STEP 1: INITIAL SET UP – Go to the [VA-ONCE Home page for School Certifying Officials](https://vaonce.vba.va.gov/vaonce_student/default.asp). The full web address is: https://vaonce.vba.va.gov/vaonce_student/default.asp

NOTE: Your browser should be Internet Explorer (IE) in order to access VA-ONCE. Other browsers can be used to access VAONCE, but VA does not test to certify compliance with browsers other than Internet Explorer. See your IT department for available browsers at your school.

VA is currently using IE 9. There are known issues with VA-ONCE and Internet Explorer (IE) 10 and 11. If you are having problems, please try using VA-ONCE in Compatibility mode. In IE 10, click the compatibility icon at the top of your browser. It is usually found next to the search bar and looks like a piece of paper torn in half horizontally. In IE 11, click the cog icon. It is located next to the star in the upper right corner. On the menu select View in Compatibility Mode, and add va.gov to the list of web sites.

STEP 2: INITIAL SET UP – Log On

Log in using your VA provided user ID and temporary Password. **NOTE:** Your browser must allow “Pop-Ups” to view this page.

The screenshot shows the VA-ONCE Student Login Page in a Windows Internet Explorer browser window. The page title is "VA-ONCE STUDENT LOGIN PAGE (U.S. Department of Veterans Affairs) - Windows Internet Explorer". The page features the United States Department of Veterans Affairs logo and a search bar. A navigation menu includes links for Home, Veteran Services, Business, About VA, Media Room, Locations, Contact Us, and GI Bill Links. The main content area is titled "VA-ONCE" and contains a login form with fields for "Login Name" and "Password", and a "LOGIN" button. A "News Flash" section dated February 24, 2015, mentions the Veterans Choice Act. A sidebar on the left contains a list of frequently asked questions and keyboard shortcuts.

To allow time for states to make their legislative/policy changes, School Certifying Officials at **public institutions of higher learning** in states/territories other than those in compliance (currently Texas and Georgia) need to follow these procedures when certifying enrollment for terms.

HELP TAB - When the Help Tab is selected, the left margin will display Help questions related to the page you are viewing.

If you click on the question, the answer will appear in a separate pop-up.

In this example the user clicked “What do the status codes mean?”. The pop-up provides the answer.

The screenshot displays the VA-ONCE Student Select web application in a Windows Internet Explorer browser window. The main page is titled "Student School Detail" and "Select Student". It features a search bar with "Last Name" selected as the search type and "Equals" as the search range. Below the search bar are several filter dropdowns, all set to "All". A help pop-up window is overlaid on the main page, titled "VA-ONCE Help - Windows Internet Explorer". The pop-up contains the following text:

What do the status codes mean?

The status codes represent different stages in the workflow process.

- 1 = Student has been added (adopted)
- 2 = A certification has been started for the student
- 3 = Certification has been completed, but not submitted to VA
- 3X = Chapter 31 certification that has been submitted.
- 4 = Certification has been submitted to VA
- 5D = Certification has been received by the Regional Processing Office, and was automatically processed. (Chapter 33 only)
- 5E = Certification has been received by the Regional Processing Office, and will be worked by a Veterans Claims Examiner.
- 5A = Certification has been received by the Regional Processing Office, and was automatically processed. (Chapter 30 only)
- 5M = Certification has been received by the Regional Processing Office, and will be worked by a Veterans Claims Examiner.
- 5X = Certification received and will be processed using CWINRS.
- 5R = Certification was rejected by CWINRS. Please print the certification and mail it to the Regional Office with jurisdiction.

