BILLING CODE 2210-55-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Clean Air Act

On August 3, 2018, the Department of Justice lodged a proposed consent decree with the United States District Court for the Middle District of Florida in the lawsuit entitled *United States, State of Indiana, and the Oklahoma Department of Environmental Quality v. Anchor Glass Container Corporations, Inc.*, Civil Action No. 3:18-cv-943-J-39MCR.

In this action, the United States, the State of Indiana, and the Oklahoma Department of Environmental Quality filed a complaint pursuant to Section 113(b) of the Clean Air Act (CAA), 42 U.S.C. 7413, and relevant corollary and implementing state regulations and programs, seeking injunctive relief and civil penalties for alleged violations of these laws at Anchor Glass Container Corporations, Inc.'s glass manufacturing facilities. Anchor's facilities are located in Jacksonville, Florida; Warner Robins, Georgia; Elmira, New York; Lawrenceburg, Indiana; Shakopee, Minnesota; and Henryetta, Oklahoma.

The proposed settlement requires Anchor to implement pollution controls to reduce its nitrogen oxide (NO_x) emissions at nine of its eleven furnaces (two furnaces already have pollution controls installed), and the company will meet more stringent NO_x emissions limits at all of its furnaces. Anchor will also implement pollution controls and take other actions to reduce sulfur dioxide (SO₂) and particulate matter (PM) emissions. The settlement also requires Anchor to install and operate continuous emissions monitors for NO_x and SO₂ at all eleven of its glass furnaces and to install continuous opacity monitors required by the Clean Air Act. Additionally, Anchor will complete two mitigation projects, a woodburning appliance change-out project and a project to repower, retrofit, or replace vehicle diesel engines, further reducing NO_x, SO₂, and PM emissions. Also as part of the settlement, Anchor will pay a \$1.1 million civil penalty (\$550,000 to the United States and \$275,000 each to the States of Indiana and Oklahoma).

The publication of this notice opens a period for public comment on the proposed Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division and should refer to *United States, State of Indiana, and the Oklahoma Department of Environmental Quality v.
