(2) **BASE ACRES.**—The term “base acres”, with respect to a covered commodity on a farm, means the number of acres established under section 1101 with respect to the covered commodity on the election made by the owner of the farm under subsection (a) of such section.

(3) **COUNTER-CYCLICAL PAYMENT.**—The term “counter-cyclical payment” means a payment made to producers on a farm under section 1104.

(6) **EFFECTIVE PRICE.**—The term “effective price”, with respect to a covered commodity for a crop year, means the price calculated by the Secretary under section 1104 to determine whether counter-cyclical payments are required to be made for that crop year.

(7) **EXTRA LONG STAPLE COTTON.**—The term “extra long staple cotton” means cotton that—

(A) is produced from pure strain varieties of the Barbados species or any hybrid thereof, or other similar types of extra long staple cotton, designated by the Secretary, having characteristics needed for various end uses for which United States upland cotton is not suitable and grown in irrigated cotton-growing regions of the United States designated by the Secretary or other areas des-

ignated by the Secretary as suitable for the production of the varieties or types; and

(B) is ginned on a roller-type gin or, if authorized by the Secretary, ginned on another type gin for experimental purposes.

Subtitle A—Direct Payments and Counter-Cyclical Payments

SEC. 1101. [7 U.S.C. 7911] ESTABLISHMENT OF BASE ACRES AND PAYMENT ACRES FOR A FARM.

(a) ELECTION BY OWNER OF BASE ACRES CALCULATION METHOD.—

(1) ALTERNATIVE CALCULATION METHODS.—For the purpose of making direct payments and counter-cyclical payments with respect to a farm, the Secretary shall give an owner of the farm an opportunity to elect 1 of the following as the method by which the base acres of all covered commodities on the farm are to be determined:

(A) Subject to paragraphs (3) and (4), the 4-year average of the following:

(i) Acreage planted on the farm to covered commodities for harvest, grazing, haying, silage, or other similar purposes for the 1998 through 2001 crop years.

(ii) Any acreage on the farm that the producers were prevented from planting during the 1998 through 2001 crop years to covered commodities because of drought, flood, or other natural disaster, or other condition beyond the control of the producers, as determined by the Secretary.

(B) Subject to paragraph (3), the sum of the following:

(i) The contract acreage (as defined in section 102 of the Federal Agriculture Improvement and Reform Act of 1996 (7 U.S.C. 7202)) used by the Secretary to calculate the fiscal year 2002 payment authorized under section 114 of such Act (7 U.S.C. 7214) for the covered commodities on the farm.

(ii) The 4-year average of eligible oilseed acreage on the farm for the 1998 through 2001 crop years, as determined by the Secretary under paragraph (2).

(2) ELIGIBLE OILSEED ACREAGE.—

(A) CALCULATION.—For purposes of paragraph (1)(B)(ii), the eligible acreage for each oilseed on a farm during each of the 1998 through 2001 crop years shall be determined in the manner provided in paragraph (1)(A), except that the total acreage for all oilseeds on the farm for a crop year may not exceed the difference between—

(i) the total acreage determined under paragraph (1)(A) for all covered commodities for that crop year; and

(ii) the total contract acreage determined under paragraph (1)(B)(i).

(B) EFFECT OF NEGATIVE NUMBER.—If the subtraction performed under subparagraph (A) results in a negative number, the eligible oilseed acreage on the farm for that crop year shall be zero for purposes of determining the 4-year average.

(C) OFFSET OF CONTRACT ACREAGE.—The owner of a farm may increase the eligible acreage for an oilseed on

the farm by reducing the contract acreage determined under paragraph (1)(B)(i) for 1 or more covered commodities on an acre-for-acre basis, except that the total base acreage for each oilseed on the farm may not exceed the 4-year average of each oilseed determined under paragraph (1)(B)(ii).

(3) INCLUSION OF ALL 4 YEARS IN AVERAGE.—For the purpose of determining a 4-year acreage average under this subsection for a farm, the Secretary shall not exclude any crop year in which a covered commodity was not planted.

