

MCD Overview Page and Advanced Searches Page

- ❖ Specific query results shown in this presentation only apply for the week in which the slide was created as the MCD is updated on a weekly basis and query results change over time.
- ❖ This document may be redistributed.

MCD Overview Page and Advanced Search Page

CMS CCSQ Team

Fu Associates Coverage Team

September 28, 2016

Agenda

Overview Page - A review of the following features and functions:

- ❖ Latest Site Updates document;
- ❖ MCD Update Status;
- ❖ MCD Archive Link;
- ❖ NCA/CAL Public Comments Feature;
- ❖ Related Links;
- ❖ Submit Feedback Tool; and,
- ❖ Quick Search

Advanced Search Page – A review using the Advanced Search Functions

- ❖ Search by Document ID
- ❖ Search by Document Type

Welcome to the MCD- Overview Page

The Medicare Coverage Database (MCD) is your online source for:

- Resources on Local and National Coverage Decisions
- Downloads of several of the Coverage Databases
- Reports regarding Database updates
- Other information, such as Site Updates, a User Guide, Emailing of documents, and more.

The screenshot shows the CMS.gov Medicare Coverage Database (MCD) Overview Page. The page features a navigation menu with links for Home, About CMS, Newsroom Center, FAQs, Archive, Share, Help, Email, and Print. The CMS.gov logo is prominently displayed, along with the text "Centers for Medicare & Medicaid Services". A search bar is located at the top right. Below the navigation menu, there are several tabs for different categories: Medicare, Medicaid/CHIP, Medicare-Medicaid Coordination, Private Insurance, Innovation Center, Regulations & Guidance, Research, Statistics, Data & Systems, and Outreach & Education. The main content area is titled "Welcome to the Medicare Coverage Database" and includes a "MCD Notice Board" with a notice about the weekly CMS MCD Refresh Updates. There is also a "Latest Site Updates" section with a PDF link. On the right side, there is a "QUICK SEARCH" section with a search bar and options to search by document ID or document type. The page is designed with a clean, professional layout and uses a color scheme of blue, orange, and white.

Overview Page

The Overview page of the MCD has plenty of information to review.

The [Latest Site Updates](#) provides the latest information on MCD enhancements.

The **Quick Search Tool** is the fastest way to find Local and National Coverage Documents.

Links to the [MCD-Archive](#), the [MCD User Guide](#).

MCD Update Status Information.

The screenshot shows the CMS.gov Medicare Coverage Database Overview page. At the top, there is a navigation bar with links for Home, About CMS, Newsroom Center, FAQs, Archive, Share, Help, Email, and Print. Below this is the CMS.gov logo and the text "Centers for Medicare & Medicaid Services". A search bar is located to the right of the logo. Below the logo is a row of navigation tabs: Medicare, Medicaid/CHIP, Medicare-Medicaid Coordination, Private Insurance, Innovation Center, Regulations & Guidance, Research, Statistics, Data & Systems, and Outreach & Education. Below the tabs is a row of buttons: OVERVIEW (highlighted), ADVANCED SEARCH, INDEXES, REPORTS, DOWNLOADS, BASKET (0), Contextual Help is Off, and Page Help. The main content area is titled "Welcome to the Medicare Coverage Database" and features a "MCD Notice Board" with a notice about the weekly CMS MCD Refresh Updates. Below the notice board is a link to "Latest Site Updates (PDF, 62 KB, 12/16/2015)". The right sidebar contains a "QUICK SEARCH" section with a search bar, a "SEARCH BY ID" button, and radio buttons for "National and Local Coverage Documents", "National Coverage Documents", and "Local Coverage Documents". There is also a "Select Geographic Area/Region" dropdown menu and a "View region descriptions" link. At the bottom of the sidebar is a "Keyword(s) (Title Only):" field.

Quick Search

The Quick Search tool can be used in two different ways.

- 1) If the user has the Document ID Number (LCD ID, Article ID, NCD ID, NCA ID or CAL ID), searching by ID is the most direct route to the document.
- 2) If the user is not sure of the Document ID Number or is looking for a document without an ID, searching by “Document Type” should be used. This search can be sorted by National and Local Coverage Documents, State, Keyword, CPT/HCPCS, and other options.

