From: Allison Allen
 Chief, Marine, Tropical, and Tsunami Services Branch

Subject: Discontinuing experimental text products used in the
 creation of the Tampa Bay Marine Channels Forecast
 effective December 27, 2017

Effective Wednesday, December 27, 2017, at 1200 Coordinated Universal Time (UTC), 700 AM EST, the NWS Tampa Bay, FL, office will discontinue experimental text products used to create the Tampa Bay Marine Channels Forecast.

The National Ocean Service now generates the official text product and the experimental products are no longer needed. Therefore, the data will no longer be available via the public FTP site of the National Centers for Environmental Prediction but will be available on the link below.

The Experimental Tampa Bay Marine Channels Forecast became an official product on August 1, 2017, and can be accessed at:
<https://tidesandcurrents.noaa.gov/ofs/tbofs/tbofs.html>
