24	case basis, provide for the assessment of
25	reading or language arts for each such stu-

dent in a language other than English for a period not to exceed 2 additional consecutive years if the assessment would be more likely to yield accurate and reliable information on what such student knows and can do, provided that such student has not yet reached a level of English language proficiency sufficient to yield valid and reliable information on what such student knows and can do on reading or language arts assessments written in English;

"(xi) produce individual student interpretive, descriptive, and diagnostic reports

United States Code), by status as a student in foster care, and by economically disadvantaged status, except that, in the case of a local educational agency or a school, disaggregation shall not be required in a case in which the number of students in a category is insufficient to yield statistically reliable information or the results would reveal personally identifiable information about an individual student;

"(xiii) be administered to not less than 95 percent of all students, and not less than 95 percent of each subgroup of students described in paragraph (3)(B)(ii)(II), except that States shall allow the parent of a student to opt such student out of the assessments required under this paragraph for any reason and shall not include such stu-

17	teams (as defined in section $614(d)(1)(B)$ of
18	the Individuals with Disabilities Education
19	Act) to apply when determining, on an an-

9	"(II) whether participation in
10	such assessments precludes the student
11	from completing the requirements for a
12	regular high school diploma as defined
13	in section $6101(36)(A)$ ;
14	"(iii) ensures that students with the
15	most significant cognitive disabilities who
16	take an alternate assessment based on alter-

18	not precluded from attempting to complete
19	the requirements for a regular secondary
20	school diploma, as determined by the State;
21	"(iv) demonstrates that such students
22	are, to the extent practicable, included in

7	and
8	"(vi) ensures that regular and special
9	education teachers and other appropriate

14	"(D) Assessments of english language
15	PROFICIENCY.—
16	"(i) In general.—Each State plan
17	shall demonstrate that local educational

The 7 State shall make every effort to develop such as-8 sessments and may request assistance from the 9 Secretary if linguistically accessible academic as-10 sessment measures are needed. Upon request, the 11 Secretary shall assist with the identification of 12 appropriate academic assessment measures in 13 the needed languages, but shall not mandate a 14 specific academic assessment or mode of instruc-15 tion. "(F) Adaptive assessments.—A State re-16 17 tains the right to develop and administer com-18 puter adaptive assessments as the assessments re-19 quired under subparagraph (A). standards adopted under paragraph (1	),
which may include measures of stude	nt
growth toward such standards, using the	he

10	such evaluation and identification, the State
11	shall include such students in such calculations.
12	"(4) Requirements.—Each State plan shall de-

4	cent to carry out this subpart.
5	"(b) Grants Awarded.—From the amounts reserved
6	under subsection (a) and not reserved under section 1138(c),
7	the Secretary shall make allotments for the fiscal year to
8	State educational agencies, or consortia of such agencies,
9	to establish or improve, directly or through local operating
10	agencies, programs of education for migratory children in
11	accordance with this subpart.
12	"SEC. 1133. STATE ALLOCATIONS.
13	"(a) State Allocations.—Except as provided in
14	subsection (c), each State (other than the Commonwealth
15	of Puerto Rico) is entitled to receive under this subpart an
16	amount equal to the product of—
17	"(1) the sum of—
18	"(A) the average number of identified eligi-
19	ble full-time equivalent migratory children aged
20	3 through 21 residing in the State, based on data
21	for the preceding 3 years; and
22	"(B) the number of identified eligible mi-
23	gratory children, aged 3 through 21, who re-
24	ceived services under this subpart in summer or
25	intersession programs provided by the State dur-

