

ANNUAL INVESTMENT REPORT

Fiscal Year Ending June 30, 2017

The following report was prepared pursuant to Act 53 of 2008 (Act), which amended various provisions of the Act of April 9, 1929 (P.L. 343, No. 176), known as the Fiscal Code. Specifically, Section 301.3 of the Act requires the State Treasurer to submit an Annual Investment Report by November 30 to the Governor and to the State House and State Senate Chairperson and Minority Chairperson of both the Appropriations and Finance committees for the most recently-ended fiscal year.

Additional information pertaining to the custodial and investment functions performed by the Pennsylvania Treasury, along with an overview of the Commonwealth Investment Program, are also included herein.

TREASURY DEPARTMENT
COMMONWEALTH OF PENNSYLVANIA
HARRISBURG, PA 17120

November 30, 2017

The Honorable Thomas W. Wolf
Governor
Commonwealth of Pennsylvania
Room 225 Main Capitol Building
Harrisburg, Pennsylvania 17120

RE: Pennsylvania Treasury Annual Investment Report

Dear Governor Wolf:

I am pleased to present the Pennsylvania Treasury 2017 Annual Investment Report pursuant to Act 53 of 2008.

As State Treasurer, I continually seek to make prudent investments on behalf of the citizens of this state. I have a fiduciary duty to carefully monitor, safeguard and invest state funds in a manner that serves the best interest of Pennsylvania.

To both maximize saving opportunities and improve overall returns for the Commonwealth, Treasury is charting a new path for the investment of taxpayer dollars. The transition to low-cost passive investing of our equity portfolio provides a strategy that will capture asset class returns while reducing overall costs, saving millions each year. Treasury has been a leader in reducing investment costs and more efficiently managing public funds.

Good fiscal health will equip the Commonwealth to meet financial challenges that arise and improve economic security for all of its citizens. This report exemplifies the commitment of the Treasury Department to serve the people of Pennsylvania, through the commitment to pursue prudent, cost-efficient investments of public funds.

If you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink that reads "Joe Torsella". The signature is written in a cursive style with a long, sweeping underline.

Joseph M. Torsella
State Treasurer

ANNUAL INVESTMENT REPORT

About the Pennsylvania Treasury

Pennsylvania Treasury

Pennsylvania's Constitution established the Pennsylvania Treasury Department as an independent executive office. The State Treasurer serves as the department's chief executive, as well as the Commonwealth's chief financial officer. In that capacity, the Treasurer serves, among other things, as custodian and investor.

As statutory custodian, the State Treasurer monitors and safeguards virtually all state agency funds, which totaled approximately \$106.9 billion as of June 30, 2017. The composition of those funds is provided in the following chart. This role also requires the Treasurer to collect interest and dividends, execute securities transactions, and handle daily trade settlements.

Programs	Net Asset Value	% Under Custody
Public School Employees' Retirement System (PSERS)	\$ 52,017,831,829	48.68%
State Employees' Retirement System (SERS)	\$ 27,650,047,094	25.88%

SERS Benefit Completion Plan (SERS BCP) ⁽²⁾	\$2,291,960	0.00%
Total Under Custody	\$106,856,119,219	100%

⁽¹⁾ Treasury Total includes those Treasury programs and pools that directly fall under Treasury's investment authority, including Pool 198, Pool 99, PA 529 College Savings Program, and others.

⁽²⁾ Not reflected in the chart due to the small portfolio NAV in relation to the other portfolios.

In his investing function, the Treasurer manages and invests any funds in excess of the Commonwealth's current operational needs, unless those funds are explicitly under the control of another board, commission, or state official.

Of the approximately \$106.9 billion in state agency funds under Treasury custody on June 30, 2017, Treasury *directly managed* \$19.5 billion, as illustrated here:

Programs	Net Asset Value	% Under Custody
Pool 99	\$7,901,469,710	40.56%
PA 529 College Savings Program (TAP) ⁽¹⁾	\$4,214,079,029	21.63%

Pool 99 is the Commonwealth Operating Funds Liquidity Pool.

