### A Special 2018 Ag Day Message from: Robin Talley, acting State Executive Director, Delaware Farm Service Agency

#### National Agriculture Day Celebrates American Food and Fiber Production

It's National Agriculture Day, a day designated each year by the [Agriculture Council of America \(ACA\)](#) to celebrate the accomplishments of agriculture. Delaware [Farm Service Agency \(FSA\)](#) joins the council in recognizing farmers, ranchers and foresters for their contributions to the nation's outstanding quality of life.

This year's theme, **Agriculture: Food for Life**, spotlights the hard work of American producers who diligently work to provide food, fiber and more to the United States and countries around the world. To ensure a prosperous future for American agriculture, FSA

Donnie Collins

provides continuous support to agriculturalists across the country.

Jay Baxter

FSA is rural America's engine for economic growth, job creation and development, offering local service to millions of rural producers. In fiscal year 2017, [USDA Farm Loan programs](#) provided \$6 billion in support to producers across America, the second highest total in FSA history. FSA also distributed \$1.6 billion in [Conservation Reserve Program \(CRP\)](#) payments to over 375,000 Americans to improve water quality, reduce soil erosion and increase wildlife habitat.

Lori Ockels

### Selected Interest Rates for December 2018

• Farm Operating Loans — Direct – 3.250%

• Farm Ownership Loans — Direct – 3.750%

• Farm Ownership Loans — Direct Down Payment - 1.50%

• Farm Storage Facility Loans (7 yr. term) - 2.750%

• Commodity Loans – 2.875%

For agricultural producers who suffered market downturns in 2016, USDA is issuing approximately \$8 billion in payments under the [Agriculture Risk Coverage \(ARC\) and Price Loss Coverage \(PLC\) programs](#). USDA also continues to provide extensive assistance in response to natural [disasters](#) throughout the country, including last year's hurricanes in Florida, Texas, Puerto Rico and the Virgin Islands, drought in the northern high plains, wildfires in the west and central plains, floods, tornados, freezes and other catastrophic weather events.

To support [beginning farmers and ranchers](#), Agriculture Secretary Sonny Perdue signed a Memorandum of Understanding with officials from [SCORE](#), the nation's largest volunteer network of expert business mentors, to support new and beginning farmers. The agreement provides new help and resources for beginning ranchers, veterans, women, socially disadvantaged Americans and others, providing new tools to help them both grow and thrive in agribusiness.

I am honored to administer programs that enable our producers to manage their risks when the agriculture industry faces hardship. On behalf of the Delaware Farm Service Agency, I would like to thank our agricultural producers for continuing to feed our nation and the world.

## FSAfarm+, FSA's Customer Self-Service Portal

The U.S. Department of Agriculture (USDA) Farm Service Agency (FSA) has launched a new tool to provide farmers and ranchers with remote access to their personal farm information using their home computers. Farmers and ranchers can now view, print or export their personal farm data all without visiting an FSA county office.

The program, known as **FSAfarm+**, provides you with secure access to view your personal FSA data, such as base and yields, Conservation Reserve Program data, other conservation program acreage, Highly Erodible Land Conservation and Wetland Conservation status information, field boundaries, farm imagery, name and address details, contact information and membership interest and shares in the operation. This data will be available in real time, at no cost to the producer and allow operators and owners to export and print farm records, including maps. Producers also can electronically share their data with a crop insurance agent from their own personal computer.

Farm operators and owners first will need "Level 2 eAuthentication" to access the webportal. This

level of security ensures that personal information is protected for each user. Level 2 access can be obtained by going to [www.eauth.usda.gov](http://www.eauth.usda.gov), completing the required information and then visiting your local FSA office to finalize access.

For more information on **FSAfarm+**, the customer self-service portal, contact our office.
