of applicants denied for title XXI procedural reasons in FFY 2017 (i.e., incomplete application, missing documentation, missing enrollment fee, etc.).
  - b. The “total number of eligibility denials” is defined as the total number of applicants denied for title XXI eligibility reasons in FFY 2017 (i.e., income too high, income too low for title XXI /referred for Medicaid eligibility determination/determined Medicaid eligible , obtained private coverage or if applicable, had access to private coverage during your state’s specified waiting period, etc.)
    - i. The total number of applicants that are denied eligibility for title XXI and determined eligible for title XIX.
  - c. The “total number of applicants denied for other reasons” is defined as any other type of denial that does not fall into 2a or 2b. Please check the box provided if there are no additional categories.

## Table 2. Redetermination Status of Children

For tables 2a and 2b, reporting is required for FFY 2017.

### Table 2a. Redetermination Status of Children Enrolled in Title XXI.

Please enter the data requested in the table below in the “Number” column, and the template will automatically tabulate the percentages.

Description	Number	Percent			
1. Total number of children who are enrolled in title XXI and eligible to be redetermined	119377	100%			
2. Total number of children screened for redetermination for title XXI	119377	100	100%		
3. Total number of children retained in title XXI after the redetermination process	57399	48.08	48.08		
4. Total number of children disenrolled from title XXI after the redetermination process	61978	51.92	51.92	100%	
a. Total number of children disenrolled from title XXI for failure to comply with procedures	29364			47.38	
b. Total number of children disenrolled from title XXI for failure to meet eligibility criteria	32614			52.62	100%
i. Disenrolled from title XXI because income too high for title XXI (If unable to provide the data, check here <input type="checkbox"/> )	4168				12.78
ii. Disenrolled from title XXI because income too low for title XXI (If unable to provide the data, check here <input type="checkbox"/> )	7464				22.89
iii. Disenrolled from title XXI because application indicated access to private coverage or obtained private coverage (If unable to provide the data or if you have a title XXI Medicaid Expansion and this data is not relevant check here <input checked="" type="checkbox"/> )					
iv. Disenrolled from title XXI for other eligibility reason(s) Please indicate: (If unable to provide the data check here <input checked="" type="checkbox"/> )					
c. Total number of children disenrolled from title XXI for other reason(s) Please indicate: (Check here if there are no additional categories <input checked="" type="checkbox"/> )					

5. If relevant, please describe any limitations or restrictions on the data entered into this table. Please describe any state policies or procedures that may have impacted the redetermination outcomes data [7500].

The State of Georgia converted to an integrated eligibility system in several waves throughout FFY 2017. Due to this conversion, and certain limitations of the system, the data may show some inconsistencies. However every effort was made to provide accurate data. Additionally, TPL denials are not separated by specific reason. They are included using the reason – They don’t meet eligibility criteria or denied for non cooperation if verification/clarification is not provided.

#### Definitions:

1. The “total number of children who are eligible to be redetermined” is defined as the total number of children due to renew their eligibility in federal fiscal year (FFY) 2017, and did not age out (did not exceed the program’s maximum age requirement) of the program by or before redetermination. This total number may include those children who are eligible to renew prior to their 12 month eligibility redetermination anniversary date. This total must include ex parte redeterminations, the process when a state uses information available to it through other databases, such as wage and labor records, to verify ongoing eligibility. This total number must also include children whose eligibility can be renewed through administrative redeterminations, whereby the state sends the family a renewal form that is pre-populated with eligibility information already available through program records and requires the family to report any changes.
2. The “total number of children screened for redetermination” is defined as the total number of children that were screened by the state for redetermination in FFY 2017 (i.e., ex parte redeterminations and administrative redeterminations, as well as those children whose families have returned redetermination forms to the state ).
3. The “total number of children retained after the redetermination process” is defined as the total number of children who were found eligible and remained in the program after the redetermination process in FFY 2017.
4. The “total number of children disenrolled from title XXI after the redetermination process” is defined as the total number of children who are disenrolled from title XXI following the redetermination process in FFY 2017. This includes those children that states may define as “transferred” to Medicaid for title XIX eligibility screening.
  - a. The “total number of children disenrolled for failure to comply with procedures” is defined as the total number of children disenrolled from title XXI for failure to successfully complete the redetermination process in FFY 2017 (i.e., families that failed to submit a complete application, failed to provide complete documentation, failed to pay premium or enrollment fee, etc.).
  - b. The “total number of children disenrolled for failure to meet eligibility criteria” is defined as the total number of children disenrolled from title XXI for no longer meeting one or more of their state’s CHIP eligibility criteria (i.e., income too low, income too high, obtained private coverage or if applicable, had access to private coverage during your state’s specified waiting period, etc.). If possible, please break out the reasons for failure to meet eligibility criteria in i.-iv.
  - c. The “total number of children disenrolled for other reason(s)” is defined as the total number of children disenrolled from title XXI for a reason other than failure to comply with procedures or failure to meet eligibility criteria, and are not already captured in 4.a. or 4.b.  
The data entered in 4.a., 4.b., and 4.c. should sum to the total number of children disenrolled from title XXI (line 4).

**Table 2b. Redetermination Status of Children Enrolled in Title XIX.**

Please enter the data requested in the table below in the “Number” column, and the template will automatically tabulate the percentages.

Description	Number	Percent			
1. Total number of children who are enrolled in title XIX and eligible to be redetermined	1678030	100%			
2. Total number of children screened for redetermination for title XIX	634113	37.79	100%		
3. Total number of children retained in title XIX after the redetermination process	355839	21.21	56.12		
4. Total number of children disenrolled from title XIX after the redetermination process	278274	16.58	43.88	100%	
a. Total number of children disenrolled from title XIX for failure to comply with procedures	27235			9.79	
b. Total number of children disenrolled from title XIX for failure to meet eligibility criteria	139376			50.09	100%
v. Disenrolled from title XIX because income too high for title XIX (If unable to provide the data, check here <input type="checkbox"/> )	111112				79.72
vi. Disenrolled from title XIX for other eligibility reason(s) Please indicate: (If unable to provide the data check here <input checked="" type="checkbox"/> )					

Description	Number	Percent			
c. Total number of children disenrolled from title XIX for other reason(s) Please indicate: (Check here if there are no additional categories <input checked="" type="checkbox"/> )					

5. If relevant, please describe any limitations or restrictions on the data entered into this table. Please describe any state policies or procedures that may have impacted the redetermination outcomes data **[7500]**.

