

Are You Listening? PSA (:30)

[Announcer] You listen when your body says, “I’m tired” or “I’m hungry.” What if your body said something else might be wrong?

Gynecologic cancers—cervical, ovarian, and uterine cancers—have symptoms. So pay attention. If your body says something may be wrong, please listen. Learn the symptoms. Get the Inside Knowledge about gynecologic cancers.

A message from HHS and CDC’s Inside Knowledge campaign.
