§ 1673d. Final determinations

(a) Final determination by administering authority

(1) General rule

Within 75 days after the date of its preliminary determination under section 1673b(b) of this title, the administering authority shall make a final determination of whether the subject merchandise is being, or is likely to be, sold in the United States at less than its fair value.

(2) Extension of period for determination

The administering authority may postpone making the final determination under paragraph (1) until not later than the 135th day after the date on which it published notice of its preliminary determination under section 1673b(b) of this title if a request in writing for such a postponement is made by—

(A) exporters who account for a significant proportion of exports of the merchandise which is the subject of the investigation, in a proceeding in which the preliminary determination by the administering authority under section 1673b(b) of this title was affirmative, or

(B) the petitioner, in a proceeding in which the preliminary determination by the administering authority under section 1673b(b) of this title was negative.

(3) Critical circumstances determinations

If the final determination of the administering authority is affirmative, then that determination, in any investigation in which the presence of critical circumstances has been alleged under section 1673b(e) of this title, shall also contain a finding of whether—

(A)(i) there is a history of dumping and material injury by reason of dumped imports in the United States or elsewhere of the subject merchandise, or

(ii) the person by whom, or for whose account, the merchandise was imported knew

or should have known that the exporter was selling the subject merchandise at less than its fair value and that there would be material injury by reason of such sales, and

(B) there have been massive imports of the subject merchandise over a relatively short period.

Such findings may be affirmative even though the preliminary determination under section 1673b(e)(1) of this title was negative.

(4) De minimis dumping margin

In making a determination under this subsection, the administering authority shall disregard any weighted average dumping margin that is de minimis as defined in section 1673b(b)(3) of this title.

(b) Final determination by Commission

(1) In general

The Commission shall make a final determination of whether—

(A) an industry in the United States—

(i) is materially injured, or

(ii) is threatened with material injury, or

(B) the establishment of an industry in the United States is materially retarded,

by reason of imports, or sales (or the likelihood of sales) for importation, of the merchandise with respect to which the administering authority has made an affirmative determination under subsection (a)(1) of this section. If the Commission determines that imports of the subject merchandise are negligible, the investigation shall be terminated.

(2) Period for injury determination following affirmative preliminary determination by administering authority

If the preliminary determination by the administering authority under section 1673b(b) of this title is affirmative, then the Commission shall make the determination required by paragraph (1) before the later of—

(A) the 120th day after the day on which the administering authority makes its affirmative preliminary determination under section 1673b(b) of this title, or

(B) the 45th day after the day on which the administering authority makes its affirmative final determination under subsection (a) of this section.

(3) Period for injury determination following negative preliminary determination by administering authority

If the preliminary determination by the administering authority under section 1673b(b) of this title is negative, and its final determination under subsection (a) of this section is affirmative, then the final determination by the Commission under this subsection shall be made within 75 days after the date of that affirmative final determination.

(4) Certain additional findings

(A) COMMISSION STANDARD FOR RETROACTIVE APPLICATION.—

(i) IN GENERAL.—If the finding of the administering authority under subsection

(a)(3) of this section is affirmative, then the final determination of the Commission shall include a finding as to whether the imports subject to the affirmative determination under subsection (a)(3) of this section are likely to undermine seriously the remedial effect of the antidumping duty order to be issued under section 1673e of this title.

(ii) **FACTORS TO CONSIDER.**—In making the evaluation under clause (i), the Commission shall consider, among other factors it considers relevant—

(I) the timing and the volume of the imports,

(II) a rapid increase in inventories of the imports, and

(III) any other circumstances indicating that the remedial effect of the antidumping order will be seriously undermined.

(B) If the final determination of the Commission is that there is no material injury but that there is threat of material injury, then its determination shall also include a finding as to whether material injury by reason of the imports of the merchandise with respect to which the administering authority has made an affirmative determination under subsection (a) of this section would have been found but for any suspension of liquidation of entries of the merchandise.