The State of Georgia converted to an integrated eligibility system in several waves throughout FFY 2017. Due to this conversion, and certain limitations of the system, the data may show some inconsistencies. However every effort was made to provide accurate data.

**Definitions:**

1. The “total number of children who are eligible to be redetermined” is defined as the total number of children due to renew their eligibility in federal fiscal year (FFY) 2017, and did not age out (did not exceed the program’s maximum age requirement) of the program by or before redetermination. This total number may include those children who are eligible to renew prior to their 12 month eligibility redetermination anniversary date. This total must include ex parte redeterminations, the process when a state uses information available to it through other databases, such as wage and labor records, to verify ongoing eligibility. This total number must also include children whose eligibility can be renewed through administrative redeterminations, whereby the state sends the family a renewal form that is pre-populated with eligibility information already available through program records and requires the family to report any changes.
2. The “total number of children screened for redetermination” is defined as the total number of children that were screened by the state for redetermination in FFY 2017 (i.e., ex parte redeterminations and administrative redeterminations, as well as those children whose families have returned redetermination forms to the state ).
3. The “total number of children retained after the redetermination process” is defined as the total number of children who were found eligible and remained in the program after the redetermination process in FFY 2017.
4. The “total number of children disenrolled from title XIX after the redetermination process” is defined as the total number of children who are disenrolled from title XIX following the redetermination process in FFY 2017. This includes those children that states may define as “transferred” to CHIP for title XXI eligibility screening.
  - a. The “total number of children disenrolled for failure to comply with procedures” is defined as the total number of children disenrolled from title XIX for failure to successfully complete the redetermination process in FFY 2017 (i.e., families that failed to submit a complete application, failed to provide complete documentation, failed to pay premium or enrollment fee, etc.).
  - b. The “total number of children disenrolled for failure to meet eligibility criteria” is defined as the total number of children disenrolled from title XIX for no longer meeting one or more of their state’s Medicaid eligibility criteria (i.e., income too high, etc.).
  - c. The “total number of children disenrolled for other reason(s)” is defined as the total number of children disenrolled from title XIX for a reason other than failure to comply with procedures or failure to meet eligibility criteria, and are not already captured in 4.a. or 4.b.

The data entered in 4.a., 4.b., and 4.c. should sum to the total number of children disenrolled from title XIX (line 4).

Table 3. Duration Measure of Selected Children, Ages 0-16, Enrolled in Title XIX and Title XXI, Second Quarter FFY 2017

The purpose of tables 3a and 3b is to measure the duration, or continuity, of Medicaid and CHIP enrollees' coverage. This information is required by Section 402(a) of CHIPRA. **Reporting on this table is required.**

Because the measure is designed to capture continuity of coverage in title XIX and title XXI beyond one year of enrollment, the measure collects data for 18 months of enrollment. This means that reporting spans two CARTS reports over two years. The duration measure uses a cohort of children and follows the enrollment of the same cohort of children for 18 months to measure continuity of coverage. **States identify a new cohort of children every two years. States identified newly enrolled children in the second quarter of FFY 2016 (January, February, and March of 2016) for the FFY 2016 CARTS report. This same cohort of children will be reported on in the FFY 2017 CARTS report. If your eligibility system already has the capability to track a cohort of enrollees over time, an additional "flag" or unique identifier may not be necessary.**

**The FFY 2017 CARTS report is the second year of reporting in the cycle of two CARTS reports on the cohort of children identified in the second quarter of FFY 2016.** The next cohort of children will be identified in the second quarter of the FFY 2018 (January, February and March of 2018).

**Instructions:** For this measure, please identify newly enrolled children in both title XIX and title XXI in the second quarter of FFY 2016, ages 0 months to 16 years at time of enrollment. Children enrolled in January 2016 must have birthdates after July 1999 (e.g., children must be younger than 16 years and 5 months) to ensure that they will not age out of the program at the 18<sup>th</sup> month of coverage. Similarly, children enrolled in February 2016 must have birthdates after August 1999, and children enrolled in March 2016 must have birthdates after September 1999. Each child newly enrolled during this time frame needs a unique identifier or "flag" so that the cohort can be tracked over time. If your eligibility system already has the capability to track a cohort of enrollees over time, an additional "flag" or unique identifier may not be necessary. Please follow the child based on the child's age category at the time of enrollment (e.g., the child's age at enrollment creates an age cohort that does not change over the 18 month time span).

Please enter the data requested in the tables below, and the template will tabulate the percentages. The tables are pre-populated with the 6-month data you reported last year; in this report you will only enter data on the 12- and 18-month enrollment status.. **Only enter a "0" (zero) if the data are known to be zero. If data are unknown or unavailable, leave the field blank.**

**Note that all data must sum correctly in order to save and move to the next page.** The data in each individual row must add across to sum to the total in the "All Children Ages 0-16" column for that row. And in each column, the data within each time period (6, 12 and 18 months) must each sum up to the data in row 1, which is the number of children in the cohort. This means that in each column, rows 2, 3 and 4 must sum to the total in row 1; rows 5, 6 and 7 must sum to the row 1; and rows 8, 9 and 10 must sum to row 1. **Rows numbered with an "a" (e.g., rows 3a and 4a) are excluded from the total because they are subsets of their respective rows.**

### Table 3a. Duration Measure of Children Enrolled in Title XIX

**Not Previously Enrolled in CHIP or Medicaid**—"Newly enrolled" is defined as not enrolled in either title XXI or title XIX in the month before enrollment (i.e., for a child enrolled in January 2016, he/she would not be enrolled in either title XXI or title XIX in December 2015, etc.)

**Not Previously Enrolled in Medicaid**—"Newly enrolled" is defined as not enrolled in title XIX in the month before enrollment (i.e., for a child enrolled in January 2016, he/she would not be enrolled in title XIX in December 2015, etc.)

