US Department of Labor
250 Constitution Avenue, NW
Washington, DC 20210

Dear Mr. Acosta,

"Your department is seeking feed back on the "Fiduciary Rule" which needs to be rescinded.

This rule was enacted by an unselected democrat government back for two reasons:

- ① To benefit large Wall Street firms at the expense of smaller Broker Dealers and their Registered Representatives.
- ② To gouge the small retirement investor with higher fees, which are pocketed by the large Wall Street firms.

The Trump Administration wants this Rule gone!

Sincerely, Fred B. Hodapp
