

FOIA 13-14357

Submitted to SEVP FOIA March 11, 2013

Summary

The information presented in the tables below contains a report of F-1 students with a secondary education level with participation in calendar year 2012 by country of citizenship, school location state, and school type (public/private).

**Please note: There are 65, 452 F-1 student records with education level of secondary that were active during calendar year 2012. If a student had more than one secondary education level record active during the year then it is included in the count more than once.*

Secondary Students Counts by Public/Private (2012)