The screenshot shows the 'QUICK SEARCH' interface. At the top, a dark blue header contains the text 'QUICK SEARCH'. Below this, a note states 'An asterisk (*) indicates a required field.' The main section is titled 'YOU MAY SEARCH BY ID:' and features a text input field labeled '*Document ID:' with the placeholder text 'Enter ID'. Below the input field is a blue button labeled 'SEARCH BY ID'. The next section is titled 'OR BY DOCUMENT TYPE (Currently in Effect Only):' and contains three radio button options: 'National and Local Coverage Documents' (selected), 'National Coverage Documents', and 'Local Coverage Documents'. Below these is a required field '*Select Geographic Area/Region:' with a dropdown menu labeled 'Select Area'. A link 'View region descriptions' is positioned below the dropdown. The final section is '*Keyword(s) (Title Only):' with a text input field labeled 'Enter Keyword(s) (Title Only)'. Below this is a link 'Need more search power? Try Advanced Search'. At the bottom, there is a blue link 'RESET SELECTION CRITERIA' and a blue button labeled 'SEARCH BY TYPE'.

Quick Search by Document ID

In this example, L34549 is used as the Document ID.

QUICK SEARCH

You can also select items using their corresponding check boxes in the right column. After selecting the check boxes you can print the selected items or add them to your basket by selecting the **Print Selected** or **Add to Basket** Buttons.

MCD ARCHIVE

Document Update Schedule

Local Coverage Documents (LCDs and Articles) move from the CMS Medicare Coverage Database (MCD) to the MCD Archive in real-time, according to the following schedule:

- Proposed/Draft LCDs move to the MCD Archive 90 days after being released to the final LCD.
- Retired LCDs and Articles move to the MCD Archive 1 year after their retirement dates.
- Superseded versions of active LCDs and Articles move to the MCD Archive after 1 year.
- All LMRPs reside on the MCD Archive.
- All ICD-9 LCDs and Articles reside on the MCD Archive.

Please visit the [MCD Archive Site](#) to view archived documents.

Quick Search by NCD

The Quick Search can also be used to find documents by type, which includes Local and National Coverage Documents.

Any Search including National Document Searches cannot be searched used a CPT/HCPCS Code or an ICD-10 Code since these documents do not contain codes. They only allow key word searches.

For this search, selecting National Coverage Documents only gives us the ability to use a key word search. The key word that we will be using is Diabetes.

OR BY DOCUMENT TYPE (Currently in Effect Only):

- National and Local Coverage Documents

Adv Search: By Document Type Ex. #1

- ❖ Review Your Selection Criteria on the Results Page which also provides the total number of documents returned for your search.

The screenshot shows a search results header with a dark blue bar at the top. On the left, it says "Your Search Results" and on the right, it says "[320 Records]". Below this bar, there is a section titled "Your Selection Criteria Were:" followed by three lines of criteria: "Document Types: LCD (Final) , Articles (Self-Administered Drug Exclusion (SAD) Articles, All Other Articles)", "States: Georgia", and "Date In Effect: Currently in effect".

- ❖ The list of Articles display first; then the list of LCDs. Each list displays the number of records found for the query. To view a document, lick on the LCD ID or Article ID.
- ❖ Select those articles or LCDs that you want to be added to the Basket for future review, email or printing by clicking the last column (Select All).
- ❖ Note that results will include Part A, Part B, DME and HHH documents.
- ❖ Change the number of results per section by clicking on the  dropdown list. Choices are 10, 25, 50 and 100 for each Section. The MCD defaults to 25 LCDs and 25 Articles per page.

MCD ARCHIVE

Document Update Schedule
Local Coverage Documents (LCDs and Articles) move from the CMS Medicare Coverage Database (MCD) to the MCD Archive in real-time, according to the following schedule:

- Proposed/Draft LCDs move to the MCD Archive 90 days after being released to the final LCD.
- Retired LCDs and Articles move to the MCD Archive 1 year after their retirement dates.
- Superseded versions of active LCDs and Articles move to the MCD Archive after 1 year.
- All LMRPs reside on the MCD Archive.
- All ICD-9 LCDs and Articles reside on the MCD Archive.