Pool 198 is the Commonwealth Operating Funds Investment Pool.

Pool 124 is comprised of uninvested cash of Commonwealth agencies' investment managers as of June 30, 2016.

CFA is an independent agency of the Commonwealth administering Pennsylvania's economic stimulus packages.

OPEB is a pool for other post-employment benefits.

PIDA is an independent agency of the Commonwealth that provides low interest loans and lines of credits to eligible businesses that commit to creating and retaining full time jobs and for the development of industrial parks and multi-tenant facilities.

Fund 65 is the Workers Compensation Security Fund.

HES is a program that provides investment management services for monies from higher education institutions.

Treasury Programs are comprised of multiple internally managed programs.

Float is a one-day investment of expended but uncashed payments at Commonwealth depositories.

⁽¹⁾ TAP NAV does not include \$97,677,911 investment in Pool 124. Total TAP NAV including 124 investment is \$4,311,756,940.

⁽²⁾ Not reflected in the chart due to the small portfolio NAV in relation to the other portfolios.

For fiscal year 2016-17, Pennsylvania Treasury's General Fund General Government Operations appropriation equaled approximately \$37 million. It ended the fiscal year with a staff of 357 employees. The state's current Treasurer, Joseph M. Torsella, took office in January 2017.

In addition to managing funds and investments on behalf of state agencies, the Treasurer's investment function also serves families and local governments, as well as charitable and nonprofit organizations through three specialized Treasury programs: the ABLE Program, the PA 529 College Savings Program, and the INVEST Program.

Treasury's ABLE program provides individuals with qualified disabilities and their families a tax advantaged means to save for disability-related expenses while maintaining government benefits. The Pennsylvania ABLE program was authorized by the Federal Achieving a Better Life Experience (ABLE) Act of 2013. The ABLE Act amends Section 529 of the Internal Revenue Service Code of 1986 to create tax-advantaged savings accounts for individuals with disabilities. These tax-advantaged savings accounts can be used to cover qualified disability expenses such as, but not limited to, education, housing and transportation.

The Pennsylvania General Assembly enacted legislation in 2016, signed into law by Governor Wolf, authorizing Treasury to create ABLE accounts under the Federal ABLE Act. Treasury launched PA ABLE in April 2017, and has to date enrolled more than 790 accounts. PA ABLE funds are invested in products offered by Blackrock, Charles Schwab, Sallie Mae, Vanguard, and in a FDIC insured bank account offered by Fifth Third Bank.

Treasury's PA 529 College Savings Program consists of two plans: the PA 529 Guaranteed Savings Plan (GSP) and the PA 529 Investment Plan (IP). Treasury is responsible for investing contributions to GSP accounts, while savings in the IP are invested in 15 different mutual fund options from The Vanguard Group with oversight from Treasury. As of June 30, 2017, more than 107,600 accounts comprised the PA 529 GSP and over 110,000 accounts used the IP to help save for higher education.

Treasury's INVEST Program is designed specifically to offer a safe and liquid investment alternative to local government and nonprofit groups. The program offers two funds: the INVEST Daily Fund and the INVEST Community Fund. The program also offers periodic custom investment opportunities for longer-term investment needs. Treasury administers the INVEST Daily Fund on behalf of local governments within Pennsylvania. The INVEST Community Fund is a very similar fund administered on behalf of participating Pennsylvania nonprofits.

PRUDENT INVESTOR STANDARD

Act 53 of 2008 modified the Treasurer's investment authority from a "Prudent Person" to a "Prudent Investor" standard, including specific investment criteria accounting for economic conditions, liquidity, maintenance of principal and other factors. The standard requires Treasury's chief executive to act as a fiduciary with care, skill, prudence and diligence given prevailing market conditions and anticipated funding needs when investing, reinvesting purchasing, acquiring, exchanging, selling, or managing public funds.

