West Palm Beach	FL	Palm Beach International	PBI	ASO	Y	August 11, 2016	Only when triggered

- (1) These dates reflect original plans or plan updates whether based on time or triggering events.
- (2) Some airports that are not covered in 2019 may have been covered in prior years.
- (3) "Only when triggered" means that the covered airport has met its requirement for an initial plan and two updates. Further updates would only be required when the airport has a triggering event either an airport executes a new master lease and use agreement, or significantly amends a lease and use agreement, including an amendment due to use of Passenger Facility Charge financing for gates or an airport files a competitive access report as required by 49 USC § 47107(s) stating it had denied access to an air carrier for gates or facilities within the last six months.
- (4) Locations with due dates shown have or will be notified individually of the filing requirement.
- (5) HOU approval occurred on or about this date (corresponding historical document not currently available).