Table 3a. Duration Measure, Title XIX	All Children Ages 0-16		Age Less than 12 months		Ages 1-5		Ages 6-12		Ages 13-16	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent	Number	Percent
1. Total number of children newly enrolled in title XIX in the second quarter of FFY 2016	82578	100%	22933	100%	23504	100%	25621	100%	10520	100%
<b>Enrollment Status 6 months later</b>										
2. Total number of children continuously enrolled in title XIX	78216	94.72	22095	96.35	22140	94.2	24105	94.08	9876	93.88
3. Total number of children with a break in title XIX coverage but re-enrolled in title XIX	787	0.95	65	0.28	277	1.18	332	1.3	113	1.07

7.a. Total number of children enrolled in CHIP (title XXI) after being disenrolled from title XIX (If unable to provide the data, check here <input type="checkbox"/> )	1000	1.21	108	0.47	330	1.4	413	1.61	149	1.42
<b>Enrollment Status 18 months later</b>										
8. Total number of children continuously enrolled in title XIX	45252	54.8	12036	52.48	13303	56.6	14315	55.87	5598	53.21
9. Total number of children with a break in title XIX coverage but re-enrolled in title XIX	10975	13.29	3050	13.3	3415	14.53	3297	12.87	1213	11.53
9.a. Total number of children enrolled in CHIP (title XXI) during title XIX coverage break (If unable to provide the data, check here <input type="checkbox"/> )	548	0.66	88	0.38	154	0.66	235	0.92	71	0.67
10. Total number of children disenrolled from title XIX	26351	31.91	7847	34.22	6786	28.87	8009	31.26	3709	35.26
10.a. Total number of children enrolled in CHIP (title XXI) after being disenrolled from title XIX (If unable to provide the data, check here <input type="checkbox"/> )	3498	4.24	983	4.29	902	3.84	1141	4.45	472	4.49

**Definitions:**

1. The “total number of children newly enrolled in title XIX in the second quarter of FFY 2016” is defined as those children either new to public coverage or new to title XIX, in the month before enrollment. Please define your population of “newly enrolled” in the Instructions section.
2. The total number of children that were continuously enrolled in title XIX for 6 months is defined as the sum of:
  - the number of children with birthdates after July 1999, who were newly enrolled in January 2016 and who were continuously enrolled through the end of June 2016
  - + the number of children with birthdates after August 1999, who were newly enrolled in February 2016 and who were continuously enrolled through the end of July 2016
  - + the number of children with birthdates after September 1999, who were newly enrolled in March 2016 and who were continuously enrolled through the end of August 2016
3. The total number who had a break in title XIX coverage during 6 months of enrollment (regardless of the number of breaks in coverage) but were re-enrolled in title XIX by the end of the 6 months, is defined as the sum of:
  - the number of children with birthdates after July 1999, who were newly enrolled in January 2016 and who disenrolled and re-enrolled in title XIX by the end of June 2016
  - + the number of children with birthdates after August 1999, who were newly enrolled in February 2016 and who disenrolled and re-enrolled in title XIX by the end of July 2016
  - + the number of children with birthdates after September 1999, who were newly enrolled in March 2016 and who disenrolled and re-enrolled in title XIX by the end of August 2016
  - 3.a. From the population in #3, provide the total number of children who were enrolled in title XXI during their break in coverage
4. The total number who disenrolled from title XIX, 6 months after their enrollment month is defined as the sum of:
  - the number of children with birthdates after July 1999, who were newly enrolled in January 2016 and were disenrolled by the end of June 2016
  - + the number of children with birthdates after August 1999, who were newly enrolled in February 2016 and were disenrolled by the end of July 2016
  - + the number of children with birthdates after September 1999, who were newly enrolled in March 2016 and were disenrolled by the end of August 2016
  - 4.a. From the population in #4, provide the total number of children who were enrolled in title XXI in the month after their disenrollment from title XIX.
5. The total number of children who were continuously enrolled in title XIX for 12 months is defined as the sum of:
  - the number of children with birthdates after July 1999, who were newly enrolled in January 2016 and were continuously enrolled through the end of December 2016
  - + the number of children with birthdates after August 1999, who were newly enrolled in February 2016 and were continuously enrolled through the end of January 2017
  - + the number of children with birthdates after September 1999, who were newly enrolled in March 2016 and were continuously enrolled through the end of February 2017
6. The total number of children who had a break in title XIX coverage during 12 months of enrollment (regardless of the number of breaks in coverage), but were re-enrolled in title XIX by the end of the 12 months, is defined as the sum of:
  - the number of children with birthdates after July 1999, who were newly enrolled in January 2016 and who disenrolled and then re-enrolled in title XIX by the end of December 2016

- + the number of children with birthdates after August 1999, who were newly enrolled in February 2016 and who disenrolled and then re-enrolled in title XIX by the end of January 2017
- + the number of children with birthdates after September 1999 who were newly enrolled in March 2016 and who disenrolled and then re-enrolled in title XIX by the end of February 2017

6.a. From the population in #6, provide the total number of children who were enrolled in title XXI during their break in coverage.

7. The total number of children who disenrolled from title XIX 12 months after their enrollment month is defined as the sum of:
- the number of children with birthdates after July 1999, who were enrolled in January 2016 and were disenrolled by the end of December 2016
  - + the number of children with birthdates after August 1999, who were enrolled in February 2016 and were disenrolled by the end of January 2017
  - + the number of children with birthdates after September 1999, who were enrolled in March 2016 and were disenrolled by the end of February 2017

7.a. From the population in #7, provide the total number of children, who were enrolled in title XXI in the month after their disenrollment from title XIX.

8. The total number of children who were continuously enrolled in title XIX for 18 months is defined as the sum of:
- the number of children with birthdates after July 1999, who were newly enrolled in January 2016 and were continuously enrolled through the end of June 2017
  - + the number of children with birthdates after August 1999, who were newly enrolled in February 2016 and were continuously enrolled through the end of July 2017
  - + the number of children with birthdates after September 1999, who were newly enrolled in March 2016 and were continuously enrolled through the end of August 2017

9. The total number of children who had a break in title XIX coverage during 18 months of enrollment (regardless of the number of breaks in coverage), but were re-enrolled in title XIX by the end of the 18 months, is defined as the sum of:
- the number of children with birthdates after July 1999, who were newly enrolled in January 2016 and who disenrolled and re-enrolled in title XIX by the end of June 2017
  - + the number of children with birthdates after August 1999, who were newly enrolled in February 2016 and who disenrolled and re-enrolled in title XIX by the end of July 2017
  - + the number of children with birthdates after September 1999, who were newly enrolled in March 2016 and who disenrolled and re-enrolled in title XIX by the end of August 2017

9.a. From the population in #9, provide the total number of children who were enrolled in title XXI during their break in coverage.

10. The total number of children who were disenrolled from title XIX 18 months after their enrollment month is defined as the sum of:
- the number of children with birthdates after July 1999, who were newly enrolled in January 2016 and disenrolled by the end of June 2017
  - + the number of children with birthdates after August 1999, who were newly enrolled in February 2016 and disenrolled by the end of July 2017
  - + the number of children with birthdates after September 1999, who were newly enrolled in March 2016 and disenrolled by the end of August 2017

10.a. From the population in #10, provide the total number of children who were enrolled in title XXI (CHIP) in the month after their disenrollment from XIX.