(4) TREATMENT OF MULTIPLE PLANTING OR PREVENTED PLANTING.—For the purpose of determining under paragraph (1)(A) the acreage on a farm that producers planted or were prevented from planting during the 1998 through 2001 crop years to covered commodities, if the acreage that was planted or prevented from being planted was devoted to another covered commodity in the same crop year (other than a covered commodity produced under an established practice of double cropping), the owner may elect the commodity to be used for that crop year in determining the 4-year average, but may not include both the initial commodity and the subsequent commodity.

(b) SINGLE ELECTION; TIME FOR ELECTION.—

(1) NOTICE OF ELECTION OPPORTUNITY.—As soon as practicable after the date of enactment of this Act, the Secretary shall provide notice to owners of farms regarding their opportunity to make the election described in subsection (a). The notice shall include the following:

(A) Notice that the opportunity of an owner to make the election is being provided only once.

(B) Information regarding the manner in which the election must be made and the time periods and manner in which notice of the election must be submitted to the Secretary.

(2) ELECTION DEADLINE.—Within the time period and in the manner prescribed pursuant to paragraph (1), the owner of a farm shall submit to the Secretary notice of the election made by the owner under subsection (a).

(c) EFFECT OF FAILURE TO MAKE ELECTION.—If the owner of a farm fails to make the election under subsection (a) or fails to timely notify the Secretary of the election made, as required by subsection (b), the owner shall be deemed to have made the election described in subsection (a)(1)(B) to determine base acres for all covered commodities on the farm.

(d) APPLICATION OF ELECTION TO ALL COVERED COMMODITIES.—The election made under subparagraph (A) or (B) of subsection (a)(1), or deemed to be made under subsection (c), with respect to a farm shall apply to all of the covered commodities on the farm.

(e) TREATMENT OF CONSERVATION RESERVE CONTRACT ACREAGE.—

(1) IN GENERAL.—The Secretary shall provide for an adjustment, as appropriate, in the base acres for covered com-

modities for a farm whenever either of the following circumstances occurs:

(A) A conservation reserve contract entered into under section 1231 of the Food Security Act of 1985 (16 U.S.C. 3831) with respect to the farm expires or is voluntarily terminated.

(B) Cropland is released from coverage under a conservation reserve contract by the Secretary.

(2) SPECIAL PAYMENT RULES.—For the crop year in which a base acres adjustment under paragraph (1) is first made, the owner of the farm shall elect to receive either direct payments and counter-cyclical payments with respect to the acreage added to the farm under this subsection or a prorated payment under the conservation reserve contract, but not both.

(f) PAYMENT ACRES.—The payment acres for a covered commodity on a farm shall be equal to 85 percent of the base acres for the covered commodity.

(g) PREVENTION OF EXCESS BASE ACRES.—

(1) REQUIRED REDUCTION.—If the sum of the base acres for a farm, together with the acreage described in paragraph (2), exceeds the actual cropland acreage of the farm, the Secretary shall reduce the base acres for 1 or more covered commodities for the farm or the base acres for peanuts for the farm under subtitle C so that the sum of the base acres and acreage described in paragraph (2) does not exceed the actual cropland acreage of the farm.

(2) OTHER ACREAGE.—For purposes of paragraph (1), the Secretary shall include the following:

(A) Any base acres for peanuts for the farm under subtitle C.

(B) Any acreage on the farm enrolled in the conservation reserve program or wetlands reserve program under chapter 1 of subtitle D of title XII of the Food Security Act of 1985 (16 U.S.C. 3830 et seq.).

(C) Any other acreage on the farm enrolled in a conservation program for which payments are made in exchange for not producing an agricultural commodity on the acreage.

(3) SELECTION OF ACRES.—The Secretary shall give the owner of the farm the opportunity to select the base acres or the base acres for peanuts for the farm under subtitle C against which the reduction required by paragraph (1) will be made.

(4) EXCEPTION FOR DOUBLE-CROPPED ACREAGE.—In applying paragraph (1), the Secretary shall make an exception in the case of double cropping, as determined by the Secretary.

(5) COORDINATED APPLICATION OF REQUIREMENTS.—The Secretary shall take into account section 1302(f) when applying the requirements of this subsection.

(h) PERMANENT REDUCTION IN BASE ACRES.—The owner of a farm may reduce, at any time, the base acres for any covered commodity for the farm. The reduction shall be permanent and made in the manner prescribed by the Secretary.

