State Executive Director:
Tyeisha Samples, Acting

State Committee:
Eddie Anderson, Chairman
Robert Collier
Patti Hutchinson
William Lyons
Jack Whittenburg

The Agricultural Act of 2014 provides for payments for covered commodities through the Price Loss Coverage (PLC) program when the market year average price is below the reference price. Agricultural Risk Coverage (ARC) program payments are triggered when the actual revenue is below the guarantee established for the program.

The Marketing Year Average (MYA) price for wheat, barley and oats was announced June 29, resulting in a PLC payment rate of \$1.61 per bushel for 2016 wheat and \$0.34 per bushel for 2016 oats. There is no PLC payment on 2016 barley.

For Agriculture Loss Coverage – County (ARC-CO), actual crop revenue is calculated by multiplying the actual average yield for your county times the higher of the MYA price or the national loan rate. For 2016, the following prices have been set – wheat at \$3.89

To find contact information for your local office go to www.fsa.usda.gov/tn

per bushel; barley at \$4.96 per bushel; and oats at \$2.06 per bushel. 2016 county yields will not be available until this fall.

Agriculture Loss Coverage—Individual Option (ARC-IC) will utilize the same prices as ARC-CO, however the actual crop revenue cannot be calculated until participating producers report all production for all covered commodities planted on the farm and all MYA prices for all covered commodities planted on the farm are known. Both of these items are necessary to calculate the ARC-IC actual revenue for the farm.

All 2016 ARC and PLC payments cannot be made until after Oct. 1, 2017, or the announcement of the final 2016 MYA price for the applicable covered commodity.

For information on release dates for MYA prices, ARC-CO yields and projected and final PLC payment rates, visit www.fsa.usda.gov/arc-plc and click on the “ARC/PLC Program Data” link.

Elections for FSA County Committees

USDA Farm Service Agency's (FSA) County Committee Elections are underway.

It is important that every eligible producer participate in these elections because FSA county committees are a link between the agricultural community and the USDA.

County committee members are a critical component of FSA operations. Committees should be comprised of members who reflect the diversity of producers involved in production agriculture in each county. This means that producers representing underserved groups or communities should be on the committee to speak on behalf of their constituency.

Underserved producers are beginning, women and other minority farmers and ranchers and land owners and/or operators who have limited resources. Other minority groups including Native American and Alaska Natives; persons under the poverty level, and persons that have disabilities are also considered underserved.

County committee election ballots will be mailed to eligible voters on Nov. 6, 2017. The last day to return completed ballots to your local USDA service center is Dec. 4, 2017.

For more information on eligibility to serve on FSA county committees, visit: www.fsa.usda.gov/elections.

Communication is Key in Lending

Farm Service Agency (FSA) is committed to providing our farm loan borrowers the tools necessary to be a success. A part of ensuring this success is providing guidance and counsel from the loan application process through the borrower's graduation to commercial lending institutions. While it is FSA's commitment to advise borrowers as they identify goals and evaluate progress, it is crucial for

borrowers to communicate with their farm loan staff when changes occur. It is the borrower's responsibility to alert FSA to any of the following:

- Any proposed or significant changes in the farming operation;
- Any significant changes to family income or expenses;
- The development of problem situations;
- Any losses or proposed significant changes in security

In addition, if a farm loan borrower cannot make payments to suppliers, other creditors, or FSA on time, contact your farm loan staff immediately to discuss loan servicing options.

For more information on FSA farm loan programs, visit www.fsa.usda.gov.

Emergency Assistance for Livestock, Honeybee, and Farm-Raised Fish Program (ELAP)

The Emergency Assistance for Livestock, Honeybees and Farm-Raised Fish Program (ELAP) provides emergency assistance to eligible livestock, honeybee, and farm-raised fish producers who have losses due to disease, adverse weather or other conditions, such as blizzards and wildfires, not covered by other agricultural disaster assistance programs.

Eligible livestock losses include grazing losses not covered under the Livestock Forage Disaster Program (LFP), loss of purchased feed and/or mechanically harvested feed due to an eligible adverse weather event, additional cost of transporting water because of an eligible drought and additional cost associated with gathering livestock to treat for cattle tick fever.

Eligible honeybee losses include loss of purchased feed due to an eligible adverse weather event, cost of additional feed purchased above normal quantities due to an eligible adverse weather condition, colony losses in excess of normal mortality due to an eligible weather event or loss condition, including CCD, and hive losses due to eligible adverse weather.

Eligible farm-raised fish losses include death losses in excess of normal mortality and/or loss of purchased feed due to an eligible adverse weather event.

Producers who suffer eligible livestock, honeybee, or farm-raised fish losses from Oct. 1, 2016 to Sept. 30, 2017 must file:

- A notice of loss the earlier of 30 calendar days of when the loss is apparent or by Nov. 1, 2017
- An application for payment by Nov. 1, 2017

The Farm Bill caps ELAP disaster funding at \$20 million per federal fiscal year.

The following ELAP Fact Sheets (by topic) are available online:

- ELAP for Farm-Raised Fish Fact Sheet
- ELAP for Livestock Fact Sheet
- ELAP for Honeybees Fact Sheet

To view these and other FSA program fact sheets, visit the FSA fact sheet web page at www.fsa.usda.gov/factsheets.

Borrower Training

Borrower training is available for all Farm Service Agency customers. This training is required for all direct loan applicants, unless the applicant has a waiver issued by the agency.

Borrower training includes instruction in production and financial management. The purpose is to help the applicant develop and improve skills that are necessary to successfully operate a farm and build equity in the operation. It aims to help the producer become financially successful. Borrower training is provided, for a fee, by agency approved vendors. Contact your local FSA Farm Loan Manager for a list of approved vendors.

USDA is an equal opportunity provider, employer and lender. To file a complaint of discrimination, write: USDA, Office of the Assistant Secretary for Civil Rights, Office of Adjudication, 1400 Independence Ave., SW, Washington, DC 20250-9410 or call (866) 632-9992 (Toll-free Customer Service), (800) 877-8339 (Local or Federal relay), (866) 377-8642 (Relay voice users).