Please visit the [MCD Archive Site](#) to view archived documents.

Advanced Search by Document Type: Ex. 3

ADDITIONAL CRITERIA FOR SPECIFIC MANUAL **WHEELCHAIRS** (E1037, E1038, E1039, E1161, K0002 – K0008)

In addition to the general manual wheelchair criteria above, the specific criteria below must be met for each manual wheelchair. If the specific criteria are not met, the manual wheelchair will be denied as not reasonable and necessary.

A transport chair (E1037, E1038 or E1039) is covered as an alternative to a standard manual wheelchair (K0001) and if basic coverage criteria A-E and G above are met.

A standard hemi-wheelchair (K0002) is covered when the beneficiary requires a lower seat height (17" to 18") because of short stature or to enable the beneficiary to place his/her feet on the ground for propulsion.

A lightweight wheelchair (K0003) is covered when a beneficiary meets both criteria (1) and (2):

1. Cannot self-propel in a standard wheelchair in the home; and
2. The beneficiary can and does self-propel in a lightweight wheelchair.

A high strength lightweight wheelchair (K0004) is covered when a beneficiary meets the criteria in (1) or (2):

1. The beneficiary self-propels the wheelchair while engaging in frequent activities in the home that cannot be performed in a standard or lightweight wheelchair.
2. The beneficiary requires a seat width, depth, or height that cannot be accommodated in a standard, lightweight or hemi-wheelchair, and spends at least two hours per day in the wheelchair.

A high strength lightweight wheelchair is rarely reasonable and necessary if the expected duration of need is less than three months (e.g., post-operative recovery).

An ultra lightweight manual wheelchair (K0005) is covered for a beneficiary if criteria (1) or (2) is met and (3) and (4) are met:

1. The beneficiary must be a full-time manual wheelchair user.
2. The beneficiary must require individualized fitting and adjustments for one or more features such as, but not limited to, axle configuration, wheel camber, or seat and back angles, and which cannot be accommodated by a K0001 through K0004 manual wheelchair.
3. The beneficiary must have a specialty evaluation that was performed by a licensed/certified medical professional (LCMP), such as a PT or OT, or physician who has specific training and experience in rehabilitation wheelchair evaluations and that documents the medical necessity for the wheelchair and its special features (see Documentation Requirements section). The LCMP may have no financial relationship with the supplier.
4. The wheelchair is provided by a Rehabilitative Technology Supplier (RTS) that employs a RESNA-certified Assistive Technology Professional (ATP) who specializes in **WHEELCHAIRS** and who has direct, in-person involvement in the wheelchair selection for the patient.

First Coast Service Options, Inc. (09101, A and B MAC, J - N)

Contractor By Name

Cahaba Government Benefit Administrators LLC
CGS Administrators, LLC
First Coast Service Options, LLC
National Government Services, Inc
NHIC, Corp.
Noridian Healthcare Solutions
Novitas Solutions, Inc
Palmetto GBA
Wisconsin Physicians Service Insurance Corporation

New Select List:
Contractor by Name

Questions and Answers

Question	Answer
We are receiving denials for medical necessity when our covered code is only in the reason for visit field. Is Medicare no longer looking at this field? If so, when did this happen and why?	All questions regarding covered codes, medical necessity, and parameters for making reasonable and necessary determinations with regards to an LCD should be directed to the Medicare Administrative Contractor (MAC) that your company bills for service.
If there is no LCD for our specific state which state do we choose?	You may only use LCDs published by the MAC contractor in the state where a service is performed. As well, there are not LCDs for all services. All questions regarding covered codes, medical necessity, and parameters for making reasonable and necessary determinations in lieu of an LCD should be directed to the Medicare Administrative Contractor (MAC) that your company bills for service.

Questions and Answers

Question	Answer
The View Items Per Page always defaults to 25. Can that be made to default to all?	The CMS CCSQ Team and the Fu coverage Team have discussed changing the 25 entry default on “View Items Per Page” and determined that many users prefer only seeing 25 results per page. We have a monthly call to discuss updates to the MCD and will review this in light of your question.