SEC. 1102. [7 U.S.C. 7912] ESTABLISHMENT OF PAYMENT YIELD.

(a) **ESTABLISHMENT AND PURPOSE.**—For the purpose of making direct payments and counter-cyclical payments under this subtitle, the Secretary shall provide for the establishment of a payment yield for each farm for each covered commodity in accordance with this section.

(b) **USE OF FARM PROGRAM PAYMENT YIELD.**—Except as otherwise provided in this section, the payment yield for each of the 2002 through 2007 crops of a covered commodity for a farm shall be the farm program payment yield established for the 1995 crop of the covered commodity under section 505 of the Agricultural Act of 1949 (7 U.S.C. 1465), as adjusted by the Secretary to account for any additional yield payments made with respect to that crop under section 505(b)(2) of that Act.

(c) **FARMS WITHOUT FARM PROGRAM PAYMENT YIELD.**—In the case of a farm for which a farm program payment yield is unavailable for a covered commodity (other than soybeans or other oilseeds), the Secretary shall establish an appropriate payment yield for the covered commodity on the farm taking into consideration the farm program payment yields applicable to the commodity under subsection (b) for similar farms, but before the yields for the similar farms are updated as provided in subsection (e).

(d) **PAYMENT YIELDS FOR OILSEEDS.**—

(1) **DETERMINATION OF AVERAGE YIELD.**—In the case of soybeans and each other oilseed, the Secretary shall determine the average yield per planted acre for the oilseed on a farm for the 1998 through 2001 crop years, excluding any crop year in which the acreage planted to the oilseed was zero.

(2) **ADJUSTMENT FOR PAYMENT YIELD.**—The payment yield for a farm for an oilseed shall be equal to the product of the following:

(A) The average yield for the oilseed determined under paragraph (1).

(B) The ratio resulting from dividing the national average yield for the oilseed for the 1981 through 1985 crops by the national average yield for the oilseed for the 1998 through 2001 crops.

(3) **USE OF PARTIAL COUNTY AVERAGE YIELD.**—If the yield per planted acre for a crop of an oilseed for a farm for any of the 1998 through 2001 crop years was less than 75 percent of the county yield for that oilseed, the Secretary shall assign a yield for that crop year equal to 75 percent of the county yield for the purpose of determining the average under paragraph (1).

(e) **OPPORTUNITY TO PARTIALLY UPDATE YIELDS USED TO DETERMINE COUNTER-CYCLICAL PAYMENTS.**—

(1) **ELECTION TO UPDATE.**—If the owner of a farm elects to use the base acres calculation method described in section 1101(a)(1)(A), the owner shall also have a 1-time opportunity to elect to use 1 of the methods described in paragraph (3) to partially update the payment yields that would otherwise be used in calculating any counter-cyclical payments for covered commodities on the farm.

(2) **TIME FOR ELECTION.**—The election under paragraph (1) shall be made at the same time and in the same manner as the Secretary prescribes for the election required under section 1101.

(3) **METHODS OF UPDATING YIELDS.**—If the owner of a farm elects to update yields under this subsection, the payment yield for a covered commodity on the farm, for the purpose of calculating counter-cyclical payments only, shall be equal to the yield determined using either of the following:

(A) The sum of the following:

(i) The payment yield applicable for direct payments for the covered commodity on the farm.

(ii) 70 percent of the difference between—

(I) the average yield per planted acre for the crop of the covered commodity on the farm for the 1998 through 2001 crop years, as determined by the Secretary, excluding any crop year in which the acreage planted to the crop of the covered commodity was zero; and

(II) the payment yield applicable for direct payments for the covered commodity on the farm.

(B) 93.5 percent of the average of the yield per planted acre for the crop of the covered commodity on the farm for the 1998 through 2001 crop years, as determined by the Secretary, excluding any crop year in which the acreage planted to the crop of the covered commodity was zero.

(4) **USE OF PARTIAL COUNTY AVERAGE YIELD.**—If the yield per planted acre for a crop of the covered commodity for a farm for any of the 1998 through 2001 crop years was less than 75 percent of the county yield for that commodity, the Secretary shall assign a yield for that crop year equal to 75 percent of the county yield for the purpose of determining the average yield under paragraph (3).

