25 cordance with subsection (b);

1           “(4) reassess the recidivism risk of each pris-  
2           oner periodically and reassign the prisoner to appro-  
3           priate evidence-based recidivism reduction programs  
4           or productive activities based on the revised deter-  
5           mination to ensure that—

6                   “(A) all prisoners at each risk level have a  
7                   meaningful opportunity to reduce their classi-  
8                   fication during the period of incarceration;

12 System shall provide guidance on program grouping and  
13 housing assignment determinations and, after accounting