Treasury's "prudent investor" mandate means the department must exercise careful judgment when determining which investments are appropriate for each Commonwealth fund based upon different criteria such as income needs, cash flow requirements, invest time horizons, and risk tolerance. These judgments must also take into account different legal standards that limit the particular kinds of investments each fund could hold.

Treasurer Torsella continually seeks quality investments - those that protect principal while tracking the performance of the benchmarks - in order to maximize the benefits to the Commonwealth and its citizens. At the same time, the Treasurer actively pursues promising investment opportunities that offer a reasonable risk-adjusted rate of return, but also help to strengthen certain strategically important segments of Pennsylvania's economy.

The department's investment staff manages both funds, which do not require minimum investment periods, minimum account balances, or notifications prior to redeeming funds.

Standard and Poor's rates both funds "AAAm" – its highest rating for such funds – signifying the extremely strong capacity of each to maintain principal value and limit exposure to losses due to credit, market, and/or liquidity risks.

The INVEST Program's two pools distributed \$4,214,401 to participants in fiscal year 2016-17. As of June 30, 2017, there were 465 participants in the two pools.

ANNUAL INVESTMENT REPORT

Overview of the Commonwealth Investment Program

About Pool 99 and Pool 198

When managing the Commonwealth's assets, Treasury does more than simply act as a checking account. It looks for opportunities to generate returns using a variety of investment strategies and vehicles. In doing so, it must take into account each operating fund's liquidity needs. Accordingly, Treasury's Commonwealth Investment Program consists of two separate pools.

The first, known as Pool 99, maintains a stable net asset value of \$1 per share by investing exclusively in high quality fixed-income securities, primarily of short duration. Thus, Pool 99 is designed to generate income while minimizing investment volatility. This protects principal and ensures ready access to account balances through investments with easy liquidity. Pool 99's permitted investments include U.S. Treasury securities, federal agency securities, certificates of deposit, commercial paper, money market funds, repurchase agreements, and similar short-term fixed income instruments.

For assets in excess of liquidity needs, Treasury uses Pool 198. This variable net asset value investment vehicle uses longer-term fixed income, alternative investments, and equity securities to generate enhanced investment returns over time. Funds in Pool 198 are intended to weather short-term ups and downs in the market in the interest of long-term capital appreciation.

Pool 198 operates much like a mutual fund: depending on market conditions, an account owner who makes a withdrawal may realize a gain or a loss. Shares in Pool 198 are priced at the most recent net asset value per share, which fluctuates daily. Consequently, if a participant's average cost per share (based on its own history of purchases and redemptions) is less than the share price on the day of redemption, the participant will realize a capital gain in the shares redeemed. Conversely, if a participant's average cost per share exceeds the share price on the day of redemption, the participant will realize a capital loss on the shares redeemed.

Fiscal Year 2016-17 Change in Balances

The fiscal year 2016-17 combined balance for the Commonwealth Investment Programs increased from fiscal year 2015-16. On June 30, 2016, the combined net asset value of Pool 99 and 198 was approximately \$10.76 billion. One year later, the pools' NAV increased to \$11.40 billion, which represented an increase of \$638.20 million, or 5.93%.

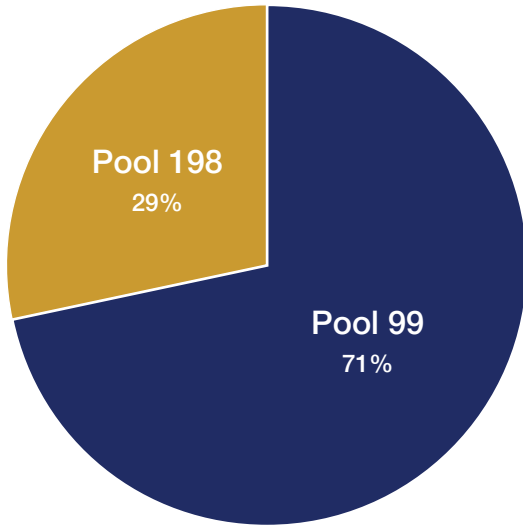

As illustrated in the following charts, the balance in Pool 99 increased by approximately \$250 million, or 3%, during this period, while the balance in Pool 198 increased by approximately \$388 million, or 12%.