### **Table 3b. Duration Measure of Children Enrolled in Title XXI**

Specify how your “newly enrolled” population is defined:

**Not Previously Enrolled in CHIP or Medicaid**—“Newly enrolled” is defined as not enrolled in either title XXI or title XIX in the month before enrollment (i.e., for a child enrolled in January 2016, he/she would not be enrolled in either title XXI or title XIX in December 2015, etc.)

**Not Previously Enrolled in CHIP**—“Newly enrolled” is defined as not enrolled in title XXI in the month before enrollment (i.e., for a child enrolled in January 2016, he/she would not be enrolled in title XXI in December 2015, etc.)

Table 3b. Duration Measure, Title XXI	All Children Ages 0-16		Age Less than 12 months		Ages 1-5		Ages 6-12		Ages 13-16	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent	Number	Percent
1. Total number of children newly enrolled in title XXI in the second quarter of FFY 2016	18126	100%	91	100%	4678	100%	9207	100%	4150	100%
<b>Enrollment Status 6 months later</b>										
2. Total number of children continuously enrolled in title XXI	15023	82.88	83	91.21	4235	90.53	7389	80.25	3316	79.9
3. Total number of children with a break in title XXI coverage but re-enrolled in title XXI	505	2.79	1	1.1	47	1	317	3.44	140	3.37
3.a. Total number of children enrolled in Medicaid (title XIX) during title XXI coverage break (If unable to provide the data, check here <input type="checkbox"/> )	23	0.13	1	1.1	8	0.17	10	0.11	4	0.1
4. Total number of children disenrolled from title XXI	2598	14.33	7	7.69	396	8.47	1501	16.3	694	16.72
4.a. Total number of children enrolled in Medicaid (title XIX) after being disenrolled from title XXI (If unable to provide the data, check here <input type="checkbox"/> )	1045	5.77	5	5.49	288	6.16	528	5.73	224	5.4
<b>Enrollment Status 12 months later</b>										
5. Total number of children continuously enrolled in title XXI	10864	59.94	75	82.42	3412	72.94	5071	55.08	2306	55.57
6. Total number of children with a break in title XXI coverage but re-enrolled in title XXI	1517	8.37	3	3.3	122	2.61	935	10.16	457	11.01
6.a. Total number of children enrolled in Medicaid (title XIX) during title XXI coverage break (If unable to provide the data, check here <input type="checkbox"/> )	77	0.42	2	2.2	26	0.56	34	0.37	15	0.36
7. Total number of children disenrolled from title XXI	5745	31.69	13	14.29	1144	24.45	3201	34.77	1387	33.42
7.a. Total number of children enrolled in Medicaid (title XIX) after being disenrolled from title XXI (If unable to provide the data, check here <input type="checkbox"/> )	3010	16.61	8	8.79	813	17.38	1583	17.19	606	14.6
<b>Enrollment Status 18 months later</b>										
8. Total number of children continuously enrolled in title XXI	6121	33.77	46	50.55	1923	41.11	2879	31.27	1273	30.67
9. Total number of children with a break in title XXI coverage but re-enrolled in title XXI	1768	9.75	6	6.59	258	5.52	1011	10.98	493	11.88
9.a. Total number of children enrolled in Medicaid (title XIX) during title XXI coverage break (If unable to provide the data, check here <input type="checkbox"/> )	401	2.21	4	4.4	138	2.95	177	1.92	82	1.98
10. Total number of children disenrolled from title XXI	10237	56.48	39	42.86	2497	53.38	5317	57.75	2384	57.45
10.a. Total number of children enrolled in Medicaid (title XIX) after being disenrolled from title XXI (If unable to provide the data, check here <input type="checkbox"/> )	4834	26.67	14	15.38	1351	28.88	2493	27.08	976	23.52

**Definitions:**

1. The “total number of children newly enrolled in title XXI in the second quarter of FFY 2016” is defined as those children either new to public coverage or new to title XXI, in the month before enrollment. Please define your population of “newly enrolled” in the Instructions section.
2. The total number of children that were continuously enrolled in title XXI for 6 months is defined as the sum of:
  - the number of children with birthdates after July 1999, who were newly enrolled in January 2016 and who were continuously enrolled through the end of June 2016
  - + the number of children with birthdates after August 1999, who were newly enrolled in February 2016 and who were continuously enrolled through the end of July 2016
  - + the number of children with birthdates after September 1999, who were newly enrolled in March 2016 and who were continuously enrolled through the end of August 2016
3. The total number who had a break in title XXI coverage during 6 months of enrollment (regardless of the number of breaks in coverage) but were re-enrolled in title XXI by the end of the 6 months, is defined as the sum of:
  - the number of children with birthdates after July 1999, who were newly enrolled in January 2016 and who disenrolled and re-enrolled in title XXI by the end of June 2016
  - + the number of children with birthdates after August 1999, who were newly enrolled in February 2016 and who disenrolled and re-enrolled in title XXI by the end of July 2016
  - + the number of children with birthdates after September 1999, who were newly enrolled in March 2016 and who disenrolled and re-enrolled in title XXI by the end of August 2016
  - 3.a. From the population in #3, provide the total number of children who were enrolled in title XIX during their break in coverage.
4. The total number who disenrolled from title XXI, 6 months after their enrollment month is defined as the sum of:
  - the number of children with birthdates after July 1999, who were newly enrolled in January 2016 and were disenrolled by the end of June 2016
  - + the number of children with birthdates after August 1999, who were newly enrolled in February 2016 and were disenrolled by the end of July 2016
  - + the number of children with birthdates after September 1999, who were newly enrolled in March 2016 and were disenrolled by the end of August 2016
  - 4.a. From the population in #4, provide the total number of children who were enrolled in title XIX in the month after their disenrollment from title XXI.
5. The total number of children who were continuously enrolled in title XXI for 12 months is defined as the sum of:
  - the number of children with birthdates after July 1999, who were newly enrolled in January 2016 and were continuously enrolled through the end of December 2016
  - + the number of children with birthdates after August 1999, who were newly enrolled in February 2016 and were continuously enrolled through the end of January 2017
  - + the number of children with birthdates after September 1999, who were newly enrolled in March 2016 and were continuously enrolled through the end of February 2017
6. The total number of children who had a break in title XXI coverage during 12 months of enrollment (regardless of the number of breaks in coverage), but were re-enrolled in title XXI by the end of the 12 months, is defined as the sum of:
  - the number of children with birthdates after July 1999, who were newly enrolled in January 2016 and who disenrolled and then re-enrolled in title XXI by the end of December 2016
  - + the number of children with birthdates after August 1999, who were newly enrolled in February 2016 and who disenrolled and then re-enrolled in title XXI by the end of January 2017
  - + the number of children with birthdates after September 1999, who were newly enrolled in March 2016 and who disenrolled and then re-enrolled in title XXI by the end of February 2017
  - 6.a. From the population in #6, provide the total number of children who were enrolled in title XIX during their break in coverage.
7. The total number of children who disenrolled from title XXI 12 months after their enrollment month is defined as the sum of:

the number of children with birthdates after July 1999, who were enrolled in January 2016 and were disenrolled by the end of December 2016  
+ the number of children with birthdates after August 1999, who were enrolled in February 2016 and were disenrolled by the end of January 2017  
+ the number of children with birthdates after September 1999, who were enrolled in March 2016 and were disenrolled by the end of February 2017

7.a. From the population in #7, provide the total number of children, who were enrolled in title XIX in the month after their disenrollment from title XXI.

8. The total number of children who were continuously enrolled in title XXI for 18 months is defined as the sum of:  
the number of children with birthdates after July 1999, who were newly enrolled in January 2016 and were continuously enrolled through the end of June 2017  
+ the number of children with birthdates after August 1999, who were newly enrolled in February 2016 and were continuously enrolled through the end of July 2017  
+ the number of children with birthdates after September 1999, who were newly enrolled in March 2016 and were continuously enrolled through the end of August 2017
9. The total number of children who had a break in title XXI coverage during 18 months of enrollment (regardless of the number of breaks in coverage), but were re-enrolled in title XXI by the end of the 18 months, is defined as the sum of:  
the number of children with birthdates after July 1999, who were newly enrolled in January 2016 and who disenrolled and re-enrolled in title XXI by the end of June 2017  
+ the number of children with birthdates after August 1999, who were newly enrolled in February 2016 and who disenrolled and re-enrolled in title XXI by the end of July 2017  
+ the number of children with birthdates after September 1999, who were newly enrolled in March 2016 and who disenrolled and re-enrolled in title XXI by the end of August 2017
- 9.a. From the population in #9, provide the total number of children who were enrolled in title XIX during their break in coverage.
10. The total number of children who were disenrolled from title XXI 18 months after their enrollment month is defined as the sum of:  
the number of children with birthdates after July 1999, who were newly enrolled in January 2016 and disenrolled by the end of June 2017  
+ the number of children with birthdates after August 1999, who were newly enrolled in February 2016 and disenrolled by the end of July 2017  
+ the number of children with birthdates after September 1999, who were newly enrolled in March 2016 and disenrolled by the end of August 2017
- 10.a. From the population in #10, provide the total number of children who were enrolled in title XIX (Medicaid) in the month after their disenrollment from XXI.

Enter any Narrative text related to Section IIIC below. **[7500]**

## Section IIID: Cost Sharing

1. Describe how the state tracks cost sharing to ensure enrollees do not pay more than 5 percent aggregate maximum in the year?

a. Cost sharing is tracked by:

Enrollees (shoebox method)

If the state uses the shoebox method, please describe informational tools provided to enrollees to track cost sharing. **[7500]**

Health Plan(s)

State

Third Party Administrator

N/A (No cost sharing required)

Other, please explain. **[7500]**

2. When the family reaches the 5% cap, are premiums, copayments and other cost sharing ceased?  Yes  No

3. Please describe how providers are notified that no cost sharing should be charged to enrollees exceeding the 5% cap. **[7500]**

Premium amounts are programmed into the MMIS system so that an enrollee can not exceed the 5% cap. Providers are instructed to check eligibility for members when services are provided. In checking eligibility, the provider would be able to see on-line or hear by phone, the eligibility status for a member along with information indicating whether or not a co-pay is required for the patient. The MMIS system calculates premium and co-pay information and totals. They notify the eligibility vendor when cap is reached. Premiums are also stopped.

4. Please provide an estimate of the number of children that exceeded the 5 percent cap in the state's CHIP program during the federal fiscal year. **[500]**

The cap was only reached by children that also became Medicaid eligible and were referred to the Medicaid agency.

5. Has your state undertaken any assessment of the effects of premiums/enrollment fees on participation in CHIP?

Yes  No If so, what have you found? **[7500]**

6. Has your state undertaken any assessment of the effects of cost sharing on utilization of health services in CHIP?

Yes  No If so, what have you found? **[7500]**

7. If your state has increased or decreased cost sharing in the past federal fiscal year, how is the state monitoring the impact of these changes on application, enrollment, disenrollment, and utilization of children's health services in CHIP. If so, what have you found? **[7500]**

Enter any Narrative text related to Section IIID below. **[7500]**

## Section III E: Employer sponsored insurance Program (including Premium Assistance)

1. Does your state offer an employer sponsored insurance program (including a premium assistance program under the CHIP State Plan or a Section 1115 Title XXI Demonstration) for children and/or adults using Title XXI funds?

- Yes, please answer questions below.  
 No, skip to Program Integrity subsection.

### Children

- Yes, Check all that apply and complete each question for each authority.
- Purchase of Family Coverage under the CHIP state plan (2105(c)(3))
  - Additional Premium Assistance Option under CHIP state plan (2105(c)(10))
  - Section 1115 Demonstration (Title XXI)
  - Premium Assistance Option (applicable to Medicaid Expansion) children (1906)
  - Premium Assistance Option (applicable to Medicaid Expansion) children (1906A)

### Adults

- Yes, Check all that apply and complete each question for each authority.
- Purchase of Family Coverage under the CHIP state plan (2105(c)(10))
  - Section 1115 demonstration (Title XXI)
  - Premium Assistance option under the Medicaid state plan (1906)
  - Premium Assistance option under the Medicaid state plan (1906A)
2. Please indicate which adults your state covers with premium assistance. (Check all that apply.)
- Parents and Caretaker Relatives
  - Pregnant Women
3. Briefly describe how your program operates (e.g., is your program an employer sponsored insurance program or a premium assistance program, how do you coordinate assistance between the state and/or employer, who receives the subsidy if a subsidy is provided, etc.) **[7500]**
4. What benefit package does the ESI program use? **[7500]**
5. Are there any minimum coverage requirements for the benefit package?  
 Yes  No
6. Does the program provide wrap-around coverage for benefits?  
 Yes  No
7. Are there limits on cost sharing for children in your ESI program?  
 Yes  No

8. Are there any limits on cost sharing for adults in your ESI program?  
 Yes  No
9. Are there protections on cost sharing for children (e.g., the 5 percent out-of-pocket maximum) in your premium assistance program?  
 Yes  No  
 If yes, how is the cost sharing tracked to ensure it remains within the 5 percent yearly aggregate maximum **[7500]**?

