State Economy Overall

- Maryland's economy grew at a slower rate than the United States in 2013. Maryland's real gross state product remained constant while U.S. gross domestic product increased by **2.2 percent**. (Source: BEA)
- The employment picture in Maryland has improved. The unemployment rate in Maryland declined from **6.4 percent** in October 2013 to **6.0 percent** in October 2014. This is above the national average of **5.8 percent** for the same time period. (Source: BLS)

Employment

- Maryland's small businesses employed over half or **1.1 million** of the state's private workforce in 2012. (Source: SUSB)
- Almost all firms with employees are small. They make up **97.5 percent** of all employers in the state. (Source: SUSB)
- Firms with fewer than 100 employees have the largest share of small business employment. **Figure 1** offers further detail.
- In Maryland, small businesses created **35,334** net new jobs in 2012. The biggest gain was in the smallest firm size category of 1-4 employees. (Source: BDS)
- The number of people who were primarily self-employed in 2013 decreased by **0.5 percent** relative to the previous year.
- The state's private-sector employment growth remained constant over the 12-month period ending in October 2014. The national average growth rate for this period was **2.6 percent**. (Source: BEA, BLS)

The *Small Business State and Territory Profiles* report on the economic status of small business from 2007 to 2014. They include information on the number of firms, employment, demographics and other topics using the most recently available government data. They are a reference tool for researchers, policymakers, and small entities who are interested in how small firms are performing regionally or nationally. *Note that this report defines small businesses as firms with fewer than 500 employees.*

Income and Finance

- The number of banks reported in the Call Reports between June 2013 and June 2014 declined. (Source: FDIC)
- In 2012, **87,725** loans under \$100,000 (and valued at **\$1.1 billion**) were issued by Community Reinvestment Act lending institutions in Maryland. (Source: FFIEC)
- The median income for individuals who are self-employed at their own incorporated businesses for the past 12 months was **\$51,697** in 2013. For individuals self-employed at their own unincorporated firms, this figure was **\$26,697**. (Source: ACS)

Note: Median income represents earnings from all sources. Unincorporated self-employment income includes unpaid family workers, a very small percent of the unincorporated self-employed.

Business Owner Demographics

- **Table 1** shows the top industry for nine business owner demographics. For example, **58.7 percent** of female-owned businesses were in the health care and social assistance industry, and female-owned firms made up **19.2 percent** of this industry.