These increases are the result of investment returns and net cash flow related to participant activity. Investment results alone are discussed on page 11.

The following charts illustrate the cumulative change in the net asset value of Pools 99 and 198 between fiscal years 2015-16 and 2016-17.

Investment Status and Performance

Pool 99’s one-year return of 0.82% exceeded its benchmark of 0.49%, while Pool 198 returned 7.70% which exceeded its benchmark of 4.16% for the year.

One-year returns for Pool 99 and Pool 198 and their respective benchmarks, for the most recent and prior four fiscal years, are displayed in the graphs below.

In total, Pool 99 distributed \$54,913,148 to its participants during last fiscal year. Investment earnings distributed to participants of Pool 198 for the fiscal year ended June 30, 2017 totaled \$69,974,399.

Five-Year Pool 198 Growth

Despite the market volatility over the last several years, Pool 198 continued to see significantly strong returns. During the five most recent fiscal years, Pool 198 grew due to earnings and cash flow increases related to participant activity by more than \$933 million, as illustrated in the following graph.

Quarterly Asset Allocation

Pool 99 is designed to generate income and minimize investment volatility, while Pool 198 is designed to generate both income and capital appreciation over longer periods of time. To reflect this, Treasury invests in a diversified mix of assets. Pool 99 invests in fixed income securities, cash equivalent securities, such as commercial paper, certificates of deposit, money market funds, and repurchase agreements.

The table below compares Pool 99's and Pool 198's actual asset allocations to their corresponding targets for the quarters ended on the dates shown.

Pool 99 Asset Class	Target Allocation	9/30/16	12/31/16	3/31/17	6/30/17
Fixed Income (including Cash & Cash Equivalents) ⁽¹⁾	100%	100%	100%	100%	100%
Pool 198 Asset Class	Target Allocation	9/30/16	12/31/16	3/31/17	6/30/17
Fixed Income (including Cash & Cash Equivalents)	60%-70%	52%	51%	50%	69%
Equity & Alternatives	30%-40%	48%	49%	50%	31%

The passive equity portion of Pool 198 includes exchange-traded funds (ETFs) and mutual funds to obtain exposure to certain asset classes at a lower cost, as well as securities where a buy-and-hold strategy is employed. On June 30, 2017, passive equity investments accounted for 14% of Pool 198.

Treasury also employs a passive investment approach with a portion of its Pool 198 fixed income assets invested in Strategic Investment Opportunities, or SIOs. SIOs afford Treasury an opportunity to benefit Pennsylvania's economy, create jobs, and make progress towards positive policy objectives – all while generating above-market rates of return on the Commonwealth's assets. Treasury's SIOs include the Keystone Home Energy Loan Program, the PHEAA HelpStart Program, and the Micro-Lending Investment Initiative.

Approximately 9% of Pool 198's fixed income assets were invested in SIOs on June 30, 2017. The following table summarizes those investments.

Pool 198 Strategic Investment Opportunities

Program Investment	Security Type	6/30/17 NAV	% of SIO
PHEAA (Line of Credit)	Municipal Securities	\$200,305,685	92.64%
Keystone HELP	Whole Loans	\$14,895,869	6.89%
Micro-Lending	Certificates of Deposit	\$1,019,000	0.47%
		\$216,220,554	100%
SIO as a % of Pool 198's Fixed Income Allocation			8.97%

Investment Performance Standards, Measures and Benchmarks

Treasury applies different benchmarks and risk measures for each class of assets in Pools 99 and 198, a summary of which follows. The department chooses or constructs each benchmark and risk measure to offer a comparative analysis of performance or risk by reflecting a representative asset class or allocation.

