# RESOLUTION

Condemning all forms of anti-Asian sentiment as related to COVID–19.

Whereas 23,000,000 Asian Americans and Pacific Islanders account for 7 percent of the Nation’s population in the United States;

Whereas over 2,000,000 Asian Americans and Pacific Islanders are working on the frontlines of this COVID–19 pandemic in health care, law enforcement, first responders, transportation, supermarkets, and other service industries;

Whereas the use of anti-Asian terminology and rhetoric related to COVID-19, such as the “Chinese Virus”, “Wuhan Virus”, and “Kung-flu” have perpetuated anti-Asian stigma;

Whereas since January 2020, there has been a dramatic increase in reports of hate crimes and incidents against those of Asian descent;

Whereas according to a recent study, there were over 400 cases related to COVID-19 anti-Asian discrimination between February 9, 2020, and March 7, 2020;

Whereas the increased use of anti-Asian rhetoric has resulted in Asian Americans being harassed, assaulted, and scapegoated for the COVID–19 pandemic;

Whereas in March 2020, anti-Asian violence includes: a woman wearing a mask was kicked and punched at a New York City subway station; two children and two adults were stabbed at a wholesale grocery in Midland, Texas; a couple was assaulted and robbed by a group of attackers in Philadelphia; and a 16-year-old boy was sent

to the hospital after being attacked by bullies in Los Angeles, California;

Whereas the increased use of anti-Asian rhetoric has also resulted in Asian-American businesses being targeted for vandalism;

Whereas there are approximately 2 million Asian American-owned businesses that generate over \$700 billion in annual revenue and employ nearly 4.5 million workers;

Whereas the World Health Organization (WHO) and the Centers for Disease Control and Prevention (CDC) recognize that naming COVID–19 by its geographic location or linking it to a specific ethnicity perpetuates stigma;

Whereas in 2015, the WHO issued guidance calling on media outlets, scientists, and national authorities to avoid naming infectious diseases for locations to avoid stigmatizing groups of people;

Whereas, on February 27, 2020, the Secretary of Health and Human Services stated “ethnicity is not what causes the novel coronavirus” and that it is inappropriate and inaccurate to call COVID-19 the “Chinese virus”;

Whereas, on February 28, 2020, Dr. Mitch Wolfe, the Chief Medical Officer of the CDC said, “Stigma is the enemy of public health”;

Whereas, on March 10, 2020, Dr. Robert Redfield, the Director of the CDC, testified that use of the term “Chinese coronavirus” is wrong and inappropriate; and

Whereas the Secretary General of the United Nations called for international solidarity and an end to any ill-founded discrimination of the outbreak’s victims: Now, therefore, be it

1       *Resolved*, That the House of Representatives—

2               (1) calls on all public officials to condemn and  
3       denounce any and all anti-Asian sentiment in any  
4       form;

5               (2) recognizes that the health and safety of all  
6       Americans, no matter their background, must be of  
7       utmost priority;

8               (3) condemns all manifestations of expressions  
9       of racism, xenophobia, discrimination, anti-Asian  
10      sentiment, scapegoating, and ethnic or religious in-  
11      tolerance;

12              (4) calls on Federal law enforcement officials,  
13      working with State and local officials—

14                      (A) to expeditiously investigate and docu-  
15                      ment all credible reports of hate crimes and in-  
16                      cidents and threats against the Asian-American  
17                      community in the United States;

18                      (B) to collect data to document the rise of  
19                      incidences of hate crimes due to COVID-19;  
20                      and

21                      (C) to hold the perpetrators of those  
22                      crimes, incidents, or threats accountable and  
23                      bring such perpetrators to justice; and

1           (5) recommits United States leadership in  
2 building more inclusive, diverse, and tolerant soci-  
3 eties—

4           (A) to prioritize language access and  
5 inclusivity in communication practices; and

6           (B) to combat misinformation and dis-  
7 crimination that put Asian Americans at risk.
