Each department and agency funded in this Act shall follow the directions set forth in this Act and the accompanying explanatory statement, and shall not reallocate resources or reorganize activities except as provided herein. Reprogramming procedures shall apply to: funds provided in this Act; unobligated balances from previous appropriations Acts that are available for obligation or expenditure in fiscal year 2020; and non-appropriated resources such as fee collections that are used to meet program requirements in fiscal year 2020. When a department or agency submits a reprogramming or transfer request to the Committees and does not receive identical responses, it shall be the responsibility of the department or agency seeking the reprogramming to reconcile the differences between the two bodies before proceeding. If reconciliation is not possible, the items in disagreement in the reprogramming or transfer request shall be considered unapproved. Departments and agencies

shall not submit reprogramming notifications after July 1, 2020, except in extraordinary circumstances. Any such notification shall include a description of the extraordinary circumstances.

Office of the Secretary Travel.—House bill language to prohibit travel for personnel within the Office of the Secretary from funds outside of Salaries and Expenses is not adopted. However, to increase transparency regarding the amounts the Department’s bureaus contribute toward travel expenses of the Secretary and the Secretary’s immediate staff, the agreement directs the Department to provide in its fiscal year 2021 congressional budget justification the estimated total for travel costs outside of the National Capital Region for all personnel within Executive Direction by office, broken down by bureau contributions at the PPA level and any associated authorities that justify why such expenses are not supported through the “Departmental Management, Salaries and Expenses” appropriation. Space Commerce.—Senate report language on Space Commerce within DM is amended to clarify that the results of the independent review shall be submitted to the Committees, and all relevant authorizing committees, no later than six months after the Secretary enters into a contract with the National Academy of Public Administration. Additionally, the agreement encourages that the costs of the study be shared by DM and NOAA, within funds provided above the fiscal year 2019 level for the Office of Space Commerce within NOAA NESDIS.

Section 232 Automobiles Report.—In lieu of Senate language on Section 232 Investigations, section 112 of this Act requires that the report on the findings of the Section 232 investigation into the effect on national security of automobile and automotive parts imports be published in the Federal Register no later than 30 days after enactment of this Act.
