### Arkansas Farm Service Agency

700 West Capitol, Room  
3416 Little Rock, Arkansas  
72201 Phone: 501-301-3000  
[www.fsa.usda.gov/ar](http://www.fsa.usda.gov/ar)

**State Committee:** Chairman  
Theodore Eldrige, Sr.

**Members** Eric Anderson,  
Mike Freeze, Johnny Loftin,  
and Richard Simmons

**State Committee Meeting:**  
2nd Wednesday and  
Thursday of each Quarter

### Message from the Acting SED

September 30, 2017, will end Farm Service Agency's current fiscal year. With that comes yearend reports and a scurry to use whatever funds are still available. The effects of two major hurricanes causing more water on parts of Arkansas have added to this busy time of year.

The President signed legislation that would increase the debt ceiling, fund disasters and a continuing resolution (CR) to keep the government offices open until December 8, 2017. There may be a lag in program funds for several weeks until the CR kicks in but that will not keep the dedicated employees at FSA from trying to meet your needs.

Contact your local office if you have any questions or concerns.

---

**Acting State Executive Director:** Clayton Parr

**Administrative Officer:**  
Sharon Baker

**Division Chiefs**  
Farm Programs:  
Anita Wilson

Farm Loans:  
James Culpepper

Please contact your local FSA Office for questions specific to your operation or county. To find contact information for your local office go to [www.fsa.usda.gov/ar](http://www.fsa.usda.gov/ar).

## Farmers to Receive Documentation of USDA Services

Farm Service Agency (FSA) reminds agricultural producers that FSA provides a receipt to customers who request or receive assistance or information on FSA programs.

The 2014 Farm Bill requires a customer receipt to be issued for any agricultural program assistance requested from FSA, the Natural Resources Conservation Service (NRCS) and Rural Development (RD). Receipts include the date, summary of the visit and any agricultural information, program and/or loan assistance provided to an individual or entity. Electronic receipts for acreage reports began on Aug. 1, 2016.

A service is any information, program or loan assistance provided whether through a visit, email, fax or letter.

---

## Elections for the 2017 County Committee

USDA Farm Service Agency (FSA) County Committee Elections are underway in all counties in Arkansas.

It is important that every eligible producer participate in these elections because FSA county committees are a link between the agricultural community and the USDA. County committee members are a critical component of FSA operations. Committees should be comprised of members who reflect the diversity of producers involved in production agriculture. This means that producers representing underserved groups or communities should be on the committee to speak on behalf of their constituency.

Underserved producers are beginning, women and other minority farmers and ranchers and land owners and/or operators who have limited resources. Other minority groups including Native American and Alaska Natives; persons under the poverty level, and persons that have disabilities are also considered underserved.

County committee election ballots will be mailed to eligible voters on Nov. 6, 2017. The last day to return completed ballots to your respective County USDA service center is Dec. 4, 2017.

For more information on eligibility to serve on FSA county committees, visit: [www.fsa.usda.gov/elections](http://www.fsa.usda.gov/elections).

## Dairy Producers Can Enroll for 2018 Coverage

### Secretary Allows Producers to Opt Out

The U.S. Department of Agriculture (USDA) Farm Service Agency (FSA) today announced that starting Sept. 1, 2017, dairy producers can enroll for 2018 coverage in the Margin Protection Program (MPP-Dairy). Secretary Sonny Perdue has utilized additional flexibility this year by providing dairy producers the option of opting out of the program for 2018.

To opt out, a producer should not sign up during the annual registration period. By opting out, a producer would not receive any MPP-Dairy benefits if payments are triggered for 2018. Full details will be included in a subsequent Federal Register Notice. The decision would be for 2018 only and is not retroactive.

The voluntary program, established by the 2014 Farm Bill, provides financial assistance to participating dairy producers when the margin – the difference between the price of milk and feed costs – falls below the coverage level selected by the producer.

MPP-Dairy gives participating dairy producers the flexibility to select coverage levels best suited for their operation. Enrollment ends on Dec. 15, 2017, for coverage in calendar year 2018. Participating farmers will remain in the program through Dec. 31, 2018, and pay a minimum \$100 administrative fee for 2018 coverage. Producers have the option of selecting a different coverage level from the previous coverage year during open enrollment.

Dairy operations enrolling in the program must meet conservation compliance provisions and cannot participate in the Livestock Gross Margin Dairy Insurance Program. Producers can mail the appropriate form to the producer's administrative county FSA office, along with applicable fees, without necessitating a trip to the local FSA office. If electing higher coverage for 2018, dairy producers can either pay the premium in full at the time of enrollment or pay 100 percent of the premium by Sept. 1, 2018. Premium fees may be paid directly to FSA or producers can work with their milk handlers to remit premiums on their behalf.