(c) Effect of final determinations

(1) Effect of affirmative determination by the administering authority

If the determination of the administering authority under subsection (a) of this section is affirmative, then—

(A) the administering authority shall make available to the Commission all information upon which such determination was based and which the Commission considers relevant to its determination, under such procedures as the administering authority and the Commission may establish to prevent disclosure, other than with the consent of the party providing it or under protective order, of any information as to which confidential treatment has been given by the administering authority,

(B)(i) the administering authority shall—

(I) determine the estimated weighted average dumping margin for each exporter and producer individually investigated, and

(II) determine, in accordance with paragraph (5), the estimated all-others rate for all exporters and producers not individually investigated, and

(ii) the administering authority shall order the posting of a cash deposit, bond, or other security, as the administering authority deems appropriate, for each entry of the subject merchandise in an amount based on the estimated weighted average dumping margin or the estimated all-others rate, whichever is applicable, and

(C) in cases where the preliminary determination by the administering authority under section 1673b(b) of this title was negative, the administering authority shall order

the suspension of liquidation under section 1673b(d)(2) of this title.

(2) Issuance of order; effect of negative determination

If the determinations of the administering authority and the Commission under subsections (a)(1) and (b)(1) of this section are affirmative, then the administering authority shall issue an antidumping duty order under section 1673e(a) of this title. If either of such determinations is negative, the investigation shall be terminated upon the publication of notice of that negative determination and the administering authority shall—

(A) terminate the suspension of liquidation under section 1673b(d)(2) of this title, and

(B) release any bond or other security, and refund any cash deposit, required under section 1673b(d)(1)(B) of this title.

(3) Effect of negative determinations under subsections (a)(3) and (b)(4)(A) of this section

If the determination of the administering authority or the Commission under subsection (a)(3) or (b)(4)(A) of this section, respectively, is negative, then the administering authority shall—

(A) terminate any retroactive suspension of liquidation required under paragraph (4) or section 1673b(e)(2) of this title, and

(B) release any bond or other security, and refund any cash deposit required, under section 1673b(d)(1)(B) of this title with respect to entries of the merchandise the liquidation of which was suspended retroactively under section 1673b(e)(2) of this title.

(4) Effect of affirmative determination under subsection (a)(3) of this section

If the determination of the administering authority under subsection (a)(3) of this section is affirmative, then the administering authority shall—

(A) in cases where the preliminary determinations by the administering authority under sections 1673b(b) and 1673b(e)(1) of this title were both affirmative, continue the retroactive suspension of liquidation and the posting of a cash deposit, bond, or other security previously ordered under section 1673b(e)(2) of this title;

(B) in cases where the preliminary determination by the administering authority under section 1673b(b) of this title was affirmative, but the preliminary determination under section 1673b(e)(1) of this title was negative, shall modify any suspension of liquidation and security requirement previously ordered under section 1673b(d) of this title to apply to unliquidated entries of merchandise entered, or withdrawn from warehouse, for consumption on or after the date which is 90 days before the date on which suspension of liquidation was first ordered; or

(C) in cases where the preliminary determination by the administering authority under section 1673b(b) of this title was negative, shall apply any suspension of liquida-

tion and security requirement ordered under subsection (c)(1)(B) of this section to unliquidated entries of merchandise entered, or withdrawn from warehouse, for consumption on or after the date which is 90 days before the date on which suspension of liquidation is first ordered.

(5) Method for determining estimated all-others rate

(A) General rule

For purposes of this subsection and section 1673b(d) of this title, the estimated all-others rate shall be an amount equal to the weighted average of the estimated weighted average dumping margins established for exporters and producers individually investigated, excluding any zero and de minimis margins, and any margins determined entirely under section 1677e of this title.

(B) Exception

If the estimated weighted average dumping margins established for all exporters and producers individually investigated are zero or de minimis margins, or are determined entirely under section 1677e of this title, the administering authority may use any reasonable method to establish the estimated all-others rate for exporters and producers not individually investigated, including averaging the estimated weighted average dumping margins determined for the exporters and producers individually investigated.

