In the event the Contractor encounters difficulty in meeting performance requirements, or when the Contractor anticipates difficulty in complying with this Contract, or whenever the Contractor has knowledge that any actual or potential situation is delaying or threatens to delay the timely performance of this Contract, the Contractor shall immediately notify the COR by telephone and follow-up in writing to the COR within two (2) business days after the verbal notice, giving pertinent details. This notification does not relieve the Contractor of its obligations to meet the delivery and/or performance requirements of this Contract nor should this notification be construed as a waiver by the House of any delivery schedule or date, performance requirements, or any rights or remedies provided under this Contract. Failure to meet delivery/completion dates shall relieve the House of any obligation to accept and pay for any such goods, equipment and/or services at the option of the House and without liability.

F.5 SUSPENSION AND DEBARMENT APRIL 2013

- a. Policy. The House will solicit offers from, award contracts to and consent to subcontracts with responsible contractors only. The prime contractor is responsible for vetting its subcontractors. Although recognized as a serious administrative action, the House may suspend or debar contractors if necessary to protect the U.S. Government's interest.

- b. Causes for Suspension and Debarment. The House may suspend or debar a contractor suspected, upon adequate evidence, of:
- i. commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract;
 - ii. violation of Federal or State antitrust statutes relating to the submission of offers;
 - iii. commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws or receiving stolen property;
 - iv. delinquent Federal taxes in an amount that exceeds three thousand dollars (\$3,000);
 - v. knowing failure by a principal, until three (3) years after final payment on any Government contract awarded to the Contractor, to timely disclose to the Contracting Officer, in connection with the award, performance or closeout of the contract or subcontract thereunder, credible evidence of a: (A) violation of Federal criminal law involving fraud, conflict of interest, bribery or gratuity violations found in Title 18 of the United States Code; (B) violation of the civil False Claims Act (31 U.S.C. 3729-3733); or (C) significant overpayment(s) on the Contract; or
 - vi. commission of any other offense indicating a lack of business integrity or business honesty that seriously and directly affects the present responsibility of the Government contractor or subcontractor.

Indictment for any of the causes listed above constitutes adequate evidence for suspension and/or debarment. The House may, upon adequate evidence, also suspend a contractor for any other cause so serious or compelling a nature that it affects the present responsibility of the Government contractor or subcontractor.

- c. Suspension. If suspended, the Contractor is temporarily disqualified from contracting with the House as a prime and/or House-approved subcontractor, in full or in part, pending the completion of an investigation and any ensuing legal proceeding(s).
- i. *Procedures.* The Contracting Officer initiates suspension and debarment proceedings. If the Contractor and any specifically named affiliates are suspended, the Contracting Officer shall advise the individual or company immediately by certified mail, return receipt requested:
 1. that the individual or company has been suspended and that the suspension is based on an indictment or other adequate evidence that the Contractor has committed irregularities: (A) of a serious nature in business dealings with the House; or (B) seriously reflecting on the propriety of further House dealings with the Contractor. Any such irregularities shall be described in terms sufficient to place the Contractor on notice without disclosing the House's evidence;
 2. that the suspension is for a temporary period pending the completion of an investigation and such legal proceedings as may ensue;
 3. of the cause(s) relied upon for imposing suspension;
 4. of the effect of the suspension; and