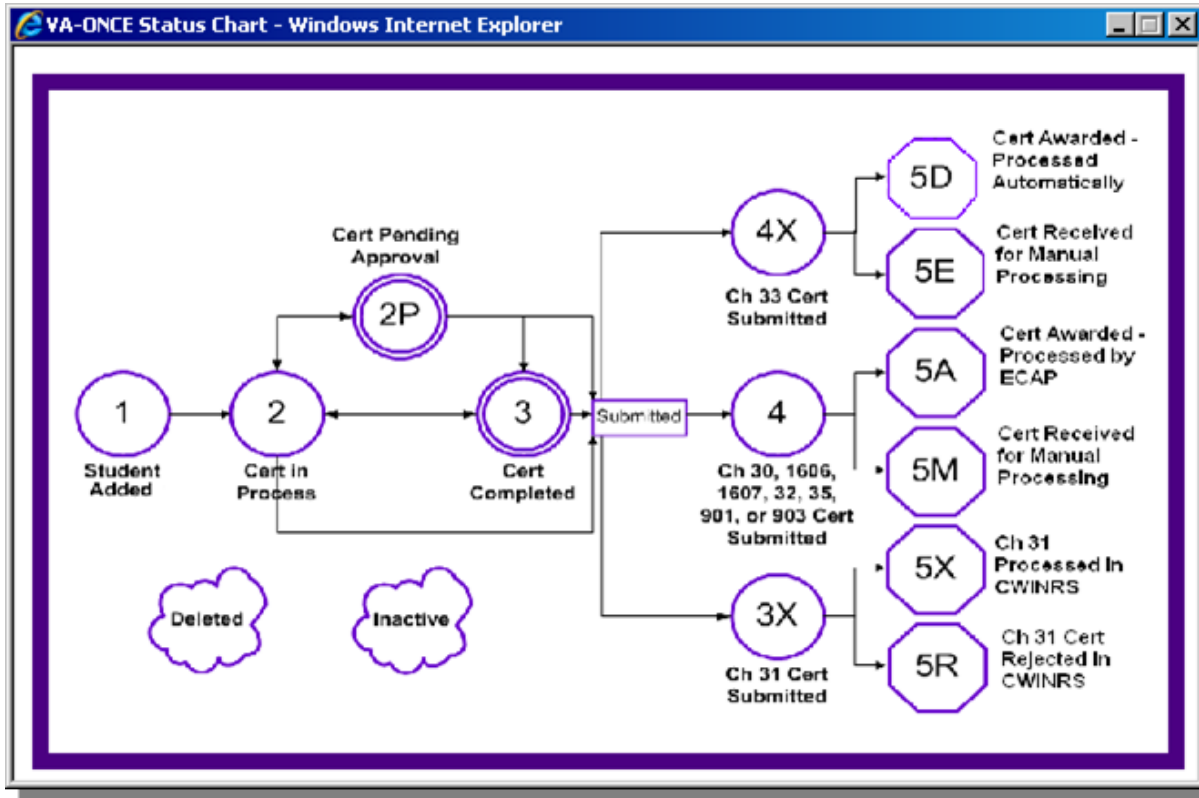

To see a workflow chart which shows all stages in the process, click on the small button in the upper right side of the screen. It has a very small picture of a chart on it, and is next to Print.

The main page also has a left margin with a list of help topics. The topic "What do the status codes mean?" is highlighted with a green box. At the bottom of the page, there are tabs for "Tasks", "Margin", and "Help", with the "Help" tab selected and highlighted with a green box.

Remember that you have 3 mini tabs that will help you move through VA-ONCE.

- ❑ The TASKS tab located at the bottom left corner of every VA ONCE screen will bring you back to Main Task Buttons.
- ❑ The MARGIN tab located next to the Tasks tab provides you with help text specific to each field on the page. If the cursor is not in a field, the Margin text will be specific to the page.
- ❑ The HELP tab located next to the Margin tab provides you with Frequently asked questions regarding the page. Clicking on the question will bring up a pop-up box with the answer. At the bottom of the screen when the Help Tab is selected is also a link for Keyboard shortcuts, if you prefer using the keyboard to the mouse.

Processing Status Flow Chart and Definitions

For each major action taken in VA-ONCE there is an associated status code. The status is shown in the top right corner of the screen. The status chart can be viewed at any time by clicking on the icon with the status number.

The status code of the last action taken will also be listed next to your student on the Select Student page.

NOTE: The status will always reflect the last status that occurred. If a certification is started (status 2), but subsequently cancelled or deleted, the status will remain at 2 until another event occurs to change the status.