 $ing\ the\ previous\ year;\ multiplied\ by$ 

1	"(2) 40 percent of the average per-pupil expendi-
2	ture in the State, except that the amount determined
3	under this paragraph shall not be less than 32 per-
4	cent, nor more than 48 percent, of the average per-
5	pupil expenditure in the United States.
6	"(b) Hold Harmless.—Notwithstanding subsection
7	(a), for each of fiscal years 2016 through 2018, no State
8	shall receive less than 90 percent of the State's allocation
9	under this section for the previous year.
10	"(c) Allocation to Puerto Rico.—For each fiscal
11	year, the grant which the Commonwealth of Puerto Rico
12	shall be eligible to receive under this subpart shall be the
13	amount determined by multiplying the number of children
14	who would be counted under subsection (a)(1) if such sub-
15	section applied to the Commonwealth of Puerto Rico by the
16	product of—
17	"(1) the percentage that the average per-pupil
18	expenditure in the Commonwealth of Puerto Rico is
19	of the lowest average per-pupil expenditure of any of
20	the 50 States, except that the percentage calculated
21	under this subparagraph shall not be less than 85
22	percent; and
23	"(2) 32 percent of the average per-pupil expendi-

25	"(d) Ratable Reductions; Reallocations.—

"(1) In general	
-----------------	--

"(A) RATABLE REDUCTIONS.—If, after the Secretary reserves funds under section 1138(c), the amount appropriated to carry out this subpart for any fiscal year is insufficient to pay in full the amounts for which all States are eligible, the Secretary shall ratably reduce each such amount.

"(B) REALLOCATION.—If additional funds become available for making such payments for any fiscal year, the Secretary shall allocate such funds to States in amounts that the Secretary determines will best carry out the purpose of this subpart.

## "(2) Special rule.—

"(A) Further reduce the amount of any grant to a State under this subpart for any fiscal year if the Secretary determines, based on available information on the numbers and needs of migratory children in the State and the program proposed by the State to address such needs, that such amount exceeds the amount required under section 1134.

1	"(B) Reallocation.—The Secretary shall
2	reallocate such excess funds to other States whose
3	grants under this subpart would otherwise be in-
4	sufficient to provide an appropriate level of serv-
5	ices to migratory children, in such amounts as
6	the Secretary determines are appropriate.
7	"(e) Consortium Arrangements.—
8	"(1) In general.—In the case of a State that
9	receives a grant of \$1,000,000 or less under this sec-
10	tion, the Secretary shall consult with the State edu-
11	cational agency to determine whether consortium ar-
12	rangements with another State or other appropriate
13	entity would result in delivery of services in a more
14	effective and efficient manner.
15	"(2) Proposals.—Any State, regardless of the
16	amount of such State's allocation, may submit a con-
17	sortium arrangement to the Secretary for approval.
18	"(3) APPROVAL.—The Secretary shall approve a
19	consortium arrangement under paragraph (1) or (2)
20	if the proposal demonstrates that the arrangement
21	will—
22	"(A) reduce administrative costs or pro-

24	"(B) make more funds available for direct
25	services to add substantially to the educational

1	achievement of children to be served under this

5	gratory children residing in each State for purposes of this
6	section, the Secretary shall—
7	"(1) use the most recent information that most
8	accurately reflects the actual number of migratory
9	children;
10	"(2) develop and implement a procedure for
11	monitoring the accuracy of such information;
12	"(3) develop and implement a procedure for
13	more accurately reflecting cost factors for different
14	types of summer and intersession program designs;
15	"(4) adjust the full-time equivalent number of
16	migratory children who reside in each State to take
17	into account—
18	"(A) the unique needs of those children par-
19	ticipating in evidence-based or other effective
20	special programs provided under this subpart
21	that operate during the summer and intersession
22	periods; and
23	"(B) the additional costs of operating such
24	programs; and