5. that, within thirty (30) calendar days after receipt of the notice of suspension, the Contractor or its representative may submit to the Chief Administrative Officer, in writing or in person, information and argument in opposition to the suspension, including any additional specific information that raises a genuine dispute over the material facts.
- d. GSA Notification. The House reserves the right to notify GSA if the Contractor is suspended, debarred or proposed for suspension or debarment by the House.
 - e. GSA Suspension and Debarment. After being listed on the System for Award Management (“SAM”) as suspended or debarred, the House shall not solicit offers from, award contracts to or consent to subcontracts with the listed contractor, unless the House’s Chief Administrative Officer determines that there is a compelling reason for such action. Furthermore, contractors listed on SAM as suspended or debarred are excluded from conducting business with the House as agents or representatives of other contractors.
 - f. Debarment. If debarred, the Contractor is excluded from contracting with the House as a prime and/or House-approved subcontractor, in full or in part, for a defined period of time, generally not to exceed three (3) years.
 - i. Procedures. If the Contractor and any specifically named affiliates are proposed for debarment, the House shall advise the individual or company immediately by certified mail, return receipt requested:
 1. that debarment is being considered;
 2. of the reasons for the proposed debarment in terms sufficient to put the Contractor on notice of the conduct or transaction(s) upon which it is based;
 3. of the cause(s) relied upon for proposing debarment;
 4. that, within thirty (30) calendar days after receipt of the notice, the Contractor or its representative may submit to the Chief Administrative Officer, in writing or in person, information and argument in opposition to the proposed debarment, including any additional specific information that raises a genuine dispute over the material facts;
 5. of the effect of the issuance of the notice of proposed debarment;
 6. of the potential effect of an actual debarment; and
 7. of the House’s procedures governing debarment decision-making.

The decision of the Chief Administrative Officer on the merits of a debarment shall be final. A decision may be appealed by the Contractor to the Committee on House Administration, in writing, within ten (10) calendar days of receipt of notification of the decision. However, the only basis for appeal is that the Chief Administrative Officer failed to follow the procedures established herein. No other basis for appeal will be considered by the Committee on House Administration.

- ii. Notice. In the event that the Chief Administrative Officer makes a determination to impose debarment, the House shall give the Contractor and any subcontractors affiliated with the project prompt notice by certified mail, return receipt requested:
 1. referring to the notice of proposed debarment;

2. specifying the reasons for debarment; and
3. stating the period of debarment, including effective dates.

F.6 PAYMENT FOR NON-PERFORMANCE

APRIL 2013

- a. General. If the Contractor fails to comply with this Contract or any extension, the House may terminate this Contract under the termination clause of the Contract. The Contractor shall be liable for fixed, agreed damages as provided for in this clause, accruing until the time the House may reasonably obtain delivery or performance of similar services.
- b. Payment for Non-Performance. In the event that the Contractor fails to perform as stipulated in this Contract, and such failure is not for a reason beyond the control of the Contractor, the House may charge the Contractor twice the daily billed amount to the House for the applicable service(s) provided, or in the case of goods, the value of the goods/equipment, multiplied by the number of calendar days of late delivery. The House may also obtain payment equal to the costs incurred by the House to rectify, mitigate and repair the damages caused by the Contractor's failure to comply and/or perform. The House may obtain performance from another source and charge and collect all administrative costs incurred with entering in to a new contract plus the increase in costs to the House of the new plan, if higher than the billing rate of the non-performing and/or non-compliant Contractor.
- c. Other Payments. If the Work Product has not successfully passed an audit pursuant to this Contract, the House or the Client may delay or deny requests or directives for payments to the Contractor for (i) installation of a CMS Package, (ii) the delivery of or support of a workstation or server, (iii) installation of Software, or (iv) any Significant Change,. If the Contractor has not successfully completed a data migration, the House or the Client may delay or deny requests or directives for payments to the Contractor. If the Contractor fails to comply with this Contract or a Client Work Order, the House or the Client may, in addition to any other remedies specified in this Contract, or available under applicable law, delay or deny payment.
- d. Extension of Remedies. If the CAO determines that it is in the best interests of the House, the CAO may continue to apply any remedies referred to in this Agreement, whether or not the non-compliance has been cured.

G.9 RESOLVING CONTRACT PERFORMANCE ISSUES

APRIL 2013

- a. Notification. The Contractor shall immediately bring all performance issues to the attention of the COR. Within thirty (30) calendar days of receiving the Chief Administrative Officer's final decision, the Contractor may appeal to the Committee on House Administration to the extent the appeal is based on the Contracting Officer's alleged failure to follow procedural guidelines. No other basis of appeal may be submitted to the Committee on House Administration. If no such appeal is taken, the decision of the Chief Administrative Officer shall be final.

G.11 MODIFICATIONS

DECEMBER 2014

No amendment, change or modification to this Contract shall be effective or enforceable unless it is in writing and signed by both parties (except that administrative changes may be effected in writing and signed by the Contracting Officer (as described in the "Change Orders" clause in this Contract)).

