

Cote de Pablo: I Was Lucky PSA (:30)

[Cote de Pablo] Hi. I am Cote de Pablo. Cancer...we don't want to think about it. But I had to. Because, you see I was traveling, I was enjoying life, I was working. It was too long since my last Pap. When I was finally tested, we thought I might have cervical cancer. After worrying...no cancer. I was lucky. Women, please get a Pap test to check for cervical cancer. And get the Inside Knowledge about gynecologic cancers.
