

COVID-19/Emergency Preparedness Resource Guide For Kinship Families and Grandfamilies

“Kinship Families and Grandfamilies” are families in which children are raised by their grandparents, other extended family members, or adults with whom they have a close family-like relationship. Currently, there are an estimated 2.7 million children in grandfamily/kinship households without parents in the home. Under normal circumstances, these families face significant challenges—health, well-being, financial, and legal—to name a few. During emergency circumstances, including natural disasters or pandemics, these challenges are amplified for Kinship Families and Grandfamilies.

Many Kinship Families and Grandfamilies have limited financial resources, making purchases such as food, personal protective equipment, sanitizers, and disinfectants difficult. Moreover, intergenerational families are more likely to live in closely confined spaces making social distancing difficult to achieve during a pandemic. Due to their living circumstances, there is an increased likelihood of infection across entire families. For Kinship Families and Grandfamilies with school-aged children, remote learning and loss of access to tutors and school-based special education services is another challenge. Moreover, many of these families have limited or no Internet access further constraining their ability to home school.

These challenges increase for ethnic and minority groups. For example, many Kinship Families and Grandfamilies living within Indian Country experience all of these challenges in addition to others such as lack of access to nearby health care facilities, lack of adequate transportation due to the remote locations of many Tribal communities. Lack of transportation alone can hinder their ability to pick up critical medications and necessities. Communication barriers due to language differences can also present a challenge for Kinship Families and Grandfamilies in this community.

Recognizing these concerns, the [Supporting Grandparents Raising Grandchildren \(SGRG\) Advisory Council](#) produced the following list of resources specifically for Kinship Families and Grandfamilies during emergencies such as the current COVID-19 pandemic.

TABLE OF CONTENTS

Resources for Health Care and Social Service Providers	9

COVID-19 Resources for Kinship Family and Grandfamily Caregivers **Audience: Caregivers of children and teens**

ARCH National Respite Network

Visit the [National Respite Locator](#) for [a list of respite resources](#) for parents and family caregivers your state or community.

Center for Parent Information and Resources

The [Coping with COVID-19 for Adults and for Children webpage](#) includes regularly updated resources to support children with disabilities and their families during the pandemic covering such topics as distance learning, attending virtual IEP meetings, and providing behavioral support at home.

Child Welfare Information Gateway

The [COVID-19 State Child Welfare and Related Health Resources webpage](#) contains a list of websites, organized by state, that provide local guidelines and responses to the COVID-19 emergency.

Consumer Financial Protection Bureau (CFPB)

The CFPB's [coronavirus landing page](#) has links to information on mortgage and housing assistance, economic impact payments, managing finances, and scams.

With resources from across the federal government, the [Preparing, recovering, and rebuilding after disasters and emergencies webpage](#) can help you safeguard your finances.

The CFPB explains [new retirement withdrawal and repayment rules](#) under the CARES Act in considering an early retirement withdrawal, CARES Act rules and what you should know.

The Conversation Project (advance care planning)

The [Being Prepared in the Time of COVID resource](#) offer instructions for advance planning during the COVID-19 pandemic. The resource includes a worksheet on page 2 with specific questions to assist individuals in creating their own advance care plan.

COVID-19 Child Welfare and Related Health Resources by State

The Child Welfare Information Gateway provides a [list of websites that focus on State-specific guidelines and responses](#) to the COVID-19 emergency.

Eldercare Locator

This is a public service of the U.S. Administration on Aging (AoA) that connects older adults and their families to services and resources. Visit the [Eldercare Locator](#) webpage and type in the name of the city or ZIP code. Examples of some of the information available include, but not limited to the following:

- Support Services
- Housing
- Elder Rights
- Insurance and Benefits
- Health
- Transportation
- Caregiver corner with helpful information and support

Feeding America

The [Feeding America Food Bank locator](#) contains a database of 200 food banks across the nation. The locator is searchable by ZIP code and/or state.

Generations United

The [COVID-19 Resource webpage](#) on the Grandfamilies website provides an up-to-date list of information, webinars and tools to assist Kinship Families and Grandfamilies during the COVID-19 pandemic.

Local Health Departments

The National Association of County and City Health Officials offers [a tool to help individuals search for their local health departments by area.](#)

National Council on Aging

The [COVID-19 Resources for Older Adults and Caregivers webpage](#) offers information on many issues impacting older adults and caregivers such as paying bills, Medicare assistance, transportation issues, and finding affordable food. You may also check benefits eligibility at [BenefitsCheckup.org.](#)

National Indian Health Board

[The COVID-19 Tribal Resource Center's Community Health Tools webpage](#) provides a number of COVID-19 resources, including fact sheets on such topics as:

- Talking about COVID-19
- How to Talk to Youth About COVID-19
- COVID-19 Testing in Indian Country
- Differences Between Social Distancing, Isolation, and Quarantine

- Securing Food and Nutrition
- COVID-19 and Housing
- Vulnerable Populations

Sesame Workshop

The [Caring for Each Other initiative](#) offers games, activities, videos, information to help children and parents understand the latest additional issues surrounding Coronavirus, including resources to help families face current challenges like missing friends, while also giving children ways to celebrate the helpers in their neighborhoods, from pharmacists to mail carriers to grocery store employees.

State and Local FEMA offices

Contact information for FEMA offices in each state and territory are available on the [FEMA webpage](#). Each state specific page is organized differently however; all contain information on how to sign up for advance warnings such as weather alerts and disaster warnings.

State Health Departments

[This resource](#) links to health departments in all 50 states, 8 US territories and freely associated states, and the District of Columbia.

State Kinship Care Resources

The [State Kinship Care Contacts and Programs webpage](#) includes State Kinship Care contacts or website links to kinship care programs and services offered by State Child Welfare Departments as well as subcontracted private nonprofit agencies in applicable States and the District of Columbia.

U.S. Department of Education (ED)

The [Individuals with Disabilities Education Act](#) site contains the most up-to-date information on the Federal education law for infants, toddlers, children, and youth with disabilities and how families can be involved in educating and supporting their children with disabilities.”
