

Department of Veterans Affairs Community Home-based Nursing Care

VA contracts with community nursing homes to care for Veterans. The Community Nursing Home program is offered in many communities so Veterans can receive care near their homes and families.

Eligibility for a Community Nursing Home is based on clinical need and setting availability. The VA will pay for Community Nursing Home care if you meet eligibility criteria involving your service connected status, level of disability, and income.

There are over 1,100 available VA beds in contract homes in Missouri statewide. Please contact a Missouri Veterans Home Admissions Coordinator or Missouri Veterans Commission Veterans Service Officer for more information and assistance.

A list of Missouri's VA Community Home-Based Nursing Care facilities are listed below.
