Eligibility for Nominations for the 2017 County Committee Elections

The U.S. Department of Agriculture (USDA) Farm Service Agency (FSA) county committees are a critical component of the day-to-day operations of FSA and allow grassroots input and local administration of federal farm programs.

Committees are comprised of locally elected agricultural producers responsible for the fair and equitable administration of FSA farm programs in their counties. Committee members are accountable to the Secretary of Agriculture. If elected, members become part of a local decision making and farm program delivery process.

A county committee is composed of three to 11 elected members from local administrative areas (LAA). Each member serves a three-year term. To be eligible for nomination and hold office as a committee member or alternate, a person must fulfill each of the following requirements: (1) be a producer with an interest in farming or ranching operations, (2) participate or cooperate in any

FSA program provided for by law, (3) be a U.S. citizen, (4) be of legal voting age, (5) meet the basic eligibility requirements, and (6) reside in the county or multi-county jurisdiction in which they will be serving.

All nomination forms for the 2017 election must be postmarked or received in the local USDA service center by Aug. 1, 2017. For more information on FSA county committee elections and appointments, refer to the FSA fact sheet: Eligibility to Vote and Hold Office as a COC Member available online at: www.fsa.usda.gov/elections.

Dairy Indemnity Payment Program

The 2014 Farm Bill authorized the extension of the Dairy Indemnity Payment Program (DIPP) through September 30, 2018. DIPP provides payments to dairy producers and manufacturers of dairy products when they are directed to remove their raw milk or products from the market because of contamination.

Deadline to Enroll in Agriculture Risk Coverage (ARC) and Price Loss Coverage (PLC)

West Virginia Producers Have until Aug. 1 to Enroll in ARC/PLC

Farmers and ranchers have until Aug. 1 to enroll in Agriculture Risk Coverage (ARC) and/or Price Loss Coverage (PLC) programs for the 2017 crop year. These programs trigger financial protections for participating agricultural producers when market forces cause substantial drops in crop prices or revenues.

Producers have already elected ARC or PLC, but to receive program benefits they must enroll for the 2017 crop year by signing a contract before the Aug. 1 deadline. Please contact your local FSA office to schedule an appointment if you have not yet enrolled.

Covered commodities under the programs include barley, canola, large and small chickpeas, corn, crambe, flaxseed, grain sorghum, lentils, mustard seed, oats, peanuts, dry peas, rapeseed, long grain rice, medium grain rice (which includes short grain and sweet rice), safflower seed, sesame, soybeans, sunflower seed and wheat.

For more program information, contact your local FSA office or visit www.fsa.usda.gov/arc-plc.

Preauthorized Debit Available for Farm Loan Borrowers

USDA Farm Service Agency (FSA) has implemented pre-authorized debit (PAD) for Farm Loan Program (FLP) borrowers. PAD is a voluntary and alternative method for making weekly, bi-weekly,

monthly, quarterly, semi-annual or annual payments on loans.

PAD payments are pre authorized transactions that allow the National Financial and Accounting Operations Center (NFAOC) to electronically collect loan payments from a customer's account at a financial institution.

PAD may be useful for borrowers who use nonfarm income from regular wages or salary to make payments on loans or adjustment offers or for payments from seasonal produce stands. PAD can only be established for future payments.

To request PAD, customers, along with their financial institution, must fill out form RD 3550-28. This form has no expiration date, but a separate form RD 3550-28 must be completed for each loan to which payments are to be applied. A fillable form can be accessed on the USDA Rural Development (RD) website at <http://www.rd.usda.gov/publications/regulations-guidelines>. Click forms and search for "Form 3550-28."

If you have a "filter" on the account at your financial institution, you will need to provide the financial institution with the following information: Origination ID: 1220040804, Agency Name: USDA RD DCFO.

PAD is offered by FSA at no cost. Check with your financial institution to discuss any potential cost. Preauthorized debit has no expiration date, but you can cancel at any time by submitting a written request to your local FSA office. If a preauthorized debit agreement receives three payment rejections within a three month period, the preauthorized debt agreement will be cancelled by FSA. The payment amount and due date of your loan is not affected by a cancellation of preauthorized debit. You are responsible to ensure your full payment is made by the due date.

For more information about PAD, contact your local FSA office. To find a local FSA office, visit <http://offices.usda.gov>

Breaking New Ground

Agricultural producers are reminded to consult with FSA and NRCS before breaking out new ground for production purposes as doing so without prior authorization may put a producer's federal farm program benefits in jeopardy. This is especially true for land that must meet Highly Erodible Land (HEL) and Wetland Conservation (WC) provisions.

Producers with HEL determined soils are required to apply tillage, crop residue and rotational requirements as specified in their conservation plan.

Producers should notify FSA as a first point of contact prior to conducting land clearing or drainage type projects to ensure the proposed actions meet compliance criteria such as clearing any trees to create new cropland, then these areas will need to be reviewed to ensure such work will not risk your eligibility for benefits.

Landowners and operators complete the form AD-1026 - Highly Erodible Land Conservation (HEL) and Wetland Conservation (WC) Certification to identify the proposed action and allow FSA to determine whether a referral to Natural Resources Conservation Service (NRCS) for further review is necessary.

Youth Loans

The Farm Service Agency makes loans to youth to establish and operate agricultural income-producing projects in connection with 4-H clubs, FFA and other agricultural groups. Projects must be planned and operated with the help of the organization advisor, produce sufficient income to repay the loan and provide the youth with practical business and educational experience. The maximum loan amount is \$5000.

Youth Loan Eligibility Requirements:

- Be a citizen of the United States (which includes Puerto Rico, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands) or a legal resident alien
- Be 10 years to 20 years of age
- Comply with FSA's general eligibility requirements
- Be unable to get a loan from other sources
- Conduct a modest income-producing project in a supervised program of work as outlined above
- Demonstrate capability of planning, managing and operating the project under guidance and assistance from a project advisor. The project supervisor must recommend the youth loan applicant, along with providing adequate supervision.

Stop by the county office for help preparing and processing the application forms.