Order Number – You can designate in which order programs are listed by giving the program an order number. Order number 1 would place the program first in the list of programs shown.

Note – You can also alphabetize the programs in your list by either the Program Name or Program Abbreviation. These options are at the top of the page and will re-order the programs accordingly.

Deactivated – Check the box if you want this term not to appear in your list, but wish to keep the term in your archive for future use. Click on the box and then click on DEACTIVATE located on the top of the screen. You can also un-deactivate by clicking on the name of the program and then clicking on the “checked” Deactivate Box.

To delete a term from the list of terms, you can check the box associated with the term you wish to delete and then click on DELETE located on the top of the screen.

Additional Information on Changing Programs

Special characters that are not allowed are removed when you are first entering programs, but if you are changing the name of a program, they are not. Please DO NOT use slashes (forward “/” or backward “\”) when changing the name of the program, as it can cause errors with the Standard Programs page.

Additional Information to complete the BIO DATA page

- The File Number is usually the students' SSN** with the exception of Dependent's Educational Assistance, chapter 35. For chapter 35, this is the dependent's spouse or parent's Social Security Number or 8 digit claim number. The dependents VA File number will be on all award documents sent to the claimant. Don't confuse Ch 35 (dependents) with Ch 33 Transferee dependents. VA uses the Ch 33 transferee (the student) SSN as the file number. For chapter 31 students, the file number may be 8 digits. Be sure you input the correct VA File number for chapter 31 students or the certification will not be received by the VR&E counselor.
- Fry Scholarship recipients:*** Select Ch 33 as the chapter for this type of beneficiary (not eligible for yellow ribbon) Use the student's SSN as the file number.
- The Payee Number for Ch 35 may not be known. If not known, add "XX".
- Make sure that the Training Type you choose from the drop down menu reflects the actual type of program the Student is taking (IHL, NCD).
- Use "Guest Student" if your school is not the primary institution. (Make sure you have a parent letter on file if you are the guest school). Enter the name of the parent school and the State in order for it to be routed to the correct Regional Processing Office.
- VRAP:*** *This benefit ended on March 31, 2014. The selection was removed from VA-ONCE. If you need to make a change to a certification that was sent as VRAP claim, you will need to change the benefit type on the Bio page to 32.*

Additional Information to complete the BIO DATA page cont.

- For additional assistance, review the MARGIN and HELP tabs for complete information on how to fill out the BIO DATA page for your students.

General rules for reporting tuition

Tuition & Fees: Schools should report the net-charge for tuition and fees.

What should be deducted from the Tuition amount reported to VA?

Any waiver, scholarship, aid, or assistance [other than loans and funds provided under section 401(b) of the Higher Education Act of 1965] provided directly to the institution and specifically designated for the sole purpose of defraying tuition and fees.

Only in-state charges should be reported in the Tuition and Fees field.

Any additional out-of-state net charges should be reported in the Out of State Charges field.

What should NOT be deducted from the Tuition amount reported to VA?

Title IV Funds

Waiver, scholarship, aid, or assistance that is not designated for the sole purpose of reducing a student's tuition and fee cost.

Please see the SCO Handbook section, “CERTIFYING TUITION AND FEES” for more guidance. http://www.benefits.va.gov/GIBILL/docs/job_aids/SCO_Handbook.pdf

General Rules for reporting fees

Fees: The mandatory charges (other than tuition, room, and board) applied by the school for pursuit of an approved program of education. Fees include, but are not limited to:

- health premiums
- freshman fees
- graduation fees
- lab fees
- Tool Kits, Uniforms fees (if listed on the student invoice)

Fees do not include those charged for a study abroad course(s) unless the course(s) is a mandatory requirement for completion of the approved program of education.

NOTE: VA will not pay a mandatory *third party* charge. Third party charges are charges not originating at your institution. For example, if a student requires a toolbox for an approved program, in order to report the fee, the student must buy the toolbox from your institution. You could not report the fee charged the student if the student bought the toolbox from any source other than your institution.

