ily planning services and 75 per centum of the total expenditures during that quarter for the provision of other services directed at the goal of—

“(A) achieving or maintaining economic self-support to prevent, reduce, or eliminate dependency,

“(B) achieving or maintaining self-sufficiency, including reduction or prevention of dependency,

Services that are directed at these goals include, but are not limited to, child care services, protective services for children and adults, services for children and adults in foster care, services related to the management and maintenance of the home, day care services for adults, transportation services, training and related services, employment services, information, referral, and counseling services, the preparation and delivery of meals, health support services and appropriate combinations of services designed to meet the special needs of children, the aged, the mentally retarded, the blind, the emotionally disturbed, the physically handicapped, and alcoholics and drug addicts.

The Secretary shall promulgate the limitation applicable to each State for each fiscal year under this paragraph prior to the first day of the third month of the preceding fiscal year, as determined on the basis of the most recent satisfactory data available from the Department of Commerce.

“(B) Each State with respect to which a limitation is promulgated under subparagraph (A) for any fiscal year shall, at the earliest practicable date after the commencement of such fiscal year (and in accordance with regulations prescribed by the Secretary), certify to the Secretary whether the amount of its limitation is greater or less than the amount needed by the State, for uses to which the limitation applies, for such fiscal year and, if so, the amount by which the amount of such limitation is greater or less than such need.

“(C) If any State certifies, in accordance with subparagraph (B), that the amount of its limitation for any fiscal year is greater than its need for such year, then the amount of the limitation of such State for such year shall be reduced by the excess of its limitation amount over its need, and the amount of such reduction shall be available for allotment as provided in subparagraph (D).

“(D) Of the amounts made available, pursuant to subparagraph (C), for allotment for any fiscal year, the Secretary (i) shall allot to the jurisdiction of Puerto Rico \$15,000,000, to the jurisdiction of Guam \$500,000, and to the jurisdiction of the Virgin Islands \$500,000, which shall be available to each such jurisdiction in addition to amounts available under section 1108 for purposes of matching the expenditures of such jurisdictions for services pursuant to sections 3(a)(4) and (5), 403(a)(3), 1003(a)(3) and (4), 1403(a)(3) and (4), and 1603(a)(4) and (5): *Provided*, That if the amounts made available, pursuant to subparagraph (C), are insufficient to meet the requirements of this clause, then such amounts as are available shall be allotted to each of the three jurisdictions in proportion to their respective populations.

The Secretary may not deny payment under this section to any State with respect to any expenditure on the ground that it is not an expenditure for the provision of a service or is not an expenditure for the provision of a service directed at a goal described in paragraph (1) of this subsection.

Payment denial,