(d) Publication of notice of determinations

Whenever the administering authority or the Commission makes a determination under this section, it shall notify the petitioner, other parties to the investigation, and the other agency of its determination and of the facts and conclusions of law upon which the determination is based, and it shall publish notice of its determination in the Federal Register.

(e) Correction of ministerial errors

The administering authority shall establish procedures for the correction of ministerial errors in final determinations within a reasonable time after the determinations are issued under this section. Such procedures shall ensure opportunity for interested parties to present their views regarding any such errors. As used in this subsection, the term “ministerial error” includes errors in addition, subtraction, or other arithmetic function, clerical errors resulting from inaccurate copying, duplication, or the like, and any other type of unintentional error which the administering authority considers ministerial.

§ 1673e. Assessment of duty

(a) Publication of antidumping duty order

Within 7 days after being notified by the Commission of an affirmative determination under section 1673d(b) of this title, the administering authority shall publish an antidumping duty order which—

(1) directs customs officers to assess an antidumping duty equal to the amount by which the normal value of the merchandise exceeds the export price (or the constructed export price) of the merchandise, within 6 months after the date on which the administering authority receives satisfactory information upon which the assessment may be based, but in no event later than—

(A) 12 months after the end of the annual accounting period of the manufacturer or exporter within which the merchandise is entered, or withdrawn from warehouse, for consumption, or

(B) in the case of merchandise not sold prior to its importation into the United States, 12 months after the end of the annual accounting period of the manufacturer or exporter within which it is sold in the United States to a person who is not the exporter of that merchandise,

(2) includes a description of the subject merchandise, in such detail as the administering authority deems necessary, and

(3) requires the deposit of estimated antidumping duties pending liquidation of entries of merchandise at the same time as estimated normal customs duties on that merchandise are deposited.

(b) Imposition of duty

(1) General rule

If the Commission, in its final determination under section 1673d(b) of this title, finds material injury or threat of material injury which, but for the suspension of liquidation under section 1673b(d)(2) of this title would have led to a finding of material injury, then entries of the subject merchandise, the liquidation of which has been suspended under section

1673b(d)(2) of this title, shall be subject to the imposition of antidumping duties under section 1673 of this title.

(2) Special rule

If the Commission, in its final determination under section 1673d(b) of this title, finds threat of material injury, other than threat of material injury described in paragraph (1), or material retardation of the establishment of an industry in the United States, then subject merchandise which is entered, or withdrawn from warehouse, for consumption on or after the date of publication of notice of an affirmative determination of the Commission under section 1673d(b) of this title shall be subject to the assessment of antidumping duties under section 1673 of this title, and the administering authority shall release any bond or other security, and refund any cash deposit made, to secure the payment of antidumping duties with respect to entries of the merchandise entered, or withdrawn from warehouse, for consumption before that date.

(c) Security in lieu of estimated duty pending early determination of duty

(1) Conditions for waiver of deposit of estimated duties

The administering authority may permit, for not more than 90 days after the date of publication of an order under subsection (a) of this section, the posting of a bond or other security in lieu of the deposit of estimated antidumping duties required under subsection (a)(3) of this section if—

(A) the investigation has not been designated as extraordinarily complicated by reason of—

(i) the number and complexity of the transactions to be investigated or adjustments to be considered,

(ii) the novelty of the issues presented,

or

(iii) the number of firms whose activities must be investigated,

(B) the final determination in the investigation has not been postponed under section 1673d(a)(2)(A) of this title;

(C) on the basis of information presented to the administering authority by any manufacturer, producer, or exporter in such form and within such time as the administering authority may require, the administering authority is satisfied that a determination will be made, within 90 days after the date of publication of an order under subsection (a) of this section, of the normal value and the export price (or the constructed export price) for all merchandise of such manufacturer, producer, or exporter described in that order which was entered, or withdrawn from warehouse, for consumption on or after the date of publication of—

(i) an affirmative preliminary determination by the administering authority under section 1673b(b) of this title, or

(ii) if its determination under section 1673b(b) of this title was negative, an affirmative final determination by the administering authority under section 1673d(a) of this title,