If you are unsure, check with your Education Liaison Representative (ELR).

Modifying Enrollments

Helpful definitions for modifying enrollments:

Adjustment – Adjusting the enrollment certificate allows you to report a decrease or increase in hours for the term.

Amend – Amending the enrollment certificate allows you to edit the beginning date, ending date, or tuition and fees. For non- chapter 33 cases you can also add an advance pay or accelerated pay request. This feature should be used if you are correcting something, other than hours, on the original enrollment certification.

Terminate – Terminating the enrollment allows you to report when a student is no longer attending the term (dropped to zero credits).

STEP 1: Modifying Enrollment – Adjustments

Adjust the certification if you want to increase or decrease the number of credits. Adjustments are used when you need to change the number of hours.

(1) Double-click on the student, or select Student, then Access from the drop down at the top of the screen. The Bio Data screen appears.

The screenshot shows the VA-ONCE Student Select interface in a Windows Internet Explorer browser. The page title is "Student School Detail" and the main heading is "Select Student". The interface includes a search bar with "Last Name" selected as the search type and "Equals" as the search range. Helpful definitions for completing adjustments:

Res – Number of residential (classroom) credits taken during the term after the adjustment. NOTE: THE CREDITS box must not include any DIST, R/D, or Clock hour credits. ONLY CLASSROOM CREDITS ARE PLACED IN THIS COLUMN.

Dist – Number of online credits taken during the term after the adjustment.

R/D – Number of remedial / deficiency credits taken during the term after the adjustment. Online Remedial Courses cannot be certified. Only Residential Remedial courses can be certified.

Clock – Number of clock hours taken per week (typically found in NCD programs, internships, externships) after the adjustment.

Tuition & Fees – Tuition charged to the student as shown on the student's billing statement for that term *based on the adjusted credits*, and mandatory fees charged to the student as shown on the student's billing statement for that term *based on the adjusted credits*.

TT/FT= – Graduate programs only. For non-chapter 33 select the training time after adjustment from the drop down list. For chapter 33, insert the number of credits that is considered full time for that program and term based on your school catalog.

Yellow Ribbon – Ch 33 Yellow Ribbon Participants. Insert the dollar amount your institution has agreed to fund above the highest instate rate for that particular term *based on the adjusted credits*.

See additional information on following page for Ch 33 specific issues.

Helpful tips for completing a CH 33 adjustment

1. You are required to adjust the tuition and fees if adjusting the credits. The adjusted tuition and fees amount will be based on the cost of the new credit load.
2. If your adjustment includes the Yellow Ribbon amount, you must calculate the new Yellow Ribbon amount based on the adjusted credits.
3. When filling in RES, DIST, R/D, CLOCK, the following actions must be completed in order to avoid an error message.
 1. RES and DIST must have a number placed in the corresponding box. If no RES or DIST credits remain, place a '0' in that box.
 2. Leave the R/D and CLOCK 'blank' if no credits remain.

Helpful tips for Deleting and Deactivating Students:

1. Students that were added in error or for which you have never submitted a certification, should be deleted.
2. Deleting a student performs like the recycle bin on your computer. The student will stay in the deleted status. Periodically, usually during a version update, all deleted students that have not had a certification submitted will be deleted entirely.
3. Students that have had certifications submitted will be left in deleted status for historical purposes.
4. Students that are no longer attending your school, or that are on a temporary leave of absence, should be inactivated.
5. Students can not be moved directly from deleted to inactive or inactive to deleted. The student must be moved from Active to either deleted or inactive.

Social Security Number Exists

In some instances, the Social Security Number exists elsewhere in the system. You will not be able to change the SSN, and will receive a message that the SSN must be unique.

If this occurs, add the student using the correct SSN. Deactivate the incorrect SSN.

You will not be able to see any of the certifications submitted under the incorrect SSN unless you view the deactivated student. If you need the records merged, contact your ELR. **NOTE:** The process of merging the records can take a lengthy amount of time. Only contact the ELR if you need to see the past certifications under the correct SSN.
