Berkeley County hosts public information meeting for US-176/State Road Widening Project

On Tuesday, December 4, 2018 at Cane Bay Elementary School from 6-8 p.m.

BERKELEY COUNTY, S.C.- (Monday, November 19, 2018) Berkeley County will host a public meeting at Cane Bay Elementary School, located at 1247 Cane Bay Boulevard in Summerville, S.C., on Tuesday, December 4, from 6 - 8 p.m. The purpose of the meeting is to provide information and answer questions regarding the proposed widening of US-176 from US 17 Alt. to the new Nexton Parkway intersection with US 176.

This meeting will have a drop-in type format with displays for viewing, and citizens will have the opportunity to provide written comments. The design is nearing completion and as such your input will be evaluated and incorporated into the project where feasible.

The project consists of widening US-176 from US 17 Alt. to Nexton Parkway, a distance of approximately 4.7 miles. The proposed project includes the widening of the existing two-lane roadway and would improve intersections along the project corridor. The project is proposed to increase capacity and improve traffic operations within the project corridor. In an effort to expedite construction of US 176, the County has stopped work on the remaining portions of US 176 from Nexton Parkway to Volvo Car Drive and as such, no information will be available at this meeting for that portion of US 176.

Berkeley County personnel and consultant representatives will be available to answer questions and discuss the project with interested citizens on an individual basis.