(5) **APPLICATION OF ELECTION AND METHOD TO ALL COVERED COMMODITIES.**—The owner of a farm may not elect the method described in paragraph (3)(A) for 1 covered commodity on the farm and the method described in paragraph (3)(B) for other covered commodities on the farm.

SEC. 1103. [7 U.S.C. 7913] AVAILABILITY OF DIRECT PAYMENTS.

(a) **PAYMENT REQUIRED.**—For each of the 2002 through 2007 crop years of each covered commodity, the Secretary shall make direct payments to producers on farms for which payment yields and base acres are established.

(b) **PAYMENT RATE.**—The payment rates used to make direct payments with respect to covered commodities for a crop year are as follows:

 - (A) in the case of the 2002 crop year, as soon as practicable after the date of enactment of this Act; and
 - (B) in the case of each of the 2003 through 2007 crop years, not before October 1 of the calendar year in which the crop of the covered commodity is harvested.
 - (2) ADVANCE PAYMENTS.—At the option of the producers on a farm, up to 50 percent of the direct payment for a covered commodity for any of the 2003 through 2005 crop years, up to 40 percent of the direct payment for a covered commodity for the 2006 crop year, and up to 22 percent of the direct payment for a covered commodity for the 2007 crop year, shall be paid to the producers in advance. The producers shall select the month within which the advance payment for a crop year will be made. The month selected may be any month during the period beginning on December 1 of the calendar year before the calendar year in which the crop of the covered commodity is harvested through the month within which the direct payment would otherwise be made. The producers may change the selected month for a subsequent advance payment by providing advance notice to the Secretary.
 - (3) REPAYMENT OF ADVANCE PAYMENTS.—If a producer on a farm that receives an advance direct payment for a crop year ceases to be a producer on that farm, or the extent to which the producer shares in the risk of producing a crop changes, before the date the remainder of the direct payment is made, the producer shall be responsible for repaying the Secretary the applicable amount of the advance payment, as determined by the Secretary.

(1) ESTABLISHMENT.—

(A) IN GENERAL.—The President shall carry out an import quota program during the period beginning on the date of the enactment of this Act through July 31, 2008, as provided in this subsection.

(B) PROGRAM REQUIREMENTS.—Except as provided in subparagraph (C), whenever the Secretary determines and announces that for any consecutive 4-week period, the Friday through Thursday average price quotation for the lowest-priced United States growth, as quoted for Middling (M) 1³/₃₂-inch cotton, delivered C.I.F. Northern Europe exceeds the Northern Europe price by more than 1.25 cents per pound, there shall immediately be in effect a special import quota.

(C) TIGHT DOMESTIC SUPPLY.—During any month for which the Secretary estimates the season-ending United States upland cotton stocks-to-use ratio, as determined under subparagraph (D), to be below 16 percent, the Secretary, in making the determination under subparagraph (B), shall not adjust the Friday through Thursday average price quotation for the lowest-priced United States growth, as quoted for Middling (M) 1³/₃₂-inch cotton, delivered C.I.F. Northern Europe.

(D) SEASON-ENDING UNITED STATES STOCKS-TO-USE RATIO.—For the purposes of making estimates under subparagraph (C), the Secretary shall, on a monthly basis, estimate and report the season-ending United States upland cotton stocks-to-use ratio, excluding projected raw cotton imports but including the quantity of raw cotton that has been imported into the United States during the marketing year.

(E) DELAYED APPLICATION OF THRESHOLD.—Through July 31, 2006, the Secretary shall make the calculation under subparagraph (B) without regard to the 1.25 cent threshold provided under that subparagraph.

(2) QUANTITY.—The quota shall be equal to one week's consumption of upland cotton by domestic mills at the seasonally adjusted average rate of the most recent three months for which data are available.

