**Subject:** RIN 1210-AB79

Dear Sir or Madam:

Please postpone implementing this fascist rule and put it on the road to repeal as it impacts my retirement in a very negative way. I know much better than anyone involved in promulgating this rule what to do with my savings, and I might add that this rule only adds to my disgust with the previous administration's know-it-alls.

Thank you for your attention,  
James Paty