Commonwealth Investment Program Performance and Risk Measures

Pool/Asset Class	Benchmark	Risk Measure
Pool 99 Fixed Income (including Cash & Cash Equivalents)	Merrill Lynch 3-Month U.S. Treasury Bill Index	130-day Weighted Average Maturity

Pool 198 Fixed Income (including Cash & Cash Equivalents)	83% Barclays Capital U.S. Aggregate Bond Index 17% Merrill Lynch 6-Month U.S. Treasury Bill Index	

Returns by Asset Class

Treasury measures the performance of its asset classes against the respective benchmarks. For the fiscal year ended June 30, 2017, Treasury exceeded its benchmarks for Pool 99 and for the fixed income investments in Pool 198 by 32 basis points and 225 basis points respectively. Pool 198's equity and alternative investments missed their mark by 48 basis points and 374 basis points respectively.

The Pennsylvania Treasury uses SEI Investments Distribution Company, a third-party broker commission recapture agent, to administer its equity and fixed income client-directed trading program. Treasury encourages its investment managers to utilize SEI's brokerage services for security transactions generated on behalf of Treasury's investment programs, subject to obtaining best price and execution.

Of the total gross commissions paid in fiscal year 2016-17, \$109,062 was paid to brokers participating in the broker commission recapture program. Treasury was able to recapture 78%, or \$84,544 of those commissions paid in fiscal year 2016-17. All recaptured commissions ultimately are used to benefit the applicable investment program

Security Lending

Treasury makes the portfolios of the Commonwealth Investment Program available for security lending to generate additional revenue for Pennsylvania. In fiscal year 2016-17 the program generated \$374,227 with 7.25% of Pool 198's securities on loan as of June 30, 2017. The table below provides a snapshot of Treasury's Security Lending Program as of that date.

Pool	Market Value of Lendable Securities	Market Value of Securities on Loan	% of Lendable Securities on Loan
Pool 99	\$-	\$-	0.00%
Pool 198	\$1,664,008,124	\$120,588,762	7.25%
Total	\$1,664,008,124	\$120,588,762	

Treasury will only accept cash collateral on loans of securities related to Treasury funds. This cash collateral can be invested in U.S. Treasury notes, bonds, and bills; federal agency securities; and repurchase agreements backed by the above securities subject to a minimum of 102% collateralization with daily updated valuation. As of June 30, 2017, repurchase agreements composed 100% of the Cash Collateral Reinvestment Pool.

Proxy Voting

Treasury – via its third-party proxy voting agent, Glass Lewis – uses specific proxy voting guidelines to voice its positions as an institutional investor. Under its arrangement with Treasury, Glass Lewis is responsible for executing proxy votes in a timely manner, maintaining records of all voting decisions, and reconciling proxy ballots for all accounts it manages on Treasury's behalf. While Glass Lewis is required to vote all proxies in accordance with Treasury's proxy voting guidelines, Treasury reserves the right to approve or determine any specific vote, either by issue or by security, if it chooses to deviate from its guidelines.

In fiscal year 2016-17, Glass Lewis voted 110 ballots. Those ballots contained 1,034 proposals, of which 1,006 represented management proposals and 28 represented shareholder proposals.

To obtain a copy of Glass Lewis's Proxy Policy Guidelines, contact Treasury's Office of External Affairs at 717-787-2991.

Securities Litigation

Philadelphia Entertainment Development Partners v. Commonwealth – federal bankruptcy action filed in the Eastern District of Pennsylvania. The action seeks the Commonwealth's return of the casino licensing fee to a casino whose license had been revoked. If successful, the Commonwealth would be compelled to return the \$50 million licensing fee, including interest and costs from the General Fund.

Progress:

- The federal bankruptcy court dismissed the case against the Commonwealth. However, the case was appealed to the U.S. District Court for the Eastern District of Pennsylvania.
- The U.S. District Court for the Eastern District affirmed the Bankruptcy Court's ruling.
- In May 2017, the Appellant appealed the case to the Third Circuit Court of Appeals.

Likelihood of an Unfavorable Outcome:
