

Message from Morgan Freeman: Screening for Colorectal Cancer PSA (:30)

[Morgan Freeman] Hi, this is Morgan Freeman. Has anyone ever said, 'You're the picture of health'? You look healthy and you feel fine, but that may not be the full picture. Colorectal cancer is the second leading cancer killer of men and women over 50. Doesn't always cause symptoms, but it can be prevented. Get screened ... make sure you are the picture of health!

[Announcer] A message from the U.S. Department of Health and Human Services and the Centers for Disease Control and Prevention.