¹²⁰⁷⁻¹ Sec. 136 of the Federal Agriculture Improvement and Reform Act of 1996 (7 U.S.C. 7236) contains provisions that are substantively similar to this section, other than earlier expiration dates in sec. 136 and a lack of provisions that are comparable to subsecs. (a)(4) and (b)(1)(E) of this sec. Since sec. 1207 of this Act was enacted later in time than sec. 136 of the Federal Agriculture Improvement and Reform Act of 1996, it is the probable intent of Congress that sec. 1207 of this Act supersedes sec. 136 of the Federal Agriculture Improvement and Reform Act of 1996.

Effective Aug. 1, 2006, sec. 1103(a)(1) of the Deficit Reduction Act of 2005, P.L. 109-171, 120 Stat. 4, Feb. 8, 2006, struck subsec. (a).

(3) APPLICATION.—The quota shall apply to upland cotton purchased not later than 90 days after the date of the Secretary's announcement under paragraph (1) and entered into the United States not later than 180 days after the date.

(4) OVERLAP.—A special quota period may be established that overlaps any existing quota period if required by paragraph (1), except that a special quota period may not be established under this subsection if a quota period has been established under subsection (c).

(5) PREFERENTIAL TARIFF TREATMENT.—The quantity under a special import quota shall be considered to be an in-quota quantity for purposes of—

(A) section 213(d) of the Caribbean Basin Economic Recovery Act (19 U.S.C. 2703(d));

(B) section 204 of the Andean Trade Preference Act (19 U.S.C. 3203);

(C) section 503(d) of the Trade Act of 1974 (19 U.S.C. 2463(d)); and

(D) General Note 3(a)(iv) to the Harmonized Tariff Schedule.

(6) DEFINITION.—In this subsection, the term “special import quota” means a quantity of imports that is not subject to the over-quota tariff rate of a tariff-rate quota.

(7) LIMITATION.—The quantity of cotton entered into the United States during any marketing year under the special import quota established under this subsection may not exceed the equivalent of 5 week's consumption of upland cotton by domestic mills at the seasonally adjusted average rate of the 3 months immediately preceding the first special import quota established in any marketing year.

(c) LIMITED GLOBAL IMPORT QUOTA FOR UPLAND COTTON.—

(1) IN GENERAL.—The President shall carry out an import quota program that provides that whenever the Secretary determines and announces that the average price of the base quality of upland cotton, as determined by the Secretary, in the designated spot markets for a month exceeded 130 percent of the average price of such quality of cotton in the markets for the preceding 36 months, notwithstanding any other provision of law, there shall immediately be in effect a limited global import quota subject to the following conditions:

(A) QUANTITY.—The quantity of the quota shall be equal to 21 days of domestic mill consumption of upland cotton at the seasonally adjusted average rate of the most recent 3 months for which data are available.

(B) QUANTITY IF PRIOR QUOTA.—If a quota has been established under this subsection during the preceding 12 months, the quantity of the quota next established under this subsection shall be the smaller of 21 days of domestic mill consumption calculated under subparagraph (A) or the quantity required to increase the supply to 130 percent of the demand.

(C) PREFERENTIAL TARIFF TREATMENT.—The quantity under a limited global import quota shall be considered to be an in-quota quantity for purposes of—

(i) section 213(d) of the Caribbean Basin Economic Recovery Act (19 U.S.C. 2703(d));
(ii) section 204 of the Andean Trade Preference Act (19 U.S.C. 3203);
(iii) section 503(d) of the Trade Act of 1974 (19 U.S.C. 2463(d)); and
(iv) General Note 3(a)(iv) to the Harmonized Tariff Schedule.

have certified commercial scales from which certified scale tickets may be obtained within reasonable proximity of harvest operation;

(C) certify that they were the owners of the feed grain at the time of delivery to, and that the quantity to be placed under loan under this subsection was in fact harvested on the farm and delivered to, a feedlot, feed mill, or commercial or on-farm high-moisture storage facility, or to a facility maintained by the users of corn and grain sorghum in a high moisture state; and

(1) DETERMINATION OF AVERAGE YIELD.—

(A) IN GENERAL.—The Secretary shall determine, for each historic peanut producer, the average yield for peanuts on each farm on which the historic peanut producer planted peanuts for harvest for the 1998 through 2001 crop years, excluding any crop year in which the producer did not plant or was prevented from planting peanuts.

