### **SUPPLEMENTARY INFORMATION:**

#### **Background**

The United States is a contracting party to the International Convention on the Harmonized Commodity Description and Coding System (“Harmonized System Convention”). The Harmonized Commodity Description and Coding System (“Harmonized System”), an international nomenclature system, forms the core of the U.S. tariff, the Harmonized Tariff Schedule of the United States. The Harmonized System Convention is under the jurisdiction of the World Customs Organization (established as the Customs Cooperation Council). Article 6 of the Harmonized System Convention establishes a Harmonized System Committee (“HSC”). The HSC is composed of representatives from each of the contracting parties to the Harmonized System Convention. The HSC’s responsibilities include issuing classification decisions on the interpretation of the Harmonized System. Those decisions may take the form of published tariff classification opinions concerning the classification of an article under the Harmo-

nized System or amendments to the Explanatory Notes to the Harmonized System. The HSC also considers amendments to the legal text of the Harmonized System. The HSC meets twice a year in Brussels, Belgium. The next session of the HSC will be the forty-fourth and it will be held from September 21, 2009 to October 2, 2009. In accordance with section 1210 of the Omnibus Trade and Competitiveness Act of 1988 (Pub. L. 100–418), the Department of Homeland Security, represented by U.S. Customs and Border Protection, the Department of Commerce, represented by the Census Bureau, and the U.S. International Trade Commission (“ITC”), jointly represent the U.S. government at the sessions of the HSC. The Customs and Border Protection representative serves as the head of the delegation at the sessions of the HSC.

Set forth below is the draft agenda for the next session of the HSC. Copies of available agenda-item documents may be obtained from either Customs and Border Protection or the ITC. Comments on agenda items may be directed to the above-listed individuals.
