

# ARE YOU READY FOR PrEP?

## Is PrEP Right For Me?

I am thinking about PrEP to prevent HIV. What now?

**Do your research.** Seek out information to help you decide

[CDC.gov/actagainstaids/basics/prep.html](http://CDC.gov/actagainstaids/basics/prep.html)

**Make a list** of why you think PrEP would be right for you

**Talk to your health care provider** if you have more questions

## Frequently Asked Questions

Would PrEP be a good option for me?

How much would PrEP lower my risk of HIV infection?

What else can I do to lower my risk of HIV infection?

Will the daily pill work for my routine?

Can I get help paying for PrEP?

Are there any side effects to PrEP?

How often will I be tested for HIV and other sexually transmitted diseases?

Will you prescribe and manage PrEP for me?

If you decide PrEP is right for you

Take your pill every day

Follow your health care provider's advice about how to take your pill. This will give it the best chance to prevent HIV.

Tell your health care provider if you have trouble remembering to take your pill or want to stop PrEP