Questions and Answers

Question	Answer
<p>The NCDs do not contain coding information however some of the NCDs (excluding lab) have specific coding information that is listed by NCD in an Excel file. Links to these files are usually found in a MLN Matters article such as that on page 2 of MM9751. Where are these Excel files located on the CMS website?</p>	<p>As was mentioned on this Lunch and Learn call, we will be adding the link to the National Coverage Index page in the future. We reported on the call that the update was scheduled to be incorporated into our 12/31/16 MCD release; however, after the call, we reconvened and will attempt to add it in late November. Please watch for an update on the MCD Portal Notice Board.</p> <p>The new ICD-10 Codes associated to NCDs can be found at: https://www.cms.gov/Medicare/Coverage/CoverageGenInfo/ICD10.html</p>

Questions and Answers

Question	Answer
How long do items stay in the Basket?	Items remain in your basket throughout your session. In other words, while you remain on the MCD. When you log out, the Basket is cleared.
Is there going to be a replay of this presentation?	We have no plans to replay the session; however, the Power Point Presentation associated to the session will be added to the MCD Overview page shortly. Please look for an update on the MCD Portal Notice Board once it is posted.
Are any CME's offered for this webinar?	No. None of the four (4) Lunch and Learn sessions include CMEs.

Questions and Answers

Question	Answer
Is there a way to search by code for payments made by CMS to providers? Can I search by code and see a list of all CMS payments made to providers by state?	<p>The MCD only includes National and Local Coverage information. It does not include any payment information. However, this link may be useful:</p> <p>https://data.cms.gov/Public-Use-Files/Medicare-Provider-Utilization-and-Payment-Data-Phy/ee7f-sh97</p>

Questions and Answers

Question	Answer
What if there is a conflict between NCD and LCD which takes precedence?	This answer depends on how “conflict” is described. If the NCD says to cover for ONLY X,Y and Z services then the MAC cannot cover for other services. If the NCD says X, Y, Z services are covered but never mentions other services (it is silent) then those other services are left to contractor discretion.

Questions and Answers

Question	Answer
Medical necessity for NCDs would not be related to the MAC. How do we ask questions regarding NCDs?	<p>Please use the “Submit Feedback/Ask a Question” tool which is at the bottom of every MCD Page.</p> <p>As we discussed on the webinar, this link is available throughout the CMS.gov website. However, we strongly urge you to use the link on the MCD pages for these type of issues since questions from these pages are directly sent to our CCSQ contact.</p> <p>Get Help with File Formats and Plug-Ins Submit Feedback/Ask a Question</p>
When I was attempting to print the basket, it allowed me to print, but then I was unable to return back to my basket. Any thoughts on functionality issues?	<p>If you are experience any functionality issues, please use the “Submit Feedback/Ask A Question” tool at the bottom of each MCD page. Taking screen shots assists us in answering your inquiry.</p> <p>Get Help with File Formats and Plug-Ins Submit Feedback/Ask a Question</p>

Questions and Answers

Question

Is the MCD Update Status Accurate?

MCD UPDATE STATUS ?		
MCD UPDATE	DATA CAPTURED THROUGH	REFRESHED ON MCD
National Coverage Information	Current	Real Time
Local Coverage Information	9/25/2016	Weekly (~Thursday)
National Coverage Downloads	9/25/2016	Weekly (~Thursday)

Answer

Yes, the MCD Update Status is accurate and is posted on the following MCD Pages: Overview Page, Advanced Search Page, and Downloads Page.

National data are updated in real time. LCDs and Articles are updated weekly. Data is collected at midnight Sunday each week and posted to the MCD the following Thursday. As an example, data collected on Sunday 9/25/16 is posted to the MCD on Thursday 9/29/16.

Questions and Answers

Question	Answer
Does this webinar discuss coverage criteria for Part B/DME supplies?	All questions regarding covered codes, medical necessity, and parameters for making reasonable and necessary determinations with regards to an LCD should be directed to the Medicare Administrative Contractor (MAC) that your company bills for service.
When looking for criteria to make UM decisions should we only be searching for NCDs and LCDs?	No. Not all services that Medicare covers has an NCD or an LCD. Your MAC may have more information on coverage issues on their Websites and in communications from their Provider Outreach and Education (POE) Team. Further, there is often valuable information in Articles in the MCD.
How do we find out what # our MAC is?	Please use the MCD Index for this information. Open the Index Page and select “Local Coverage Indexes”. Then select “MAC Contacts”. There is an alpha list of all of MAC Contractors and the contract number associated to each state. As well, if you know your MAC Contract Type, you can search by a specific contract type.