G.12 CHANGE ORDERS

APRIL 2013

The Contracting Officer may at any time, by written order make changes within the general scope of this Contract in any one (1) or more of the following: (a) drawings, designs or specifications when supplies/equipment to be furnished are to be specifically manufactured for the House in accordance with the drawings, designs or specifications; (b) method of shipment or packing; or (c) place of delivery/performance. If any such change causes an increase or decrease in the cost or, or the time required for, performance of any part of the work under this Contract, the Contracting Officer shall make an equitable adjustment in the contract price, the delivery/performance schedule, or both, and shall modify this Contract. The Contractor must assert its right to an adjustment under this clause within thirty (30) calendar days from the date of receipt of the written order. Failure to agree to any adjustment shall be a dispute under the "Disputes" clause in this Contract. However, nothing in this clause shall excuse the Contractor from proceeding with the Contract as changed.

G.13 TERMINATION

DECEMBER 2014

- a. Termination for Convenience of the House. The House may terminate, in whole or in part, the performance of work under this Contract for its convenience at any time by providing written notice to the Contractor ("Notice of Termination"). After receipt of a Notice of Termination, and except as directed by the House, the Contractor shall immediately proceed with the following obligations, as applicable, regardless of any delay in determining or adjusting any amounts due under this clause:
- i. stop work as specified in the Notice of Termination;
 - ii. place no further subcontracts or orders for goods, equipment or services, except as necessary to complete any continuing portion of this Contract;

 - v. diligently continue to perform any work not terminated.

- b. Payments. Unless otherwise set forth in this Contract, if the Contractor and the House fail to agree on the amount to be paid because of the termination for convenience, the House will pay the Contractor the percentage of the Contract price reflecting the percentage of the work performed prior to the Notice of Termination, plus reasonable termination-related charges the Contractor can demonstrate to the satisfaction of the Contracting Officer using the Contractor's standard record keeping system. The Contractor will use generally accepted accounting principles that are in accordance with auditing standards promulgated by the International Accounting Standards Board, or accounting principles otherwise agreed to in writing by the parties, and sound business practices in determining all costs claimed, agreed to or determined under this clause. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.
- c. Termination for Default/Cause. The House may, with written notice of default to the Contractor, terminate this Contract in whole or in part for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any Contract term or condition, or fails to provide the House, upon request, with adequate assurances of future performance. In the event of termination for cause, the House shall not be liable to the Contractor for any amount for goods or services not accepted, and the Contractor shall be liable to the House for any and all rights and remedies provided by law. Generally, after the written notice and prior to terminating this Contract for default, the House will provide the Contractor five (5) calendar days to cure the defective performance; however, if the defective performance results in a breach of information security, substantial harm to the House, or a failure to meet the delivery schedule, the House reserves the right to immediately terminate this Contract for default, without providing the Contractor a cure period. The Contractor shall diligently continue to perform the work not terminated. If it is determined that the House improperly terminated this Contract for default/cause, such termination shall be deemed a termination for convenience. All disputes arising under or related to this Contract shall be resolved under the provisions of this Contract and the procedures set forth in the "Disputes" section in the Procurement Instructions for the U.S. House of Representatives, which shall be provided upon request.

Upon termination (whether for convenience, default, or expiration) the Contractor shall:

- 5) Promptly remove all Contractor-furnished equipment and fixtures, tools and supplies. Upon failure to remove Contractor's property, the CO may cause Contractor's property to be removed and at Contractor's expense. If the Contractor fails to act, this Contract authorizes the CO to take possession of Contractor's property and dispose of same by public or private sale without notice and, out of the proceeds of sale, satisfy all costs and indebtedness to the House.

This report must be signed and dated by a Contractor Human Resources Director or Manager. For Contractor employees and subcontractor employees placed on this contract after the initial report submission, the Contractor must complete the CAO Contractor/Contract Employee Registration Form (available on www.house.gov). This form must be signed and dated by a Contractor Human Resources Director/Manager or Executive in the Contractor's corporate office, and presented to the COR prior to the COR initiating the background check.
- b. Background Checks. All Contractor employees and subcontractor employees working on this Contract will go through a background check conducted by the U.S. Capitol Police. The COR will provide the Contractor with Capitol Police forms (CP-491 or equal) to be filled out and returned for each Contractor employee and subcontractor employee working in any capacity on this Contract. Forms for each Contractor employee and subcontractor employee working on this Contract must be submitted prior to the commencement of work and early enough so adjudication of the results by the CAO can occur prior to the commencement of this Contract. If CAO Human Resources, after having processed the forms, determines at any time that the Contractor employee or subcontractor employee is unsuitable or unfit for assigned duties, CAO Human Resources will notify the COR and the Contracting Officer. The Contractor agrees to immediately remove, at the Contracting Officer's request, any employee or subcontractor employee deemed unsuitable or unfit by the CAO from work under this Contract.
- c. Frequency. Additional background checks may be conducted on such Contractor and subcontractor employees at any time as warranted.

- d. Security Clearance. Contractor employees and subcontractors must be able to obtain and/or maintain a Federal government security clearance and/or pass additional background checks/investigations if access to “House Sensitive Information” (as described in HISPOL 002.0, which is available upon request) is required under the terms of this Contract. Individual House Offices or CAO Business Units may require an Office of Personnel Management Extended Background Investigation or other security clearance, as deemed necessary, at the cost to the Contractor.

H.23 IDENTIFICATION BADGES

If unescorted access is required outside of normal public building visitor hours, and access to the House network or House Sensitive Information will occur, or as determined by the COR, all Contractor employees and subcontractor employees requiring access shall obtain a House identification badge issued by the House Sergeant at Arms before the Contractor employee or subcontractor employee begins work under this Contract or subcontract. Although subject to change, public building visitor hours are Monday to Friday 7:00 a.m. to 7:00 p.m., and Saturday 7:00 a.m. to 1:00 p.m., excluding Federal holidays. House identification badges will not be issued to a Contractor employee or subcontractor employee unless the Capitol Police background check (CP-491 or equal) forms are submitted and approved.
- b. Return Policy. The Contractor shall ensure that each Contractor employee and subcontractor employee promptly surrenders his or her House identification/access badge to the COR upon termination of employment or when that employee’s performance is no longer required under this Contract. The Contractor agrees to pay a fee of one hundred dollars (\$100.00) per week per badge for failure of the Contractor, a Contractor employee or subcontractor employee to comply with this obligation.

The House reserves the right to request that a given resource be substituted for any reason. Approvals of Contractor requests to substitute Key Personnel for reasons other than illness, death or termination of employment shall be granted sparingly and in all instances predate the actual substitution by no fewer than fourteen (14) calendar days. In the event of a substitution, the Contractor is solely responsible for ensuring that there is a sufficient knowledge transfer to minimize delays in continuing the work being performed by the resource. Substitutions to Key Personnel shall have qualifications equal to or superior to those of the approved resource.

- c. Training and Orientation. If the House is paying the Contractor on a time-and-materials or labor-hour basis for Key Personnel, the following shall apply: for a period of time determined by the COR, but in no event more than ten (10) business days, the Contractor shall bear the cost of training and orientation of a replacement resource by the House so that the replacement resource can resume the services performed for the House at the same point and with the same efficiency as the resource being substituted (at which time the Contractor may commence billing the House for the services of the substituted resource).

The Contractor must avoid strictly any conflict of interest or even the appearance of a conflict of interest in connection with this Contract. If the Contractor creates derivative works of Pre-Existing Materials, the elements of such derivative works created pursuant to this Contract constitute Work Product, but other elements do not. Nothing in this clause will be construed to interfere with the Contractor's or its affiliates' ownership of Pre-Existing Materials.

APRIL 2013

I.3 SOFTWARE LICENSE WARRANTY

APRIL 2013

The Contractor warrants that it has full power and authority to grant the rights contained in this Contract with respect to the software without the consent of any other person. Neither the performance of the services by the Contractor nor the license to and use by the House of the software and documentation (including copying) will in any way constitute an infringement or other violation of any copyright, trade secret, trademark, patent, invention, proprietary information, nondisclosure, or other rights of any third party.

I.4 SYSTEM/SOLUTION WARRANTIES

APRIL 2013

In addition to any warranties set forth elsewhere in this Contract, the Contractor represents and warrants the following with regard to the system/solution:

- a. the Contractor's performance and the system/solution shall comply with all applicable laws, regulations, codes, standards and ordinances;

- b. the Contractor shall not introduce unauthorized code into the system/solution and has tested for such unauthorized code using industry standard tests and has not found any such unauthorized code. The Contractor further warrants that the Contractor shall not introduce, via modem or otherwise, any code or mechanism that electronically notifies the Contractor of any fact or event, or any key, node, lock, time out, or other function, implemented by any type of means or under any circumstances, that may restrict the House's use of or access to the system/solution, in whole or in part, based on any type of limiting criteria;
- c. the system/solution and all data related output or results produced thereby: (i) shall not have a life expectancy limited by date or time format; (ii) shall correctly record, store, process, and present calendar dates; (iii) shall lose no functionality, data integrity, or performance with respect to any date; and (iv) shall be interoperable with other software used by the House that may deliver date records from the system/solution or interact with date records of the system/solution;
- d. each copy of the Work Product provided by the Contractor, as applicable, is and will be free from physical defects in the media that tangibly embodies the copy. The Contractor shall replace, at the Contractor's expense including shipping and handling costs, any Work Product provided by the Contractor that does not comply with this warranty;
- e. if the software for the system/solution, in whole or in part, is replaced; upgraded; or modified by the Contractor with replacement or upgraded software components, or if the Contractor provides custom software or enhancements, the software as upgraded, replaced or modified shall operate with the rest of the software, equipment and data in the system/solution without loss of any functionality; and
- f. if a solution's hardware, operating system, database, or application becomes outdated and is no longer supported by the publisher or manufacturer, a Contractor-supported solution must be implemented to replace the old solution without delay.

I.5 INTELLECTUAL PROPERTY INDEMNITY

APRIL 2013

- a. With respect to claims arising from computer hardware or software manufactured by a third-party and sold by the Contractor as a reseller, the Contractor will pass through to the House such indemnity rights as it receives from such third party ("Third-Party Obligation") and will cooperate in enforcing them; provided that if the third-party manufacturer fails to honor the Third-Party Obligation, the Contractor will provide the House with indemnity protection equal to that called for by the Third-Party Obligation, but in no event greater than that called for in the first sentence of this subparagraph. The provisions of this subparagraph apply only to third-party computer hardware and software sold as a distinct unit and accepted by the House.
- b. Unless an applicable Third-Party Obligation provides otherwise, the defense and payment obligations set forth in this clause will be conditional upon the following:
 - i. the House will notify the Contractor of any such claim in writing and tender the defense thereof within a reasonable time; and

- ii. the Contractor will have sole control of the defense of any action on such claim and all negotiations for its settlement or compromise; provided that (1) when substantial principles of government or public law are involved, when litigation might create precedent affecting future House operations or liability, or when involvement of the House is otherwise mandated by law, the House may participate in such action at its own expense with respect to attorneys' fees and costs (but not liability); (2) the House will have the right to approve or disapprove any settlement or compromise, which approval will not unreasonably be withheld or delayed; and (3) the House will reasonably cooperate in the defense and in any related settlement negotiations.
- c. Should the deliverables or software, or the operation thereof become, or in the Contractor's opinion are likely to become, the subject of a claim of infringement or violation of a United States intellectual property right, the House shall permit the Contractor at its option and expense either to procure for the House the right to continue using the deliverables or software, or to replace or modify the same so that they become non-infringing. If none of these options can reasonably be taken, or if the use of such deliverable or software by the House shall be prevented by injunction, the Contractor agrees to take back such deliverables or software and make every reasonable effort to assist the House in procuring substitute deliverables or software. If, in the sole opinion of the House, the return of such infringing deliverables or software makes the retention of other deliverables or software acquired from the Contractor under this Contract impractical, the House shall then have the option of terminating such contracts, or applicable portions thereof, without penalty or termination charge. The Contractor agrees to take back such deliverables or software and refund any sums the House has paid the Contractor less any reasonable amount for use or damage.
- d. The Contractor warrants that it has appropriate systems and controls in place to ensure that House funds will not be used in the performance of this Contract for the acquisition, operation, or maintenance of computer software in violation of any intellectual property right, law, rule or regulation, including those addressing copyright.