1	"(5) conduct an analysis of the options for ad-
2	justing the formula so as to better direct services to
3	migratory children, including the most at-risk migra-
4	tory children.
5	"(g) Nonparticipating States.—In the case of a
6	State desiring to receive an allocation under this subpart
7	for a fiscal year that did not receive an allocation for the
8	previous fiscal year or that has been participating for less
9	than 3 consecutive years, the Secretary shall calculate the
10	State's number of identified migratory children aged 3
11	through 21 for purposes of subsection (a)(1)(A) by using
12	the most recent data available that identifies the migratory
13	children residing in the State until data is available to cal-
14	culate the 3-year average number of such children in ac-
15	cordance with such subsection.
16	"SEC. 1134. STATE APPLICATIONS; SERVICES.
17	"(a) Application Required.—Any State desiring to
18	receive a grant under this subpart for any fiscal year shall

20	in such manner as the Secretary may require.
21	"(b) Program Information.—Each such application
22	shall include—
23	"(1) a description of how, in planning, imple-
24	menting, and evaluating programs and projects as-
25	sisted under this subpart, the State and its local oper-

2	needs of migratory children, including preschool mi-

15	under this subpart with services provided by
16	those other programs;
17	"(2) a description of the steps the State is taking
18	to provide all migratory students with the oppor-

20	that all children are expected to meet;
21	"(3) a description of how the State will use
22	funds received under this subpart to promote inter-
23	state and intrastate coordination of services for mi-
24	gratory children, including how the State will provide
25	for educational continuity through the timely transfer

- of pertinent school records, including information on health, when children move from one school to another, whether or not such a move occurs during the regular school year;
  - "(4) a description of the State's priorities for the use of funds received under this subpart, and how such priorities relate to the State's assessment of needs for services in the State;
  - "(5) a description of how the State will determine the amount of any subgrants the State will award to local operating agencies, taking into account the numbers and needs of migratory children, the requirements of subsection (d), and the availability of funds from other Federal, State, and local programs; and
  - "(6) a description of how the State will encourage programs and projects assisted under this subpart to offer family literacy services if the programs and projects serve a substantial number of migratory children whose parents do not have a regular high school diploma or its recognized equivalent or who have low levels of literacy.
- 23 "(c) Assurances.—Each such application shall also 24 include assurances that—

1	"(1) funds received under this subpart will be
2	used only—
3	"(A) for programs and projects, including
4	the acquisition of equipment, in accordance with
5	section 1136; and

8	within the State and in other States, as well as
9	with other Federal programs that can benefit mi-
10	gratory children and their families;
11	"(2) such programs and projects will be carried
12	out in a manner consistent with the objectives of sec-

19	school year in duration, and that all such programs
20	and projects are carried out—
21	"(A) in a manner that provides for the
22	same parental involvement as is required for
23	programs and projects under section 1118, unless
24	extraordinary circumstances make such provi-

6	needs of preschool migratory children;
7	"(5) the effectiveness of such programs and
8	projects will be determined, where feasible, using the
9	same approaches and standards that will be used to
10	assess the performance of students, schools, and local

13	"SEC. 3101. SENSE OF CONGRESS; PURPOSE.
14	"(a) Sense of Congress.—
15	"(1) FINDINGS.—The Congress finds the fol-
16	lowing:
17	"(A) The number of public charter schools
18	has dramatically increased in recent years. Be-
19	tween the 2008–2009 school year and the 2013–
20	2014 school year, there was a 77 percent increase
21	in the number of students attending public char-
22	ter schools and a 39 percent increase in the
23	number of schools.
24	"(B) Charter schools serve a very diverse
25	nonulation of students Nationally 57 percent of

1	students enrolled in charter schools are minority
2	students, while only 39 percent of students in
3	non-charter public schools are minority students.
4	"(C) For the 2014–2015 school year, there
5	are more than 6700 public charter schools serv-
6	ing about 2.9 million students. This represents a
7	4 percent growth in the number of open charter
8	schools, and a 14 percent increase in student en-
9	rollment from the 2013–2014 school year.
10	"(D) There are more than one million stu-
11	dent names on charter school waiting lists.
12	"(E) Charter schools are open in areas
13	where students need better education options, in-
14	cluding areas that serve economically disadvan-
15	taged kids. Almost 50 percent of the students at-
16	tending charter schools qualify for free or re-
17	duced priced lunch, a slightly larger percentage
18	than non-charter public schools.
19	"(F) Charter schools serve students in all
20	areas, from urban cities to rural towns through
21	traditional brick and mortar schools, blended
22	learning models, and online programs, giving

parents across the Nation options to find the best

 $learning\ environment\ for\ their\ children.$ 

23

24

1	"(G) Charter schools give parents the oppor-
2	tunity to find the right place for their child to

