For those under full retirement age, the law requires that a report of earnings be filed with SSA within 3 months and 15 days after the end of any taxable year in which the child earns more than the annual exempt amount. You may contact SSA to file a report for the child. Otherwise, SSA will use the earnings reported by the child's employer(s) and the child's self-employment tax return (if applicable) as the report of earnings required by law, to adjust benefits under the earnings test. It is your responsibility to ensure that the information you give concerning the child's earnings is correct.
