Companies are selected into the EIA weekly sample according to a procedure that assures coverage of 90 percent of each information element.

WHEN TO SUBMIT

The Form EIA-803 must be received by the EIA by 5 p.m. Eastern Time on the Monday following the end of the report period (e.g., the "Weekly Crude Oil Stocks Report" covering the week ending January 1, 2016 must be received by 5 p.m. Eastern Time January 4, 2016).

HOW TO SUBMIT

Instructions on how to report are printed on PART 2 of Form EIA-803.

We recommend secure file transmission (HTTPS) for companies to use when sending this form to EIA. Secure transmission is an industry standard method to send information over the internet using encrypted processes. Access the EIA secure transmission site at:

<https://signon.eia.doe.gov/upload/noticeoog.jsp>.

Other methods of sending this form to EIA include the PC Electronic Data Reporting Option (PEDRO), mail, and facsimile. PEDRO is a Windows-based application that enables you to enter data interactively, import data from your own database, validate your data online, and transmit the encrypted data electronically to EIA via the Internet. If you are interested in receiving this free software, contact the Electronic Data Collection Support Staff

at (202) 586-9659.

Email may be used for sending PDF forms, but EIA cannot accept Excel files sent by email. Should you choose to submit your PDF data by email, we must advise you that e-mail is an insecure means of transmission because the data are not encrypted, and there is some possibility that your data could be compromised.