10. Identify the total number of children and adults enrolled in the ESI program for whom Title XXI funds are used during the reporting period (provide the number of adults enrolled in this program even if they were covered incidentally, i.e., not explicitly covered through a demonstration).

Number of childless adults ever-enrolled during the reporting period

Number of adults ever-enrolled during the reporting period

Number of children ever-enrolled during the reporting period

11. Provide the average monthly enrollment of children and parents ever enrolled in the premium assistance program during FFY 2017.

Children                  Parents

12. During the reporting period, what has been the greatest challenge your ESI program has experienced? **[7500]**
13. During the reporting period, what accomplishments have been achieved in your ESI program? **[7500]**
14. What changes have you made or are planning to make in your ESI program during the next fiscal year? Please comment on why the changes are planned. **[7500]**
15. What do you estimate is the impact of your ESI program (including premium assistance) on enrollment and retention of children? How was this measured? **[7500]**
16. Provide the average amount each entity pays towards coverage of the dependent child/parent under your ESI program:

Population	State	Employer	Employee
Child			
Parent			

17. Indicate the range in the average monthly dollar amount of premium assistance provided by the state on behalf of a child or parent.

Children	Low	High
Parent	Low	High

18. If you offer a premium assistance program, what, if any, is the minimum employer contribution? **[500]**

19. Please provide the income levels of the children or families provided premium assistance.  
From To

Income level of Children: % of FPL [5] % of FPL [5]  
Income level of Parents: % of FPL [5] % of FPL [5]

20. Is there a required period of uninsurance before enrolling in premium assistance?

Yes  No

If yes, what is the period of uninsurance? **[500]**

21. Do you have a waiting list for your program?  Yes  No

22. Can you cap enrollment for your program?  Yes  No

23. What strategies has the state found to be effective in reducing administrative barriers to the provision of premium assistance in ESI? **[7500]**

Enter any Narrative text related to Section III E below. **[7500]**

### Section III F: Program Integrity

**COMPLETE ONLY WITH REGARD TO SEPARATE CHIP PROGRAMS, I.E., THOSE THAT ARE NOT MEDICAID EXPANSIONS)**

1. Does your state have a written plan that has safeguards and establishes methods and procedures for:

(1) prevention:  Yes  No

(2) investigation:  Yes  No

(3) referral of cases of fraud and abuse?  Yes  No

Please explain: **[7500]**

Do managed health care plans with which your program contracts have written plans?

Yes  No

Please Explain: **[500]**

The managed care plans work with the Medicaid Program Integrity Unit when investigations are needed. The Medicaid Program Integrity unit handles Medicaid and PeachCare for Kids(CHIP) investigations

2. For the reporting period, please report the
  - 13 Number of fair hearing appeals of eligibility denials
  - 12 Number of cases found in favor of beneficiary
3. For the reporting period, please indicate the number of cases investigated, and cases referred, regarding fraud and abuse in the following areas:
  - Provider Credentialing
    - 0 Number of cases investigated
    - 0 Number of cases referred to appropriate law enforcement officials
  - Provider Billing
    - 350 Number of cases investigated
    - 33 Number of cases referred to appropriate law enforcement officials
  - Beneficiary Eligibility
    - 320 Number of cases investigated
    - 20 Number of cases referred to appropriate law enforcement officials

Are these cases for:

CHIP

Medicaid and CHIP Combined

4. Does your state rely on contractors to perform the above functions?
  - Yes, please answer question below.
  - No
5. If your state relies on contractors to perform the above functions, how does your state provide oversight of those contractors? Please explain: **[7500]**

The Department of Community Health and managed care health plans oversee the provider credentialing function.
6. Do you contract with managed care health plans and/or a third party contractor to provide this oversight?
  - Yes
  - No

Please Explain: **[500]**

The Department of Community Health and managed care health plans oversee the provider credentialing function.

Enter any Narrative text related to Section IIIF below. **[7500]**

During conversion to our new integrated eligibility system the availability of the Fair Hearing module was not functioning until all programs and counties were converted. Therefore, Fair Hearing Appeal data is inconsistent and the numbers reported here in #2 are from the first quarter of FFY 2017 prior to conversion.

## Section III G: Dental Benefits:

Please ONLY report data in this section for children in Separate CHIP programs and the Separate CHIP part of Combination programs. Reporting is required for all states with Separate CHIP programs and Combination programs. If your state has a Combination program or a Separate CHIP program but you are not reporting data in this section on children in the Separate CHIP part of your program, please explain why. Explain: [7500]

**1. Information on Dental Care for Children in Separate CHIP Programs (including children in the Separate CHIP part of Combination programs). Include all delivery system types, e.g. MCO, PCCM, FFS.**

Data for this table are based on the definitions provided on the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416)

**a. Annual Dental Participation Table for Children Enrolled in Separate CHIP programs and the Separate CHIP part of Combination programs (for Separate CHIP programs, please include ONLY children receiving full CHIP benefits and supplemental benefits).**

FFY 2017	Total (All age groups)	<1 year	1 – 2 years	3 – 5 years	6 – 9 years	10–14 years	15–18 years
Total Individuals Enrolled for at Least 90 Continuous Days <sup>1</sup>	166246	174	8892	22145	38425	52678	43932
Total Enrollees Receiving Any Dental Services <sup>2</sup> [7]	106928	1	2570	13758	28427	36769	25403
Total Enrollees Receiving Preventive Dental Services <sup>3</sup> [7]	102316	1	2272	13267	27650	35656	23470
Total Enrollees Receiving Dental Treatment Services <sup>4</sup>	44236		469	4282	13078	15006	11401

FFY 2017	Total (All age groups)	<1 year	1 – 2 years	3 – 5 years	6 – 9 years	10–14 years	15–18 years
[7]							

<sup>1</sup> **Total Individuals Enrolled for at Least 90 Continuous Days** – Enter the total unduplicated number of children who have been continuously enrolled in a separate CHIP program or the separate CHIP part of a combination program for at least 90 continuous days in the federal fiscal year, distributed by age. For example, if a child was enrolled January 1<sup>st</sup> to March 31<sup>st</sup>, this child is considered continuously enrolled for at least 90 continuous days in the federal fiscal year. If a child was enrolled from August 1<sup>st</sup> to September 30<sup>th</sup> and from October 1<sup>st</sup> to November 30<sup>th</sup>, the child would not be considered to have been enrolled for 90 continuous days in the federal fiscal year. Children should be counted in age groupings based on their age at the end of the fiscal year. For example, if a child turned 3 on September 15<sup>th</sup>, the child should be counted in the 3-6 age grouping.