(B) ASSIGNED YIELDS.—For the purposes of determining the 4-year average yield for an historic peanut producer under this paragraph, the historic peanut producer may elect to substitute for a farm, for not more than 3 of the 1998 through 2001 crop years in which the producer planted peanuts on the farm, the average yield for peanuts produced in the county in which the farm is located for the 1990 through 1997 crop years.

(2) DETERMINATION OF ACREAGE AVERAGE.—

(A) IN GENERAL.—The Secretary shall determine, for each historic peanut producer, the 4-year average of the following:

(i) Acreage planted to peanuts on each farm on which the historic peanut producer planted peanuts for harvest for the 1998 through 2001 crop years.

(A) when an historic peanut producer is no longer living;

(B) when an entity composed of historic peanut producers has been dissolved; or

direct payments and counter-cyclical payments with respect to the acreage added to the farm under this subsection or a prorated payment under the conservation reserve contract, but not both.

(f) PREVENTION OF EXCESS BASE ACRES FOR PEANUTS.—

(1) REQUIRED REDUCTION.—If the sum of the base acres for peanuts for a farm, together with the acreage described in paragraph (2), exceeds the actual cropland acreage of the farm, the Secretary shall reduce the base acres for peanuts for the farm or the base acres for 1 or more covered commodities under subtitle A for the farm so that the sum of the base acres for peanuts and acreage described in paragraph (2) does not exceed the actual cropland acreage of the farm.

SEC. 3209.³²⁰⁹⁻¹ **SENSE OF CONGRESS CONCERNING FOREIGN ASSISTANCE PROGRAMS.**

(a) FINDINGS.—Congress finds that—

(1) the international community faces a continuing epidemic of ethnic, sectarian, and criminal violence;

(2) poverty, hunger, political uncertainty, and social instability are the principal causes of violence and conflict around the world;

(3) broad-based, equitable economic growth and agriculture development facilitates political stability, food security, democracy, and the rule of law;

(4) democratic governments are more likely to advocate and observe international laws, protect civil and human rights, pursue free market economies, and avoid external conflicts;

(5) the United States Agency for International Development has provided critical democracy and governance assistance to a majority of the nations that successfully made the transition to democratic governments during the past 2 decades;

(6) 43 of the top 50 consumer nations of American agricultural products were once United States foreign aid recipients;

(7) in the past 50 years, infant child death rates in the developing world have been reduced by 50 percent, and health conditions around the world have improved more during this period than in any other period;

(8) the United States Agency for International Development child survival programs have significantly contributed to a 10 percent reduction in infant mortality rates worldwide in just the past 8 years;

(9) in providing assistance by the United States and other donors in better seeds and teaching more efficient agricultural techniques over the past 2 decades have helped make it possible to feed an additional 1,000,000,000 people in the world;

³²⁰⁹⁻¹ P.L. 107-171, 116 Stat. 302, May 13, 2002.

(10) despite this progress, approximately 1,200,000,000 people, one-quarter of the world's population, live on less than \$1 per day, and approximately 3,000,000,000 people live on only \$2 per day;

(11) 95 percent of new births occur in developing countries, including the world's poorest countries; and

(12) only ½ percent of the Federal budget is dedicated to international economic and humanitarian assistance.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) United States foreign assistance programs should play an increased role in the global fight against terrorism to complement the national security objectives of the United States;

(2) the United States should lead coordinated international efforts to provide increased financial assistance to countries with impoverished and disadvantaged populations that are the breeding grounds for terrorism; and

(3) the United States Agency for International Development and the Department of Agriculture should substantially increase humanitarian, economic development, and agricultural assistance to foster international peace and stability and the promotion of human rights.