Upgrades and revisions to this Documentation shall be provided for the term of the Contract. There shall be no additional charge for the Documentation or updates thereto, in whatever form provided. If the Contractor maintains its technical, maintenance and installation Documentation on a web site, the Contractor may fulfill the obligations set forth in this clause by providing the House access to its web based Documentation information. The Contractor grants a nonexclusive, perpetual right to use, make derivative works based upon, modify, and reproduce the Documentation furnished in accordance with the definition of "Government Purpose Rights" in the Clause entitled, "Rights in New Work Product."

These devices include hardware monitors physically connected to the computer system/solution and software monitors that may require portions of the computer system's control software to be displaced.
- b. The Contractor may not prohibit the installation of these devices unless the particular device will cause significant or permanent damage to the computer system/solution. The Contractor must assist the House in identifying and locating device connections when requested by the House if the Contractor provides the services to other customers. If House attachments cause equipment failure, the House is liable for any damage.

I.9 TECHNOLOGY ENHANCEMENT APRIL 2013

The Contractor will provide the House with information and access to all information or work product produced by such tools and procedures upon the House's reasonable request for purposes of verification. The House may conduct tests for measuring and certifying the achievement of the SLAs.
- c. If the system/solution fails to meet SLAs, the Contractor shall modify, reconfigure, upgrade or replace the system/solution, equipment, network and/or software, at no cost to the House, in order to ensure that the system/solution and hosting services if any, comply with such SLAs.

SECTION M -- EVALUATION FACTORS FOR AWARD**M.1 EVALUATION FACTORS FOR AWARD**

APRIL 2013

- a. The House intends to make one or more awards to Offerors whose proposals meet the requirements as stated in this solicitation. Proposals will be evaluated based on the following evaluation factors:
- i. technical approach;
 - ii. management approach;
 - 1. ability to respond to changing workload requirements and schedules
 - 2. overall approach to provide offered services and support
 - 3. clear and simple marketing documents
 - 4. escalation process and problem resolution
 - 5. effective reporting
 - iii. corporate capabilities;
 - 1. contractor's organization
 - 2. supervisory and management staff
 - 3. contractor's team and qualifications
 - 4. training and certifications
 - 5. key personnel
 - 6. experience and qualifications
 - 7. demonstrated financial stability
 - iv. past performance; and
 - v. price.
- b. Risk Assessment. Price proposals will be evaluated to identify and assess potential risks, which may be inherent in the Offeror's approach.
- c. Price Realism. Proposed pricing will be evaluated not only to determine if the price is reasonable and affordable, but may also be evaluated to determine if the pricing is realistic and reflects an understanding of the requirements. The proposal is presumed to represent the Offeror's best efforts to respond to the solicitation. Any inconsistency, whether real or apparent between promised performance and price, must be explained in the proposal. For example, if unique and new approaches are the basis for an abnormally low estimate, the nature of these approaches and their impact on price must be explained. Any significant inconsistency, if unexplained, raises a fundamental issue of the Offeror's understanding of the nature and scope of the work required. It also may reflect on the Offeror's ability to perform the contract within the financial restraints and may be cause for rejection of the proposal. The burden of proof as to price credibility rests with the Offeror.

M.2 BASIS FOR AWARD

APRIL 2013

Best Value. Award is based on the proposal(s) which is determined to be most advantageous to the House. Non-price factors, when combined, may be more important than price.

M.3 CONTRACT AWARD

APRIL 2013

- a. The House intends to award one or more contracts resulting from this solicitation to the responsible Offeror(s) whose offer conforms to this solicitation, taking into account the factors contained in M.1 “Evaluation Factors for Award.”
- b. The House may:
 - i. reject any or all offers, if such action is in its interest;
 - ii. waive informalities and minor irregularities in offers received.
- c. The House intends to evaluate proposals and to award without discussions. Therefore, each initial offer should contain the Offeror’s best terms. However, the Contracting Officer reserves the right to conduct discussions if they are later determined to be necessary.
