General Comment

If I could figure out how to "cut and paste" NARFE's suggested words - I would do so.

However, these words will get to you the "hard/manual" way.

The DOL Fiduciary Rule (in my mind) has no negatives. It will have limited benefit to me -- but only because I do not have the finances/money to invest. If I did -- such a rule would be a huge reassurance that I would not be cheated (as so many folks my age have already been).

Please lend your support to the Fiduciary Rule !!
