

One Veteran. One Job. You Can Help!

Veterans made a commitment to serve and protect our nation. It is our duty to make sure they have opportunities for success after facing the challenges of being homeless.

Contact your local Community Employment Coordinator (CEC) to discuss how your organization can benefit from hiring a Veteran with a diverse skillset who will make a dedicated, long-term employee.

As our nation thanks those who serve our country, we also thank and appreciate those who give them an opportunity to find meaningful work following their service.