Questions and Answers

Question	Answer
Could you all describe the difference between a LCD and an Article?	<p>LCDs</p> <p>From the CH.13 Program Integrity Manual: “An LCD is a decision by a Medicare administrative contractor (MAC) whether to cover a particular item or service on a MAC-wide basis in accordance with Section 1862(a)(1)(A) of the Social Security Act (i.e., a determination as to whether the item or service is reasonable and necessary).... The LCDs specify under what clinical circumstances an item or service is considered to be reasonable and necessary. They are administrative and educational tools to assist providers in submitting correct claims for payment. Contractors publish LCDs to provide guidance to the public and medical community within their jurisdictions.</p> <p>Articles:</p> <p>MACs publish articles to further enhance LCDs and unlike LCDs may include coding guidelines, benefit category and statutory exclusion criteria.</p> <p>CH.13 of the Program Integrity Manual provides in depth information on LCD development process. You can access this portion of the PIM from the MCD Overview Page in the “Related Links” section of the Page.</p>
Can an article be used for initial decision in the absence of a LCD?	<p>The Articles on the MCD often provide supplemental information to an LCD or may be a “stand alone” document. However, in either case, they may not solely be used as a tool for determining reasonable and necessary coverage criteria.</p>

Questions and Answers

Question	Answer
Recently an LCD was updated for lumbar injections. Will the LCD include cervical and thoracic areas of the spine or will they get their own LCD soon? How do I find this out?	All questions regarding covered codes, medical necessity, and parameters for making reasonable and necessary determinations in lieu of an LCD should be directed to the Medicare Administrative Contractor (MAC) that your company bills for service.
Is there a way I can find how often a service will be covered?	All questions regarding covered codes, medical necessity, and parameters for making reasonable and necessary determinations in lieu of an LCD should be directed to the Medicare Administrative Contractor (MAC) that your company bills for service.
When coding for professional fees, I believe the NCCI edits also apply, however, some providers feel that they can capture components of the comprehensive procedure. Is this true?	All questions regarding covered codes, medical necessity, and parameters for making reasonable and necessary determinations regarding or in lieu of an LCD, as well as NCCI edits, should be directed to the Medicare Administrative Contractor (MAC) that your company bills for service.

Questions and Answers

Question	Answer
When there are more than one active LCD within a Jurisdiction, which one is used for determining clinical criteria?	For the most part, CMS only establishes a contract with one MAC per State who is responsible for creating medical policy and adjudicating claims. However, CMS does have a Part A Contract with Wisconsin Physicians Service Insurance Company” (WPSIC) to provide services in a number of states. Companies that bill for services that are covered by a “Primary MAC” as well as WPSIC (sometimes referred to as a Secondary Jurisdiction) may bill either MAC. However, the provider must select one of the two MACs and bill to that MAC consistently for Part A services. A provider may not bill for Part A services to both MACs.
I work with TRICARE helping beneficiaries. I don't do billing so this is all very new to me. I followed the instructions to search but my search came up with no results. I'm trying to find what the coverage is for HCPCS code C9739 in Nebraska. Would I use this feature to search?	TriCare is a US Department of Defense (DOD) healthcare system that primarily provides health care coverage for the active and retired military personnel and their families. TriCare has its own set of medical policies and coverage. Please use the following links to access their website: http://tricare.mil/ or http://tricare.com/

Next Lunch and Learn: MCD Indexes

- ❖ Our next Lunch & Learn is scheduled for Wednesday, October 12, 2016.
- ❖ This Lunch & Learn is an overview of the National Coverage Indexes and the Local Coverage Indexes.
- ❖ For some end users, it is most expeditious to use an Index rather than creating a query. Tips will be included on how to best leverage the Indexes for your work.