USDA has a web tool to help producers determine the level of coverage under the MPP-Dairy that will provide them with the strongest safety net under a variety of conditions. The online resource, available at [www.fsa.usda.gov/mpptool](http://www.fsa.usda.gov/mpptool), allows dairy farmers to quickly and easily combine unique operation data and other key variables to calculate their coverage needs based on price projections. Producers can also review historical data or estimate future coverage based on data projections. The secure site can be accessed via computer, Smartphone, tablet or any other platform, 24 hours a day, seven days a week.

For more information, visit FSA online at [www.fsa.usda.gov/dairy](http://www.fsa.usda.gov/dairy) or stop by a local FSA office to learn more about the MPP-Dairy.

---

## Payments to Deceased Producers

In order to claim a Farm Service Agency (FSA) payment on behalf of a deceased producer, all program conditions for the payment must have been met before the applicable producer's date of death.

If a producer earned a FSA payment prior to becoming deceased, the following is the order of precedence of the representatives of the producer:

- administrator or executor of the estate
- the surviving spouse
- surviving sons and daughters, including adopted children
- surviving father and mother
- surviving brothers and sisters
- heirs of the deceased person who would be entitled to payment according to the State law

In order for FSA to release the payment, the legal representative of the deceased producer must file a form FSA-325, to claim the payment for themselves or an estate. The county office will verify and determine that the application, contract, loan agreement, or other similar form requesting payment issuance, was signed by the applicable deadline for such form, by the deceased or a person legally authorized to act on their behalf at that time of application.

If the application, contract or loan agreement form was signed by someone other than the participant who is deceased, FSA will determine whether the person submitting the form has the legal authority to submit the form to compel FSA to pay the deceased participant.

Payments will be issued to the respective representative's name using the deceased program participant's tax identification number. Payments made to representatives are subject to offset regulations for debts owed by the deceased.

FSA is not responsible for advising persons in obtaining legal advice on how to obtain program benefits that may be due to a participant who has died, disappeared or who has been declared incompetent.

## **MAL and LDP Policy**

The Agricultural Act of 2014 authorized 2014-2018 crop year Marketing Assistance Loans (MALs) and Loan Deficiency Payments (LDPs), with a few minor policy changes.

Among the changes, farm-stored MAL collateral transferred to warehouse storage will retain the original loan rate, be allowed to transfer only the outstanding farm-stored quantity with no additional quantity allowed and will no longer require producers to have a paid for measurement service when moving or commingling loan collateral.

MALs and LDPs provide financing and marketing assistance for wheat, feed grains, soybeans, and other oilseeds, pulse crops, rice, peanuts, cotton, wool and honey. MALs provide producers interim financing after harvest to help them meet cash flow needs without having to sell their commodities when market prices are typically at harvest-time lows. A producer who is eligible to obtain a loan, but agrees to forgo the loan, may obtain an LDP if such a payment is available. Marketing loan provisions and LDPs are not available for sugar and extra-long staple cotton.

FSA is now accepting requests for 2017 MALs and LDPs for all eligible commodities after harvest. Requests for loans and LDPs shall be made on or before the final availability date for the respective commodities.

Before MAL repayments with a market loan gain or LDP disbursements can be made, producers must meet the requirements of actively engaged in farming, cash rent tenant and member contribution.

Commodity certificates are available to loan holders who have outstanding nonrecourse loans for wheat, upland cotton, rice, feed grains, pulse crops (dry peas, lentils, large and small chickpeas), peanuts, wool, soybeans and designated minor oilseeds. These certificates can be purchased at the posted county price (or adjusted world price or national posted price) for the quantity of commodity under loan, and must be immediately exchanged for the collateral, satisfying the loan. MALs redeemed with commodity certificates are not subject to the actively engaged in farming, cash-rent tenant, Adjusted Gross Income provisions or the payment limitation.

To be considered eligible for an LDP, producers must have form [CCC-633EZ](#), Page 1 on file at their local FSA Office before losing beneficial interest in the crop. Pages 2, 3 or 4 of the form must be submitted when payment is requested.

The 2014 Farm Bill also establishes payment limitations per individual or entity not to exceed \$125,000 annually on certain commodities for the following program benefits: price loss coverage payments, agriculture risk coverage payments, marketing loan gains (MLGs) and LDPs. These payment limitations do not apply to MAL loan disbursements or redemptions using commodity certificate exchange.

Adjusted Gross Income (AGI) provisions were modified by the 2014 Farm Bill, which states that a producer whose total applicable three-year average AGI exceeds \$900,000 is not eligible to receive an MLG or LDP. Producers must have a valid CCC-941 on file to earn a market gain of LDP. The AGI does not apply to MALs redeemed with commodity certificate exchange.