<sup>2</sup>**Total Enrollees Receiving Any Dental Services** - Enter the unduplicated number of children enrolled in a separate CHIP program or the separate CHIP part of a combination program for at least 90 continuous days who received at least one dental service by or under the supervision of a dentist as defined by HCPCS codes D0100 - D9999 (or equivalent CDT codes D0100 - D9999 or equivalent CPT codes) based on an unduplicated paid, unpaid, or denied claim.

<sup>3</sup>**Total Enrollees Receiving Preventive Dental Services** - Enter the unduplicated number of children enrolled in a separate CHIP program or the separate CHIP part of a combination program for at least 90 continuous days who received at least one preventive dental service by or under the supervision of a dentist as defined by HCPCS codes D1000 - D1999 (or equivalent CDT codes D1000 - D1999 or equivalent CPT codes, that is, only those CPT codes that are for preventive dental services and only if provided by or under the supervision of a dentist), based on an unduplicated paid, unpaid, or denied claim.

<sup>4</sup>**Total Enrollees Receiving Dental Treatment Services** - Enter the unduplicated number of children enrolled in a separate CHIP program or the separate CHIP part of a combination program for at least 90 continuous days who received at least one treatment service by or under the supervision of a dentist, as defined by HCPCS codes D2000 - D9999 (or equivalent CDT codes D2000 - D9999 or equivalent CPT codes, that is, only those CPT codes that involve periodontics, maxillofacial prosthetics, implants, oral and maxillofacial surgery, orthodontics, adjunctive general services, and only if provided by or under the supervision of a dentist), based on an unduplicated paid, unpaid, or denied claim.

Report all dental services data in the age category reflecting the child's age at the end of the federal fiscal year even if the child received services while in two age categories. For example, if a child turned 10 on September 1<sup>st</sup>, but had a cleaning in April and a cavity filled in September, both the cleaning and the filling would be counted in the 10-14 age category.

**b. For the age grouping that includes children 8 years of age, what is the number of such children who have received a sealant on at least one permanent molar tooth<sup>5</sup>? [7]**

6912

<sup>5</sup>**Receiving a Sealant on a Permanent Molar Tooth** -- Enter the unduplicated number of children enrolled in a separate CHIP program or the separate CHIP part of a combination program for 90 continuous days and in the age category of 6-9 who received a sealant on a permanent molar tooth, as defined by HCPCS code D1351 (or equivalent CDT code D1351),

based on an unduplicated paid, unpaid, or denied claim. For this line, include sealants placed by any dental professional for whom placing a sealant is within his or her scope of practice. Permanent molars are teeth numbered 2, 3, 14, 15, 18, 19, 30, 31, and additionally, for those states that cover sealants on third molars, also known as wisdom teeth, the teeth numbered 1, 16, 17, 32.

Report all sealant data in the age category reflecting the child's age at the end of the federal fiscal year even if the child was factually a different age on the date of service. For example, if a child turned 6 on September 1<sup>st</sup>, but had a sealant applied in July, the sealant would be counted in the age 6-9 category.

2. Does the state provide supplemental dental coverage?  Yes  No

If yes, how many children are enrolled? [7]

What percent of the total number of enrolled children have supplemental dental coverage? [5]

Enter any Narrative text related to Section IIIG below. [7500]

### Section IIIG: CHIPRA CAHPS Requirement:

CHIPRA section 402(a)(2), which amends reporting requirements in section 2108 of the Social Security Act, requires Title XXI Programs (i.e., CHIP Medicaid Expansion programs, Separate Child Health Programs, or a combination of the two) to report CAHPS results to CMS starting December 2013. While Title XXI Programs may select any CAHPS survey to fulfill this requirement, CMS encourages these programs to align with the CAHPS measure in the Children's Core Set of Health Care Quality Measures for Medicaid and CHIP (Child Core Set). Starting in 2013, Title XXI Programs should submit summary level information from the CAHPS survey to CMS via the CARTS attachment facility. We also encourage states to submit raw data to the Agency for Healthcare Research and Quality's CAHPS Database. More information is available in the Technical Assistance fact sheet, Collecting and Reporting the CAHPS Survey as Required Under the CHIPRA: <https://www.medicaid.gov/medicaid/quality-of-care/downloads/cahpsfactsheet.pdf>

If a state would like to provide CAHPS data on both Medicaid and CHIP enrollees, the agency must sample Title XIX (Medicaid) and Title XXI (CHIP) programs separately and submit separate results to CMS to fulfill the CHIPRA Requirement.

Did you Collect this Survey in Order to Meet the CHIPRA CAHPS Requirement?  Yes  No

If Yes, How Did you Report this Survey (select all that apply):

- Submitted raw data to AHRQ (CAHPS Database)
- Submitted a summary report to CMS using the CARTS attachment facility (NOTE: do not submit raw CAHPS data to CMS)
- Other. Explain:

If No, Explain Why:

Select all that apply (Must select at least one):

- Service not covered
- Population not covered
  - Entire population not covered
  - Partial population not coveredExplain the partial population not covered:
- Data not available

Explain why data not available

- Budget constraints
- Staff constraints
- Data inconsistencies/accuracy

Please explain:

- Data source not easily accessible

Select all that apply:

- Requires medical record review
- Requires data linkage which does not currently exist
- Other:
- Information not collected.

Select all that apply:

- Not collected by provider (hospital/health plan)
- Other:
- Small sample size (less than 30)  
Enter specific sample size:
- Other. Explain:

**Definition of Population Included in the Survey Sample:**

Definition of population included in the survey sample:

- Denominator includes CHIP (Title XXI) population only.
  - Survey sample includes CHIP Medicaid Expansion population.
  - Survey sample includes Separate CHIP population.
  - Survey sample includes Combination CHIP population.

