

**PROVISIONAL CLEAR
STATEMENT OF UNDERSTANDING**

I understand that I may receive an offer of employment and enter on duty (EOD) based on the successful completion of certain pre-employment investigation checks, which may result in a provisional clear granted under the background investigative process. I also understand that a full completed background investigation is required for retention in the Customs and Border Protection (CBP) position for which I have applied. I understand that if I enter on duty prior to the completion of the full background investigation process, I will be placed temporarily in a position with a limited scope of duties, meaning access to certain systems may be limited until I receive a full clearance.

I further understand that I will be removed from my position with CBP if I do not successfully complete the full background investigation, and am found unsuitable for continued employment. I also understand the decision to enter on duty with a provisional clear, if made available to me, is my decision to make. Should I choose not to enter on duty in a provisional clear status, my application and eligibility for this position will not be negatively affected; however, my enter-on-duty date may be delayed.