For more information and additional eligibility requirements, please visit a nearby USDA Service Center or FSA's website [www.fsa.usda.gov](http://www.fsa.usda.gov).

---

## **Maintaining the Quality of Farm-Stored Loan Grain**

Bins are ideally designed to hold a level volume of grain. When bins are overfilled and grain is heaped up, airflow is hindered and the chance of spoilage increases.

Producers who take out marketing assistance loans and use the farm-stored grain as collateral should remember that they are responsible for maintaining the quality of the grain through the term of the loan.

---

## ARC/PLC Acreage Maintenance

Producers enrolled in the Agriculture Risk Coverage (ARC) or Price Loss Coverage (PLC) programs must protect all cropland and noncropland acres on the farm from wind and water erosion and noxious weeds. Producers who sign ARC county or individual contracts and PLC contracts agree to effectively control noxious weeds on the farm according to sound agricultural practices. If a producer fails to take necessary actions to correct a maintenance problem on a farm that is enrolled in ARC or PLC, the County Committee may elect to terminate the contract for the program year.

---

## Preauthorized Debit Available for Farm Loan Borrowers

USDA Farm Service Agency (FSA) has implemented pre-authorized debit (PAD) for Farm Loan Program (FLP) borrowers. PAD is a voluntary and alternative method for making weekly, bi-weekly, monthly, quarterly, semi-annual or annual payments on loans.

PAD payments are pre authorized transactions that allow the National Financial and Accounting Operations Center (NFAOC) to electronically collect loan payments from a customer's account at a financial institution.

PAD may be useful for borrowers who use nonfarm income from regular wages or salary to make payments on loans or adjustment offers or for payments from seasonal produce stands. PAD can only be established for future payments.

To request PAD, customers, along with their financial institution, must fill out form RD 3550-28. This form has no expiration date, but a separate form RD 3550-28 must be completed for each loan to which payments are to be applied. A fillable form can be accessed on the USDA Rural Development (RD) website at <http://www.rd.usda.gov/publications/regulations-guidelines>. Click forms and search for "Form 3550-28."

If you have a "filter" on the account at your financial institution, you will need to provide the financial institution with the following information: Origination ID: 1220040804, Agency Name: USDA RD DCFO.

PAD is offered by FSA at no cost. Check with your financial institution to discuss any potential cost. Preauthorized debit has no expiration date, but you can cancel at any time by submitting a written request to your local FSA office. If a preauthorized debit agreement receives three payment rejections within a three month period, the preauthorized debt agreement will be cancelled by FSA. The payment amount and due date of your loan is not affected by a cancellation of preauthorized debit. You are responsible to ensure your full payment is made by the due date.

For more information about PAD, contact your local FSA office. To find a local FSA office, visit <http://offices.usda.gov>

---

## Direct Loans

FSA offers direct farm ownership and direct farm operating Loans to producers who want to establish, maintain or strengthen their farm or ranch. FSA loan officers process, approve and service direct loans.

Direct farm operating loans can be used to purchase livestock and feed, farm equipment, fuel, farm chemicals, insurance and other costs including family living expenses. Operating loans can also be

used to finance minor improvements or repairs to buildings and to refinance some farm-related debts, excluding real estate.

Direct farm ownership loans can be used to purchase farmland, enlarge an existing farm, construct and repair buildings, and to make farm improvements.

The maximum loan amount for both direct farm ownership and operating loans is \$300,000 and a down payment is not required. Repayment terms vary depending on the type of loan, collateral and the producer's ability to repay the loan. Operating loans are normally repaid within seven years and farm ownership loans are not to exceed 40 years.

Please contact your local FSA office for more information or to apply for a direct farm ownership or operating loan.

## Power of Attorney

For those who find it difficult to visit the county office personally because of work schedules, distance, health, etc., FSA has a power of attorney form available that enables you to designate another person to conduct your business at the office. If you are interested, please contact our office or any Farm Service Agency office near you for more information. Power of Attorney provisions do not apply to farm loan programs.

## Rates and Dates

Selected Interest Rates for September 2017			
90-Day Treasury Bill	1.000		
Farm Operating Loans — Direct	2.875		
Farm Ownership Loans — Direct	3.750		
Farm Ownership Loans — Direct Down Payment, Beginning Farmer or Rancher	1.500		
Emergency Loans	3.750		
Farm Storage Facility Loans (3 years)	1.500		
Farm Storage Facility Loans (5 years)	1.750		
Farm Storage Facility Loans (7 years)	2.125		
Farm Storage Facility Loans (10 years)	2.250		
Farm Storage Facility Loans (12 years)	2.375		
Commodity Loans 1996-Present	2.250