If the denominator is a subset of the definition selected above, please further define the denominator, and indicate the number of children excluded:

**Which Version of the CAHPS® Survey was Used?**

- CAHPS® 5.0.
- CAHPS® 5.0H.
- Other. Explain:

**Which Supplemental Item Sets were Included in the Survey?**

- No supplemental item sets were included
- CAHPS Item Set for Children with Chronic Conditions
- Other CAHPS Item Set. Explain:

**Which Administrative Protocol was Used to Administer the Survey?**

- NCQA HEDIS CAHPS 5.0H administrative protocol
- AHRQ CAHPS administrative protocol
- Other administrative protocol. Explain:

## Section III I: Health Service Initiatives (HSI) Under the CHIP State Plan

Persuant to Section 2105(a)(1)(D)(ii) of the Social Security Act, states have the option to use up to 10 percent of actual or estimated Federal expenditures to develop state-designed Health Services Initiatives (HSI) (after first funding costs associated with administration of the CHIP state plan), as defined in regulations at 42 CFR 457.10, to improve the health of low-income children.

- 1) Does your state operate HSI(s) to provide direct services or implement public health initiatives using

HSI Program	Metric	Outcome

Enter any Narrative text related to Section III I below. **[7500]**

## Section IV. Program financing for State Plan

1. Please complete the following table to provide budget information. Describe in narrative any details of your planned use of funds below, including the assumptions on which this budget was based (per member/per month rate, estimated enrollment and source of non-federal funds).  
(Note: This reporting period equals federal fiscal year 2017. If you have a combination program you need only submit one budget; programs do not need to be reported separately.)

### COST OF APPROVED CHIP PLAN

	2017	2018	2019
<b>Benefit Costs</b>			
Insurance payments			
Managed Care	281138092	292460838	304252204
Fee for Service	8525540	8610044	8773606
<b>Total Benefit Costs</b>	289663632	301070882	313025810
(Offsetting beneficiary cost sharing payments)	-16946801	-18244687	-18884976
<b>Net Benefit Costs</b>	\$ 272716831	\$ 282826195	\$ 294140834

	2017	2018	2019
<b>Administration Costs</b>			
Personnel	2254912	2262185	2263616
General Administration	241811	303450	504347
Contractors/Brokers (e.g., enrollment contractors)	19871588	25270649	25216552
Claims Processing	1141561	2712281	2715672
Outreach/Marketing costs			
Other (e.g., indirect costs)			
Health Services Initiatives	607	8501	27448
<b>Total Administration Costs</b>	23510479	30557066	30727635
<b>10% Administrative Cap</b> (net benefit costs ÷ 9)	30301870	31425133	32682315

	2017	2018	2019
<b>Federal Title XXI Share</b>	296227310	313383261	324868469
<b>State Share</b>	0	0	0
<b>TOTAL COSTS OF APPROVED CHIP PLAN</b>	296227310	313383261	324868469

2. What were the sources of non-federal funding used for state match during the reporting period?

- State appropriations
- County/local funds
- Employer contributions
- Foundation grants
- Private donations
- Tobacco settlement
- Other (specify) **[500]**

3. Did you experience a short fall in CHIP funds this year? If so, what is your analysis for why there were not enough federal CHIP funds for your program? **[1500]**  
 No

4. In the tables below, enter 1) number of eligibles used to determine per member per month costs for the current year and estimates for the next two years; and, 2) per member per month (PMPM) cost rounded to a whole number. If you have CHIP enrollees in a fee for service program, per member per month cost will be the average cost per month to provide services to these enrollees.

**A. Managed Care**

Year	Number of Eligibles	PMPM (\$)
2017	138661	\$169
2018	151391	\$161
2019	159171	\$159

**A. Fee For Service**

Year	Number of Eligibles	PMPM (\$)
2017	3929	\$181
2018	3960	\$181
2019	4029	\$181

Enter any Narrative text related to Section IV below. **[7500]**

Enter any Narrative text below: [7500]

In addition to the estimated number of eligibles noted above, an additional number of persons are estimated to fall into the 100-133% federal poverty level income bracket, and qualify for the Medicaid program. They are also covered by Title 21 funds.

LIM Kids paid with Title XXI:

2017 FFS:6089397 Managed Care: 115212824

Projected 2018 FFS:7095491 Managed Care: 155663919

Projected 2019 FFS:7119457 Managed Care: 162204406

## Section V: Program Challenges and Accomplishments

1. For the reporting period, please provide an overview of your state's political and fiscal environment as it relates to health care for low income, uninsured children and families, and how this environment impacted CHIP. **[7500]**

Congress has not reauthorized CHIP past September 30th. One of Georgia's senators was a sponsor of the Senate version of the CHIP reauthorization bill.

The Georgia legislature has been working on possible models for Medicaid expansion for adults in the state. Funding for the fiscal year was based on the expectation that Federal funds would still be available.

2. During the reporting period, what has been the greatest challenge your program has experienced? **[7500]**

In January and February, our separate CHIP members were converted to a new eligibility system. The change impacted eligibility for some members and has contributed to our inability to create accurate reports in some cases.

Staff have spent most of the year troubleshooting system issues. Congress did not provide additional funding for the CHIP program by the September 30th deadline .

3. During the reporting period, what accomplishments have been achieved in your program? **[7500]**

The new eligibility system (Georgia Gateway) was implemented. Members no longer have to apply with separate agencies for benefits. The new system accepts applications for Medical assistance and determines whether or not children are eligible for Medicaid or CHIP based on one application. At renewal, members can be determined eligible or not eligible for either program. It has prevented the need for members to change Care Management Organizations due to a category change from Medicaid to CHIP.

The agency switched to state eligibility workers for determinations and they are cross trained on both programs. (CHIP and Medicaid)

Medical appeals by members will be now handled the same as Medicaid appeals. It is more convenient for members and less costly to administer.

We also worked with Medicaid staff to align Mental Health Parity requirements for both programs in preparation for our SPA submission.

4. What changes have you made or are planning to make in your CHIP program during the next fiscal year? Please comment on why the changes are planned. **[7500]**

Many changes will be dependent on whether or not CHIP funding is reauthorized by Congress. If funding is reauthorized, we hope to try Express Lane eligibility with the Food Stamp program. Our worst case scenario would be ending the Separate CHIP program in March or April of 2018.

Enter any Narrative text related to Section V below. **[7500]**
