## **AMENDMENT NO. 1**

### **COMMODITY SPECIFICATION DRIED FRUIT – September 2017**

The purpose of this amendment is to make the following additions in the Commodity Specification:

- Allow vegetable oil coating for raisins in packages 5 lbs. or larger
- Add the additional coatings: corn syrup solids, or dextrose for date pieces
- Add a fumigation not required statement for dried (evaporated) apples

**Additions are shown in blue.**

#### **II. Individual Commodity Specifications**

##### **Processed Raisins**

6. The raisins may be coated with vegetable oil **in packages 5 lbs. or larger or** for use in Dried Fruit and Nut Mix.

##### **Date Pieces**

7. Coating: Coated with white rice flour, or corn flour, **corn syrup solids, or dextrose.** The product is to be screened to eliminate excess coating material and small pieces.

##### **Dried (evaporated) Apples**

**3. Fumigation is not required for dried (evaporated) apples.**

All other terms and conditions remain unchanged.