SEC. 3210. ³²¹⁰⁻¹ **SENSE OF THE SENATE CONCERNING AGRICULTURAL TRADE.**

(a) AGRICULTURE TRADE NEGOTIATING OBJECTIVES.—It is the sense of the Senate that the principal negotiating objective of the United States with respect to agricultural trade in all multilateral, regional, and bilateral negotiations is to obtain competitive opportunities for the export of United States agricultural commodities in foreign markets substantially equivalent to the competitive opportunities afforded foreign exports in United States markets and to achieve fairer and more open conditions of agricultural trade in bulk and value-added commodities by—

(1) reducing or eliminating, by a date certain, tariffs or other charges that decrease market opportunities for the export of United States agricultural commodities, giving priority to United States agricultural commodities that are subject to significantly higher tariffs or subsidy regimes of major producing countries;

(2) immediately eliminating all export subsidies on agricultural commodities worldwide while maintaining bona fide food aid and preserving United States agricultural market development and export credit programs that allow the United States to compete with other foreign export promotion efforts;

(3) leveling the playing field for United States agricultural producers by disciplining domestic supports such that no other country can provide greater support, measured as a percentage of total agricultural production value, than the United States does while preserving existing green box category to support conservation activities, family farms, and rural communities;

(4) developing, strengthening, and clarifying rules and effective dispute settlement mechanisms to eliminate practices that unfairly decrease United States market access opportuni-

³²¹⁰⁻¹ P.L. 107-171, 116 Stat. 303, May 13, 2002.

ties for United States agricultural commodities or distort agricultural markets to the detriment of the United States, including—

(A) unfair or trade-distorting activities of state trading enterprises and other administrative mechanisms, with emphasis on—

(i) requiring price transparency in the operation of state trading enterprises and such other mechanisms; and

(ii) ending discriminatory pricing practices for agricultural commodities that amount to de facto export subsidies so that the enterprises or other mechanisms do not (except in cases of bona fide food aid) sell agricultural commodities in foreign markets at prices below domestic market prices or prices below the full costs of acquiring and delivering agricultural commodities to the foreign markets;

(B) unjustified trade restrictions or commercial requirements affecting new agricultural technologies, including biotechnology;

(C) unjustified sanitary or phytosanitary restrictions, including restrictions that are not based on scientific principles, in contravention of the Agreement on the Application of Sanitary and Phytosanitary Measures (as described in section 101(d)(3) of the Uruguay Round Agreements Act (19 U.S.C. 3511(d)(3)));

(D) other unjustified technical barriers to agricultural trade; and

(E) restrictive and nontransparent rules in the administration of tariff rate quotas;

(5) improving import relief mechanisms to recognize the unique characteristics of perishable agricultural commodities;

(6) taking into account whether a party to negotiations with respect to trading in an agricultural commodity has—

(A) failed to adhere to the provisions of an existing bilateral trade agreement with the United States;

(B) circumvented obligations under a multilateral trade agreement to which the United States is a signatory; or

(C) manipulated its currency value to the detriment of United States agricultural producers or exporters; and

(7) otherwise ensuring that countries that accede to the World Trade Organization—

(A) have made meaningful market liberalization commitments in agriculture; and

(B) make progress in fulfilling those commitments over time.

(b) **PRIORITY FOR AGRICULTURE TRADE.**—It is the sense of the Senate that—

(1) reaching a successful agreement on agriculture should be the top priority of United States negotiators in World Trade Organization talks; and

(2) if the primary export competitors of the United States fail to reduce their trade distorting domestic supports and

eliminate export subsidies in accordance with the negotiating objectives expressed in this section, the United States should take steps to increase the leverage of United States negotiators and level the playing field for United States producers, within existing World Trade Organization commitments.

(c) CONSULTATION WITH CONGRESSIONAL COMMITTEES.—It is the sense of the Senate that—

(1) before the United States Trade Representative negotiates a trade agreement that would reduce tariffs on agricultural commodities or require a change in United States agricultural law, the United States Trade Representative should consult with the Committee on Agriculture and the Committee on Ways and Means of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry and the Committee on Finance of the Senate;

(2) not less than 48 hours before initialing an agreement relating to agricultural trade negotiated under the auspices of the World Trade Organization, the United States Trade Representative should consult closely with the committees referred to in paragraph (1) regarding—

(A) the details of the agreement;

(B) the potential impact of the agreement on United States agricultural producers; and

(C) any changes in United States law necessary to implement the agreement; and

(3) any agreement or other understanding (whether verbal or in writing) that relates to agricultural trade that is not disclosed to Congress before legislation implementing a trade agreement is introduced in either the Senate or the House of Representatives should not be considered to be part of the agreement approved by Congress and should have no force and effect under United States law or in any dispute settlement body.