4	"SEC. 5201. SHORT TITLE.
5	"This part may be cited as the 'Alaska Native Edu-
6	cational Equity, Support, and Assistance Act'.
7	"SEC. 5202. FINDINGS.
8	"Congress finds and declares the following:
9	"(1) It is the policy of the Federal Government
10	to maximize the leadership of and participation by
11	Alaska Natives in the planning and the management
12	of Alaska Native education programs and to support
13	efforts developed by and undertaken within the Alaska
14	Native community to improve educational oppor-
15	tunity for all students.
16	"(2) Many Alaska Native children enter and exit
17	$school\ with\ serious\ educational\ disadvantages.$
18	"(3) Overcoming the magnitude of the geographic
19	challenges, historical inequities, and other barriers to
20	successfully improving educational outcomes for Alas-
21	ka Native students in rural, village, and urban set-
22	tings is challenging. Significant disparities between
23	academic achievement of Alaska Native students and
24	non-Native students continues, including lower grad-

- uation rates, increased school dropout rates, and
   lower achievement scores on standardized tests.
- "(4) The preservation of Alaska Native cultures and languages and the integration of Alaska Native cultures and languages into education, positive iden-tity development for Alaska Native students, and local, place-based, and culture-based programming are critical to the attainment of educational success and the long-term well-being of Alaska Native stu-dents.
  - "(5) Improving educational outcomes for Alaska Native students increases access to employment opportunities.
  - "(6) The programs and activities authorized under this part give priority to Alaska Native organizations as a means of increasing Alaska Native parents' and community involvement in the promotion of academic success of Alaska Native students.
  - "(7) The Federal Government should lend support to efforts developed by and undertaken within the Alaska Native community to improve educational opportunity for Alaska Native students. In 1983, pursuant to Public Law 98–63, Alaska ceased to receive educational funding from the Bureau of Indian Affairs. The Bureau of Indian Education does not oper-

1	ate any schools in Alaska, nor operate or fund Alaska

# 1 TITLE IX—SCHOOLS OF THE 2 FUTURE ACT

3 SEC. 901. SHORT TITLE.

4 This title may be cited as the "Schools of the Future 5 Act".

## **SEC. 902. FINDINGS.**

- 7 The Congress finds the following:
- 8 (1) Digital learning technology holds the promise 9 of transforming rural education by removing barriers 10 of distance and increasing school capacity.
  - (2) While many large urban local educational agencies are at the forefront of implementing new digital learning innovations, it is often harder for smaller and more rural local educational agencies to access these tools. Smaller local educational agencies with less capacity may also find it more difficult to provide the training needed to effectively implement new digital learning technologies.
  - (3) Despite the potential of digital learning in rural areas, these advancements risk bypassing rural areas without support for their implementation. Rather than having schools and local educational agencies apply digital learning innovations designed for urban environments to rural areas, it is important that digital learning technologies be developed

- and implemented in ways that reflect the unique
   needs of rural areas.
- (4) Digital learning is rapidly expanding, and 3 new tools for improving teaching and learning are being developed every day. A growing demand for dig-5 6 ital learning tools and products has made rigorous 7 evaluation of their effectiveness increasingly impor-8 tant, as this information would allow school and local educational agency leaders to make informed choices 9 10 about how best to use these tools to improve student 11 achievement and educational outcomes.
- 12 (5) High-quality digital learning increases stu-13 dent access to courses that may not have been avail-14 able to students in rural communities, increasing 15 their college and career readiness.
